

The Amazing Son In Law Chapter 5333

Elaine stood by the roadside at the exit of the airport and kept calling Jacob, but she couldn't get through.

She didn't see and cursed, "This damn Jacob, I don't know where he died, and he hasn't answered my calls."

Claire asked her, "Mom, are you sure you told him the time?"

Elaine was very annoyed Said, "Of course I made it clear to him, he has already promised me on the phone, who knows why he hasn't shown up yet and didn't answer the call, it's really unreliable."

Claire also quickly took out his phone , called Jacob, but no one answered the phone as Elaine said.

She said with a very nervous expression, "Dad, he must have had some accident... It's not time to sleep yet, why can't you get through the phone?"

charlie quickly persuaded, "My wife, don't think about it, Dad The body is quite good, if there is any accident, it is possible that if it is not complete, it may be due to falling asleep, let me say that we should go home and have a look first!"

"Yes!" Claire agreed very much, "Hurry up and go home, if Dad is not here At home, let's go out and look for it, if it doesn't work, call the police!"

Elaine on the side said very unhappily, "Go home? How do you go home? Your dad didn't drive over to pick you up, how do we go back?"

Claire subconsciously Said, "Let's take a taxi and go back."

"Taxi?!" Elaine said with an exaggerated expression, "Your mother and I are also celebrities. In New York and Bedford Hills Correctional Institution, your mother and I are the most famous heads." No. 1 person, I've been back in private jets all the way. It's fine if you don't let me take a Rolls-Royce after getting off the plane. If you don't get me a Mercedes-Benz or BMW, let me take a taxi. Where do I put my face? "

Claire said helplessly, "Oh, Mom, what time is it? You still pay attention to these things. Let's go home and see what's wrong with Dad. The most important thing is!" As

he said, before Elaine could reply, he quickly stretched out his hand to stop him. Get a roadside taxi.

Seeing charlie and Claire open the car door and prepare to go up, Elaine said with a depressed face, "Claire, at least you can call a luxury car or something, and get a broken Jetta, how shabby!"

Claire saw her mother With such a human nature, he couldn't help saying angrily, "If you want to take a luxury car, then you can wait here, and charlie and I will go back first." After finishing speaking

, he opened the door and sat in.

Seeing this, Elaine immediately lost her persistence and could only sit in the co-pilot resentfully.

As soon as she entered the co-pilot, she frowned, covered her nose and said to the driver, "I said master, why does your taxi smell so heavy?" The

master said casually, "Is there a smell of smoke?"

"Yes !" Elaine blurted out in a bad tone, "It's all smell of smoke, can't you smell it? Is that nose on top of your mouth?" The

master curled his lips, "The smell of smoke is naturally because I smoke. What's the fuss?"

Elaine said angrily, "How can you smoke in the taxi? You have no sense of service, right?"

The master was also a little angry, his eyes widened, and he said, "That is I smoked when I parked, and I didn't smoke when you came up. The taxi company stipulates that we are not allowed to smoke in front of passengers. I'm not allowed to smoke at other times?"

Elaine said angrily, "You have to figure it out, the taxi is your service place, you have to keep your service place clean and clean, and the air is fresh. Weier, are you still reasonable?"

The master choked, "This service place belongs to the taxi company, not mine. I just drive. If you are not satisfied with anything, you can go to the taxi company to give advice. "

As he spoke, the master muttered dissatisfiedly, "It's just a cigarette, what's the fuss about it, your old man doesn't smoke?"

Elaine rolled his eyes at him, and hummed, "Smoke."

The master continued, "That's it. You can smell the smoke at home, and you can smell the smoke when you go out. What's the differen

The Amazing Son In Law Chapter 5334

Elaine said disdainfully, "Dead."

The master subconsciously asked, "What? Dead?"

Elaine said loudly on purpose, "Didn't you ask if my old man smokes? I'll tell you that he smokes, he's dead." The

master's expression turned ugly, but he still retorted palely, "Look at you Lesbians don't listen to what they say. There are many possibilities for a person to die. How do you know that he died of smoking?"

"Lung cancer!" The kidneys still have brains, and it is said that they even grow in the bones. When I went to the hospital, the doctor said that he could not be saved, and he could live for another three months at most, but he died within a week. I donated his body to the medical team. Let those medical students use him to disembowel and practice their hands, which can be regarded as making a contribution to society."

Elaine said with emotion, "Oh, you don't know, the professor of the medical school said, my old man Two lungs, smoked blacker than coal, as soon as you open the stomach, you can smell the fishy and foul smell of smoke, the old professor almost suffocated to death on the spot, cut off the two lungs, and lifted them out , just like that freshly smoked pork, dripping oil, it's all the tar in the smoke! Tell yourself, did he die from smoking?"

The master heard With these words, the expression on his face was like eating a poisonous fly, it was really disgusting and frightening.

Elaine saw that his expression was very ugly and he didn't talk to him, so she couldn't help but muttered, "Hey, you said that the cancer cells are really strong, the lungs have been smoked into coke, and the cancer cells can grow and grow stronger, and their vitality is indeed tenacious. It feels like a lot of fungus can grow on the rotten wood, which is a bit interesting." The

master said to himself, "What does this mean to your mother! What kind of f*cking metaphor are you talking about, you damn old woman? It's so f*cking annoying!"

charlie sat in the back, feeling extremely helpless, thinking to himself, "My mother-in-law is really going to take revenge, but my father-in-law just didn't drive over to pick her up, but in the end he really spoke up, and she cursed my father-in-law in front of the taxi driver." Smoking to death, and being taken to open up by the students of the medical school, there is really no one with this mouth."

Claire was also very angry, and she sat behind Elaine, listening to Elaine cursing herself like that Dad, he couldn't accept it in his heart.

But she was not good enough to expose Elaine's lies in front of the taxi driver, because that might make the taxi driver doubt his life, so she could only cough a few times hard from behind as a reminder.

When Elaine heard Claire coughing, she naturally knew, daughter, what does this mean? But she was angry with Jacob in her heart, and she didn't care about the presence of her daughter and son-in-law, so she continued to say to the driver, "Master, what you said just now is right, smoking is actually quite normal, and it's only natural to get lung cancer, you Ah, just smoke boldly, anyway, life is alive, isn't it just to live a happy life?"

The master looked awkward, and said falteringly, "Ahem, this...this smoking...is really harmful to health, this can reduce smoking Ah, try to smoke as little as possible..."

Elaine asked the driver with a smile, "Master, how much do you smoke this day?" The master awkwardly held the steering wheel with one hand, and scratched his scalp with the other hand, feeling confident Said, "My... a little bit more... one day... that's probably just... a little more..."

Elaine nodded, and said casually, "Almost, before my old man left, One and a half packs a day, and people in their early thirties disappeared."

After finishing speaking, she looked at the driver and asked curiously, "Master, I think you are also in your forties or fifties?" The

master laughed and said, "I ...I'm fifty-two..."

"Excellent." Elaine gave a thumbs up and said seriously, "You're good enough, you're good enough, if you persist for more than ten years, you'll live twice as long as my husband."

The master's expression at this time was much uglier than crying.

At this time, Elaine couldn't help but sighed, "Actually, what's the point of living so long? My gentlemen left early and didn't have to worry about anything. Unlike me, who is both a father and a mother, sometimes I just want to Ah, in fact, it would be better if the person who left was me, then I will die early and be reborn early, and I will be free sooner." The

master glanced at the storage table under the car's central control, and saw a pack of Aurous Hill cigarettes inside, with mixed feelings in his heart.

Claire couldn't bear it any longer, so he patted the back of Elaine's seat and said angrily, "Mom! Why are you not finished yet?"

Elaine turned around and said with a sense of justice, "Claire, I It is to suppress the longing and grief for your father, and use your father's personal case to kindly remind this master to pay attention to his body. If he listens to these words, he will be able to quit smoking, even if it is just to smoke less and live more in the future A few years ago, do you think I saved his life?"

Saying that, Elaine waved his hand, "Forget it, we didn't save his life, half of his life, a quarter of his life, Isn't it an exaggeration? People say that saving a life is better than building a seven-level pagoda, isn't your mother and I accumulating some virtue for myself?"

Claire asked her angrily, "What about my dad? You say that about my dad, Are you not afraid of harming your virtue?"

Elaine said seriously, "He is dead, what can I say?"

Claire said angrily, "Mom! It would be too much to say that!"

Seeing that Claire was really angry, Elaine quickly said, "Okay, okay, I won't talk anymore, can't I stop talking?"

After speaking, she said to the driver, "Master, you, I should slap you in the future. Don't take what I just said seriously, you just think I'm teasing you." The corner of the

master's mouth twitched a few times, and he said awkwardly, "Uh...that...okay..."

Then this Along the way, Elaine seemed to have almost vented, and didn't say a word.

charlie and Claire also stopped talking because of this awkward atmosphere, and they were speechless all the way.

More than half an hour later, the taxi stopped in front of Tomson's Yipin villa area.

charlie paid, and the three got out of the car.

Seeing that the three of them had gone far away, the driver grabbed the half pack of Aurous Hill cigarettes and threw them out of the window, cursing, "f*ck you, I won't smoke anymore!"

Before charlie entered the door, he caught a glimpse of A box of things was thrown out of the driver's window, and he was slightly taken aback. He seemed to hear a voice somewhere, "Elaine, merit +100, and the current balance of merit is negative one hundred and eight thousand..."

The Amazing Son In Law Chapter 5335

The three of them walked into the community with their luggage, when they heard a short car horn from behind.

The three looked back subconsciously, and saw a large Mercedes-Benz SUV driving slowly, with the window lowered, a woman poked her head out, and said in surprise, "Oh, Elaine! When did you come back from the United States?!"

When Elaine heard this, she was surprised and said, "souna?! Is it really you?!"

souna drove the car forward again, and stopped directly beside Elaine, lying on her face proudly. On the window, he said with a smile, "Elaine, you are really interesting. After going to the United States for a month, you still don't recognize me as a sister-in-law?"

Elaine's two eyebrows frowned suddenly.

There were several voices in her heart at this moment.

The first voice was "Damn it, how can souna, a bitch, drive a Mercedes-Benz? Isn't she so poor that she can't open the pot? There are two disabled people lying in the house, and an old woman in her eighties." , eats the last meal every day and doesn't eat the next meal, and is so poor, where did she get a Mercedes-Benz?"

The second voice was "Damn, this souna's face is really fast enough, when I didn't go to the United States , she clings to me like a follower all day long. Sister is long and Sister is short. Now that she is driving a Mercedes-Benz, Sister Elaine stopped barking and started calling me Elaine again. Who the hell is my sister-in-law? He f*cking recognizes her as a sister-in-law..." The

third voice was "Damn, this souna must have hit some kind of shit luck and accidentally turned her over, right? Can she drive a Mercedes-Benz off-road, This must have a certain economic strength..."

Seeing that Elaine was silent, souna smiled deliberately and said, "Oh Elaine, you went to the United States, and the changes are really big. We two sisters-in-law have been together for so many years. It doesn't matter, I'm talking to you and you don't pay attention to me."

Elaine saw souna's ambiguous speech, snorted coldly, and curled her lips and said, "Oh, if you want to say that this change is big, I think your change is really big! I remember that before I left, you still called Sister Elaine one by one every day, and said that you wanted me to buy you a gold chain from Chow Tai Fook, why are you calling yourself sister-in-law again in front of me now?"

souna snorted and said, "Elaine, as the saying goes, don't look at him with admiration in three days, and in three days you have to look at him with admiration, let alone you have been away for more than a month."

"Cut." Elaine said disdainfully, "I have known you for more than 20 or 30 years, and I haven't found anything impressive about you, let alone only been away for a month this time."

souna smiled, and said with a wave of her hand, "Oh, forget it Forget it, you Elaine is also an old onmyoji when you talk, and you are narrow-minded. I don't see others living better than you. I understand these two points better than anyone else. I don't want to use my hot face to stick your cold ass Let's go first, goodbye."

After she finished speaking, she stepped on the accelerator, and the Mercedes-Benz made a roar of the engine, leaving the three of them far behind. Elaine trembled with anger, gritted

her teeth and scolded, "Damn it, this souna dares to be so crazy with me, she must have found a chance to turn over!"

Good thing, their family was really difficult before, grandma didn't say anything, uncle and Harold heard that they were lying on the bed all the time, almost unable to take care of themselves, all depended on her, now that they have money, life will definitely get better "

Elaine said angrily, "I tell you, Claire, everyone in this world can live a good life, but only her souna's family can't!"

Claire asked in surprise, "Why, Mom, after all They are all one family, blood is thicker than water, even if the two families do not move around much now, they are still relatives."

"No!" Elaine said through gritted teeth, "I tell you, sometimes, the most want to kill Yours, but the group of people whose blood is thicker than water! You don't know how ruthless this damn souna is!"

When talking about this, Elaine couldn't help but think of the time when souna was out of the game. Cheat, almost cheated himself out of his fortune.

If it wasn't for charlie that time, I would have been completely lost.

The Amazing Son In Law Chapter 5336

It was also at that time that Elaine really realized that souna and Christopher really have the heart and guts to eat people!

Therefore, Elaine has always held a grudge against souna, and is very wary!

The reason why she got close to souna before was because souna had been kneeling and licking Elaine like a pug, which gave Elaine a great sense of superiority and made Elaine enjoy that kind of money. souna stepped on her feet, but souna was still worried about the feeling of her stretching her thigh.

However, even though she brought souna to eat, drink and have fun every day, she still always remembered that souna was a snake and scorpion that ate people without spit out bones, and she must always be on guard against her biting people again.

Originally, she thought that it would be impossible for souna to turn over in this life, but she never expected that this bitch turned over so quickly!

She recalled the logo she saw on the rear of the car just now, and couldn't help asking charlie, "Good son-in-law, what kind of car is the g500? Is it expensive?"

"It's better than the g350, but worse than the g63."

Elaine blurted out, "Didn't you say that the big g is the g63? Why is the g500 also a part of the big g?"

charlie said with a smile, "it's like a car in the g series. They are all called Big G, and although the g500 is not as expensive as the g63, it is not cheap, and this car has always been priced at a premium, no matter what it costs more than two million."

"What did you say?!" Elaine's eyes widened. He said in horror, "Just that g500, it costs more than two million?!"

"

"Damn it! Is God blind? Can souna drive a car worth more than two million yuan?! What can she do with her? Her family is so poor that she can't open the pot, and she still drives a car worth more than two million yuan. Mercedes-Benz big g, where is her mother's face!"

charlie said something heart-rending, "Mom, since people can afford such an expensive car, it is definitely impossible not to let go of the pot. It may have been true in the past, but Now it seems that people have really turned around."

Elaine thought of something, frowned and said, "Is it Wendy?! I think I heard her say before that Wendy runs an etiquette company, and the business seems to be doing well. Damn, I thought Wendy was working for others. I didn't expect to earn so much money." Money!"

charlie shook his head, "Mom, it's unlikely, even if Wendy's income is good, she probably only buys half a big G throughout the year, not to mention she seems to have only been doing it for a few months, how can she make so much money."

Wendy In fact, charlie is quite clear about the situation of the etiquette company, after all, he took it down and let her run it.

With Don Albert and Isaac Cameron taking care of them, the etiquette company's business is really good during this time. If it follows the general etiquette company's model of squeezing the hostesses, the company can indeed make a lot of money.

However, Wendy has now repented of her evil ways, and has also experienced the hardships of being framed by others, so she is very sincere to the hostesses under her company. Not only do they get less commission, but they even create a lot of benefits for them.

Just buying a commuter car and hiring a full-time driver for the hostesses is a lot of money.

Besides, not 100% of the company's net profit goes into Wendy's pocket, Wendy can only get a small part, so after all, it is not a big problem for Wendy to earn one million a year, no matter how much it is, it is actually unrealistic.

After hearing this, Elaine asked with a look of horror, "If Wendy didn't buy it, then could it be that souna turned over on her own?! This... this is impossible... souna, an idle old woman, no contacts, no special skills, what can she use to turn around?"
