When charlie walked to the terrace on the third floor of the villa alone, the motorcade of Liu Jiahui and Arman's family had already entered the villa one after another.

The reporters flocked in following the motorcade. The best lion dance team on Hong Kong Island performed the two lifelike lion dances in a dazzling manner. The scene was extraordinarily lively.

Although charlie has always disliked lively scenes, but now seeing this scene, he is very relieved.

The thick smoke generated by the explosion of the firecrackers rose up with the strong smell of gunpowder. This familiar but unfamiliar smell made charlie suddenly feel refreshed.

He liked the smell of gunpowder smoke when firecrackers burnt out since he was a child, but he hasn't smelled this familiar smell for a long time since fireworks and firecrackers were banned everywhere.

It may also be related to the Chinese people's love of fireworks and firecrackers during festivals and festivals, so every time I smell this smell, it is also a good time for family reunion and happy events, especially when charlie was young, when it was New Year's and festivals. , his parents will make special time to accompany him to set off fireworks.

At that time, charlie could not wait to shoot from the 30th of the new year until the 15th of the first lunar month.

So this kind of taste will also make charlie involuntarily find the happiness that was unique to his childhood.

charlie stood on the edge of the terrace, took a few greedy breaths, and couldn't help thinking of his parents again.

Most of the time, charlie is a strong person. He rarely sheds tears and is never afraid. No matter how hard life has given him, he can still live with a smile.

But only when he misses his parents, will the fragile sensitivity in his heart be exposed involuntarily.

His character is like a hedgehog with strong armor, and his parents are his soft and fragile abdomen.

He saw Arman in a suit getting out of the car. Arman was wearing the same suit he had brought when he fled to the United States. After so many years, the suit still fit perfectly, and although his hair was already It's white, but it looks extraordinarily energetic.

In charlie's mind, he suddenly remembered what his father had said to him when he was a child.

Those words were also the reason why he refused his grandfather and insisted on taking his mother back to chaina.

He said: "Charlie, you have to remember that any person with a righteous heart and flesh and blood must have three souls and seven souls. If such a person is far away from his homeland for a long time, the three souls and seven souls will be missing one soul. When you go to your homeland, the lost soul will be found naturally. If you don't come back

or if the homeland is lost, then this soul will never be found again. "

Now seeing Arman as if he was ten years younger overnight, charlie suddenly realized the true meaning of his father's words.

His father also said: "Among the three souls and seven souls of man, the three souls are the heavenly soul and the earthly soul. The soul and the soul of life, the soul of heaven means the homeland, the soul of earth means parents, and the soul of life means oneself. After speaking, his father asked him again: "

Charlie, do you know why in the long history of five thousand years, when the country is in crisis and the country is lost, countless ancestors will sacrifice their lives for the country one after another?" "The

young charlie shook his head ignorantly and asked, "Why dad? The

father smiled slightly and explained: "That's because people can lose the other two souls and seven souls, but they must not have the heavenly soul!" Because among the three souls and seven souls, the heavenly soul is the most important, because it represents a person's highest belief, and a person's belief in the homeland, the motherland, and the nation is the highest belief, and this is the father's choice to return to The reason for chaina is also the reason why the Jews have gone through so many hardships, but they still have to return to Palestine and build Israel desperately, because they, like their father, want to find their heavenly soul, the only difference is that , Dad left his homeland back then, and they lost their homeland. "The

young charlie didn't understand the feelings of family and country, so he didn't understand why his father was full of tears when he said this. But

now, when he saw Arman's radiant face, as if he was reborn, he really understood. The burning sincerity of his father's back then.

charlie couldn't help thinking that he had never left his homeland to develop overseas, nor had he forgotten his original intention, nor had he been blinded by material desires, but his own three souls and seven souls, too early It is no longer complete, because from the day his parents died, his earth soul that represented his parents also went away with them.

Just as charlie was sighing, he suddenly heard a familiar voice beside him asking Said: "Mr. Wade, what are you thinking about? "

charlie was slightly startled, turned around and saw that Mia had arrived behind him at some point.

He was surprised, and at the same time a little scared.

He didn't expect that he would be so careless, and even an ordinary person like Mia didn't notice it.

Immediately, he came back to his senses, smiled slightly, and said to Mia, "I'm thinking about some old things." After speaking

, charlie asked her, "Miss Mia

"I just arrived." Mia also smiled lightly, then walked to charlie's side, looked at the lively scene below, and asked charlie, "Did you just think about Mom and Dad? "

Well..." charlie didn't deny it, nodded lightly, smiled self-deprecatingly, and said softly, "Although it has been twenty years, I still miss them..."

On this topic, Mia and charlie was almost completely on the same frequency.

She almost completely understood charlie's feelings, so she couldn't help but sighed softly, then stepped forward, summoned up her courage, and took the initiative to hold charlie's hand, She squeezed it in the palm of his hand, as if to convey her concern and comfort to him in this way.

Mia was afraid that charlie would think too much, so he changed the subject and said, "Mr. charlie's condition seems to be better than yesterday. a lot. "

"Yes. charlie nodded and said seriously, "He found his heavenly soul. "

Speaking, he saw Arman helping the old mother out of the car with his own hands, and he quickly said: "No, not only the soul of the sky, but also the soul of the earth. "

Mia asked in surprise: "Mr. Wade also knows three souls and seven souls?" !

charlie was stunned, and couldn't help but ask, "You know that too ? "

Of course..." Mia smiled and said seriously: "Mr. Wade, don't forget, I studied Chinese, and I have studied it for many, many years. In fact, at the end of Chinese, what I learned is philosophy and history."

charlie nodded lightly and said, "It's better to read, the essence of five thousand years of civilization is in the book . "

Mia smiled and said, "Although Mr. Wade hasn't finished university, there must be a lot of people who want to come to study, right?" We all know the unpopular Taoist thought of the Three Souls and Seven Souls. "

charlie laughed at himself: "I haven't read a lot of books. I have been struggling at the bottom for 20 years. How can I have so much time and energy to read a lot. These are what my father told me when I was young."

Mia said seriously : "Actually, it's never too late to read. If Mr. Wade can spare time, he can make a plan for himself first, try reading one book a month, and then try to read two books a month and one book a week."

After speaking, Mia said again: "If Mr. Wade doesn't dislike it, I can help you formulate a study plan."

charlie couldn't help but ask her, "Should we still have to check the progress and assign homework at that time?"

Mia smiled shyly and said, "I can do it, if Mr. Wade needs it."

In the face of Mia's kindness, charlie did not refuse.

Even though he is now a billionaire, he still regrets not having a full tertiary education.

Before, he didn't want to spend more time reading books, but he couldn't help himself a lot of the time.

In the few years when he first married Claire, except for sleeping time, he basically never took off his apron, and there was no one to urge him to spur him, so he didn't really develop it over the years. the habit of reading.

Since Mia was willing to play the role of urging and guiding, charlie naturally agreed readily.

Mia was very happy, she said to charlie: "Then we have reached a consensus, remember to register an email when you have time, I will help you choose some books, and then send the electronic version of the books to you by email, so that You can read it anytime and anywhere on your mobile phone, and when you are almost finished, I will send you some questions through my email, and you should try your best to answer at that time."

charlie nodded and said seriously, "No problem. Miss mia."

Mia heard charlie calling her teacher, and said with a smile, "You are the first to call me teacher."

charlie smiled and said, "Then I am also your first disciple."

Mia asked with a smile He: "Do you think I am suitable to be a teacher? I mean, a real teacher."

"Suitable." charlie said very seriously: "To be a truly qualified teacher, you must first be successful in your studies. , you are completely in line with this point; the second is to be a teacher, and I believe you have no problem."

After speaking, charlie couldn't help sighing: "Now many teachers have lost their original intention of teaching and educating people, and they only care about Chasing fame and fortune, but I believe that if you become a teacher, Miss Mia, you will not be like them, so I think if you become a teacher, you should do better than most people."

When Mia heard charlie's words, she was greatly encouraged, and she couldn't hide her excitement and said, "Since Mr. Wade believes in me so much, I will work hard to develop in this direction in the future!"

charlie nodded and instructed: " If you really become a teacher in the future, you must remember not to forget your original intention."

"I know!" Mia nodded solemnly, then remembered something, and asked charlie, "Mr. Wade is going back to the United States today?"

"Yes. charlie said: "Go back at night."

Mia said with some reluctance:

“Then can I go to the airport to see you off?”

charlie thought for a while, and said, “If Miss Mia wants to go, it’s no problem. Is it just too much trouble for you?”

“No.” Mia said hurriedly: “I have nothing to do at night, and it is estimated that my father will definitely come over by then, in that case I will be with you.”

charlie ordered Nodding: “Okay.”

...

At this time, the lion dance performance in the villa courtyard is drawing to a close.

## **The Amazing Son In Law Chapter 4878 ( The Charismatic Charlie Wade Chapter 4878 ) -**

Liu Jiahui and the Arman family were all standing on the stage built in advance, and the background of the stage was specially written to congratulate the Arman House on the relocation of the house.

Two mighty lions jumped up from the open space under the stage, stood majestically on both sides of the stage, and then spit out two words from their mouths. Two good heads.

Liu Jiahui looked much happier than Arman at this moment. He applauded while looking for Fei Kexin’s shadow, because charlie had promised him that Fei Kexin would give a speech today. This wave of operations directly ruined Liu Jiahui’s face. Island ceiling.

It’s just that he was surrounded by countless reporters taking pictures at this time, and he couldn’t see Fei Kexin at all, and according to the original plan, at this time, Master Jack Yalaman 2nd of Xuanji Hall was to preside over the housewarming ceremony, but he didn’t know. Why, there was no trace of Jack Yalaman 2nd at the scene.

What’s worse, he suddenly discovered that the ritual altar that Jack Yalaman 2nd had spent a lot of energy on had disappeared without a trace.

So he quickly pulled Amin to him and asked in a low voice, “Where is Master Yalaman 2nd?! Why is he missing?!”

Amin explained in his ear: “Mr. Liu, something happened to Master Yalaman 2nd... he was bitten by something I raised, and it looked quite serious, and I was just pulled away by an ambulance...”

“What?!” Liu Jiahui said in horror: “I punched your lungs and he was taken away by an ambulance?! Who will handle my ceremony today!”

Amin hurriedly said, “Don’t worry, Mr. Liu, Mr. Wade has already arranged for Miss Fei to preside over the housewarming ceremony.”

Liu Jiahui asked in surprise: “Miss Fei is here to preside over? Is it true?! It’s not a joke, right?”

“No.” Amin hurriedly said, “Miss Fei We ‘re preparing the field next to us, and we’ll start right away.”

At this time, the reporters in the audience couldn’t hold back, and someone raised the microphone and asked loudly, “Mr. Liu, can you tell us why you suddenly bought

of the luxury house for Mr. Arman? I remember that the two of you have always been at odds. It seems that there were some love triangles in the past. What made you make this decision today? “

“Yes, Mr. Liu!” Another reporter also said loudly: “I have heard that you have been releasing secret messages to the public, wanting to buy Arman’s life. Arman finally returned to Hong Kong this time. Why did the two of you suddenly shake hands and make peace?” Are you under any pressure? Is it because Fang Jiabin, Miss Fang, is forcing her to die? “

Hong Kong Island media has always been tricky, especially in the face of lace news. No matter how old the other party is, they are completely disregarding the face of the other party. As soon as they come up, they will directly reveal Lau Ka Fai’s scar.

At this time, Lau Ka Fai is also somewhat embarrassed.

He knew that today Unable to escape this, the reason why the media reporters flocked here was to know why he would be soft on Arman.

So he gritted his teeth and prepared to bite the bullet and say what he had prepared. As for these monkeys Whether the reporters believe it or not, that is their business.

However, just when Lau Ka Fai wanted to speak, a beautiful figure walked onto the stage with a microphone from the side.

When the Hong Kong Island media saw this beautiful woman on stage clearly At the same time, everyone exclaimed in disbelief:

“She... Isn’t she the head of the Fei family, Fei Kexin? ! “

“Really or not?” Can’t read it wrong? Why did the head of the Fei family come here? ! “

“Absolutely right, it’s Fei Kexin!” The news about Fei Kexin a few days ago was made by me. I have read all her information, and besides she is so beautiful, I have long been impressed! “

“That’s right! I think it’s Fei Kexin himself! This is the current head of the Fei family... It can be said that she is the most valuable one among the richest people under the age of 30 in the world. How could she appear here? ! Does she know Lau Ka Fai? ! “

“Liu Jiahui? How can he have such a big face! His little assets are not even a fart in front of the Fei family!”

“Could it be that she knows Arman?! But this is even more impossible. The people at home won’t hide out for so many years!”

For a while, all the media reporters turned their cameras on Fei Kexin, waiting for Fei Kexin to reveal her identity in surprise and delight.

At this time, Fei Kexin picked up the microphone and said with a slight smile: “Thank you to all the media reporters and friends for coming. I am Fei Kexin, chairman of the Fei Group, and I am honored to be invited by Mr. Liu Jiahui to come to serve him and Mr. Arman’s family. , host today’s housewarming ceremony!”
