

## The Amazing Son In Law Chapter 5135

Just when Xion couldn't wait to arrange for her mother to go to the bathroom and prepare to take the reshaping pill, Zayne in the living room of the suite looked at charlie and asked tentatively, "Mr. Wade, can I ask you something? charlie said indifferently: "

Mr. banks, just say it, don't be so polite."

Zayne didn't know what to do, and said with a smirk: "I want to apply to you, can you give me a day of freedom tomorrow, even for half a day?" Okay."

Zayne knew very well that although he also followed Kairi to New York, he was essentially under house arrest by charlie.

charlie listened to his request and asked him curiously: "What does Mr. banks want to do with one day's free time? You can talk about it first and listen to it. If it is reasonable, this matter is not negotiable."

Zayne looked a little embarrassed all of a sudden, he hesitated for a moment, then gathered up his courage and said, "I want to buy a gift for Xion's mother. If conditions permit, I will invite her out for dinner."

charlie heard this Immediately interested, he looked at Zayne and asked straight to the point: "I take the liberty to ask, do you plan to go further with Ms.Kairi?"

Zayne quickly explained with a flustered expression: "Mr. Wade, don't get me wrong. , I don't have any unreasonable thoughts, and I definitely don't want to use this method to influence your punishment on me. I make this request based on my personal feelings."

Speaking of this, he couldn't help sighing and sighing with emotion. Said: "Mr. Wade, in fact, during this period of time in Aurous Hill, I have seriously reflected on myself, I have really failed in my life, I have chosen for myself an opponent that I will never be able to defeat, and I have chosen for myself. With a woman I can never influence, I thought I had stood at the top of many families in the country, but I didn't expect that my three children were repeatedly in crisis..."

At this moment, Zayne looked in the direction of the bathroom with shame and murmured: "Also, I let a woman who loves me silently sacrifice for me for so many years, and every time I think of it, I feel ashamed... .."

When charlie heard this, he nodded slightly, and his attitude towards Zayne could not help but change.

In charlie's eyes, there are two kinds of enemies, one is the one who must die because of the heinous crime, and the other is the one who can be rescued before it is necessary to die.

If the Banks family was really the mastermind behind the death of their parents, charlie would definitely let all the Banks family members involved be buried with their parents.

Fortunately, the Banks family did not actually participate, so there is still a chance for rescue.

So, charlie pretended to sigh: "Ms.Kairi has indeed paid a lot for you, not only her, but even Xion has paid a lot for you and the Banks family, and she has been betrayed by the Banks family many times."

Zayne said ashamedly : "You're right... The previous Banks family members were too indifferent, including me..."

After speaking, Zayne couldn't help but said sincerely: "So my paragraph Time is also thinking, I hope there will be a chance to make up for their mother and daughter.

charlie asked curiously, "How do you plan to make up for it?"

Zayne hesitated again and again, but still said what he thought, he looked at charlie , said very resolutely: "Mr. Wade, to tell you the truth, I want to buy a ring tomorrow, order a high-end restaurant, invite Xion's mother to have dinner together, and then propose to her at the dinner... .."

## **The Amazing Son In Law Chapter 5136**

"Proposal?" charlie frowned slightly, looked at Zayne, and said seriously, "You are the eldest son of the Banks family. Although Ms.Kairi gave birth to Xion for you, her status is closely related to that of her. You are 108,000 miles away, not to mention, she is still a disabled person, of course, I don't mean to discriminate against disabled people, just want to ask if you have carefully considered the gap between the two of you?"

Zayne saw charlie frowned and said some doubtful words, thinking that charlie was questioning himself, so he said without thinking, "Mr. Wade, you don't have to doubt my motives, I really want to talk to Xion

Xion's mother walked hand in hand for the rest of her life, I know she always has me in her heart, and I hope so in my own heart during this time, and you can rest assured that I want to marry her, not for the so-called freedom, if she agrees Marry me, I am willing to continue to be under house arrest in Aurous Hill in the future, you only need to give me one day of freedom, after this day of freedom, I will continue to obey all your previous arrangements." After

speaking, Zayne was very serious. Said: "As for the gap you just mentioned, it no longer exists in my eyes, I am not the eldest young master of the Banks family, nor the heir of the Banks family, and her arm is also to save my life. I owe her what I lost, so to say that there is a real gap, it is also the gap between her high and my low, it is me and her, the gap is 108,000 miles."

Seeing Zayne's sincerity, Charlie knew All of what he said came from the bottom of his heart, and he suddenly felt a little emotional in his heart.

In fact, from a certain point of view, Charlie also had some sympathy for Zayne.

If nothing else, he loved Deana for so many years, but it was really embarrassing that he couldn't exchange Deana's sincerity.

In addition, the old man Lord Banks is a strong man and his methods are vicious. Zayne has always been suppressed. At a critical moment, he was driven to Australia by the old man. Even his own daughter was betrayed by the old man. .

If he can really come together with Kairi and live the rest of his life in a down-to-earth way, he is willing to end his punishment and even send his own blessings.

However, Charlie couldn't help reminding him: "Mr. banks, every successful man will reflect and criticize himself when he is in trouble. When Zhu Yuanzhang was in trouble, he also cooked porridge from leftovers. It is regarded as pearl jade and white jade soup, but the problem is that some people can truly reflect, and even if they succeed in the future, they can remember the lessons, but some people's reflection will only stay in the trough. If you regain your freedom and regain control of hundreds of billions of wealth in the future, will you still stick to your current decision?"

Zayne sneered and said, "What hundreds of billions of wealth? , but it's just a passing glimpse. The Banks family used to have mansions all over the world. I have lived in many villas, manors and even castles, but to tell the truth, I have never lived in Aurous Hill during this period of time.

" For a while, I no longer have to rack my brains to express myself, no longer care about what my father thinks of me, no longer worry about intrigue between brothers, you fight with me, and I no longer need to worry about knowing whether or not Zara's mother is the mother. I'm thinking of other men behind my back..."

"Besides, there is Xion's mother's meticulous and considerate care every day. I don't know how easy life is, with what young people often say today. Just a word, this is the happiness of lying down..."

Speaking of which, Zayne looked at Charlie and said solemnly, "Mr. Wade, I know what you are worried about, it is definitely not me that you are worried about. I will regret it in the future, but I am worried that I will regret it in the future. Will it make Xion's

mother sad and let Xion disappoint me? I, Zayne, promise you my personality today, from now on until I die. , I will never live up to their mother and daughter, and I also ask Mr. Wade to do your best!"

Zayne's words were sincere and sincere.

charlie could also see that he was able to tell himself this after much thought.

And it is not difficult to hear from his words that he has indeed seen the situation through now, and he is no longer interested in taking charge of the Banks family and the trillions of property of the Banks family.

For him now, how to make up for a woman who has loved him for many years and dedicated himself a lot, how to be a good husband and a father, has become the most important thing in his life planning.

Seeing this, charlie's frowning brows finally stretched out.

He glanced at Zayne, and then said with a serious expression, "If you really want to propose marriage, you don't have to wait until tomorrow, because tomorrow, things will undergo some qualitative changes."

Zayne was very surprised and asked inexplicably. Mr. Wade, what do you mean by qualitative change?"

charlie said seriously, "If you really decide to propose marriage, start preparing now. When the bathroom door opens and Ms. Kairi walks out, you will be the first Time to walk up, kneel on one knee and propose to her. Trust me, this is your best chance."

The qualitative change that charlie just said was actually the remodeling pill he just handed over to Xion.

It is estimated that Xion should be in the bathroom now, helping her mother, Kairi, to prepare before taking the medicine.

From now on, in another 20 to 30 minutes, when Kairi packs up and walks out of the bathroom, she will completely become a normal person, and her broken right arm will grow back intact.

If Zayne waited until tomorrow night to propose again, then there would be a sense of seeing Kairi recovering, so he proposed marriage.

Therefore, out of consideration for him, charlie hoped that he could be ready immediately and propose marriage as soon as Kairi came out.

In this way, Zayne has a chance to get what he wants, and Xion will definitely be very pleased.

For Kairi, it is a double happiness.

As long as Kairi nodded, everyone would be happy tonight.

Zayne didn't understand why charlie had to prepare himself immediately, and said nervously, "That...Mr. Wade...you asked me to start preparing now, I really don't know where to start...I originally wanted to Tomorrow, I'll pick a diamond ring first, and then choose a decent suit, but now is the time..."

charlie laughed, "It's not too late, there are several luxury brands on the first floor of the Shangri-La Hotel, one of which is Cartier. Jewelry, as well as a few men's clothing brands, I will let isaac take you down to choose now, and as for flowers, I will also ask him to help arrange, 20 minutes is enough to prepare." The

top luxury five-star hotel, almost all have their own small commercial street, attracting the first-line brands in the luxury industry, which is convenient for high-end customers to shop nearby.

So, whether it is a diamond ring or a suit, you can find it here.

Zayne didn't expect charlie to arrange it for himself at once, but the time was suddenly pushed in front of him, he couldn't help getting nervous, and he faltered and said, "Is this... is it a bit too sudden, I haven't done it yet? Be mentally prepared..."

charlie asked him, "In addition to the diamond ring and flowers, what preparations do I need to make?"

"This..." Zayne was at a loss for words for a while, not knowing how to answer.

charlie said impatiently, "Okay, don't grind, I'll let isaac take you down now."

After that, he picked up the phone and called Isaac Cameron over.

As soon as Isaac Cameron entered the room, charlie said to him, "Old isaac, take Mr. banks to Cartier on the first floor of the hotel to choose a ring, a decent suit, and ask the housekeeping department to prepare a bouquet of fresh roses to send over. ."

## **The Amazing Son In Law Chapter 5138**

Although Isaac Cameron was a little surprised, he still said very simply, "Okay young master!"

After speaking, he made a gesture to Zayne, "Please, Mr. banks."

Although Zayne felt that he was rushing a duck to the shelves, at this moment there was no more ink, and he hurriedly followed Isaac Cameron out of the room.

At this moment.

Xion's thoughts were all on her mother alone.

On the hanger in the bathroom, there is a short-sleeved dress that Xion prepared for her mother in advance.

This dress was specially selected for her mother.

Unlike Takehiko Ito, Kairi's right arm has been broken for more than 20 years, so she has never seen her mother wear any kind of short-sleeved clothes since the day Xion remembered.

Even in the hottest summer, my mother will wear a long-sleeved top and occasionally a skirt, and the upper body must also be long-sleeved.

Xion had never seen her mother with healthy limbs, but she guessed that if her mother changed into the feminine dress she chose, she would be dazzling.

At this time, Kairi did not realize that this skirt was bought for herself.

With the help of Xion, she took off her clothes one by one, while looking at this light green dress with elegant floral arrangements, she said with a smile, "Xion, this dress is really beautiful, you usually I'm like a tomboy every day, why are you willing to wear a skirt this time?"

Kairi didn't realize it. This dress was actually bought by my daughter for herself.

In her impression, Xion almost never wore a skirt because of her martial arts practice.

At this moment, Xion took the skirt off the hanger, gestured in front of him, and asked with a smile, "Mom, do you think it looks good too?"

Kairi nodded lightly and said, "It's pretty good to look good, but it feels a little old-fashioned. It's not suitable for a girl in your early twenties, but a woman in your 30s and 40s."

Xion giggled . Said, "Your vision is quite accurate! I also think this skirt is not suitable for a little girl like me."

Kairi said with a dotting smile, "You are in your twenties, but you are no longer a little girl. A girl your age has become a mother now."

Xion stuck out her tongue and said coquettishly, “Mom, in front of you, I will always be a little girl.”

Kairi touched Xion’s face and sighed Said, “Mom, I really didn’t expect that my Xion could become a five-star warrior. You can have this opportunity today, which is definitely the happiest thing in my life!”

Xion raised her arm and gently Touching the back of his mother’s hand, he said with red eyes and a firm tone, “Mom, there will be something more happier

later , since I was five years old, the wish that I make every year on my birthday will soon come true!” At that time, Xion felt most distressed about her mother’s broken right arm.

Therefore, since she was sensible, she made a wish on her birthday every year, and she silently made the same wish, that is, she hoped that her mother could recover and become a normal person.

Although she always knew that this wish was impossible to achieve, she kept making this wish year after year.

It also started when she was five years old. When her mother Kairi asked her what she wished, she would only smile and say two words to keep it secret.

Therefore, Kairi suddenly heard that her daughter had made the same wish for more than ten years in a row, and she asked in surprise, “Xion, what kind of wish is it that you can make it for so many years?!”

Xion smiled mysteriously. He dragged his mother to the bathtub and urged, “Mom, you lie down in the bathtub first, all the questions you want to know tonight will be answered soon!”
