

Chapter 5163 The Amazing Son In Law

Abelone's words made Elaine suddenly fall into an ice cellar.

She was not in the mood to bother her if her request was too much. She only knew that Abelone, who had been covering her at Bedford Hill Correctional Institution, was no longer concerned with her own life.

The uneasy Elaine sat alone on the bed, watching Abelone and the three pack their personal belongings, panicked and afraid.

Staying up until noon in anxiety, the prison guard came to the cell again.

After the roll call was over, she said to Abelone and the others, "Have you three packed everything? Your lawyers have arrived. Now you can go through the formalities with me and prepare to be released from prison."

Abelone nodded and said, "We've all packed up, we can go now."

"Okay." The prison guard said, "Come with me."

After that, he took Abelone and the three to leave.

At this time, Elaine hurriedly asked, "Is there any news about me? When will I be released?" The

female prison guard asked in surprise, "Sister Elaine, don't you have to wait a few more days to get out of prison? Elaine blurted out, "

I've already called my son-in-law and asked him to get me out today, haven't you received any news?" The

female prison guard shook her head and said, "I haven't received any news yet, today. In your cell, only Abelone and the other three have gone through the release procedures, and the others have not heard of

it." Elaine immediately became nervous and blurted out, "please say hello to your warden and tell him my case is now overturned, and the person who put the blame on me has also been caught, can you let me out sooner?"

"This..." the female prison guard said embarrassedly, "Sister Elaine, it's not up to us to let go or not. The police or the court have the final say, why don't you call your son-in-law at the playground after dinner later?"

Elaine can only nodded uneasy, and at the same time made up his mind, when the wind is released later, he must call charlie as soon as possible, and let charlie save himself if

he says anything. No, at least you have to let the prison guards put him in the solitary cell, otherwise, he might really be beaten to death.

Afterwards, the prison guards took away the three Abelone, while the others began to line up to the restaurant.

The three of Abelone had just left, and Chloe, who had been suppressed by Elaine recently, walked up to Elaine, gritted his teeth and whispered, "Elaine, you are dead!"

Elaine said in a panic, "Don't be too arrogant! My son-in-law is very powerful!"

Chloe sneered, "So what? Can he come in to protect you? If not, then I will kill you first!"

After speaking, Chloe said again "Don't worry, everything you did to me, I will get it back tenfold! I'd rather be locked up here for the rest of my life and never let you out!"

Elaine was so frightened that her legs could not help but feel a little go soft.

And the former prison guard Jessica also stepped forward at this time and said with hatred, "Elaine, your son-in-law caused me to lose my job and go to prison. You tortured me for so many days, and I came back this afternoon. Cell, I'm going to break your dog's legs and let you lick the floor clean with your mouth!"

Chloe looked at Jessica and said with a smile, "Jessica, you can only break one of her legs.

Jessica asked inexplicably, "Why?! I'm not willing to break both her legs!" Chloe sneered, "Because you want to leave the other leg for me!"

Jessica laughed. I want to save one for you, but I'm worried that when I go to the playground after lunch, the people in the other cells will not be able to control her and beat her to death first!"

"Also..." Chloe looked at Elaine, sneered and said, "Ma, you don't know if you can go back to the cell alive. Those people who have been bullied by you in other cells are probably waiting to teach you a lesson now!"

When Elaine heard this, his whole body softened and he almost fell to the ground.

Chapter 5164 The Amazing Son In Law

She can't wait to find a place to hide immediately, but she is queuing up to go to the restaurant. There is nowhere to escape except this way. Even if she wants to go to the playground to call charlie for help, she has to wait until the lunch is over, because only After lunch, they, the prisoners and suspects, can enter the playground.

However, going to the playground also means great danger.

Because, there are often violent incidents on the playground.

At Bedford Hills Correctional Institution, people in the same cell usually resolve disputes in the cell, but people in different cells can only have the opportunity to do it when they are in the playground.

The reason why Elaine was able to become a ghost in Bedford Mountain was because when she used to let out the air almost every day, she would ask Abelone and the others to teach the people in other cells a lesson and the head of the other cells. Naturally, she became the eldest sister of the entire Bedford Hills Correctional Institution.

However, this also means that she has made countless enemies at Bedford Hill Correctional Institution.

Now that she has lost her shelter, she might be beaten to death when she is released later.

Elaine's heart was already extremely desperate, for fear that he would have to explain it here today.

Following the army to the restaurant, all the prisoners in the restaurant knew that Elaine had lost his backing.

For a time, many people looked at her with hostility in their eyes, and many people even wished they would rush up to beat her right now.

And those who usually follow Elaine in front of and behind the horse have kept a distance from her at this time. They used to come to the restaurant to eat, and there were people who specially served her plates, but now there is even a person who dares to sit with her. Gone.

Many people are watching Elaine, wanting to confirm whether Elaine still has a backer, and Elaine also knows that it is extremely important for him to find a group to join in. If anyone is willing to help at this time Take it yourself, maybe you can have more security.

Elaine held the dinner plate, looked around for a long time, and saw a few Chinese compatriots who had been very flattering to her before.

These Chinese compatriots originally lived in the cell next to Elaine.

Elaine and they had nothing to do with each other, but after Elaine became a ghost in Bedford Hills, one day, when they were out in the air, they found Elaine together and

said tearfully that there was an American in their cell. The prison head always bullies them, I hope Elaine can watch the same Help them out in the face of their fellow citizens, so that the other party will stop bullying them.

In order to let Elaine take action, when they begged Elaine for help, they even knelt in a row in front of Elaine.

Elaine was at the stage of extreme expansion at the time. Seeing that the other party was so respectful to him, and another compatriot was being bullied, he immediately agreed.

She directly asked Abelone to three, and beat the American cell leader so hard that the American cell leader was still lying in the infirmary.

And these few Chinese compatriots, because of Elaine's protection, turned over and became the new boss in their cell.

After that, these people would gather around Elaine to greet him every day when they were eating and venturing out. It was so respectful.

Therefore, at the moment, Elaine thought to herself, since the other party owes her a big favor, she has to lend a helping hand and help herself at this time, and at least she has to protect herself from being beaten when she is in the air.

So, she took the dinner plate and walked towards these people.

However, when she just arrived in front of the other party and was about to sit on an empty seat next to them, one of them immediately put his leg on the empty seat and said indifferently, "There is someone here!"

"Elaine said subconsciously, "Xiao Zhang, isn't this free?"

After speaking, she quickly said to the man, "Xiao Zhang, for the sake of my sister who helped you before, I beg you to help my sister this time, as long as you can protect it. Just let me go to the playground and call my son-in-law later!"

The woman called Xiao Zhang snorted and stood up suddenly. Elaine thought that the other party got up to make herself sit down. She wanted to say thank you, but she didn't expect that the other party suddenly grabbed the plate in her hand, even took the plate with the meal, and threw the whole thing into the trash can next to her!

Just when Elaine looked surprised and wanted to ask why the other party did this, the little Zhang said coldly, "Elaine, I've been disgusting with you for a long time, because there are a few who can beat you. , you don't look like a goddamn float, and you still have a f*cking sister, who the hell are you? Hurry up and get me as far as you want!"

Chapter 5165 The Amazing Son In Law

Elaine never dreamed that the person who was wagging his tail in front of him and begging for pity before, and then following him in a saddle and a respectful manner, would now turn into this face.

She couldn't get over her anger and blurted out, "Xiao Zhang, we can't be so unconscionable, how did I do when you guys knelt in front of me and cried and begged me to help you get ahead? Now I need your help. Do you still have a conscience?"

The woman called Xiao Zhang glared at Elaine with an ugly face, and said coldly, "Don't give me a face, right? Blame me for being rude to you!"

Elaine was very indignant and couldn't help but grit her teeth and said, "You have to be rude to me, I have helped you so much, do you still want to hit me?!"

Elaine rebuked, Aroused the attention of many people in the prison.

Many people know that these few Chinese female prisoners have been with Elaine all the time, so many people who want to do something to Elaine are also observing the performance of these women to see if they will be able to do it. Covering Elaine.

That Xiao Zhang also saw that everyone around him was paying attention to him.

She didn't want these people to mistakenly think that she would help Elaine to get ahead, so her face darkened, she slapped Elaine with a flick of her hand, and shouted loudly, "Damn, it's really shameless! Get out of here! Don't get out! I'm f*cking kicking you!"

Elaine never dreamed that this woman who used to cry and begged for help in front of her would raise her hand and slap her when she needed help the most.

She covered her face with tears in her eyes, choked and asked, "Xiao Zhang, even if you don't help me before, you should at least give me a hand for the sake of my compatriots, right? Even if you don't help me? If I give it a hand, there is no need to get in trouble at this time, right?!"

Xiao Zhang said impatiently, "Who the f*ck is your compatriot, I have an American passport! Unlike you, I don't even have a f*cking green card, so take it. It 's still a tourist visa!"

"You..." Elaine only felt that the whole person's heart was cold to the extreme.

She really did not expect that the people she helped would become so vicious!

Desperate and collapsed, Elaine's tears flowed uncontrollably like a broken thread.

She thought that she was heartless enough, but she didn't expect to encounter a more shameless existence than herself.

At this moment, she realized how ridiculous she was before.

What Bedford Mountain ghosts see sorrow, but it's just a fox and a tiger.

And those who were respectful to themselves before did not really fear or respect themselves at all.

In the end, you are the real joke.

When Xiao Zhang saw Elaine burst into tears in front of him, he couldn't help but said fiercely, "If you want to cry, get out and cry, don't f*cking cry in front of me, otherwise don't say those Americans are going to kill you, I won't even know. Let's make you feel better!"

Elaine felt resentment in her heart, but she could only turn around silently, and hid in a corner of the restaurant alone.

At this time, a Chinese woman who was a few years younger than her took the initiative to sit in front of her, and at the same time handed a fried chicken leg in front of her, and said, "No one can believe in this kind of place, especially when you are out. It is even more necessary to be vigilant."

Elaine said aggrievedly, "I really didn't expect these people to be so shameless."

Chapter 5166 The Amazing Son In Law

The woman laughed and said lightly, "What is this... You stayed in the United States for too short a time. , if you stay longer, you can encounter anything." After

speaking, she asked Elaine, "Do you know how I got in?"

Elaine shook her head and asked blankly, "How did you get in?" The

woman He laughed and said, "Because of selling hairy crabs..." Elaine asked inexplicably , "

How can you sell hairy crabs to prisons? Is it shoddy?

This place in the United States is an invasive alien species, and selling hairy crabs here is essentially illegal."

Elaine asked in surprise, "You still sell it if you break the law?" The

woman smiled bitterly and said, "In the past, everyone sold it secretly, and they were all sold to Chinese compatriots. You know, we Chinese love to eat hairy crabs, especially in the United States. I miss this one from my hometown more, so we found some channels to import a batch of them. On the one hand, we can make some money, and on the other hand, we can help our compatriots get back the feeling of hometown, and this kind of business is carried out in private. , I only trade in the Chinese circle, it has always been safe..."

Elaine hurriedly asked, "Since it has always been safe, why is there still an accident?"
The

woman sighed, "I bought a batch of hairy crabs some time ago, because the quality is good. , The price is not too expensive, so it sells very quickly. A Chinese heard about it and drove a long distance to buy it, but when he came, it was sold out. He was angry and called to report. Police, then the police arrested me."

Elaine was stunned, and blurted out, "How could such a thing happen?!"

"Yeah." The woman laughed at herself and said, "So it's like I told you just now. Yes, in the United States you must always be vigilant, and don't just believe anyone."

She said in a low voice .Yin, said seriously, "I was looking for an opportunity to remind you when you helped them get ahead, but I haven't spoken to you, they are not bullied like they told you. , In fact, they always wanted to compete with the American woman for the position of the cell boss, but because the number of people was a little different, and the methods were not as ruthless, they were always suppressed by the other party and never got their wish."

"Later they saw that they couldn't beat them . The other party, I ran to ask you for help, you directly let the American woman crippled, and they became the boss." When

Elaine heard this, her entire popularity trembled, and she gritted her teeth, "Damn, these people The acting is really good! They knelt in front of me and cried and said that the American kept bullying them and didn't even treat them as human beings. I thought they were really being bullied, and I helped them because they felt pitiful..."

Opposite The woman smiled slightly, and said, "There are basically not many poor people who can come here, and most of them deserve what they deserve! You should take it as a lesson, and you must keep your eyes open when looking at people in the future. Elaine was angry and regretful in

her heart, but now she knew that regret had no meaning, so she asked the woman, "Why did you tell me this?"

The woman said lightly, "I think you are not bad, you are crazy. A little bit, but at least there is a little conscience, otherwise it would be impossible to help them for no reason, so I thought of reminding you."

Elaine suddenly felt ashamed, and couldn't help choking, "I should have known that they were so shameless, they Even if I die in front of me, I won't reach out!"

Said, Elaine lamented, "I knew this would be the case, I would not have been so high-profile when I killed me... Now the entire Bedford Hill Correctional Institution , I don't know how many people want to kill me, I'm really afraid I won't survive today..."
