Chapter 5189

Due to the fast speed of the Concorde and the flight route requested by the other party's plane took off four hours later, charlie guessed that they intended to wait until late at night before arriving in Bergen, Northern Europe, so they left immediately.

He asked Don Albert and Isaac Cameron to transfer from New York to Providence with the Concorde passenger plane, while waiting at Providence Airport.

As for himself, he waited until Claire came back from school, and then told Claire that he was going to New York tonight on the grounds that there was an accident at the New York client's construction site and he invited him to take a look at Feng Shui temporarily.

Claire didn't want him to be so tired, but charlie told her that the other party had used a lot of connections to save her mother Elaine from prison, so she owed the other party a big favor and had to pay it back, Claire said Only reluctantly agreed.

Afterwards, charlie said goodbye to Claire and drove to Providence Airport alone.

At this time, Providence Airport was already shrouded in a crimson sunset.

In the airport, the Wade family's Concorde, as well as Don Albert and Isaac Cameron, have been waiting here for a long time.

After charlie boarded the plane, Isaac Cameron immediately stepped forward and said, "Master, I have already greeted the tower, we can take off at any time."

charlie nodded and said, "Then let's take off."

Isaac Cameron immediately stepped forward Going to inform the pilot, Don Albertze asked charlie curiously, "Master Wade, what are we going to do in Northern Europe?"

charlie casually smiled and said, "Go to the yin people."

Don Albert hehe smiled and took out from his sleeve. He took out a scalpel with a soft plastic case, and said with a serious face, "You said before that I haven't been with you recently, and there are many fewer human body calligraphy works in the Western world. Before I came today, I specially looked for it. A handy creative tool, I wonder if it can come in handy?"

charlie laughed dumbly, and said, "I don't know if it can come in handy, but since you have all the tools with you, just wait. When you get to Northern Europe, I will let you play well as long as you have the opportunity."

Don Albert nodded cheerfully and said, "That's good, that's good!"

Soon, the plane took off above the runway and flew towards the Nordic capital of Osu, 6,000 kilometers away.

When the Boeing 777 of Yuantai International Express was still flying over Europe, charlie's Concorde had landed smoothly at Osu City International Airport.

At this moment, the royal motorcade of the Nordic royal family was already waiting inside the airport.

Since the royal family had already reported to the airport and customs, charlie and others were taken directly from the airport as royal VIPs and headed for the Nordic Palace.

At this time in Osu City, it was late at night and early morning. On the way from the airport to the palace, there were few vehicles and the speed was fast.

The empress Helena, who was dressed up, was already waiting anxiously in the palace at this time.

And her grandmother, the old queen who had just abdicated, saw Helena pacing in the same place, her expression mixed with excitement, excitement, nervousness and anxiety, she couldn't help but said, "Helena, what do you think of charlie? Has your mind changed yet?"

"Change?" Helena suddenly stopped and said to the old queen with a serious face, "Grandma, my thoughts on charlie will never change in my life." The

old queen sipped . He pursed his lips, hesitated for a moment, and said, "Helena, you must know very well in your heart that it is difficult for you and charlie to get together, not only that he is married, you are now the Queen of Northern Europe, your future husband. , it can only be the European royal family or the clan aristocracy, otherwise, the hearts of the people will not be able to accept it."

Helena said firmly, "Grandma, I have expressed my position on this matter a long time ago, if I am really lucky enough to be with charlie When we come together, even if the people regard me as a sinner in Northern Europe, I am willing." The

old queen asked helplessly, "Don't you care about the image of the royal family?"

Helena shook her head and said firmly, "I have already made two plans for my future. If I can get together with charlie, then I can give up the throne at any time, or even give up my royal status, if I can't When I come together with charlie, then I will be single for the rest of my life, and I will do my best for the Nordic people and the people of northern Europe

. If you want to be single for the rest of your life, who will inherit the Nordic throne in the future?”

Helena smiled and said, “It’s okay, when that time comes, go to another country and borrow a prince or princess to succeed the throne.” The

old queen said seriously, “That’s the last resort, because In that case, the Nordic royal family will no longer be named Iliad!”

She said in a hurry, and blurted out, “By the way, Helena, didn’t you say before that if charlie wanted, would you be willing to give him a son?”

Helena Her face instantly turned red, and she said dodgingly, “Grandma...you...what are you talking about...” The

old queen said seriously, “This is a good opportunity! It doesn’t matter whether he has a wife or not, or whether he wants to be with you or not. If you are together, first find a way to conceive his child, then tell the outside world that you are sick and need to cultivate for a period of time. After the child is born, you will return to the public eye, and then tell everyone that you have it. He has just recovered from a serious illness;”

“As for your child, we can first keep him secretly in the palace, and when he needs to go to school, give him a fake identity and arrange for him to study abroad, and when you are older in the future , when you need an heir, push him to the public, and frankly say that this child was born during the period of your cultivation, and then give the child a legal and public identity, and then establish him as the heir to the throne! “

Grandma...” Helena said embarrassedly, “What are you talking about...” The

old queen stepped forward, took Helena’s hand, and said seriously, “Helena, it is about the Nordic royal family and the Iliad family.” In this case, don’t just think about being shy, you must get pregnant first!”

After speaking, she said very seriously, “Look, although charlie is married, he has no children. If you can conceive his child, it will also be a huge boost to the relationship between the two of you. At that time, you will not only With the continuation of the bloodline, there is also a common crystallization with charlie, so the relationship between the two of you will definitely be further improved!”

Helena’s eyes were flashing with luster, but she was still ashamed. Said, “Grandma...you are so crazy...I’m still young, far from the stage where I have to get married or have children...” The

old queen clenched her hand and said solemnly, "Helena, this This matter, the sooner you plan, the better!"

Helena waved her hands quickly and said, "Grandma... Let's talk about this later..." The old queen wanted to say something, but the housekeeper ran in at this time and said, "Your Majesty, the convoy is back. !"

Helena heard this, and immediately said with joy, "I'll take a look!" After that, she ran out in person to welcome charlie's arrival.

Although it is summer, the night in Osu City is still a little cool, but Helena is wearing a shoulder-length western court dress, as beautiful as a perfect and noble tulip.

Seeing charlie getting out of the car, the queen temperament that Helena had gradually cultivated recently disappeared, replaced by a girl who was just beginning to love her, excited and excited when she saw her sweetheart.

She carried her skirt and ran towards charlie, the royal housekeeper subconsciously wanted to follow, but found that he couldn't catch up with her at all.

The old queen's legs and feet were not so neat. While walking out, she looked at the figure of Helena galloping away, shook her head helplessly, and sighed softly.

Helena ran to charlie with a pair of deep eyesHis eyes were full of joy, and he said excitedly, "Mr. Wade, long time no see!"

charlie smiled and said politely, "Long time no see." The

old queen also walked over at this time, and said to charlie very respectfully, "Mr. Wade Hello!"

charlie looked at the old queen, nodded lightly, and asked with a smile, "Ms. Iliad, how are you recently?"

Seeing that charlie cared so much about herself, the old queen was flattered and said, "Thanks to you. The rejuvenation pill that I gave back, I am in very good health now!"

charlie laughed, "That's good."

Helena on the side quickly said, "Mr. Wade, the helicopter is ready, you didn't say that you want to Are we going to fly directly to Bergen, or should we set off now?"

"Okay!" charlie nodded without thinking, and then said to Helena, "Abbas from Wanlong Palace will bring a group of Wanlong Palace later. The soldiers arrived in Osu City,

please help me prepare an additional heavy helicopter, and if necessary, send them to Bergen.”

“No problem!” Helena agreed without hesitation, saying, “wade Sir, the time is urgent, or let’s go first, and let the housekeeper help to implement this matter.”

charlie nodded, looked at the old queen beside him, and said seriously, “Ms. Iliad, come back when I finish my work at hand. Look at you.” The

old queen said quickly, “Okay, Mr. Wade, I’ll be waiting for your visit in Osu City!”

Soon, charlie took Don Albert, Isaac Cameron, and Helena into a large helicopter with Helena. , the pilot skillfully operated the helicopter to take off, and then ran all the way towards Bergen.

On the helicopter, charlie looked at the night view of Osu City outside the window, and asked Helena beside him, “By the way, Helena, you said that you have a charity event in Bergen tomorrow, what time is it, and do you need me to join you?”

Helena said embarrassedly, “This... this... I’ll tell you, Mr. Wade, actually I... Actually, I don’t have any charitable activities in Bergen. The reason why I say this is mainly to accompany you to visit Bergen. After all, she is the Queen of Northern Europe. If you have anything here, I can help you, and I can help you deal with it in time...”

charlie was slightly taken aback, Helena saw this, and quickly explained, “I didn’t mean to deceive You, I originally wanted to really arrange a charity event, but... But I’m worried that you will need my help tomorrow. If I really do a charity event, I may not be able to respond to your needs at any time, so ...So please don’t be angry...”

charlie came back to his senses and smiled, “I’m not angry, I just didn’t expect it, thank you Helena.”
