

The Amazing Son In Law Chapter 5213 -

In fact, for charlie, sleep has long been dispensable.

Even if he doesn't sleep all the time, his body doesn't feel tired.

However, just now he poured a lot of spiritual energy into the ring, and even if he ate a Peiyuan Dan, he could not fully replenish it. Such a rapid consumption of spiritual energy really made his body feel a little tired.

Seeing charlie's tired face, Helena quickly said, "Mr. Wade, please come with me."

Because the palace was in disrepair, there were only a few rooms available for occupancy at any time. charlie brought it to his bedroom in this palace.

When charlie first arrived here, he didn't know the internal structure and distribution of this palace, and because of his rare physical fatigue, he followed Helena to the bedroom.

This is the largest bedroom in the palace. More precisely, it should be a large suite.

Pushing the door in, it is a meeting room with a Nordic style and antique flavor. Every piece of furniture, ornaments, even floors and chandeliers here has a history of at least more than a hundred years. Although the classical beauty of northern Europe is very artistic, But after all, it is old and poorly maintained, and the room has a musty smell that is difficult to remove.

Helena stayed in this suite for half a night, and was used to the smell, but after going out and coming back, the smell became very obvious again.

She couldn't help frowning slightly, and said apologetically, "I'm sorry, Mr. Wade, there is a musty smell in the room. In addition to the age, it may also be related to the rainy weather here in Bergen."

charlie smiled casually. "It's okay, it's already good."

Helena bowed slightly, pointed to the bedroom inside, and said to charlie, "Mr. Wade, the bedroom is inside, you can rest for a while!"

"Okay." charlie nodded. He nodded and said, "You don't have to worry about me. I'll squint for a while and think about something. If I don't get up before noon, please call me."

"Okay!" Helena nodded respectfully and agreed, then pursed her red lips slightly, and said to charlie, "Mr. Wade, let me tidy up the bed for you. The bed in this bedroom

hasn't been cleaned up yet, and it's a bit messy." Surprised, Helena hurried into the bedroom before she had time to ask.

charlie followed her to the bedroom, only to find that on the spacious bed, the quilt had been half lifted, and the fitted sheet was slightly wrinkled, obviously a sign that someone had slept on it.

Moreover, in this room, there is a faint fragrance, which is exactly the same as the perfume on Helena's body.

This made him couldn't help asking her, "Helena, is this your bedroom?"

Helena blushed with shame, and said falteringly, "I'm sorry, Mr. Wade, most of the rooms here have been dusty for too long, so it's really not suitable to take Come to entertain guests, only this room is acceptable, so I will thank you for resting here. Please don't mind..."

charlie shook his head and said, "I don't mind, but I sleep here, isn't it a dove occupying a magpie's nest? , and it will also affect your rest."

"No, no." Helena waved her hand without thinking and said, "I've already woken up, you can rest, I'll sit on the sofa outside for a while and then get down."

charlie heard, He didn't insist anymore.

No one could have imagined that this Nordic queen Helena, who attracted the attention of the whole world and was sought after by all the nobles, was like a personal maid willingly tidying up her bed for charlie.

Helena never thought about what she should or shouldn't do as a queen.

She only knew that facing charlie, she could let go of all the pride and reserve of a queen, and would be willing to do anything for him.

Besides, at this moment, when she thought that charlie was about to sleep on the bed she had just slept on, her restless heart was both happy and ashamed.

After Helena helped charlie tidy up the bed, she said respectfully, "Mr. Wade, please rest first. If you need anything, please let me know."

"Okay, thank you." charlie nodded with a smile, thanked him, and watched Helena exit the room.

Afterwards, charlie washed up in the bathroom of the room, took off his clothes a little tiredly, and put them neatly on the bench at the end of the bed. Except for his underwear, he held the ring in his palm.

The Amazing Son In Law Chapter 5214 -

Immediately afterwards, he lay down on the bed that was still warm and fragrant.

Thinking that the body temperature and lingering fragrance all came from the graceful and charming Helena, charlie couldn't help being three-pointed and two-pointed at a certain moment.

However, when he thought of the cheating ring in his hand, charlie couldn't help but feel a little pain in his heart.

He put the ring on his fingertips and kept turning it back and forth, hesitating again and again, but he still couldn't help but pour some spiritual energy into it.

As a result, it was still the same as usual, the ring made a buzzing sound, which seemed to tell him that the heart had been received, and there was no other indication.

charlie was suddenly a little annoyed.

Did I let a ring be defrauded?

Why is this damn thing as stinky and shameless as those deceitful slaughterhouses on the Internet, and deceitful online gambling?

Even those pig-killers who are exposed to electric batons in northern Myanmar and use trembling fingers to pretend to be beautiful women or rich second-generation cheaters on the Internet, at least they will care about the target and ask for their care when cheating money .

In contrast, the professional ethics of this ring is not as good as that of a fraudster.

However, charlie couldn't help being a little overbearing.

He thought to himself, "Could it be that my method of opening the ring is wrong?"

Thinking of this, he immediately put the ring on his left middle finger, and then poured some spiritual energy into it, wanting to see if this thing must be worn on the finger above to be triggered.

However, even though he had put the ring on his finger, the ring was still stinky and shameless as usual.

Seeing that he was cheated out of a lot of spiritual energy again, charlie really couldn't be more angry.

But when I think that I have invested so much spiritual energy, it is really hard to give up like this.

After all, what I was facing was a ring, not the kind of greedy internet scammer.

Thinking of this, he gritted his teeth and continued to comfort himself, "Maybe it's the wrong finger? Try using another finger!"

Since the ring couldn't fit into the thumb, charlie put it on the other eight fingers Tried each in turn.

After the test, the whole mentality of the angry person has completely collapsed.

This ghost is really just like those pig butchers, eating people without spitting out bones.

The purpose of the pig butcher is to drain every cent of the victim's money, and the purpose of this ring may be to drain every penny of his spiritual energy... As soon as

he thought about it, charlie felt depressed.

At this time, the aura in his body had been consumed by more than 90% again, he was very tired, and his heart was extremely decadent.

He was like a gambler who had come to his senses, and only realized after waking up from a dream that he had lost too much in this scam.

At this moment, charlie originally wanted to take another Peiyuan Pill, but then he thought, if he took another Peiyuan Pill, how would he be different from those victims who were caught in a scam?

What I need to do now is to stop the loss in time, and stop having any illusions about this ring!

Thinking of this, the exhausted charlie took off the ring, held it in his hand, and stopped sending any spiritual energy into it.

At the same time, he couldn't help but think of that Lin Wan'er (Alani).

He felt that this girl seemed extremely difficult.

Not to mention whether there are any unknown secrets in this ring, just the fact that she can decide to give this ring to herself in an instant is enough to see that her courage in doing things is very ordinary.

Moreover, if the nine copper coins that he saw were indeed hexagrams, then the girl's accomplishments in the I Ching gossip would have even beat Orion Exeor by a large margin.

Orion Exeor is at the top of the top in I Ching gossip and Feng Shui secrets. It is no exaggeration to say that he is an Einstein in the field of divination and Feng Shui.

If such a great figure at the top level is really left behind by a little girl like Lin Wan'er (Alani), then Lin Wan'er (Alani) will be so strong that she is simply not a human being.

It seemed that Lin Wan'er (Alani) could only solve this series of riddles herself.

After the great consumption of spiritual energy and the constant thinking in his mind, Charlie felt that his body was getting more and more tired, just like an ordinary person who had stayed up for three days and three nights, and the whole person was already at the critical point of falling asleep.

So, he slowly closed his eyes unknowingly and fell asleep completely.

...

about half an hour later.

When Charlie was already sound asleep, Helena, who had been fidgeting in the living room, suddenly stood up from the sofa after a long and intense psychological struggle.

She took out her mobile phone in a panic, found the date record of her last period, and then searched the Internet for an ovulation calculator.

When she entered the start and end time of her last period, as well as her average period between periods, the small software popped up a pink love sign for her with a line of words "Congratulations you are currently in During the ovulation period, this is the best time to start giving birth to a new life!"

Seeing this line of words, Helena's expression first became a little surprised, and then she became extremely determined as if she had made a major decision.

Afterwards, Helena took a deep breath, and with an uneasy heart in her heart, walked to the bedroom door and gently pushed open the bedroom door.

At this time, Charlie was lying on the bed, sleeping like a baby.

Helena looked at the sleeping Charlie, and after a moment of silence, she simply turned her heart away, slowly stretched out her snow-white hands, wrapped them behind her, and opened the long zipper on the back of her dress.

As the zipper opened, Helena's stunning back was almost completely exposed to the air.

Then, the whole long skirt slid down from her tender shoulders, and instantly fell on her slender and sexy ankles...

The Amazing Son In Law Chapter 5215 -

charlie hadn't experienced such a deep sleep like today for a long time.

He was completely unaware of Helena's arrival and a series of actions by Helena.

At this time, Helena was already extremely nervous, and even the rhythm of breathing was completely out of order.

The courage he had just summoned up was exhausted when he took this step.

Therefore, at the moment when the long skirt fell on her feet, Helena seemed to have been cast a body-holding spell, standing still and looking at charlie for five minutes.

She needs to continue to cheer herself up so that she can take another step forward bravely.

The weather in Bergen is cloudy and rainy, and the temperature at noon in midsummer will not make people feel hot and dry, not to mention that it is only early summer, and the temperature in the early morning is even a bit cool.

Helena stood where she was, and soon felt her body was frozen stiff.

She felt that her skin exposed to the air was covered with goose bumps, and her body shivered uncontrollably.

At this moment, Helena gritted her teeth, put her hands behind her back again, and untied the hook behind the unde*wear on her upper body.

Immediately afterwards, Helena also took off the last strand of soft cl*th from her b*dy.

At this time, her body only felt that the chill was getting worse, so she no longer hesitated, and hurriedly lifted the quilt on the other side of charlie's body shivering, and got in decisively.

At this time, the bed was already hot from charlie's body.

The body full of masculinity is continuously emitting heat.

After Helena got into bed, she felt that warm feeling, and the coldness of her body was relieved a lot in an instant.

At this time, she could no longer be shy, and her first thought was to hug charlie tightly, and try to make the body and skin of the two people have more and closer contact, so as to quickly warm her own body and skin. Already a little cold body.

At this time, charlie still showed no sign of waking up.

The moment Helena hugged charlie, she was ready for charlie to wake up suddenly.

After all, charlie's strength is unbelievable, and it is impossible for him not to notice his bold behavior.

Moreover, Helena was even ready to confess to charlie the moment charlie woke up.

But what she didn't expect was that charlie next to him didn't move.

Rao hugged him subconsciously, but he still didn't respond.

Helena was a little stunned for a while.

She didn't know whether charlie really hadn't woken up, or whether he had woken up but was still pretending to be asleep on purpose.

She carefully looked at charlie's profile, looked at his eyelashes that trembled with his breathing, and listened to his breathing and heartbeat, Helena realized that charlie was really sleeping!

The Amazing Son In Law Chapter 5216 -

For a moment, Helena couldn't help but burst into laughter.

She really did not expect that we, a man who was almost indistinguishable from God in her own eyes, actually had a side like a baby, sleeping so sweetly, and being so well-behaved.

At this moment, for the first time, she also found some kind of intimacy from charlie.

So, still hugging charlie tightly, while staring at his side face, she said softly, "charlie...do you know how much I love you in my heart? If I have the luck to be with you Together, let alone the Queen of Northern Europe, even if I die immediately, I don't think I will have any hesitation..."

Speaking of this, she suddenly smiled self-deprecatingly, "If you hear these words, you will definitely feel in your heart that this woman must be lying, right? After all, in the eyes

of others, I am obviously addicted to power, and my biggest dream One day I will be able to wait for the throne of the queen and let the world look up...”

Helena said, her eyes suddenly turned red, and she sighed, “You know, in fact, I never thought about being a Nordic queen in my life. So traveling across the ocean to Eastcliff to marry wade’s family was not because I was greedy for glory and wealth, I just wanted to sell my happiness in exchange for my mother’s safety. If I refused to marry Jon, my mother would disappear from the world. I can only save her life by obeying the royal family’s arrangement...”

“However, in the eyes of many people, including your cousin Jon, I am just a down-and-out person who traveled across the ocean to cling to him for the sake of glory and wealth.” The royal family, I believe you must have thought so when we first met, right?”

Helena’s voice became a little choked up at this point, “As for becoming the new empress, that’s not what I think Yes... You helped me out and solved Olivia’s threat for me. My biggest dream at the time was to be able to rescue my mother, and then go to China to settle with you. Even if you don’t have me in your heart, I am willing to live I’m around you, but I didn’t expect that you would ask grandma to give me the throne...”

With a sigh, Helena looked at charlie and said with resentment, “Do you know that I might be killed by you?” Forced to become the most famous single woman in the world? If I don’t have the chance to be with you in this life, I am destined to die alone. If I am just an ordinary woman living in a corner of the world, It doesn’t matter if I die alone, but you preferIt pushed me to the highly anticipated position of the Queen of Northern Europe...”

“Do you want me to eventually become a single old woman who will die alone in the limelight? At that time, the whole world will watch my jokes, and these unscrupulous western media will definitely fabricate a lot of fake news about me to attract attention; “

“They will say that I am frigid, that I am gay, or even I will be accused of having an affair with others, and then all kinds of negative fake news will fly all over the sky. As the Nordic queen, in order not to fall into a situation that is getting darker and darker, I can only choose to remain silent. For such a long life, you say, how do you want to make up for it? I? “

Speaking of this, Helena suddenly turned over and lay beside charlie, a pair of clear and bright eyes stared at charlie non-stop, with a serious expression, and even said softly with a bit of pleading, “charlie, I I don’t expect to have any chances with you in this life. I just want to ask you to give me a child, a child belonging to the two of us. The Nordic royal family with no successors will need a blood-related person to inherit the throne in the future. And this life is too long, I also want to have someone to accompany me...”

At this time, charlie was still in a deep sleep, and he didn’t realize Helena’s arrival at all, let alone what Helena said in his ear At the

same time, Helena was deeply in love.

She took the initiative to lean forward towards charlie, and kissed charlie gently with her red lips.

Helena was immersed in this kiss instantly and couldn't extricate herself, and the impulse It was even more like an invisible big hand, desperately pushing her to take a step forward.

But at this moment, she looked at charlie's handsome and decent face, but was always sleeping, and suddenly felt a little depressed.

She looked at charlie , asked him softly, "If you wake up now and see me like this, you will be very disappointed..."
