charlie's understatement made Jack Yaleman 2nd's face pale in fright.

He couldn't help but blurt out: "How is that possible! My father's level of metaphysics is superb, and he has never met a rival in the industry for so many years! What's more, I've never heard of anyone who can attract Tianlei, it's just nonsense! You think it's from Hollywood. Movies? With a hammer, you can summon the thunder!"

charlie said with a smile: "That's the truth, if you say you don't believe it, then I have nothing to do." After speaking

, charlie said again : "Oh yes, speaking of you, Xuanjitang and I really have a bit of fate. I have not only met your father Jack Yaleman, but I have also met your master Master Felix."

"What?!" Jack Yaleman 2nd looked extremely horrified. He asked, "Have you met my uncle Felix?!"

"Yes." charlie smiled and said, "He also went to Aurous Hill some time ago, and as far as I know, he seems to have died in Aurous Hill too."

"No. Possibly! Absolutely impossible!" Jack Yaleman 2nd said coldly: "Senior Master Felix is extraordinary, and his technique of raising gu is superb. With his strength, even if my father is in front of him, I must be afraid of him by three points. Someone might be able to kill him! You don't lie here to confuse the public and frame my father and uncle's reputation!"

charlie shrugged his shoulders: "You are boring, I think you have never known your father's whereabouts. , It's too pitiful, so I kindly tell you the truth, but you don't believe me when I tell you, and I also say that I framed your father, isn't that kind-hearted as a donkey's liver and lungs?!"

Jack Yaleman 2nd said sharply: "Boy, don't stand in front of me. Slippery, I know what you mean, it's nothing more than wanting to express yourself in front of Miss Fei, but your fault is that you shouldn't trample on my father and my uncle in front of me!"

charlie smiled helplessly: "You Saying that you are really ignorant, I see you as an orphan, kindly pity you, and you still grin at me, if that's the case, then you should pretend that I didn't say it, wait a few years with peace of mind, and see what your father will do. He won't come out to reunite with you."

With that said, charlie said to Fei Kexin, who was beside him, "Miss Fei, why don't we go to the villa and wait?"

"Okay, Mr. Wade!" Fei Kexin nodded respectfully, and bowed to make a charlie respectfully said, "Mr. Wade, please first."

"Okay." Naturally, charlie wouldn't be too polite to Fei Kexin, and walked towards the villa.

In fact, he didn't want to have the same knowledge as Jack Yalaman 2nd. After all, he personally led the thunder to kill this kid's biological father.

, and if you killed Jack Yalaman yourself, there is no need to let him die again.

However, Jack Yalaman 2nd felt that charlie slandered his father and uncle. If he just let him go, how could he have any face in front of Fei Kexin?

More importantly, from what Fei Kexin said and did to charlie just now, he could see that Fei Kexin had great respect for charlie, which made him guess that Fei Kexin must be a person who believed in Feng Shui metaphysics very much.

You know, it's not easy to meet a client like this.

Not only is she rich, powerful, and status, but she is also willing to spend a lot of money on you.

Not only is she willing to spend a lot of money on you, but she also doesn't consciously treat you as an ancestor.

If you can catch such customers, you won't have to worry about making money in your life. Is there anything more fun than this?

Thinking of this, Jack Yalaman 2nd has even begun to imagine that he has replaced charlie, standing proudly next to Fei Kexin with his hands behind his back, and Fei Kexin, a top beauty with a trillion-dollar fortune, not only shortened himself, but even I have to be respectful to myself, bowing slightly and saying the last sentence, Mr. Yalaman 2nd, please first...

This kind of feeling makes my brain boil!

Therefore, he was even more reluctant to let go of this golden opportunity.

Just as charlie was walking towards the villa, he suddenly rushed in front of charlie, blocked him, and said coldly, "Boy, you fabricated the facts and insulted my father and uncle, did you just want to leave like this? ?"

charlie couldn't help but ask with a smile, "What's the matter? Do you still want to defraud me?"

"Destroy you?!" Jack Yalaman 2nd said with a stern expression: "I don't care about extortion and extortion, I I just need you to give me a satisfactory explanation for what you just said, otherwise don't blame me for being rude!"

charlie shook his head helplessly, patted his shoulder, and said seriously: "Mr. Yalaman 2nd, let me tell you a heartfelt word, your father died really badly, as his son and his Inheritance, you must learn to keep a low profile as a human being, and don't want to slap your nostrils to the sky wherever you go like your dad did, otherwise, if you have something long and short, you are afraid of being old. "

You are presumptuous!!" Jack Yalaman 2nd was extremely angry, and shouted sharply: "Boy, you have insulted my father over and over again, and today I will never spare you Jack Yalaman 2nd!"

Fei Kexin on the side couldn't bear it anymore, and said coldly: "Just now Mr. Wade has already told you that he is my feng shui master, you dare to stand in front of me

and threatened him, isn't it a bit too much? Do you really think that Fei Kexin has no temper? ! When

Jack Yalaman 2nd heard this, he trembled with fright, and blurted out, "Miss Fei, you're blaming me wrong!" I'm not threatening him, I just want you to know that he's a liar full of lies!

Fei Kexin said coldly: "Mr. Yalaman 2nd, I advise you not to play so much. In my eyes, you are one ten thousandth inferior to Mr. Wade. If you still have self-knowledge and don't want to be too embarrassed, just do it. " Don't make provocative words again, otherwise, Fei Kexin will be the first to refuse! "

Jack Yalaman 2nd really didn't expect that Fei Kexin would be so protective of charlie, and even had some meaning of illegitimate food and a brainless fan. The

more so, the more he felt that charlie must be brainwashing Fei Kexin. Now, it is very likely that Fei Kexin was under mental control by means of pua. The

reason for this is that Jack Yaleman 2nd is also a master of pua.

He is good at feng shui and fortune, and he is very skilled in fooling people. , a lip-smacking can often make what people say to him. That's why he has a lot of

pua girls on weekdays, either brainwashing the girls and being his plaything, or brainwashing the female employees. , to be his bull and horse; he even tried to brainwash female customers and cultivate them into his ATM.

Therefore, judging from his own years of experience, Fei Kexin has a high probability of being given to pua by charlie This

made Jack Yaleman 2nd not only extremely angry, but also extremely jealous.

This feeling is like a mouse who just stole a piece of bread and was complacent when he suddenly saw another mouse owning a bread factory. .

The huge imbalance and psychological gap made him a little hideous. He pointed at charlie and said to Fei Kexin: "Miss Fei, this person talks a lot, you must not be brainwashed by him! Think about it, he actually Dare to say that my father was killed by some one

, how could someone in this world be able to manipulate Tianlei? You are highly educated, could you be deceived by such a lie?"

charlie looked at him, He smiled and said, "Your dad was really killed by lightning. Someone raised his hand and shouted thunder, and your dad turned into ashes."

Jack Yaleman 2nd couldn't care less about being angry with charlie, and asked Fei Ke directly. Xin: "Miss Fei, do you believe such absurd words?"

Fei Kexin nodded and said coldly, "I believe it! Since Mr. Wade said that your father was killed by lightning, your father must have been killed by lightning. Smashed to death!"

Fei Kexin's unwavering tone made Jack Yalaman 2nd's heart burn with anger.

However, Fei Kexin didn't give him a chance to continue entanglement. She took the initiative to pull charlie and said, "Mr. Wade, let's go."

charlie nodded, and without looking at Jack Yalaman 2nd, she went with Fei Ke. Xin walked towards the door of the villa together.

Seeing that charlie and Fei Kexin were about to leave, Jack Yalaman 2nd immediately blurted out: "Miss Fei, you'd better stay away from this person, I think his hall is black today, and there must be bloodshed! Be careful that he will implicate you when the time comes.!"

Fei Kexin said with some disgust: "Mr. Yalaman 2nd, if you have self-knowledge, please don't bother us again, otherwise, don't blame me for being rude."

Jack Yalaman 2nd vowed: "Miss Fei, I have been here since I was a child. Studying the metaphysics of Feng Shui, and also has a deep knowledge of the face, this person will have a catastrophe today, for your safety, I suggest that you better stay away from him, this is the next piece of sincere good words! Fei Kexin was a little unbearable, and was about to speak, but charlie, who was on

the side, spoke first and asked with a smile, "Master Yalaman 2nd is not easy, you can see that I have a bloody disaster, can you give me some pointers?"

Jack Yalaman 2nd With a light snort, he said arrogantly: "As the saying goes, the secrets of the heavens cannot be leaked. If we Feng Shui masters reveal the secrets to you, it will be detrimental to our merits. Besides, your disaster is very serious and your life is at risk. It is difficult to completely break a ritual event, if you really want me to break it for you, then kneel on the ground and kowtow three times and beg me."

charlie couldn't help laughing: "If you want to do it now, then Is it not that u can't learn the lesson? Why don't I do it like this, I'll wait and see if the disaster of blood light will come, and if it does come, it's not too late to beg you."

Jack Yalaman 2nd sneered: "It seems that you are missing. The coffin won't cry, it doesn't matter, since you don't believe me, let's just wait and see! It's not too late to ask me to save you when you learn the lesson!"

charlie smiled and nodded: "Okay, I'll wait. "

Just at this time, Liu Jiahui's assistant, Amin, came out of the villa, saw Charlie and Fei Kexin, and immediately stepped forward respectfully and said, "Mr. Wade, Miss Fei, Mr. Liu told me to settle you all in the villa for a while. Rest, he and Arman's family are already on their way."

Charlie nodded slightly, and walked in with Fei Kexin.

The Huo family villa has been vacant for many years, so the overall decoration is very well preserved, because a well-known designer was invited to design it, so many classic elements do not look outdated even now.

Moreover, Liu Jiahui replaced almost all the soft furnishings in the villa overnight, so the villa as a whole was upgraded to a new level.

Amin invited Charlie and Fei Kexin to sit down on the sofa in the living room, and then asked respectfully, "Mr. Wade, Miss Fei, do you two need something to drink? I'll have someone prepare it!"

Charlie waved his hand and said calmly "You can go do your work first, don't worry about us."

Amin nodded and said hurriedly: "Okay, Mr. Wade, then go to work first, you can call me anytime if you have something to do." With

that, Amin said He respectfully left the living room.

Only Charlie and Fei Kexin were left in the living room, so Fei Kexin asked him, "Mr. Wade, was Jack Yaleman really killed by lightning?"

Charlie smiled lightly and asked her

"When you were in Aurous Hill before, didn't you already investigate me very clearly? Why haven't you heard about this?"

Fei Kexin said embarrassedly : "Mr. Wade... The decision to investigate you privately at the beginning was really abrupt. Fortunately, I stopped myself early, so I didn't investigate too deeply..."

Charlie smiled: "Don't get me wrong, I don't mean to blame you, it is Objectively, I think you are a smart person. When you were in Aurous Hill, you should have already investigated a lot of things related to me, including the Jack Yaleman incident."

Fei Kexin shook his head quickly and said, "I don't hide it from you . Speaking of Mr. Wade, I really haven't heard about Jack Yaleman, if it's convenient, can you tell me?"

charlie nodded and said calmly, "It's not inconvenient, but this matter is also very important. Simple, when Jack Yaleman came to Aurous Hill, he had a little argument with me at the auction, so he held a grudge against me. Later, he wanted to use his little attainments in Feng Shui metaphysics to unify the entire metaphysics world, even at the metaphysics conference. The intention was to kill me, so I hacked him to death."

Fei Kexin exclaimed, "Is there really a mystical method that can lead a thunderbolt to kill a person?! This is too incredible, isn't it?!"

charlie snorted and said: "This kind of thing is nothing bizarre or incredible. In fact, it is to use some special magic tools to achieve some special purposes, which is nothing more than the transformation of energy at the metaphysical level."

## **The Amazing Son In Law Chapter 4866 ( The Charismatic Charlie Wade Chapter 4866 ) -**

After speaking, charlie said casually. : "If the ancients saw an airplane, they would definitely think it was incredible, but if you ask a junior high school student in modern times, he can answer the principle of an airplane, which is nothing more than converting the heat in the fuel into jet power, and then Using the wings to generate lift, the same is true of the metaphysical method, but the energy conversion of the metaphysical method is just incomprehensible to ordinary people."

Fei Kexin was horrified, and then said: "So, that Jack Yaleman also has How true is it, how credible is it that Jack Yaleman 2nd said that you have a bloody disaster just now?"

charlie smiled: "His Taoism is still a little bit worse, I think today there is a bloody disaster, he is not me."

At this time, in the courtyard of the villa.

Jack Yaleman 2nd lowered his head with a very sinister expression, and took out a slender round bottle the size of a thumb from his Taoist robe.

The whole body of this round bottle is not transparent, and it is impossible to see what is inside.

Jack Yaleman 2nd carefully opened the lid on the top of the round bottle, and a stench suddenly came out from it.

It turned out that the bottle was filled with rotten and stinky blood.

Immediately afterwards, countless tiny worms emerged from the blood, revealing a needle-like mouthpart that was thinner than a hair.

This kind of worm is the blood mosquito that Jack Yaleman 2nd raised with the blood of the dead.

When Jack Yaleman was at the metaphysics conference, he also released black mosquitoes that he had raised, but any place that has been bitten by such mosquitoes will inevitably rot and fester, and hundreds of mosquitoes will attack together, even a cow will be extremely Die in a short time and turn into a pile of carrion.

However, Jack Yaleman 2nd's blood mosquito is slightly different from his father Jack Yaleman's black mosquito.

Jack Yaleman's black mosquitoes were specially bred to take people's lives. Like Master Felix's natal Gu insects, they were all weapons for killing people.

And Jack Yaleman 2nd's blood mosquito

the lethality is relatively softer.

After this kind of blood mosquito has been specially cultivated, it will be completely controlled by Jack Yaleman 2nd's mind, and when they bite people, they will not suck blood from the human body, but will only secrete a cultivated characteristic toxin into the human body.

This toxin exists in large amounts in the corrupt blood of the blood mosquito, so the blood mosquito is rich in this toxin. It can make the muscles all over the body weak, the brain is dizzy, and the reaction ability and judgment ability will be worse than usual. More than a few can even cause a high fever and confusion.

In large enough doses, the toxin can also be lethal.

Under normal circumstances, Jack Yaleman 2nd does not use this kind of blood mosquito to kill people, but specially uses this kind of blood mosquito to make a trap for the target customers to kill pigs.

## Advertisement

Jack Yalaman 2nd will first choose a target customer, and then use the appearance as an entry point, claiming that the other party has a bloody disaster, and even an evil spirit leans over.

However, if the other party does not feel any discomfort in his body, he will naturally be suspicious of his words.

Jack Yalaman 2nd is not afraid of the other party's suspicion. If the other party doesn't believe it, he will take the opportunity to quietly release the blood mosquitoes and let the blood mosquitoes bite the other party.

After the other party is bitten by the blood mosquito, it will not take long for the whole person to appear in a state of confusion, and even walking will make his legs weak and his eyes darken.

This kind of situation is very similar to the so-called evil spirit, or the feeling of a ghost on the body.

In this way, the other party will naturally think of his previous words, and gradually begin to believe in what he said.

Moreover, people in this state are also very prone to bumping, falling, rolling, or car accidents, and if they are outside, they are also easily hit by other pedestrians and vehicles.

If the client is injured, it is easy to see blood, so it can correspond to the blood disaster he mentioned earlier.

After personal experience, most customers will panic and choose a path, thinking that Jack Yalaman 2nd is indeed a master, and choose to unconditionally trust his words, and ask him for help at any cost.

And Jack Yalaman 2nd also has a special antidote for the toxins in the blood mosquito.

Once a client asks him for help, he will charge a huge fee first, and then perform a fake ritual.

At the end of the ritual, he asked the client to bring a glass of water, and then ignited a talisman written by him on the spot, and then sprinkled the ashes of the talisman into the water prepared by the client himself and let him drink Down.

In the process of throwing ashes in a cup, he will use the magician's common blindness to quietly put the antidote into the water, so that as long as the customer drinks this cup of water, all the discomfort will be cured.

However, the client does not know that all of this is actually a trap set by him.

Because customers have personally experienced the whole process from good to bad, and from bad to good, they will naturally think that this person is really a master of gods, and since then they will respect and highly respect him.

Jack Yalman 2nd used this method to deceive a lot of rich people on Hong Kong Island, and he had already made a lot of money. Now, he plans to use this method to set up a set for Charlie.

At this moment, he thought to himself: "As long as the surname Wade can see the blood and let him kneel on the ground and beg me to help him solve the problem, Fei Kexin will definitely look at me with admiration, and at the same time, he will definitely be extremely disappointed with the surname Wade. , I have the opportunity to replace the surname Wade and become Fei Kexin's royal Feng Shui master!"
