

The Amazing Son In Law Chapter 4905 (The Charismatic Charlie Wade Chapter 4905) -

At the moment when Grandpa asked this question, Fei Kexin was a little flustered in his heart.

But fortunately, Charlie had given her a vaccination in advance, so she would not be in a mess when dealing with it.

So, she said calmly: "Grandpa, Mr. Wade clearly said on the way back this time, he said that our Fei family's performance in many things during this period of time has made him very satisfied, so he passed I will come to New York to meet you in person and express my thanks to you in person."

Jian became a little nervous and couldn't help asking, "Ke Xin, did Mr. Wade really say that?"

"Yes." Fei Kexin nodded. Nodding, he said step by step: "Originally, what Mr. Wade said was that he would definitely show something to the Fei family. I ask him to think more about your situation, Grandpa, and take care of your situation and feelings as much as possible."

Fei Kexin said this It's time to be more careful.

In fact, Charlie gave the Fei family two rewards this time in order to show his recognition of the Fei family.

One is the Blood Rescue Pill hidden in his body; the

other is the million-dollar promise to keep Grandpa alive for another ten years.

Fei Kexin knew that Charlie did all this to consolidate his dominance in the Fei family, so he could not live up to Charlie's expectations for him.

Right now is a good opportunity for her to perform in front of her grandfather, so she deliberately described Charlie's second reward as her own initiative to transfer Charlie's reward to the entire Fei family to Grandpa alone.

Although saying this made her feel somewhat guilty, considering the ultimate goal of the matter, she could only try her best to overcome the obstacles in her heart. When Jian

heard Fei Kexin say this, he was naturally very pleasantly surprised. He couldn't help but say, "Kexin, you...you said that, did Mr. Wade agree?"

Eyes, Fei Kexin nodded lightly, and said seriously: "Mr. Wade has agreed."

Jian hurriedly asked again: "Ke Xin, according to your inference, what kind of reward Mr. Wade will... give me?"

Fei Kexin said seriously: "Grandpa, Mr. Wade knows your biggest difficulty right now, believe me He will definitely help."

Jian's eyes lit up and he blurted out, "If that's the case, then it would be even better!"

He couldn't help but look at Fei Kexin and exclaimed, "Ke Xin, grandpa can I have lived to this day, thanks to you, if it weren't for you, grandpa's old bones would have been buried in the ground long ago..."

Fei Kexin smiled and said seriously: "Grandpa, in fact, you and I could live to this day. All thanks to Mr. Wade."

"Yes..." Jian couldn't help but sigh with emotion, and said sincerely: "It's really a blessing for three lifetimes to be able to form a relationship with Mr. Wade."

Speaking of which, what he remembered, he quickly asked "Ke Xin, did Mr. Wade say when he will come to New York?"

"No." Fei Kexin said: "Mr. Wade only said that he would make time to come over before returning to China, but he didn't say which day, but Mr. Wade accompanied him this time. His wife will stay in the United States for more than a month in total, so I estimate that it will be about twenty days in the future at the latest."

"Okay, great!" Jian sighed: "It seems that I am here. The old bones can be put into the ground three or two years later..."

...

Providence.

Elaine, who is walking fast with the middle-aged and elderly runaway team, is in a particularly good mood.

Previously, with the money Charlie gave her, she bought a piece of Dream of the Goddess, and won a grand prize worth 1.2 million. Unexpectedly, Charlie unexpectedly gave her an identical one. Necklace, in this way, as long as she goes back and sells this necklace, it means that she has earned a necklace for nothing, and also experienced an excellent private jet trip, followed by a few days of trips to the United States.

Next, she waited to go to New York to play for two days, and then she could return home satisfied.

After I go back, I can regain my previous free life, which is very pleasant.

Because of the good mood, when Elaine ran wild, his mouth was always grinning, and he couldn't close his happiness at all.

he Amazing Son In Law Chapter 4906 (The Charismatic Charlie Wade Chapter 4906) -

Due to breathing with her mouth open, she soon felt a little dry, and her breath was uneven, which made her a little bit unable to keep up with everyone's rhythm, so she gradually fell behind.

At this time, the vice-captain of the Rampage Squad, a Chinese woman living in the United States, saw that Elaine was left behind, she hurried over and said with a smile: "Oh Elaine, why did you fall behind so quickly today?"

The woman Her name is Jovie, she is two years older than Elaine, Elaine always calls her Sister Jovie.

This Sister Jovie never worked in the United States. It is said that her son and daughter-in-law started a business in the United States. She and her husband lived with him in the United States. By the way, they also helped to take care of the children.

Coincidentally, this Sister Jovie's hometown is in the same province as Elaine. Although it is not in the same city, the two cities are adjacent to each other in the north and south, not far from each other.

Elaine's eyes are higher than the top on weekdays. If she meets a fellow outsider, she may not have the feeling that the fellow sees the fellow and tears well. The reason why she is so familiar with this Sister Jovie, The main reason is that Sister Jovie's usual clothes are not ordinary people. Just a glass floating flower bracelet on Sister Jovie's hand is worth at least four or five million, and she usually runs wild.

The car he drives is also a high-end Porsche Cayenne worth tens of thousands of dollars.

Elaine has also seen high-end goods, so you can see at a glance that this Sister Jovie must be very wealthy, and unlike herself, although she lives in a luxury house and drives a luxury car, it is not her own. , their real disposable assets, in fact, pitiful.

It is precisely because of this that she has become a little more acquainted with this Sister Jovie.

Seeing that Sister Jovie came to offer condolences, Elaine explained breathlessly: "Oh, Sister Jovie, I don't know what's going on today, my mouth is so dry, and I feel that my physical exertion is much greater than before."

Jovie smiled . He explained: "You, when walking, you must remember to close your mouth and breathe through your nose, and you must adjust the rhythm of your breathing so that you can be in the best condition."

Elaine nodded and said with a smile: "Okay, okay, I'll adjust and adjust. Sister Jovie, you can go with the big team first, don't worry about me, I'll just walk slowly."

Jovie waved her hand: "Hey, the purpose of our runaway team is not to abandon, if you don't give up, how can you be left behind? I'll walk with you, it just so happens that my joints are not very comfortable today, and I'm not suitable for walking too fast."

Elaine asked her, "What's wrong with Sister Jovie's joints? I have arthritis. ?"

Jovie said with a smile: "This is just a little problem with me, usually it will be fine in a few days."

After speaking, she changed the subject and asked curiously: "By the way, Elaine, what happened to you today? Why are you so happy, I see that you are so happy all the time, what good things do you have to share with my sister?"

Elaine said with a smile: "It's not a happy event, the main thing is that i am going back to China soon. I have enough time in the United States, I want to go back early."

Jovie was stunned for a moment, a different look flashed in her eyes, and then she said with a reluctant expression: "Oh, how long have you been here? God, you are going back, it's rare for me to meet a sister like you who has similar temperaments, our sisters have only known each other for a few days, and that's not enough."

Elaine said with a smile: "It's okay , Sister Jovie, we all have contact information. In the future, when you come to China, or I come to the United States, we can meet again." Please come to sit at home, have a meal, and introduce my husband, as well as my son and daughter-in-law to know you."

Elaine said in surprise: "Oh, that's good, we will only go to New York on Friday, or else How about tomorrow night? I'll take my daughter and my son-in-law to visit!"

Jovie hesitated for a moment, then agreed after a while, saying, "Okay, then we'll settle it!"

The Amazing Son In Law Chapter 4907 (The Charismatic Charlie Wade Chapter 4907) -

Elaine returned to the presidential suite of the Hilton Hotel, and the first sentence when he entered the door was to ask Claire and Charlie: "Claire, good son-in-law, you two have something to do tomorrow night. Are you?"

Claire asked curiously, "What's wrong, Mom?"

Elaine explained: "Mom has a very speculative sister in the Rampage team, and she said she wanted to invite our family of three to be guests at her house. This sister it's been many years since I came to the United States from China, and I haven't made a few close friends. I finally met a friend who I can talk to in all aspects. As a result, I have to leave soon, so I will go to her house for a meal before leaving. Fan, it can be considered that she practiced it for me."

Claire suddenly asked in surprise: "Mom... can you still find a friend you can talk to very well?"

Elaine curled her lips: "Oh, look at what you said. Yes, don't you have any friends? Didn't all have a good relationship with me before?"

Claire asked awkwardly: "Are they a good relationship with you? How can I remember that you guys often played mahjong and went to the beauty salon together, and then you broke up for no reason."

Elaine was a little embarrassed for a moment, and waved his hand in a hurry: "Those are old calendars, don't mention it! "

Actually, the reason why Elaine's friends broke up was because after she stole Charlie's bank card and transferred the money, she felt that she was suddenly rich, and she instantly looked down on those old sisters. .

At that time, Elaine still damaged them on the phone, but unexpectedly, after that incident, he went to the detention center and experienced life inside the high wall for a few days.

Elaine, for a long time, can be said to be the master of Chinese shrew.

The first is extreme snobbery, whoever has money is the father, regardless of whether the money can be spent on himself or not, he will kneel and lick it first.

She has been following Mrs. Willson and Souna's buttocks for so many years in various ways, and in the first three years of Charlie and Claire's marriage, she has

always wanted Claire to divorce charlie and marry another rich man , is the best portrayal of her character.

In addition, Elaine's mind is extremely narrow-minded. He simply summed up in six words: "Have someone who hates someone, and someone who doesn't laugh."

Therefore, Elaine really hasn't made any close friends.

Although Claire is not really smart, but

She naturally knows her mother very well, and she always feels that a person like her has nothing to do with bosom friend and friend.

At this time, Elaine also knew why her daughter questioned her, so she said unnaturally: "Claire, you can't look at your mother and me like you used to, you have to look at your mother from a developmental perspective. It's so easy to get along, whether it's with those friends or with charlie, it's not so pleasant to get along with, but don't you think that mother is in a process of getting better now?"

Elaine was a little excited. He continued: "You said to yourself, what is my attitude towards charlie now? That's why I can't wait to dig my heart out!"

Claire saw that his mother was a little excited, and nodded quickly and said, "Mom, you are right, it's my eyes Development..."

After that, she quickly changed the subject and asked, "By the way, mom, what does that sister of yours do?"

Elaine hurriedly said: "They immigrated with their sons and daughters-in-law, and they are here. Help them take care of the children here."

Then, Elaine explained: "By the way, this sister and mother are still hometowns! Her hometown is not far from your grandmother's house,

Claire nodded and said: "Mom , I don't know charlie and this aunt. It's not appropriate to rashly visit someone's house, and you know charlie's character. He is not so social, or you can go by yourself. "

The Amazing Son In Law Chapter 4908 (The Charismatic Charlie Wade Chapter 4908) -

How about that..." Elaine said solemnly: "Mom has already told people that this is a family gathering. The older generation will know each other, and the younger generation

will also get to know each other and get to know each other.” A friend, these days, many friends have many paths. “

Speaking, Elaine said very solemnly: “You two can’t say anything about this kind of thing, and you can’t let Mom go back!” “

Claire looked at charlie and asked, “Husband, what do you think...”

charlie smiled slightly: “Since Mom has already agreed with others, it is really inappropriate for us not to go. “

Elaine hurriedly nodded and blurted out: “It’s still my good son-in-law at the critical moment!”

After that, she hit the railroad while it was hot: “Then this matter is settled, tomorrow afternoon at six o’clock, we will be together. Come on, Claire, you will take your class as normal tomorrow, my good son-in-law will go buy some gifts with me, it’s our first time going

not good to go empty-handed when people visit at home. “

Claire saw that charlie had agreed, so he couldn’t say anything else, so he nodded and said, “That’s fine. “

... the

next day afternoon.

Elaine called charlie and drove around downtown Providence.

Elaine picked it up in many gift shops, and finally, at the suggestion of charlie, bought the A set of exquisite tableware worth a few hundred dollars was used as a souvenir.

charlie felt that when visiting his home as an ordinary friend, the gift must not be too expensive, otherwise it would appear less pure.

Elaine also knew that At first glance, my sister’s family is well-off, and she is definitely not the one who lacks money, so things are not that important, and the main thing is their heart.

At half past five, the two picked up Claire at the school gate, and then According to the positioning sent by the other party to Elaine, charlie drove to the community where the other party lived. The

destination is about a dozen kilometers away from the city center, but the road conditions are very good, so the drive is very fast, and the whole journey is used. About 20 minutes.

This community is in Providence, a very high-end high-end community. The buildings in the whole community are very sparse, and the building appearance, greenery and roads are very well maintained.

In addition, the main road to and from the community On the side, there is a police car on duty. In the United States, the strength of the community that can be protected by the police on duty is extraordinary, because the police duty is not free, on the contrary, the cost is very high, so high that ordinary communities cannot afford it. According to the navigation ,

charlie parked the car in front of a very elegant three-story villa.

At this time, the door inside the low fence opened, and a woman of the same age as Elaine, who was very close to Elaine The speculative Sister Jovie greeted him from the door.

Seeing Elaine, Sister Jovie said happily: "Oh, Elaine, you are here! "

After she finished speaking, she saw charlie and Claire also got out of the car, and said with a smile: "These two are your daughter and son-in-law, right? Welcome, come and sit in the room!"

This is Sister Jovie's enthusiasm , made charlie feel that she seemed a little deliberate.

But charlie didn't think much about it. After Elaine had a few words with the other party, he and Claire followed her into the villa.
