

## The Amazing Son In Law Chapter 5326 -

Fei Kexin and Claire chatted for a long time in the executive lounge.

During this period, Fei Kexin slightly modified her story, which made everything appear extremely real to Claire, even smooth as silk.

According to Fei Kexin, the reason why she and her grandfather went to Aurous Hill at the beginning was because her grandfather's physical condition was deteriorating. Someone introduced a top Chinese medicine doctor named Dr. Simmons to her grandfather. Immediately fly to Aurous Hill.

After arriving in Aurous Hill, in order to keep a low profile, Fei Kexin used the false identity of Zhan Feier, and she had already chosen this identity when she entered Huaxia, so this also made Claire realize that Fei Kexin is not In order to deceive her, he made up a false name.

Fei Kexin told Claire that after she and her grandfather arrived in Aurous Hill, they found Dr. Simmons to treat him, and indeed cured his grandfather's illness. took the position of head of the family, and began to hunt down her and her grandfather.

It was also at that time that she heard that charlie was a very powerful Fengshui master in Aurous Hill, so she found charlie and tried to break the situation. charlie gave her some advice, and she and her grandfather escaped.

It was also at that time that she left without saying goodbye to Claire in order not to hurt Claire, and disappeared from Aurous Hill.

Afterwards, Fei Kexin told Claire that the reason why she was able to sit as the Patriarch of the Fei family was all because charlie changed her feng shui and fate, so that she could be with her grandfather when the Fei family was in a huge crisis. Returned to New York and successfully regained the position of Patriarch.

For the rest, there is no need for Fei Kexin to explain to Claire, Claire himself already knows eight or nine out of ten on TV.

Fei Kexin cleverly concealed his real purpose of going to Aurous Hill, and then moved Dr. Simmons out to be a perfect substitute, and then used charlie's identity as a Feng Shui master to maximize the aspect of Feng Shui, so he fooled Claire firmly believe.

When she heard that Fei Kexin was chased and killed by her uncle, and almost died, she couldn't help but feel a little ashamed in her heart. What is ashamed is that, in such a big crisis, Fei Kexin just walked away without saying hello in order not to hurt herself. He left, but he felt lost in his heart for her leaving without saying goodbye.

And she is also proud of her husband.

She really didn't expect that charlie's ability in Feng Shui was so powerful that he could even help Fei Kexin regain the position of the Patriarch of the Fei family and reach the sky in one step.

This also perfectly explained why Fei Kexin, the head of the Fei family worth trillions of dollars, was respectful in front of Charlie.

Everything, in Claire's view, is so impeccable.

Therefore, in her heart, there was no doubt at all.

In this way, the little loss in her heart disappeared completely.

When she sent Fei Kexin away and returned to the hotel room, she even secretly wiped away tears because of Fei Kexin's ups and downs.

When she returned to the room, Charlie found that his wife's eyes were red from crying, and quickly asked with concern, "Wife, why are you crying? What happened?"

Claire walked forward without saying a word, and hugged her gently. Charlie choked up and said, "Husband, I love her...it's not easy..."

"Uh..." Charlie was stunned for a moment, and immediately guessed what was going on, so he patted her gently. Back, while comforting, "wife, as the saying goes, if you want to wear a crown, you must bear its weight. If Miss Fei was just a girl from an ordinary family, she would not have to go through so many dangers and tribulations, but she is now at the helm of a trillion-dollar family." Or, a person of this height should suffer a little, otherwise she would not know how to cherish it at all."

Claire sighed, and said with self-blame, "I didn't know that she had gone through so many ups and downs, and I thought she intentionally made a false identity and went to Aurous Hill to experience life, and when I had enough experience, I just disappeared without saying hello..."

Charlie smiled and said, "Now that you know the truth of the matter, you don't have to worry about it anymore. For her, right now is the best result. The two of you can finally talk about these misunderstandings and become friends again. Isn't it perfect? Is it?"

"Yes..." Claire felt that what Charlie said made sense, and nodded slightly.

Afterwards, she looked at Charlie and said with admiration, "But husband, you are really amazing! Just a little adjustment in feng shui can make Kexin go from being hunted down by her uncle to become the head of the Fei family in one fell swoop. It's amazing!"

Charlie laughed, and said modestly, "Actually, it's mainly because of her foundation. You have to know that Miss Fei is from Fei's family, and her destiny is to be born into such a wealthy family. It is already hard to find one among hundreds of millions of people, and besides, she has the support of her grandfather, basically everything is ready, and the only thing I owe is the east wind, my feng shui is actually just that east wind."

Claire said very seriously, "That's already very powerful! I used to think that if you always go to show people Feng Shui, will someone come to ask for an explanation one day?"

Today, it seems that my husband is very capable. ! No wonder people call you Master wade! Because you are a real master!"

charlie touched his nose and said with a smile, "My wife, I will be proud if you praise me so much."

Claire smiled, "Master wade Pride is emboldened!"

...

a few hours later.

A Gulfstream aircraft lands at George Town Airport in Malaysia.

This Chinese-inhabited city has another name, Penang.

At this time in Penang, there was a torrential rain, and the rain seemed to flow from the sky to the ground.

After the plane landed, it taxied directly into the designated hangar.

The sound of rainwater beating on the roof echoed throughout the hangar, and Qiu Yingshan and his eighty-fiveThe old lady has been waiting here for a long time.

When Lin Wan'er (Alani) got off the plane, Qiu Yingshan held his wife's hand, stepped forward excitedly, and said respectfully, "Miss, you have worked hard all the way!"

Qiu Yingshan's wife also said respectfully, "Miss, you have worked hard!"

Lin Wan'er (Alani) nodded, With a slight smile, he said, "You don't have to come here to pick me up, just send a driver."

Qiu Yingshan hurriedly said, "Miss, you are coming to Malaysia, why don't I come to welcome you!"

Lin Wan'er (Alani) smiled knowingly, and said "This is not a place to talk, let's go first."

"Okay!" Qiu Yingshan said respectfully, "I have already taken care of the customs. Give me your passport when you came, and I will arrange for someone to go through the formalities. The rest is up to you." You don't have to worry about it."

Lin Wan'er (Alani) nodded, and handed her future passport to Qiu Yingshan.

Afterwards, Qiu Yingshan asked Lin Waner to sit in his extended Leysey, and asked one of his confidantes to go through the immigration formalities for Lin Waner, while the other confidant drove the three of them out of the airport to his manor in Georgetown.

On the way, Lin Wan'er (Alani) looked at the rainy scenery around her, and sighed thoughtfully, "Penang still likes rain so much...I hate rain..."

Qiu Yingshan smiled awkwardly, and said helplessly, "Penang does have too much rain in summer. , It has rained twice in the past month, one for 14 days and one for 15 days, with one day stopped in between."

As he spoke, Qiu Yingshan hesitated for a moment and asked her, "Miss, haven't you always wanted to go back to Huaxia? Suddenly going to Aurous Hill to settle down temporarily?"

Lin Wan'er (Alani) smiled lightly, "I encountered some troubles in Northern Europe, and I went to China to avoid the limelight, and I found another person by the way."

Qiu Yingshan asked curiously, "Who is worth looking for, miss? "

Lin Wan'er (Alani) smiled sweetly, "He is a noble person, maybe he is the only one who can change the trajectory of my life..."

the next day.

charlie and Claire packed their luggage, checked out and left Providence, where they had lived for more than a month.

The two drove directly to New York Airport. When checking out the car at the airport, charlie received a call from Elaine.

On the phone, Elaine asked him, "Good son-in-law, I'm at the airport, where are you?"

charlie asked her, "Mom, are you in the VIP building?"

" I'm here."

"Okay." charlie responded and said, "You wait for us in the lobby of the VIP building, and we'll be here right away."

After hanging up the phone, charlie also completed the formalities for returning the car, and turned to Elaine who was waiting. Claire said, "Let's go directly to the VIP building, mom is already here."

Claire didn't know that her mother had broken her leg again this time, so she couldn't help teasing, "My mother is really a sleazy person, she said she missed us. I came to see us, but I had to leave within a few days, and was tricked into jail when I left, and finally got out, not to mention the two of us, and I became chic in New York alone."

charlie smiled and said, "Don't you understand our mother's character? I called her yesterday, and she didn't want to leave."

Claire shook her head helplessly, and sighed, "There is really nothing I can do about her. "

Since the car rental company was still some distance away from the VIP building, the staff of the car rental company drove the two of them to the door of the VIP building in a small shuttle bus.

As soon as the two of them entered the VIP building, they heard Elaine shouting, "Claire, charlie!"

Claire looked around, but he didn't see Elaine.

At this time, a high-tech electric wheelchair whizzed towards her. Claire glanced down from the corner of her eye, and suddenly discovered that the person driving that electric wheelchair was actually her own mother, Elaine!

Elaine controlled the electric wheelchair with one hand, stopped firmly in front of the two of them, and said to Claire, "Where are you looking, I can't see your mother with such big eyes."

Claire said helplessly, "Mom, I didn't look down..."

Seeing that Elaine's complexion was rosy and shiny, and she was even a little fatter than the last time we met, Claire's first reaction was that her mother had affirmed it recently. very good. However, she quickly came to her senses and quickly asked, " Mom

, why are you in a wheelchair again?"

I broke my leg, last time my right leg didn't work well, so it broke again."

Claire immediately said distressedly, "Mom...why were you careless...your leg is already broken It's been too many times... If it goes on like this, will it grow well in the future?"

"Yes, yes." Elaine said with a smile, "The doctor said that my leg will definitely recover, so you can rest assured. "

Claire said seriously, "Mom, you don't think it's nothing now. I'm afraid you will have sequelae when you get old. You must be careful and careful in the future. Don't let your leg get hurt again..."

"Okay, okay." Lan said solemnly, "Mom will definitely protect this leg in the future!"

Claire had no choice but to nod helplessly.

At this time, a woman who was about the same age as Elaine and looked like an intellectual came forward, and said to Claire with an apologetic expression, "You are Claire, right?

" The director of a hospital who is in charge of Elaine, it seems that she came here today to help Elaine lie in front of Claire.

When Claire saw her for the first time, she nodded in a daze, and asked in surprise, "Who are you?"

## The Amazing Son In Law Chapter 5329 -

The woman hurriedly said, "I'm your mother's friend, and she's been living with me in New York these days. Sorry, it's all my fault for not taking good care of your mother, causing her to accidentally drop her leg, please don't mind..."

When Claire heard this, he quickly said, "Auntie, please don't say that, my mother's leg is considered a chronic problem, and it has been broken several times. It may be a little vulnerable to injury. I can't blame you, and During this period of time, my mother must have caused you a lot of trouble in New York, as a daughter, I have to thank you for taking care of her all the time!"

The woman nodded slightly and said, "Your mother's leg, I asked the best doctor to see it, as long as you rest for a while, you will be able to be more agile, and even the old diseases before can be recovered. I also asked someone to buy this smart folding electric wheelchair for her. This thing is highly recommended by orthopedic surgeons. The tool is very flexible. After you go back, you can fold it up and put it in the trunk when you take your mother out."

Claire said quickly, "Thank you so much, auntie. My mother must have spent a lot of money before and after seeing the doctor. Come on, give me the number, and I'll call you!"

"No!" The woman smiled and waved her hand and said, "Your mother and I are good sisters, so this is nothing, I originally wanted her New York for a while longer, I didn't expect you to leave in such a hurry, but I have prepared all the medicines your mother needs to take orally."

Then, she handed a handbag to Claire, explaining, "There is They are all your mother's current oral medicines, which can speed up her recovery and reduce complications. There are specific instructions for use above. How should your mother take it? Just go up."

Claire didn't expect the other party to be so considerate, and said gratefully, "Thank you, auntie, it's really hard work for you!"

The woman waved her hand and said with a smile, "Your mother and I have died together." You don't have to thank me for your kindness."

At this moment, she suddenly saw Fei Kexin walking in wearing a mask at the entrance, and the two exchanged a look, so she looked at Elaine and said, "Elaine, I'm here There is still something to do, so I can't send you through the security check, and when you come to the United States, you must remember to tell me as soon as possible."

Elaine chuckled, "Don't worry, Director !"

After finishing speaking, she realized that she had said the wrong thing, and suddenly I don't know how to lie.

Claire was also a little surprised. I don't know why her mother called the other party Director .

At this time, the woman quickly said, "Hey, look at you, our nickname in Bedford Hills Correctional Institution, don't call it when you come out, it's unlucky." Then

Elaine came back to her senses, and said quickly, " Yes, yes, yes!"

After finishing speaking, she hurriedly said to Claire, "Claire, your Aunt is Mom's best friend in Bedford Hills Correctional Institution. The cell is the eldest sister, and we all call her Director!"

Claire didn't think too much about it, although she didn't know why the other party entered the prison, but seeing that the other party was very good-looking and well-spoken, she didn't even think about it. It might be because of some bad crime, so I didn't think much about it.

What's more, she also knew that it was not appropriate to talk about other people's affairs in prison, so she quickly stopped and stopped this topic.

Director Chen immediately left and left. As soon as she left, Fei Kexin came up to her, beckoning to the two of them, "Claire, Master Wade!"

Seeing that Fei Kexin had come, Claire was surprised and asked, "Is that so?" Xin, why are you here?"

Fei Kexin smiled and said, "I'm here to see you off, originally I wanted to go to Huaxia with you for a few days, but there are too many things happening recently, so I came to see you off !"

Elaine looked at Fei Kexin in shock, and blurted out, "You...are you that...that...the eldest lady of the Fei family?!"
