

The Amazing Son In Law Chapter 5269 -

charlie's promise made Li Nianzong's heart turbulent.

He knelt on the ground, looked up at charlie with eyes full of passion, and asked excitedly, "Sir, what should my subordinates do next, please tell me clearly!

" The envoys and special envoys are already under my control. Right now, you Xiaoqiwei are the people with the highest voice here, so I need you to cooperate with me. First, among the Xiaoqiwei, those who are determined to break the Qing Dynasty and will work hard, not one person will be left behind. Catch them all!"

Li Nianzong said with a surprised expression, "Sir, please forgive me for speaking bluntly, Xiaoqiwei has been fighting for a long time, but there is no chance to get out of their control, now sir can give us a once-in-a-lifetime opportunity, I believe All the Xiaoqiguards will definitely follow in the footsteps of the master, obey the orders of the master, and go all out to defeat the Poqinghui!"

charlie shook his head, and said lightly, "You have courage, strategy and backbone, but it seems that you still lack a little bit of humanity. I fully understand."

As he said that, charlie said with a stern expression, "You don't know, just now the Zhongqi commander has told me the real situation of the antidote and your plan verbatim. Qinghui, or Desperate World, he prefers to stay in Poqinghui and climb up all the way."

Li Nianzong widened his eyes and blurted out, "Sir... this... is this true?!"

"Of course." charlie nodded, and told Li Nianzong the content of the conversation he had just had with the head of the banner.

Li Nianzong was furious when he heard this, he gritted his teeth and said, "This damned Ma Chenfei wants to betray the entire Xiaoqiguard! I must kill him myself!"

charlie said lightly, "There are not a few people like him among the Xiaoqiguard!"

After a slight pause, charlie said again, "According to what he said, there are at least a dozen people who he can be sure of. Those who are ambiguous or temporarily vacillating but will choose to betray Xiaoqiwei at a critical moment can't be underestimated." Wait!"

"Now I want all of you knight guards and dead soldiers to unite, pretending that nothing happened on the surface, and become a steel knife inserted into the interior of the Qing Dynasty!"

“However, if you want to achieve this goal, you must ensure that there are no traitors among you!”

“Otherwise, once someone tries to report the news to the outside, it may kill you!”

Li Nianzong said without hesitation “Don’t worry, sir, I will immediately lead someone to arrest Ma Chenfei, force him to name everyone else, and wipe them all out!”

charlie waved his hand, “It’s not right after all, because this matter is likely to I have already arranged this matter. That Ma Chenfei did not know my real identity, and he also believed my words. I have asked him to secretly mobilize those like-minded people. I believe those people will also I will help him bring other wavering people over. At that time, they will hold the towel in their left hand. All you have to do is to explain the situation to someone you absolutely trust, and when I go to distribute medicine for all the knight guards later, You use my throwing cups as an excuse to arrest all the people with towels in their left hands!”

Hearing this, Li Nianzong immediately said with a look of conviction, “Mr. Good idea! With Mr. Catch all the ones left!”

After that, he suddenly remembered something, and hurriedly asked charlie, “By the way, sir, what are you going to do with this group of people?”

charlie asked him, “Do you have any good ideas?”

The Amazing Son In Law Chapter 5270 -

Li Nianzong looked He said firmly, “The subordinates believe that these people ignore the tragic experience and deep-seated hatred of their ancestors, and only care about their own interests, and even betray their comrades who fought side by side. , and even personally killed the traitor Wu Sangui of Emperor Yongli of the Southern Ming Dynasty?!”

charlie never thought that when Li Nianzong mentioned the traitor, he would think of Wu Sangui hundreds of years ago.

However, he soon understood why.

Many of the ancestors of these Xiaoqiwei should be the people of Nanming. Nanming was the last dynasty of the Han people. To the Han people at that time, Wu Sangui was the most treacherous official in the world.

Not only for his own glory and wealth, he put the Qing army into the pass and took away the country and land of the Han people. He even served as a pawn for the Qing army and committed many unforgivable crimes against his compatriots.

What is even more outrageous is that this person was originally a courtier of the Ming Dynasty, but after he surrendered to the Qing Dynasty, he personally captured the last emperor of the Southern Ming Dynasty, Emperor Yongli, to Chuncheng, and killed him with his own hands. In the long history of thousands of years, it is rare.

Therefore, this person can almost be regarded as the biggest traitor among the Han people. However, Charlie

waved his hand to Li Nianzong at this time and said, "Although I agree with your evaluation of these people, I do not agree with your punishment of these people."

Li Nianzong quickly asked, "Sir, what do you think is wrong?"

"Killing is always easy, but most of the time, killing is not enough justice. After all, you are just a group, not a sound society. If you want to kill them, first of all, there is no law to follow, and second, you may not be able to fully obey them." Everyone, if your actions give other people a feeling of "those who oppose me will perish", then to others, what is the difference from being controlled by the Poqing Society?"

Li Nianzong was stunned, Ask him, "Sir, what do you mean?"

charlie said lightly, "Once today's goal is achieved, you will be out of the control of the Po Qinghui in a practical sense, and I am not your new master. You have reached a fair agreement. The content of this agreement is that I will give you the antidote, and you will fight against the Cracking Society with me. Once the Cracking Society is eradicated, this agreement will naturally terminate

; During the stage, although your general direction must follow the agreement with me, but within you, you need to establish a set of internal order with credibility, and when making decisions on any internal affairs, you must be able to convince the public."

Said Here, charlie paused, and continued, "Once this credible internal order is established, this set of order is equivalent to your internal basic laws. Everyone's behavior must be bound by this set of basic laws, and you To ensure the fairness of this set of rules, make sure that it applies to each of you; "

"As for those who intend to betray the knight guards, they should be punished with this set of basic rules after the establishment of this set of basic rules Punishment, so that we can truly convince the public."

At this point, charlie looked at Li Nianzong, and said earnestly, "If you really want to kill them, everyone must kill them, not just you,

Li Nianzong After a long silence, he said gratefully, "Sir, I understand what you mean! "

charlie hummed, and said lightly, "You go down and prepare first, find someone you can trust completely, tell them the situation, and let them prepare. I will meet the people behind me one by one, and look inside. Is there anyone else who is like Ma Chenfei? If so, I will also let them hold a towel in their left hand to distinguish them, and then you will lead someone to catch them all! "

The Amazing Son In Law Chapter 5271 -

After Li Nianzong left the office, charlie did not let the next person come in immediately, but took out his mobile phone and sent a message to Abbas, asking him to land immediately according to the original plan, and go around to the back of the copper mine to wait.

At this time, the Wan Po Army had already brought the elites of the Wanlong Palace, the seven Xiao cavalry guards, Wu Siqi and others to the coastline of Cyprus by boat.

According to charlie's request, they parked and waited less than ten kilometers from the coastline.

In the next two hours, charlie followed suit and met with the remaining heads of Xiaoqiwei at all levels.

This also allowed him to test out four more treacherous people who, like Ma Chenfei, intended to inform the organization in exchange for approval.

And charlie also continued to use the same rhetoric as when he was fooling Ma Chenfei, making them think that they had made great achievements, and let them develop their own offline, so as to ensure that all of their people would be able to take medicine in the public later stage. He held a towel in his left hand so that charlie could identify it.

At this moment, more than two hundred Xiaoqiguards have been virtually divided into two camps.

Those who are willing to follow Li Nianzong and others to fight against the Qing Dynasty and fight for freedom are ready to take over the entire copper mine.

However, there are still some brave cavalry guards who can't wait to prove their sincerity in this "test".

They were all gathered in Ma Chenfei's office at this time. Ma Chenfei told them what had happened before, and then said excitedly, "Thanks to my cleverness today, I discovered something strange in the antidote, so I accidentally If I hit the right track and passed the test of the British Lord, if I get crazy and try to take advantage of this opportunity to get out of the organization's control like

Li Nianzong and the others, I'm afraid we will all be doomed!" Similarly, they are eager to climb higher and higher in the organization, so after hearing what happened, they are all grateful and excited.

In their view, being able to successfully pass the test of the British Lord is a huge opportunity in itself, and everyone who seizes this opportunity will definitely be rewarded by the organization.

So, a group of people expressed their loyalty to Ma Chenfei excitedly, and one of them said excitedly, "Chief of the Central Banner, oh no, the future Commander, you will make a great success in the future, but don't forget us loyal people." Ma Chenfei laughed, patted his chest and said, "

Brothers, don't worry, we will firmly grasp this wave of opportunities today. In the future, the important positions of the entire Xiaoguard will definitely be ours. The position will naturally be vacated. The left and right flag leaders will definitely be severely punished by the organization, and the other leaders under them will also be doomed. At that time, no one will take up these important positions. At that time, everyone will be able to go further as a whole!"

Hearing these words, everyone was even more excited, and each of them had already begun to calculate in their hearts, calculating what kind of huge reward they could reap after this test.

At this time, the voice of the chairman came from the radio, "Attention all the knights, gather in the staff auditorium in ten minutes, and the special envoy will distribute the latest antidote to everyone!"

Ma Chenfei stood up excitedly when he heard the radio, ambitious He said, "Brothers, it's time to make contributions! Everyone, go back and get a towel and hold it in your left hand. After the special envoy sees it, you will know that we are absolutely loyal to the organization!"

" It would be a little strange, in case other people ask, how should we answer? "

Ma Chenfei said casually, "Whatever they do, if someone asks, just say that the weather is hot, and prepare a towel to wipe off the sweat. Don't care if they believe it or not. It's just a towel anyway. What can they guess?"

After all, Ma Chenfei said again, "Besides, this group of people can't make any waves. After all, even if they take the antidote, the poison in their bodies will not be really cured. When the special envoy tells the truth, they still have to Give in? At that time, even if they know that we have already expressed our sincerity to the special envoy, so what? Anyway, they will either be executed in the future, or they will be included under our command and under our command. Are you afraid that they will cause some trouble? "

The man suddenly realized, and complimented, "Brother Ma is wise! It seems that today is a good opportunity for our brothers to make a fortune! Everything depends on Brother Ma, and we will definitely obey your orders in the future!"

Ma Chenfei nodded in satisfaction. Nodded, and said with a smile, "If you have these words from the brothers, I will not waste my intentions today, that's all right! Everyone hurry back and prepare towels, and we will see you in the staff auditorium later!"

...

All Xiaoqiwei, When they were about to go to the staff auditorium, Abbas and his party had already landed smoothly and walked around to the back of the copper mine without making a sound.

charlie ordered the special envoy Duan Liye and Jiedu Envoy to go to meet them in person, and brought the group directly to the office building.

Except for Abbas, the others stayed in the meeting room for the time being, while Abbas, accompanied by Duan Liye, walked into charlie's office.

After entering the office, Abbas respectfully bowed slightly to charlie, and said, "Mr. Wade, all the subordinates have arrived and are waiting for your further instructions."

charlie nodded and said, "I have asked their The Xiaoqiguards gathered in the auditorium. According to the plan, first find out the traitors inside the Xiaoqiguards, and then hold a mobilization meeting for them. At that time, you will take the seven Xiaoqiguards and listen to my orders in the background."

Abbas said without hesitation "Okay, Mr. Wade, this subordinate understands!"

After finishing speaking, he cupped his fists towards charlie, and subconsciously glanced at the few people standing motionless in the room.

It doesn't matter at this point, he looked at one of the middle-aged and elderly people, and blurted out in shock, "Master?! Why are you here?!" The

person he called Master was a guard beside Jiedushi.

charlie didn't pay much attention to this person before, after all, this person's cultivation base is only the Great Perfection of Ming Realm, so charlie didn't take it seriously.

Unexpectedly, this person would be the master of Abbas.

He frowned and asked, "Abbas, is this person really your master?"

"Yes!" Abbas subconsciously nodded and said, "He is my master Qiu Zhiyuan..."

The Amazing Son In Law Chapter 5272 -

After finishing

speaking, he looked at the middle-aged man and blurted out, "Master, don't you recognize me?! I am Po Army!"

charlie said lightly, "His mind is under my control now."

Abbas was stunned for a moment, and blurted out, "Mr. Wade, my teacher respects him...he also joined that organization?!"

charlie nodded, and said with a smile, "I joined, but it seems that my status is a bit low, and I can't talk here."

After that, charlie looked at Qiu Zhiyuan and ordered, "You, come here!"

Qiu Zhiyuan heard charlie's voice order, and then hurried to the front.

charlie glanced at him, waved his hand in front of him, and took back the aura that controlled him.

The moment Qiu Zhiyuan regained his sanity, he stared at charlie with a face full of horror, and blurted out, "You...what did you do to me?!"

charlie pointed at Abbas beside him, and asked, "You still Do you know this person?"

Qiu Zhiyuan looked at Abbas, and was even more stunned!

He looked at Abbas for a long time before asking in shock, "You...you are abbas?!" knelt down

on one knee, and respectfully said, "Master, it is the disciple abbas !" Qiu Zhiyuan Subconsciously asked, "You... what is your cultivation level now?! Why can't I see your cultivation level?! Could it be... Could it be that you have surpassed the Dzogchen Ming Realm?!"

Abbas looked at charlie, truthfully Said, "Return to Master, this disciple is fortunate to have Mr. Wade's support, and now he has

stepped into the dark!" Shocked.

He widened his eyes, and said subconsciously, "This... This is impossible! I have been trapped in the Great Perfection of the Ming Realm for nearly 30 years and have not been able to break through. You and I have only been separated for a year. How can

you become an eight-star warrior, All the way through the Great Perfection of the Bright Realm and into the Dark Realm?!”

Abbas respectfully said, “Master, this disciple just said that all this is thanks to Mr. Wade for giving this opportunity to this disciple.”

After speaking, he couldn’t help asking “Master , Aren’t you going to Yunyou? Why are you here?!”

Qiu Zhiyuan has realized that the mysterious young man in front of him, who is called Mr. Wade by Abbas, must be a master with extraordinary strength. Control, which shows that his means are already higher than his ownl don’t know how much.

Hearing that he gave his disciple Abbas a great opportunity, he couldn’t help asking respectfully, “Mr. Wade, I don’t know what your identity is?” charlie said lightly, “You are not qualified to ask about my identity

.” , charlie asked in a cold voice, “You haven’t answered the question that Pojun

asked you just now.” Qiu Zhiyuan was startled, and quickly said, “I joined the WTO and traveled in order to find a chance to break through the Great Consummation of the Ming Realm. I happened to be in North Africa

When I met the Jiedu Envoy here, he saw that my cultivation base had reached the Great Perfection of the Ming Realm, so he persuaded me to join the Poqing Society, and promised that after I had served in the Poqing Society for three years, he would recommend me to join the Huben Camp. As soon as he got hot, he agreed, but he didn’t expect that to join the Poqing Association, he would have to take a special poison, and he would need to take the antidote for life to save his life...”

Abbas asked in surprise, “Master, what kind of organization is the Huben Camp? “

Qiu Zhiyuan explained, “The Huben Camp is the base for the Po Qing Society to train masters of the Dark Realm. Every warrior who has completed the Ming Realm can successfully break through and step into the Dark Realm after joining the Huben Camp...”

Abbas endured “Master, according to my current understanding of this organization, this organization with a history of hundreds of years seems to be very evil. Why did you join such an organization and work for them?”

Qiu Zhiyuan sighed, “Because I want to break through Ah! Once upon a time, I was also an unrivaled genius warrior. I was in my thirties and made great strides all the way to the Dzogchen Ming Realm. But who would have thought that I was trapped in the Dzogchen Ming Realm for 30 years? ... For the past thirty years, I have always wanted

to break through to the last level, but such a big breakthrough is not easy, and I have not been able to achieve it for so many years..."

After speaking, Qiu Zhiyuan said again, "The Poqing Society promised to let me break through To the Dark Realm, I did not hesitate at that moment, and immediately agreed to them. For me, the biggest goal of my life is to be able to step into the Dark Realm. How can I not grasp this once-in-a-lifetime opportunity..."

Speaking of this, he couldn't help asking Abbas, "Pojun, why are you here?! Could it be that Wanlongdian is already an enemy of Poqinghui?"

Abbas arched his hands towards charlie, and said respectfully, "Return to Master, this disciple and tens of thousands of members of the Wanlong Hall have sworn to be loyal to Mr. Wade, and the reason why this disciple came here is because Mr. The Poqing Society will be completely eradicated!"

Qiu Zhiyuan looked at charlie subconsciously, and said frankly, "Little brother, although I have only joined the Poqing Society for a year, but just like a glimpse of a leopard in a pipe, you can know the whole leopard with a glimpse, the strength of the Poqing Society, It is much stronger than Wanlongdian. There are nearly a hundred masters in the dark realm alone in the whole Poqing Society. Breaking the sky will fight against it, like a fly shaking a tree, it is vulnerable!"

charlie smiled slightly when he heard this, and said calmly, "Even if it is a towering tree? I will take all its branches and buds one by one. Cut off all the roots, then uproot it and step on it!"
