

The Amazing Son In Law Chapter 4916 (The Charismatic Charlie Wade Chapter 4916) -

Once she encountered such difficulties in life and wanted to find a job to support her family People, she will use the high-paid crew as bait to coax the other party to Mexico, then murder the target in Mexico, and then resell the organs.

Moreover, she specially designed a chain plan, first inform the other party that she has this channel to help introduce, After attracting the other party with a high salary, he also pretended to ask a friend to do a free medical examination for the other party, and even made up a pretext, saying that the medical examination report must be presented when boarding the ship

. I didn't do it, so I did a comprehensive physical examination in the United States. During the

physical examination, these devils have already begun to look for matching patients in North America who need organs. Once the matching is successful, they will start negotiating prices. After negotiating, immediately coax the target to Mexico.

The reason why Mexico was chosen is because the law and order in Mexico is chaotic, there are many gangs, and there are many areas that the police can't reach. Whether it is murder, surgery, or dealing with corpses, it is much easier than the United States and Canada.

Moreover, after a person disappears from Mexico, family members generally do not notice anything unusual, because they will let the other party tell the family that they are about to board the ship, and they will not be able to contact them for the next few months.

After waiting for a year and a half, or even longer, the family members have not been able to wait for news and awareness

, this person is no longer possible to find.

In this way, enough time can be left for Jovie and others.

And a person like Jovie, as long as it's money, no matter how dark or dirty she is, she doesn't care.

In addition to this kind of thing, she also specially selected compatriots who came to visit relatives in the United States, and used a serial scheme to induce them to become mules for transporting prohibited items

If you are caught in the United States, you will basically be imprisoned for life. If you are caught in the country, you will basically die.

If he succeeded by luck, the other party would have nothing in return at all, and he would not even know that he had walked before the gate of hell.

And when Jovie achieves her desired goal in one place, she will start over in another place and with a different identity. Therefore, those who have helped her bring goods but are kept in the dark and want to continue to maintain friendship with Jovie, you will suddenly find that this person suddenly disappears from the world after a certain day, and can no longer find any news related to her.

Using this kind of deception, Jovie has obtained huge returns for herself, and at the same time sent many innocent people to prison, and even sent them to the guillotine.

But she doesn't care about the fate and life and death of these people at all. For her, money is the only thing worth paying attention to. Everything else can make way for money.

The reason why Jovie likes to coax these amateurs to help is not only that these amateurs only spend their feelings, not money, but more importantly, because these amateurs don't know anything, their whole person's state will be extremely natural, so they are in When facing the customs officers and security personnel, they will not show the slightest tension and unnaturalness at all.

Even a person who has undergone professional training cannot achieve the natural state when an amateur is completely in the dark.

Therefore, such an amateur will have a much higher success rate in customs clearance.

Moreover, by creating a successful person, a close eldest sister, and a helpful person, Jovie can easily make the target person like Elaine become friends with her. She always feels that such a successful woman can become friends with her in the future. Surely there are only advantages and no disadvantages.

As everyone knows, it is this kind of mentality that makes Jovie's success rate in pulling people into the water surprisingly high.

Anyone who can get to know Jovie well will basically fall into the trap she carefully prepared.

And right now, Jovie's number one prey is Elaine!

The Amazing Son In Law Chapter 4917 (The Charismatic Charlie Wade Chapter 4917) -

deeper After the family of three returned to the hotel, Elaine received the business card information pushed by Jovie.

The other party's nickname is "Grateful Heart". Judging from the head portrait, it is probably a woman in her 40s who is very well maintained.

Moreover, the photo of the head portrait was taken on a very luxurious private jet.

After all, Elaine is also a person who has taken a private jet. The luxurious trip to the United States is unforgettable for her.

Therefore, when she saw the head of this woman, she instinctively thought that this woman must be very powerful.

So, she silently went back to her room, added the other party's friend, and wrote "Hello, I'm Sister Jovie's friend."

After the message was sent, the other party quickly approved her friend application. Then the other party sent her a smile, followed by a voice message: "Hello, are you Elaine?"

Elaine quickly replied: "It's me, Sister Jovie should have already told you. Right? I just happened to fly from New York to Hong Kong Island this Sunday, and then transfer back to the mainland." The

other party replied, "Oh, that's great, then we should all be on the same flight. By the way, are you first class or economy? Cabin?"

Elaine hurriedly said: "My son-in-law bought me a first-class cabin." The

other party smiled and said: "That's good, I also bought a first-class cabin, and then we can check in together after we meet at the airport. Choose a seat closer."

"Okay, okay." Elaine agreed with a smile, and then asked, "I don't know what your name is?" The

other party replied, and my name is Stella."

Elaine smiled . He said, "Oh, this name is not common!"

The other party smiled and said, "It's alright, one of my cousins is in the beverage business. He is very famous in China. You should have heard of him." After

that, the other party sent a character encyclopedia. Elaine clicked in to take a look. Not scared at all!

On the Encyclopedia, the rich man surnamed Zong is a famous beverage king, with a family asset of more than 100 billion, and it is still US dollars!

Elaine was overwhelmed with turbulent waves, and couldn't help but ask: "OMG is this boss Zong your relative?"

"Yes." The woman who claimed to be Stella said very modestly: "But we are both Distant relatives are not so close, and our family's business is not as big as others do. People

The family assets of my family have already exceeded 100 billion US dollars. Our family is only a few billion US dollars, not even a fraction of other people's. It's too far, compared with others, it's really a difference between clouds and mud, and it's not worth mentioning. "

Speaking, the other party said: "If you didn't mention that my surname is very rare, I would not tell you about this relationship, after all, it is a distant relative, and I always talk about it with others, and it seems that I am a person." Some foxes are fake. "

Hearing the other party's words, Elaine's heart was full of admiration for this woman named Stella.

In her opinion, some people's modesty is false modesty and true pride, while some people's modesty is He is really humble and not proud, and Stella is the latter. Even though he is

worth billions of dollars, he still speaks of himself as worthless. This kind of humility is unheard of.

Elaine can't help but sigh: "The gap between this person and the other person is indeed huge! I was crazy about carrying a basic Hermès and taking a private jet drawn by a lottery. I didn't expect that people's worth of billions of dollars would be so low-key.

The Amazing Son In Law Chapter 4918 (The Charismatic Charlie Wade Chapter 4918) -

While sighing, Elaine suddenly remembered something, and thought to herself, "She's already so rich, why doesn't she take a private jet? " Thinking of

this, Elaine was going to ask a question.

It wasn't because she had doubts about Stella's identity, but because she felt that if the other party really had a private jet, or could afford a private jet, how could she be? Wouldn't it be possible to take a stab at it again?

Just when Elaine was about to ask, the other party sent another message, Elaine hurriedly clicked to play, and the other party said in his voice: "Oh, since you are Sister Jovie's friend, you should have sat at my house with me. This will save you the trouble. Anyway, for me, it is the same for me to pull one or two private jets, but this time period is really unfortunate, because my plane has reached the regular maintenance level. The flight time is long, and it has now been flown to Georgia for maintenance, and their Gulfstream company has a backlog of planes recently, so they will not be able to return for a while." When

Elaine heard this, he was slightly disappointed, but at the same time she felt that others Sure enough, they are strong and have their own private jets, which is something ordinary people can do.

Thinking of the other party's mention of Gulfstream, she smiled and said, "Oh, your family's private jet is also a Gulfstream? When I came to the United States this time, I booked a Gulfstream G650 from Aurous Hill. The plane is really good and flies fast. It is stable, and the environment inside is also first-class!"

I still have something to do right now, the person in charge of Citibank New York branch is visiting at home, I have to entertain you, and we will talk when you arrive in New York!"

Elaine admired her even more when she heard it.

Citibank Elaine still knows, which itself is a multinational bank headquartered in New York.

More importantly, Elaine once suffered a big loss in Citibank. When he heard Citibank, he felt cold in his back and sore in his right leg.

So, she quickly said, "It's alright, you'll be busy first, and I'll contact you when I get to New York!"

After saying this, the other party gave Elaine a handshake expression, and then she didn't send any more messages.

Elaine didn't say anything, but quickly clicked on the other party's Moments and scrolled down a little bit.

It doesn't matter if you look at it, for Elaine, it's like a knife pulling his butt and opening his eyes!

This woman's circle of friends is almost full of all kinds of tours, eating, drinking, and having fun.

Some were shot on private jets, some were shot on luxury yachts, and I always like to ride horses, play golf, and run around the world.

She even went to the North and South Poles on a scientific research ship!

Elaine looked at the colorful life of the other party, and sighed inwardly: "Damn, it's the same life, how can people live so unrestrainedly, but I have to spend most of my f*cking life with that useless Jacob, the most beautiful life in life. Time is all gone..."

When he sighed, Elaine didn't realize that he had fallen deeper and deeper into this scam.

Moreover, she didn't notice that although there are many pictures of this woman's circle of friends, not many really show her face.

Moreover, many of the pictures of scenic spots and scenic spots around the world that she posted were actually found on the Internet.

As long as Elaine takes a little thought, downloads all these landscape pictures to his mobile phone, and then uses a picture search engine to search, he can find the real origin of these pictures.

It's a pity that although Elaine is not a good person, her understanding of the world is relatively simple, and her understanding of mobile phones, the Internet, and social software is too superficial, and she does not have basic dialectical skills.

And the more such a person is, the easier it is to be targeted by people with bad intentions!
