

The Amazing Son In Law Chapter 5205 -

“Ah...I...”

Suddenly being questioned by charlie, the old man seemed very nervous for a while.

He hesitated and didn't know what to do, and he didn't know what to say, so he could only subconsciously look up at the pretty girl beside him.

Seeing this, the girl hurriedly said, “Grandpa... it's all over now, you should tell the truth to this gentleman!”

“I...” The old man didn't expect the girl to say this, and for a while he didn't even know it. How to be good.

After all, he was just a servant of the young lady, and he could understand that the young lady called him grandfather in public. He could hear the meaning in the young lady's words, that he wanted to pretend to be a grandparent with him.

However, the young lady suddenly wanted to tell herself to tell the truth, which made her at a loss.

Because I don't know where to go, how to tell the truth.

Before the old man showed his cowardice, the girl quickly took the lead and said to charlie, “This gentleman, my grandfather is still a little undecided, why don't I explain it to you.”

charlie didn't see the girl and the old man . Seeing that the girl was willing to tell the reason, she nodded and said, “Little girl, please tell me.” The

girl couldn't help but pursed her lips and smiled, then said, “Actually, the reason why these people want to arrest me and me. Grandpa, it's because the person behind them wants a treasure left by my father.”

“Treasure?” charlie couldn't help frowning when he heard this, and asked in surprise, “What treasure is worthy of their hero? It takes a lot of effort to get it?”

Although charlie didn't know who the Yingzhu was or how strong the Yingzhu was, he could still get a glimpse of the leopard through his current understanding of the organization.

In his opinion, the comprehensive strength of this mysterious organization must be higher than his own, and even Anjia will be manipulated by them.

Therefore, charlie speculates that the strength of this mysterious organization will not be inferior to the Rothschild family, which is currently ranked number one in the world.

It is even possible that it is much stronger than the Rothschild family.

It was precisely because he knew that the other party was very powerful that charlie couldn't understand how such a high-ranking person would grab things from the old and the young, grandparents and grandchildren.

Seeing that charlie had some doubts, the girl took out a palm-sized sachet from her close-fitting clothes for a moment.

Then, with her slender white hands, she took out an inconspicuous bronze ring from the sachet.

And the moment the ring was taken out of the sachet, charlie felt a very rare but very familiar feeling.

This made him immediately realize that this small ring, like his Thunderbolt and Soul Piercing Blade, is also a magic weapon!

This is also the first time for charlie to see a real magic weapon in someone else's hands!

He thought that the girl had the same aura as himself, so he subconsciously allocated a bit of aura to investigate the girl quietly.

However, after some investigation, he did not find any shadow related to aura from this girl.

In other words, this girl has absolutely no aura, and it is impossible for her to be the same person as charlie.

So, charlie couldn't help but ask her, "Little girl, what is the origin of this ring?" The girl said faintly, "This ring was left to me by my father."

charlie asked again, "Then does your father have any? Tell you, what's so special about this ring?"

“No.” The girl said seriously, “My father just said that this ring is extraordinary, so I must take good care of it and not let it fall into the wrong hands.

” After all, she lowered her head and pondered for a moment, then suddenly raised her head to look at charlie, and said firmly, “Sir, if you can let me and my grandfather die today, I would like to give you this ring, anyway, this thing is in my hands. It doesn’t work, and it always brings disaster, after giving it to you, my grandfather and I will find a safe place to live in seclusion, and we won’t have to be bothered by this kind of harassment in the future.”

The old man on the side was speechless for a moment. He stared at the girl with wide eyes and told her not to be so impulsive.

But the girl gave a wry smile at this moment, and said to him, “Grandpa, we are unable to protect this thing. Not only will we not be able to protect it if we keep it, it may even be snatched away by bad guys.”

Then, she said firmly, “It’s better to Why don’t you give it to this gentleman! I think this gentleman has a kind face, so he will not let it go astray, and this gentleman has great powers, so he will be able to protect this ring well!”

charlie asked her curiously, “Little Girl, since your father told you not to let it fall into the wrong hands, aren’t you afraid that I’m a bad guy?”

“No.” The girl shook her head and said seriously, “I believe you definitely didn’t come here for this ring. And you appeared at a critical moment, although I dare not say that you are all to save me and grandpa, but I believe that at least part of the reason is also accounted for, so I can be sure that you are definitely not a bad person.”

charlie smiled noncommittally , and then looked at the ring in her hand.

To be honest, charlie really yearns for this ring.

After all, this is the first time he has seen a magic weapon in someone else’s hands, so he really wants to know what special effect this magic weapon has.

So, he said to the girl, “Okay! I promise you!” As

he spoke, he changed the subject and said, “But before I promise you, I promise you!” Before that, I have one more thing to tell you. “The

girl hurriedly said, “Sir, please say it!” “

charlie said lightly, “That is, after tonight, you may forget all that happened just now. If you find that the ring your father left you and asked you to keep it is lost, maybe you will live in the future.” Amid guilt and self-blame, do you think you are ok? The

girl was slightly taken aback, then nodded and said, "I'm fine!" If this ring is still on my body, then my grandpa and I may not have such good luck next time. "

"Good. Seeing that she agreed, charlie said very straightforwardly, "Then we've made a deal." "The

girl nodded, and then she threw her jade hand, and the ring spun around and drew a beautiful curve from the air, before it fell in front of charlie's eyes.

charlie stretched out his hand to grab the ring in his palm, and then let a little bit of aura go in, thinking Let's see what mystery is hidden in this ring.

However, after the spiritual energy entered the ring, it disappeared instantly like a stone sinking into the sea.

charlie could not help but frown slightly, thinking to himself, "What kind of formation is there? Why did the aura enter but the ring didn't respond? "

Thinking of this, charlie calmly poured a little more aura into it than before.

But this time, the small ring suddenly made a clear and melodious buzzing sound like the sound of a sword. ...

However, other than the fame, the ring itself has not changed in any way.

charlie frowned, thinking that there must be some mystery hidden in this thing, but he may not have time to study it slowly, so he put the ring in his pocket.

And That girl, at the moment when she heard the buzzing sound, those eyes that were still distressed were instantly replaced by an uncontrollable excitement...

charlie didn't notice the change in the girl's eyes. After he took the ring, he looked at the seven knight guards again, and asked, "Does your lord want you to grab this ring?"

The person who kept answering charlie's questions said respectfully, "To tell you the truth, we don't know about this either. The order we received was only to send the two of them to Sweden, and we didn't disclose any other details to us."

charlie nodded, and looked at the girl again. When the four eyes met, charlie sent a trace of aura into her mind, gave her a psychological hint to answer her question

truthfully, and then asked her, "Little girl, How much do you know about their organization?"

charlie didn't fully trust this girl, so in order to ensure that he didn't miss any clues, he planned to use psychological hints to get out everything the girl knew.

Although it is unethical to use psychological hints directly, the matter is of great importance, and charlie can't care so much at this time.

Moreover, charlie had already vaccinated the girl just now, and planned to erase the memory of tonight from the girl's mind after all this was over.

Therefore, she will definitely not remember the process of being hinted by her.

After being hinted by charlie's psychology, the girl shook her head slightly, and said seriously, "I don't know much about this organization. These are the troubles my father provoked at the beginning. Neither I nor grandpa know very well. I only know that they have always wanted to Find the whereabouts of me and grandpa, and grab this ring from us..."

charlie couldn't help but feel a little disappointed when he heard this.

These Xiaoqi guards didn't know any valuable deep clues, and this girl didn't know either.

It seems that if we want to get more clues about this organization, we will have to slowly peel back the cocoons in the future.

Thinking of this, charlie looked at the girl and asked, "What does your father do?"

The girl replied, "My father used to be a warrior. Later, I got this ring from somewhere, so he was chased and killed by that organization. In the end, he was not spared and died under the hands of that organization."

charlie clicked Nodded, then looked at the seven Xiao cavalry guards, and said, "If I can give you a chance to survive, and at the same time give you a chance to avenge your hatred, would you be willing to serve me?!" The

leader of the seven The man smiled bitterly and said, "Sir...you are a person with great supernatural powers. If we can really survive, we will naturally be willing to be loyal to you, and willing to shed our blood for you. If we don't go back and take the antidote, we will all be poisoned and die within a week. Even if we want to be loyal to you, we have no chance at all..."

charlie said lightly, "As long as you are willing to be loyal to me, I will naturally have a way to detoxify your body. from now on, you don't have to be threatened or troubled by toxins anymore." The

leader said without hesitation, "Sir! If you can really cure the poison in our bodies, we would like to be loyal to you for the rest of our lives. If there is even the slightest disobedience, there will be no place for burial!" The

other six people expressed their opinions with great excitement at this time.

charlie can feel the excitement and sincerity of these people. It seems that although they have gotten rid of their identities as dead men, their hatred for the organization is no less than that of the dead men who are still struggling at the bottom.

So, he said lightly, "In the next few hours, your organization will probably not send anyone to Northern Europe. You can use this time to go to the capital of Northern Europe, Osu City, and reach the top of the highest mountain in Osu City." , I will send someone to pick you up there."

charlie is not familiar with Aosu City, and he doesn't want these people to gather in the urban area, so he came up with the idea of the highest peak in Aosu City. Xiaoqiwei, or against abbas, it shouldn't be too difficult to find the highest peak of Ausu City. At that time, he can directly let abbas go to the highest peak of Ausu City to pick up these seven people and bring them back to Syria.

When the seven people heard this, there was almost no hesitation, and the leader said, "Sir, when do you want us to leave?"

charlie said lightly, "Let's go now, remember to deal with all the clues on the way." The

leader said excitedly, "Don't worry, sir, we will definitely not leave any traces!"

"Yes." charlie nodded and ordered: " In that case, hurry up and start."

"Okay!" The man stood up with the other six people, and after the seven people bowed deeply to charlie, he said, "Sir, then we will set off first and go to Austria. The highest peak in Su City is waiting for your next instruction!"

Soon, the seven people who were pardoned by charlie quickly left the country house and drove the truck they came to Aosu City.

charlie looked at the two grandparents in front of him, and said lightly, "Two, I want to make some adjustments to your memory, you will wake up in ten minutes, and then you will forget everything that happened tonight, I hope Don't think about it so much, hurry up and leave Northern Europe and find the safest place to stay." The

girl and the old man agreed without hesitation, the girl looked at charlie with a different look in her eyes and said, "My name is Lin Wan'er. , I don't know what your husband's name is?"

charlie said casually, "Little girl, what is my name, you don't need to ask, after all, you won't remember me soon."

Lin Wan'er looked at charlie, and said firmly and seriously, "I don't remember. I don't remember, but at least I can remember it for a certain period of time." After

speaking, she looked at charlie and asked, "Since I will forget it soon, what worries do you have, sir?"

charlie hesitated slightly . After a while, he didn't think much, and said candidly, "My name is charlie."

"charlie..." The girl repeated it, and nodded lightly, Curiously asked, "Mr. Wade should be from China, right?"

charlie nodded, and said calmly, "That's right." The

girl smiled slightly and said to charlie, "Mr. Wade, I will try my best to remember your kindness. If there is still a chance, I will definitely repay you twice."

charlie waved his hand lightly, and said indifferently, "No need, I saved you and your grandfather, and you gave me a ring. I hope you two, grandparents and grandchildren, will be safe in the future."

After finishing speaking, he waved his hand, and a little spiritual energy entered into the bodies of the two of them.

The old man lost consciousness almost instantly, and Lin Wan'er closed her eyes immediately.

Seeing that the two had lost consciousness, charlie wiped their memories with aura, then walked out of the country house alone, left here quickly, and returned to Helena's palace in Bergen.

Ten minutes after he left, the old man woke up first.

Seeing the mess in front of him and a strange corpse, he immediately turned pale with fright. Seeing that the young lady was lying unconscious on the desk, he rushed forward and shouted nervously, "Miss!"

Lin Wan'er suddenly opened her eyes. Eyes, she looked at the old man, smiled slightly, and said, "You're awake." The

old man said in a panic, "Miss, I... I seem to have something wrong with my brain, I remember you asked me to arrange for someone to pack up and leave Northern Europe quickly, but I don't know why I fell into a coma, and...and I feel like a part of my memory is missing..."

Lin Wan'er nodded, and said lightly, "I feel that my memory is missing, because someone erased your memory." The

old man listened dumbfounded, she blurted out, "Is there anyone who can erase other people's memories?"

Lin Wan'er hummed, and sighed, "Yeah, he also wants to erase my memory too."

Speaking of this, Lin Wan'er suddenly giggled and smacked her lips. He said, "Tsk tsk... But it's a pity, he failed!"
