

Chapter 5167 The Amazing Son In Law

Elaine endured a long twenty minutes in darkness and fear.

As the twenty minutes came, Elaine rushed to the public phone on the side of the playground.

Seeing her desperately running, many prisoners watched with cold eyes. Although many of them were eager to teach Elaine a lesson, they were just starting to let loose. There were many prison guards staring around, and they didn't dare for a while. Immediately act on Elaine.

According to the practice of the prison guards at Bedford Hills Correctional Institution, in the first fifteen minutes and the last fifteen minutes of the one-hour release time, it is necessary to focus on this group of prisoners, because according to their consistent experience, escape from prison The most frequent node is in the middle of the prisoner's journey through the different areas.

From the cell to the restaurant, from the restaurant to the playground, and from the workplace to the cell, these processes are generally the high-incidence stage of prison escapes. It often happens that there are 20 people just now, but they can pass through a certain area. Note that there are only nineteen left.

Therefore, after they escorted the prisoners to the playground, and before they were ready to bring the prisoners back to the cell from the playground, the prison guards spent fifteen minutes to count the number of people and observe whether there was any abnormality in them. As for the middle half an hour, it was to stay Give the prisoner free time.

In prison, fights are almost impossible to avoid.

Therefore, for managers, it is also a very important control method to set aside a little time every day for prisoners to resolve conflicts.

If the prisoners are not given the opportunity to resolve their conflicts for a long time, and let the prisoners squeeze out their dissatisfaction with hatred, it is often easy to cause big troubles.

If they were given the opportunity to have a meal with their bare hands every day, then basically nothing would happen.

In the past few days, Elaine has used this half-hour of vacuum time to continuously establish his prestige and make himself a ghost in Bedford Mountain.

Right now, Elaine's biggest wish is to make a call to charlie before the half-hour vacuum time, and let him find a way to save himself no matter what.

After running all the way, Elaine was the first to pick up the public phone, and then broadcast to Charlie with trembling hands.

As soon as the call got through, she couldn't care less about losing face, and cried and said, "Good son-in-law, when are you going to get Mom out!"

Charlie said on the other end of the phone, "Mom, I have asked someone to say hello, before tonight. I will definitely let you out."

When Elaine heard this, she blurted out, "Ah?! We have to wait until the evening! Good son-in-law, let me tell you the truth. Mom can wait at most ten minutes now. If I don't want to save Your mother, mother may die here."

Charlie actually knew everything about Elaine, but at this time he pretended to be surprised and asked, "Mom, what happened? You are not in prison. Are you happy to stay here?"

Now, Elaine is no longer just trying to save face, she choked and said to Charlie, "My good son-in-law, the reason why Mom didn't want to go out so quickly a while ago was because Mom I met a few Chinese friends in it, they not only have a good relationship with me, but they are also very good at fighting, with them covering my mother, my mother is very comfortable here..."

Speaking of this, Elaine lamented "But...but Mom never dreamed that they would be released this morning, and now they're out of prison, but the people they offended before are all waiting to get revenge on me! If you don't hurry up and get Mom If you go out, those people will probably beat Mom to death!"

Charlie exclaimed, "Mom, you shouldn't be in a gang in prison, right?"

Elaine said angrily, "That's almost what it means, right? ...Good son-in-law, can you help Mom and save Mom right away... Mom is begging you! Now the situation is so urgent, Mom really can't wait!"

Charlie sighed and said "Mom, this is the United States after all, and I'm not familiar with it. It's really not that easy to operate. Besides, I'm also entrusting others to help, so there will definitely be delays in efficiency..."

With that said, Charlie said again, "Mom, let's go, I'll rush over now, call my client on the way to see if he can help think of a way, and try to release you as soon as possible, then I'll pick you up directly. Come on, let's go back to Providence together!"

Chapter 5168 The Amazing Son In Law

In fact, Charlie himself had already arrived at Bedford Hill Correctional Institution at this time.

Along with him were Jian of the Fei family, and the three female soldiers from the Wanlong Hall.

At this time, Charlie was standing in front of the floor-to-ceiling windows of the warden's office, overlooking the entire prison playground from a height.

Elaine was so anxious in front of the public phone at the moment that Charlie had a panoramic view.

For Charlie, if he wanted to get Elaine out, with just one sentence, Jian could make the warden release him immediately within ten seconds.

But for Charlie, it was really too cheap for Elaine.

Elaine is a person who always remembers what to eat and not to fight. If there is a little benefit, she will completely lose her normal judgment. Even if it is licking blood with the tip of a knife or taking food from a tiger's mouth, as long as she is allowed to taste the benefits, she will become more and more brave. , the more you do it, the more addictive it becomes.

Just like this time at Bedford Hills Correctional Institution, if she is food and knows how to advance and retreat, if she knows how to take it as soon as possible, then the first time James White finds her, she should be ready to be released from prison , quickly leave that place of right and wrong.

However, because she was greedy for her unique influence in the Bedford Hill Correctional Institution, she took the initiative to request a delay in her release from prison. In Charlie's opinion, it was outrageously stupid.

If you don't take this opportunity to teach Elaine a lesson, then Elaine will not have a long memory next time.

Therefore, Charlie has planned a whole set of reality shows for Elaine in advance, but now it is only just entering the warm-up stage.

Now he is embarrassed on the phone, but also to make Elaine more frightened, even more regretful, and to teach her a complete lesson.

Elaine nowShe was really regretful, but it was too late to say anything now, she could only pin all her hopes on Charlie, and choked out, "Good son-in-law, you must be as soon as possible, otherwise, you can only wait to collect the body for my mother... "

As soon as he finished speaking, a black shadow appeared in front of Elaine's eyes, and then the phone in his hand was snatched away.

Before Elaine could come back to his senses, the other party had hung up the phone, then kicked Elaine in the stomach, kicked Elaine far away, and said cursingly, "This is a public phone, you should consider it your own. What? It's not over yet!"

Elaine fell to the ground with a hoot, only to see clearly when he got up, kicking himself, it turned out to be the little Nyla who slapped him just now.

Elaine was a little angry, and blurted out, "Nyla! You are going too far! I'm calling my family, what does it have to do with you?!"

The woman called Nyla smiled and said coldly " You have a big relationship with me!"

Said, she stared at Elaine through gritted teeth, and scolded "Elaine, do you know that I thought you could cover me, so I asked you for help and put us in the cell" That Mandy gave you a hard lesson, but now? Your backers are gone, and now a lot of people are waiting to teach you, have you ever thought about what we will do when Mandy comes back from the infirmary ?!"

"That Mandy, she's been detained at Bedford Hills Correctional Institution for two or three years. There are many good inmates. Those people didn't dare to help her deal with me before because they were afraid of the people around you. Personally, now that they are out of prison, when Mandy comes back, she will definitely call her fellow inmates to seek revenge on me, and I am afraid my end will be miserable!"

Said to hit here, she stepped on Elaine's chest On, he shouted angrily, "Elaine, you f*cking really hurt me! I'll let you make it clear in front of everyone in a while, it's not me who told you to teach Mandy a lesson, it's you who don't like Mandy! You If you say it honestly, I will let you go, otherwise, I will break your dog's legs!"

Chapter 5169 The Amazing Son In Law

For Nyla, what she is most worried about now is self-protection.

Once the injured Mandy comes back, she will definitely seek revenge for herself, and she, who lost her backer, is not her opponent at all, so the only thing she can do now is to distance herself from it.

Right now is in the release stage, everyone is watching from the playground, and even can't wait to do something to Elaine later.

If you beat Elaine violently in front of everyone at this time, it would be equivalent to telling everyone with practical actions that he has nothing to do with Elaine.

If you force Elaine to take the blame in public again, then her risk will be greatly reduced.

I really can't wait for Mandy to come, and I kneel down and beg her for mercy, maybe I can escape this disaster.

It was only at this moment that Elaine understood how sinister the human heart can be.

She had a rare bit of backbone, and scolded her teeth through gritted teeth, "Nyla, you f*cking want my mother to take the blame for you, you are just dreaming! You were the one who knelt in front of me and begged me to help you solve that Mandy, what do you think? Let me take the blame for you in front of everyone, I tell you, there is no door!"

Nyla didn't expect that Elaine would dare to expose her own bottom line in public, and suddenly became angry and kicked Elaine again. Pointing at her, she cursed, "Elaine, you are courting death yourself, don't blame me for being ruthless!"

After that, she winked at the two beside her, and said loudly, "Beat me to death!" The other two said this When he was still a little worried, one of them whispered, Nyla, it's not good to start at this time, let's wait for a while, or if we are seen by the prison guards, we will be in trouble!"

Nyla whispered, "Damn it. Are you out of your mind! The question now is not whether the prison guards are good or not? Now everyone must see how we taught Elaine a lesson, otherwise what if Elaine gets out of prison before Mandy comes back? There is no way for Di to take revenge, and we will definitely be blamed! If we can help her teach Elaine a lesson in the presence of everyone, when Mandy comes back, we can tell her that we have helped her. She's got her revenge!"

The other two suddenly came to their senses, so without saying a word, they rushed up and started punching and kicking Elaine.

In the upstairs office, charlie saw that Elaine was suddenly beaten by several oriental women, and asked Abelone beside him in surprise, "What are those women? Why did they attack my mother-in-law?"

Abelone also had a look on his face . Surprised, he said, "Mr. wade, these women are all compatriots that your mother-in-law helped. They were bullied a lot here before. Later, your mother-in-law instructed us to take action and help them solve the boss of their cell, and also Let them take the other's place."

charlie frowned and said, "That means, my mother-in-law is kind to them, right?"

"Yes!" Abelone nodded without thinking, and said, "They used to have dinner and When you let the wind out, you have been following your mother-in-law in the saddle, very attentive, and I don't know why they suddenly attacked your mother-in-law."

charlie nodded and said coldly, "No matter what the reason, it must be a kind of revenge, so Let's start Plan B."

When Jian heard this, he immediately said to the warden in English, "nb!

"

And charlie turned around and said to the female soldiers of the Wanlong Palace, "You also follow the alternative plan, and teach a lesson for these ungrateful bastards!" The three immediately said

, "Subordinates obey!"

, and immediately turned around and walked out.

At this moment, the alarm sounded loudly in the playground, and several prison guards rushed out of the door and ran all the way to Elaine, who was being surrounded and beaten, and directly controlled the three who were beating Elaine.

Chapter 5170 The Amazing Son In Law

Nyla didn't panic at all at this time. She knew that when she was fighting at this time, the prison guards would definitely not ignore it. However, in her opinion, it didn't matter even if she was locked up by the prison guards. After all, she beat Elaine in public because she wanted to Express your attitude.

So, she tried her best to break free from the prison guard who was hugging her, rushed to Elaine's side, and stomped her foot on the calf of her right leg.

Elaine broke his right leg a few times, but now he is not completely agile. He was suddenly stomped by Nyla, only to hear a click, and instantly felt a sharp pain, the whole person collapsed and shouted "Ah... my Leg...my leg! It's broken again!"

Nyla watched Elaine roll on the ground with her broken leg, and deliberately shouted loudly, "Listen to me with the surname Ma! My foot is mine. It was given to you for Mandy! Don't forget, Mandy's leg was interrupted by you! Then I'll break your leg to avenge her! This is called blood debt and blood repayment!"

Elaine hurt at this time He kept rolling on the ground and couldn't help shouting to several prison guards, "My leg...my leg is broken again! Please take me to the hospital! Don't let me stay here any longer! Please, please. For

Elaine, the pain is secondary, the most important thing is that she has to find a way to get out of the hellish place of Bedford Hills Correctional Institution. At night, charlie can let the prison release him.

At this moment, the Chinese female prison guard suddenly ran over and said out of breath, "Sister Elaine, you have been released, Sister Elaine!" When

Elaine heard this, she even forgot the pain, subconsciously. Asked "Really?! I was really released?!"

"Yes!" The female prison guard has already started to execute according to Charlie's plan B, so she said without thinking, "The relationship your son-in-law is looking for has already made a phone call. The warden is there, and the warden asked me to arrange for you to be released immediately!"

"That's great!" Elaine almost cried with joy.

Although he was beaten by Nyla and the three of them, he even broke legs, but now that I have to be released, it is equivalent to stop the loss in time!

She originally thought that if she couldn't get out at noon, she was afraid that she would be beaten for half her life.

So, Elaine blurted out and said, "Quick... let me go out... I don't want any personal belongings, I just ask you to let me out right away..." The

female prison guard immediately said, "Don't worry, Sister Elaine, you can do it now. You can go through the formalities with me, I'll call an ambulance for you first and take you to the hospital for treatment!"

"Okay!" Elaine burst into tears with excitement, and said quickly, "Please, send you now. Let me go, I don't want to stay here for a minute..." The

female prison guard asked her, "Sister Elaine, are you sure you want to get out of prison and not stay in Bedford Hills Correctional Institution, right?"

"Yes . Yes!" Elaine nodded like an oil drilling machine, and choked up, "No more, no more!"

Just after speaking, another prison guard walked in with three women in custody.

Elaine took a closer look, and his jaw dropped in shock.

Because these three women are none other than Abelone who were taken away before lunch and released.

She ignored the severe pain and asked in astonishment, "Abelone...you...why are you back again?"

Abelone said helplessly, "Don't mention Sister Elaine, the plaintiff gave up the case again, saying that he wanted to talk to our lawyer. Talking about the conditions, we have no choice, we have to continue to be locked here..."

She looked at Elaine and asked in surprise, "Sister Elaine, what's wrong with you?"

Elaine felt aggrieved and had nowhere to go. He vented, pointing at Nyla and the three of them, crying and saying, "Abelone...they beat me...I helped them so much, and they beat me to the death. You have to decide for me..."

Abelone heard this . Then, she gritted his teeth and said, "Sister Elaine, don't worry, we will definitely teach these few bastards who will pay revenge to the death!"
