

The Amazing Son In Law Chapter 5199 -

charlie's words shocked the ten people in the study.

The headed man turned around, saw charlie appearing at the door of the study alone, frowned and asked, "Who are you?"

"Me?" charlie snorted and said, "I am the eight of you that can't be provoked by the sum of the eight of you. The person who got up."

The man was stunned for a moment, then smiled contemptuously and said, "It's a joke! You are not afraid to sway your waist before you say big things. You only want to fight against the eight of us. Do you know where I came from?"

charlie smiled and nodded, "I know, aren't you the commander of some cavalry guards? Let alone eight of you, what if there are eighty?"

The man didn't expect charlie to know his details, and was surprised In addition, his expression became extremely gloomy, and he said in a cold voice full of murderous intent, "Boy, you are really courting death!"

After that, he immediately picked up the gun and pulled the trigger at charlie.

charlie didn't hide at all, and suddenly a cold light flashed in his hand, and then he heard the crisp sound of the other party pulling the trigger, but strangely, no one heard the gunshot except for the click.

The man in the lead was also stunned. He subconsciously looked down at the assault rifle in his hand, and found that the gun in his hand was not abnormal, but for some reason, it just couldn't shoot the bullet.

So, he subconsciously wanted to pull the bolt again, but what he didn't expect was that he just pulled it, and the top cover of the entire assault rifle was suddenly pulled down by himself!

He was horrified, thinking that something was wrong with the gun.

At this moment, one of his subordinates seemed to have seen a devil. He pointed to the gun in his hand, and stammered, "I mean... Commander... Your gun..."

" Get blown away!

He suddenly found that his gun was not as simple as tearing off the cover by himself.

My own gun started from the center of the muzzle, and the whole was cut open!

Not only was the barrel cut in half, but even the bullet that was loaded in the chamber was cut into a plane, just like a textbook, revealing the 556mm caliber cross-section, which could clearly see all the structures, warheads, eggshells, gunpowder and primers.

He was completely frightened, looked up at Charlie subconsciously, and asked with a trembling voice, "You...how did you do it..."

Charlie took out the one in his hand that was made of clam. The soul-piercing blade formed, said with a smile, "Well, that's what it is."

The man frowned and blurted out, "How can a mere shell cut off an assault rifle made of steel!"

"Don't believe it?" Charlie picked it up. He raised his eyebrows, smiled playfully, and said, "It seems that the old saying is right, this man really won't cry without seeing the coffin!"

After speaking, Charlie's expression suddenly became cold, and he said sternly, "If you don't believe it, then let's try it out!" As

soon as he finished speaking, a cold light flashed in Charlie's hands again.

This time, before the man in the lead could react, he saw the other half of the assault rifle in his hand fall from the air.

Just when he was wondering how Charlie did it, he suddenly felt a sharp pain in his right shoulder.

He instinctively looked at the sore spot, only to realize that there was only a bowl-sized wound left on his right shoulder!

The wound was neat and completely on a plane, and the flesh and bones were clearly visible, and a lot of blood spurted out!

His whole brain was dizzy, and he quickly looked at the ground, only to realize that it was not just half an assault rifle that fell just now, but a half assault rifle, along with his entire right arm!

"Ah!!" The

severe pain made him almost collapse, and he looked at Charlie as if he saw a ghost.

After about three seconds of extreme fear, he suddenly shouted, "Quick! Quickly kill him! Quickly kill him!!"

The other seven also came to their senses in an instant, and they instinctively wanted to shoot with their guns.

charlie looked around for a week with sharp eyes, and suddenly the chilling air burst out, and the whole person shouted "Who dares!"

This shout made the seven people suddenly scared, and the assault rifle in his hand seemed to weigh a thousand pounds. , is simply unable to lift it up!

The headed man was already desperate, and broke down and scolded, "You bastards who are greedy for life and fear of death! Do you think he can let you go in this way?!"

Everyone was too scared to speak.

Because they all know that if charlie can cut off the commander's assault rifle, cut off his arm, he can cut off their heads.

Therefore, in order to avoid the tragic situation where the head is in a different place, no one dared to take the risk of pointing the gun at charlie at this time.

charlie glanced at the seven people, and scolded coldly, "Put down the guns for me!"
When the

seven people heard this, they hurriedly threw the guns out, and threw them on the ground.

The headed man was completely desperate at this time. He knew that once these seven people handed over their guns, he would have no chance to come back.

So, he looked at the seven people with despair, and said, "You people who are greedy for life and afraid of death, don't forget, even if you can survive today, once the seven days are up, you won't be able to get the medicine to last your life. It will burst and die!"

charlie sneered, "Do you cavalry guards have to take antidote on a regular basis just like the dead

men?" So it seems that the group of dead men in New York were also killed in your hands?"

charlie smiled, "It seems that you are not stupid." After

speaking, charlie asked him, "About this organization, you know How much?"

The man in the lead said coldly, "I don't know much, but even so, I won't tell you anything!"

charlie smiled and asked him, "You really don't plan to tell me?"

"That's natural!" The man in the lead snorted coldly, "I am loyal to the Lord of Ying, and I will never betray Ying..."

Before charlie could finish his words, he suddenly rushed forward and grabbed hold of him. His upper and lower jaws slammed hard, only a click, something seemed to shatter in his mouth, and then, his whole body twitched violently.

charlie guessed right. Although this person is not a dead man, he still has dentures full of venom in his mouth. At a critical moment, as long as the dentures are crushed, the venom will flow into the abdomen along the mouth, causing them to die silently. .

However, the difference this time is that charlie actually helped him bite the denture directly.

Seeing that he was already showing signs of poisoning, charlie sneered disdainfully, "Be loyal to your hero, don't rush to reincarnate when you get there, maybe it won't be long before I'll send him down to see you, and then you will still be there. You can continue to saddle for him." After

speaking, charlie suddenly realized something and sighed, "Oh, I'm sorry, I forgot that you haven't seen the hero, even if I send him off, you may not be able to recognize it. "

At this moment, charlie said helplessly, "Well, then I will let someone engrave the word Yingzhu on his forehead, so that you can recognize him!" The

head of the man's eyes widened, tight Staring at charlie, I couldn't understand in my dreams, why charlie was so confident that he could kill Yingzhu!

Feeling that the venom had reached his internal organs, he said in a very disintegrating tone, "You...you...you just...why...why didn't...don't...don't ask me again...you...you Ask me again... once again...I'll...I'll tell you..."

charlie said disdainfully, "I'm too lazy to talk nonsense with you, you haven't even seen the face of the hero, and you came out to perform a mission, You also have dentures filled with poison in your mouth. From these two points, you can see that you are just a trash boss in this organization. I don't think the seven people next to you know less than you. , after you are dead, I can still ask them!"
