

The Amazing Son In Law Chapter 4885 (The Charismatic Charlie Wade Chapter 4885) -

5:00 pm.

Liu Jiahui's Rolls-Royce team brought him and Arman to the hotel where Charlie and Fei Kexin stayed on time.

Seeing Charlie, Liu Jiahui said respectfully, "Mr. Wade, the convoy is ready and ready to leave at any time."

Charlie nodded lightly, and when he saw that Mia was not there, he asked casually, "Is Miss Mia here??"

Liu Jiahui hurriedly explained: "Back to Mr. Wade, I called Mia, and she said that she just had to go to the airport for something, so she just went over by herself."

Charlie then said, "Okay, then Let's go too."

Half an hour later, Charlie and Fei Kexin followed Liu Jiahui's motorcade to Hong Kong Island International Airport.

The convoy stopped in front of the VIP building. After Liu Jiahui got off the car in front, he trotted all the way to the car where Charlie was, and after opening the door, he said respectfully, "Mr. Wade, you and Miss Fei have to work hard now. We went to the security check and customs together first, and the convoy had to go through the car channel for security check. After the security check, we will wait for you at the airport. After you go through the customs clearance procedures, you can see me as soon as you go out."

He said, Worrying that Charlie would not be satisfied with this kind of process, he quickly explained: "Mr. Wade, the Hong Kong Island side has a tighter grip on aviation safety, unlike the United States, which is relatively loose, so these processes that should be followed are all indispensable. , please bear with me more."

Charlie nodded and smiled, and said, "Yes, then I and Miss Fei will go in from here."

"Okay!" Liu Jiahui nodded, and hurriedly said, "I will send you two in first. Let's go."

Charlie said: "Mr. Liu doesn't have to be so polite, you go ahead and we'll go in by ourselves."

After speaking, he and Fei Kexin got out of the car.

Liu Jiahui insisted on sending charlie and Fei Kexin into the VIP building, and watched the two enter the security inspection channel. Then he quickly turned around and returned to the convoy, directing the convoy to accept the security inspection from the dedicated car channel.

Because they waited for charlie and Fei Kexin and the others, they had one more customs clearance procedure than Liu Jiahui and others, so when they finished the formalities and entered the airport, Liu Jiahui's motorcade also completed the security check and was already outside the VIP passage. waiting.

Seeing charlie and Fei Kexin come out, Liu Jiahui, who was at the door, immediately greeted him and said respectfully, "Mr. Wade, I have already sent the luggage of you and Miss Fei to the plane ahead of time. Other than that, There are also some Hong Kong Island souvenirs that I specially prepared for the two of you, and they have already been sent."

charlie smiled: "This time I came to Hong Kong Island for a lot of trouble for Mr. Liu, how can I be so embarrassed to let Mr. Liu spend money. Liu Jiahui said with a smile on his lips: "

Mr. Wade is too polite. This is what the subordinate should do, not to mention that the subordinate has not prepared any particularly expensive gifts for the two of you, just some relatively high-quality dry-hearted abalone." , yellow lip fish gelatin and Xinhui tangerine peel, these things are just local products, and it is really not easy to take a shot, but these things are not easy to buy in the market, so I prepared some for the two of you."

He said so, but Liu Jiahui couldn't help but complain in his heart: "The local souvenir prepared for charlie, the god of plague, is worth tens of millions. It really answers the old saying, it's easy to ask God, but difficult to send God."

charlie Hearing what he said, smiled and said: "Mr. Liu is too modest. Of the three things you mentioned, any of them are very expensive ingredients, right?"

Liu Jiahui hurriedly said: "Mr. It is expensive, and it is not enough to express my gratitude to you, so you

Please don't be polite to me. charlie nodded ,

seeing that there was still no sign of Mia among the people standing outside the car, he felt a little disappointed in his heart.

But he didn't ask Liu Jiahui again, and said, "Mr. Liu, the time is short." It's early, let's get in the car and go. Liu Jiahui looked at the time and said quickly, "

Mr. Wade, something is wrong with this girl Mia, and she can't get through on the phone. Please wait a moment, and I will give her a try." Having

said that, Liu Jiahui took out his phone and was about to call when he heard Mia's voice ringing not far away: "Dad! charlie turned his head subconsciously ,

and the moment he saw Mia, the uncontrollable disappointment in his heart disappeared in an instant.

If he couldn't see Mia again before leaving Hong Kong Island today, he would definitely have some regrets in his heart.

At this moment, Liu Jiahui also had a happy expression on his face, and he reached out to Mia and beckoned, complaining in his mouth, "Where have you been? Everyone is waiting for you, and you don't even call me! "

Mia said breathlessly: "A good sister just came back from Japan...I asked her to help me bring some things...So...So I came over to find her first. Picked it up... As a result, her plane was delayed. I just picked up the things and rushed over. I ran all the way and didn't pay attention to my phone. "

The Amazing Son In Law Chapter 4886 (The Charismatic Charlie Wade Chapter 4886) -

Speaking, Mia came to Liu Jiahui, looked at charlie and Fei Kexin, and said apologetically, "I'm sorry, Mr. Wade and Miss Fei, for keeping the two of you waiting for a long time.

Fei Kexin smiled slightly and said, "It's okay, we just arrived, and we're not in a hurry .

Saying that, she saw that Mia was carrying a box about the size of a briefcase, so she asked curiously, "Mia, what are you holding ? It looks pretty heavy. "

Mia looked at the box in his hand, and couldn't help but look at charlie beside him, and said a little shyly, "This is a small gift I bought from Japan for Mr. Wade.

" , she raised the box in front of charlie with both hands, and said expectantly, "Mr. Wade, this is a gift for you, please don't dislike it."

charlie did not expect that Mia even gave it to himself. Seeing the look of anticipation on her face, charlie didn't show any courtesy to Mia, and thanked him, "Then I'll thank Miss Mia for her kindness." After speaking

, he reached out and took the box, unexpectedly The box was heavy and heavy.

Seeing him accept it, Mia smiled sweetly, and thought of something, and then quickly asked: "By the way, Mr. Wade, please open this gift after you get on the plane."

charlie agreed: "Okay."

Fei on the side Ke Xin asked deliberately: "Mia, did you only prepare gifts for Mr. Wade? That's a little bit more than friends."

Mia was immediately ashamed and embarrassed, and said embarrassingly: "I'm sorry, Miss Fei, I accidentally saw this gift on the website yesterday, and there was only one, so I asked a friend to buy it and bring it here... Your gift will be ready to be sent to you later!"

Fei Kexin With a smile, she said, "I'm just teasing you and joking with you, don't take it seriously." After speaking

, she quickly said to charlie, "Mr. Wade, let Mia take a car with you, I'll pay you back right away. I want to take a 12-hour flight with you, so now I won't be robbing her of time alone with you."

Mia said shyly, "Miss Fei... I'm sitting

Any car will do..."

Fei Kexin said with a smile: "Since any car will do, then take this car, I'll go Squeeze a car with Master jay! After saying

that, he turned around first, waved his hand behind him, and got into a Rolls-Royce behind the team.

Seeing this, charlie held the door with one hand and said to Mia, "Mia Miss, please get in the car. "

Mia nodded slightly, said hello to her father Liu Jiahui, and then bent down and got into the car.

charlie also got into the car. Seeing that Mia was still out of breath at this time, she guessed that she must be very tired from running all the way just now. , then said: "Since my friend's plane is delayed, give me a call and say that, why do you have to run in such a hurry. "

Mia shook his head and said, "How can I let so many people wait for me together? She didn't delay for too long. I ran a few more steps to catch up with the time." "

charlie has some straight male cancer, looked at the box in his hand, and said, "Actually, there is no need to choose gifts for me, I actually don't lack anything. "

Mia said seriously: "You gave me such a precious medicine pill, and I haven't returned the gift yet..."

charlie asked her curiously: "Who told you that the medicine pill was very valuable?" Is that Miss Fei? "

Yes..." Mia, like a child who did something wrong, whispered nervously: "The time you bought me a phone case, I accidentally took out the medicine pill you gave me." Show it to Miss Fei..."

Then she hurriedly explained: "I really didn't want to show off or anything... I just heard from Miss Fei that you have two kinds of magic pills. Medicine, thinking about it again, you also gave me one, so I subconsciously showed it to her..."

Speaking of which, Mia gathered up his courage, looked at charlie, and asked softly, "I'm sorry... I know you said before, don't let me tell others... and don't let me give Others see... I thought you were joking..."

charlie smiled slightly, and said, "It's okay, Miss Fei's character can still be trusted, but You has to keep it in the future, Don't let others see it again."

He looked up at the driver in front of him.

Fortunately, the rear and front rows of this car have privacy soundproof glass, so the conversation between the two is not loud, and the driver will definitely not hear it.

Seeing that charlie didn't blame herself, Mia finally breathed a sigh of relief and said obediently, "Don't worry, I will never tell anyone again in the future."

charlie nodded lightly, thinking to himself, Fei Ke Xin didn't know how she would feel when she saw the Sanxue Xin Dan she gave to Mia.

At the beginning, when her grandfather was dying, he only gave her half of it.

It wasn't that charlie was stingy, the main reason was that he was somewhat dissatisfied with Fei Kexin at the time. After all, this woman approached him and his wife Claire with a false identity, and even secretly investigated his background, which made charlie feel quite disappointed. For dissatisfaction, if hadn't been seized by his son Jian at the time, he would have lost everything in an instant, and he would not have even given half a pill.

However, the current Fei Kexin is not the original Fei Kexin. She has sworn her allegiance to herself, and this time, Fei Kexin has done her best to cooperate with her. And Mia really can't favor one over the other.

Thinking of this, Charlie suddenly felt that he should take this opportunity for Fei Kexin to come to Hong Kong Island to do things for him, and give her the reward she had always dreamed of.
