

## The Amazing Son In Law Chapter 5157 ( Hero of hearts Chapter 5157 )

charlie knew Elaine very well.

He is very aware of Elaine's acting style and thinking logic.

Now that Elaine has fallen in love with Bedford Hills Correctional Institution, and liked the feeling of being intimidating there and being a ghost, then if she doesn't take her request seriously, she should let her be. She will be released from prison tomorrow, so she will definitely be unwilling.

In this way, whenever she thinks about her wonderful life in Bedford Hill Correctional Institution, she will definitely be uncontrollable to criticize herself.

So the best way is to let Elaine decide to leave there.

Don't look at how happy she is in Bedford Hill Correctional Institution, but it's not difficult for her to decide to leave by herself, as long as the three female soldiers from the Bandung store are evacuated, Elaine will definitely change immediately. Attitude, like crazy, want to come out quickly.

Elaine doesn't know what kind of routine he has prepared to deal with him, his good son-in-law.

In order to ensure that charlie could keep her in Bedford Hill Correctional Institution, after dinner, Elaine was going to call charlie again to inquire about the progress of the matter.

On the playground, the Chinese female prison guard saw Elaine and said very politely, "Sister Elaine, what are you doing in such a hurry?"

Elaine said worriedly, "Oh, didn't the lawyer come at noon today? Tell me that my case has been settled, and that I will be released tomorrow." "Really?!" The female prison guard said in surprise, "That's congratulations to you ,

Sister Elaine, and you will be free soon!"

Elaine waved his hand, "Speaking from my heart, I don't want to go out yet, so I'm going to call my son-in-law and ask him to say hello to the boss of the New York police system, and let me stay here for a few more days."

The female prison guard asked in surprise, "Sister Elaine, why are you doing this? Everyone here wants to go out early. Why do you want to stay for a few more days?"

Elaine casually said with a smile, "It's rare to have such an opportunity to experience life. I also want to know more about and feel more about life in an American prison. When I go back in the future, I will introduce myself to my friends."

Although the female prison guard can't understand it, she She still smiled very politely and said, "Sister Elaine, I think you are here to experience the suffering of the American people..."

As she spoke, she suddenly remembered something, and quickly said, "Publishing books is very popular here in the United States, not only by writers. Books, some people with special experience also like to publish books, you should not be accumulating materials for your own writing, right?"

Elaine's eyes lit up, and she said in her heart, "Oh, this is a good reason, this..."

Thinking of this, She hurriedly said to the female prison guard, "I won't tell you first, I'll go and call my son-in-law!" On the phone, she asked him, "Good son-in-law, how are you doing with the things Mom

asked you to do?"

, she thought of the flash of inspiration just now, and said to charlie, "That's right, good son-in-law, Mom wants to stay here for a few more days, not just for fun and making friends. Mom also wants to go back and write a book or something. For example, to write a book "The Days I Was in Prison in the United States", revealing the darkness in American prisons, maybe it will be a hit!"

charlie was stunned, Elaine wrote the book? To reveal the darkness in American prisons? Seems like she's the darkest one at Bedford Hill Correctional Facility right now?

However, charlie didn't say anything, just smiled slightly, and said in a very determined tone, "Mom, don't worry, I have already greeted my client, and he said that he would definitely help you to clear up the relationship, if that's the case. , the New York police won't let you out so soon."

"Okay!" When Elaine heard this, she immediately smiled.

For her now, the flowery world outside is still a little unremarkable, and she still feels more satisfied with the dominance of Bedford Hills Correctional Institution.

So she said happily, "It's still my good son-in-law who has the ability! It's amazing to be able to find relationships so far from New York!"

charlie laughed and said casually, "It's a coincidence, there is a customer here, otherwise I wouldn't be able to help."

Elaine smiled and said, "Oh, okay, it's good if I can help! Son-in-law, that mother won't tell you first, you help mother say hello to Claire, let her not worry, and also, you don't have to wait in New York all the time, go back to accompany her first, and then mother It will take ten days and a half to go out."

"Okay." charlie said, "I'll tell Claire in a while, you don't have to worry about it." After hanging up, Elaine was very happy.

She hung up the phone happily, and when she turned her head, she found a black woman standing in the back line waiting for a call. When she saw Elaine, the black man immediately bowed respectfully and said, "Interceptor!"

Elaine said in unfamiliar Chinese. He frowned and hummed, "How did you learn this pronunciation? It's not standard at all! It's Sister Elaine, not interception! Tell me again!"

"hat..." This black woman doesn't understand Chinese at all, she just I learned the phrase "Sister Elaine is good" after following others' example, but the pronunciation is always incomprehensible. Now, seeing Elaine saying a lot in front of him, he can't understand anything.

Elaine saw this blackThe women and men looked at themselves blankly, and couldn't help muttering, "I said what's the matter with you? Didn't you hear me talking to you?" The

black women couldn't understand what Elaine was saying, but they could read it. It can be concluded that this ghost is a little unhappy right now, and I don't know what to do for a while.

Seeing her nervously shivering, Elaine couldn't help sneering, and said casually, "Your Sister Elaine is in a good mood now, so I won't know you in the same way."

After speaking, she turned her face and walked away swaggeringly.

On the playground, everyone who saw Elaine still respectfully greeted her, which made Elaine in a good mood.

But Elaine still doesn't know that all this is about to usher in a drastic change tomorrow!

...

the next day.

The first thing Elaine did after getting up was to vent Chloe and Jessica.

Seeing that the two of them were still sleeping on the bed, she immediately went to the bathroom to bring out a basin of cold water, and poured half of the water on Chloe's body. He poured the remaining half of the basin onto Jessica, who was curled up on the other bed.

Jessica also screamed in fright, and then jumped up from the bed.

Seeing Elaine standing in front of him with an empty basin, the two wet people dared to be angry but did not dare to speak.

Elaine looked at Chloe and asked coldly, "What do you see me doing? Why don't you get up and work quickly!"

Chloe cried and said, "We did laundry until the early morning yesterday, and we just slept for three or four hours. , are you still letting us live?"

Elaine said contemptuously, "It's already cheap if you let you sleep for three or four hours! Get up quickly and wipe the floor for me. If there is dust on my feet, I won't hit you. kill you!"

## The Amazing Son In Law Chapter 5159 ( Hero of hearts Chapter 5159 )

Elaine has a deep hatred for Chloe.

In her opinion, even the old Mrs. Willson was not as pure as Chloe's bad.

In addition, Elaine herself is a character that must be punished. Now that she has become the boss here, she will naturally retaliate on Chloe.

Chloe dared to be angry but didn't dare to speak, so she could only get up quickly, and with Jessica, went to the bathroom to change into clean clothes, so she began to kneel on the ground and wiped the floor with all her might.

After everyone moved freely in the cell for a while, the prison guards came over and began to roll the call.

After calling the names, the prison guard suddenly said, "Abelone, Adinda, Ailda, you three come back after dinner to prepare, pack up your personal belongings, and you can go through the formalities for getting out of prison before noon today.

” Out, Elaine’s expression suddenly became extremely horrified.

The three names that the prison guard called were the three female soldiers of the Wanlong Palace, who were Elaine’s biggest supporters at the Bedford Hill Correctional Institution.

It is precisely because of the unparalleled combat effectiveness of these three people that no one dared to provoke Elaine at Bedford Hill Correctional Institution.

As for those former prison bosses, who had tried to challenge Elaine’s authority, they were all taught by these three female generals.

Later, all those who were unconvinced were beaten and feared, and Elaine became a well-deserved Bedford Mountain ghost.

However, Elaine never thought that the three big backers who supported her to become the bedford mountain ghosts would suddenly be released from prison!

Nervous, she immediately asked, “What’s the matter?! They...they are going out?” The prison guard smiled slightly, nodded and said, “The defendant in their case has been withdrawn, and they can recover their freedom today.

” Then, she looked at Elaine and said with a smile, “By the way, Sister Elaine, I asked the kitchen to prepare soy milk fritters for you. You can try it later.”

Elaine stayed on the spot, not in the mood to eat soy milk fritters, she was so scared that her face was blue and white.

The three female soldiers were also a little surprised.

Because the order they received before was to protect Elaine at the Bedford Hill Correctional Institution.

Therefore, in their opinion, only when Elaine is released from prison first will it be their turn.

But they never imagined that they would be released from prison in front of Elaine.

The three of them are also very clear that they have helped Elaine during this time and established absolute prestige in the Bedford Hill Correctional Institution, but at the same time, they have also made countless enemies.

Because the three of them were by Elaine’s side 24 hours a day, those who were beaten naturally did not dare to make trouble.

However, if the three of them are released from prison first and only Elaine is left, then Elaine will not be beaten to death by these vengeful people?

No one else will say it, just Chloe, who is in the same cell, will probably kill Elaine!

Elaine was also trembling with fright at the moment. She never dreamed that the transition from heaven to hell would come so quickly!

When Chloe, who was kneeling on the ground and mopping the floor, heard this, the whole person immediately cheered up.

She knew very well that Elaine's protective umbrella here mainly came from two aspects, and the first to bear the brunt were these three women who were particularly capable of hitting.

The second is the special care that the prison guards gave her.

And what really troubled Chloe was the three women living in the same cell.
