

The Amazing Son In Law Chapter 5337

The inexplicable rise of souna made Elaine suddenly feel extremely disappointed.

Don't look at her living in a luxury house and driving a luxury car, but she knows very well that these things have nothing to do with her directly.

In other words, Elaine has nothing to do with money in her life, except for spending money and being cheated. If it is said that she earns money by her own strength, she has not lived for fifty years.

Therefore, the thing she is most anxious to find out right now is where did souna get the money to buy that Mercedes-Benz G500.

If Wendy earned the money, then Elaine would feel better, because she was spending money from her daughter and son-in-law. It's just a Mercedes-Benz G500 with tens of millions. I drove it when I was in Aurous Hill some time ago, but it was a Rolls-Royce Cullinan with tens of millions, so I still beat her.

But I was afraid that the money was earned by souna herself. If this was the case, she, Elaine, would definitely not accept it.

So, while she was walking, she muttered, "I really don't understand. She souna needs education but no education, looks and looks, and body and figure. That's fine. She was pregnant in a black coal mine some time ago. , and made a big joke, what can such a dick rely on to turn around?"

Claire saw that her mother was already a little demonic, and quickly said, "Oh, mom, don't worry about this matter anymore, you can live a good life alone. Is that enough? I always worry about what other people are doing..." Elaine

said very seriously, "If someone drives a Mercedes-Benz big G, I will definitely not take it to heart, but why is she souna?!"

Yadao: "No, I must find out the truth about this matter!"

Claire saw that it was useless to persuade her, so he didn't waste any more words.

When the three of them came to the front of their villa, Elaine looked into the yard through the electric fence door, immediately blew up, and cursed angrily, "Damn! This damn Jacob, the car is parked at home, he He didn't want to pick us up at all! See how I deal with him when I enter the house!"

After all, Elaine took the lead, controlled the electric wheelchair and rushed into the yard, heading straight for the gate.

Claire was afraid that her mother would fight with her father as soon as she got home, so she quickly chased after her.

The door was pushed open, and the three of them couldn't keep their eyes open because of the strong smell of smoke, alcohol, and moldy food in the room before they entered.

Looking at the originally luxuriously decorated large living room, it is now like a garbage dump.

There are discarded cigarette butts, cigarette cases, and all kinds of wine bottles everywhere.

What's even more disgusting is that many takeaways that have been eaten are even thrown aside with their mouths open. It is the height of summer, and the leftovers in the lunch box are almost moldy and smelly, which is disgusting.

Both Claire and Elaine were shocked by the mess in front of them, and their brains short-circuited, and they didn't know what to do for a while.

However, Claire caught a glimpse of a embarrassed figure curled up on the sofa in the living room, isn't it his old father-in-law Jacob?

At this time, Jacob was already very drunk. He was wearing boxer underpants and his upper body was naked. vodka.

So, he walked over quickly, wanting to check Jacob's condition, but when he got closer to take a look, he was taken aback by the person in front of him.

The Amazing Son In Law Chapter 5338

The man in front of me is indeed Jacob, that's right, but he has a sloppy beard, a sour body, and is extremely decadent. In his current state, if you just throw him on the street, he is a proper tramp .

He hurriedly said, "Dad, wake up, Dad, I'm Claire."

Jacob fell into a drowsy sleep, and when he heard someone calling him, he cursed angrily, "I...I'm telling you...don't bother me Me, I'm in a bad mood!"

Elaine controlled the electric wheelchair, pressed an unknown number of beer cans along the way, and rushed to the sofa angrily. Seeing Jacob lying on the bed like a beggar, the whole person suddenly became furious, and blurted out, "Damn! My mother is still waiting for you." Driving a Rolls-Royce to pick up the plane at the airport, you are so f*cking drunk here! It made me laugh at that stinky bitch souna! It's really unreasonable!"

After finishing speaking, he pointed the phone directly at Jacob's forehead, and He smashed it hard.

The brick-like mobile phone slapped directly on Jacob's face, and immediately made Jacob sit up in shock, and blurted out, "Who did it! Who the hell did it!"

Elaine threw the Hermes in her hand to Jacob again, cursing in her mouth, "Jacob, you bastard, open your dog eyes to see clearly, your grandma Ma is back! You f*cking tell me clearly, how did you put the A good house made this ghost look?!"

Jacob was still in a state of drunkenness, and his vision had not recovered immediately, but he just saw someone's figure in a daze and his face was in pain from being smashed, so he yelled He said a word, but when he heard Elaine's voice, his whole body trembled suddenly, and most of the wine woke up in an instant.

Immediately, his vision changed from blurred to gradually clear, and he also saw Elaine clearly. A glaring face.

He blurted out nervously, "f*ck! Elaine! You... When did you come back?"

Elaine scolded angrily, "My old lady just came back from the airport by taxi, and the smell of cigarettes in the car pissed me off." Enough, but the smell at home is a hundred times worse than that of the taxi. Are you f*cking going to die? Since you came back from Korea these days, all you f*cking know is smoking and drinking? Why didn't you see the hair on your head Did you get burned?!"

Jacob's body trembled, and he said falteringly, "I...I...I'm not in a good mood recently, and I use alcohol every day to calm my worries."

"Not in a good mood?" Elaine asked with a frown "You have been out of the country for so many days, why are you in a bad mood? Are you broken in love?"

" , I went to South Korea to do cultural exchanges in a serious way, not to find a partner..."

Elaine asked, "Then why are you in a bad mood? I have known you for so many years, and I have never seen you when you are in a bad mood. In this state, you have been bullied by your mother and your sister-in-law for so many years in the Wilson family, and I have never seen you like this!" As

he spoke, Elaine remembered something, and blurted out, "Oh! I f*cking remembered! When Matilda went to the United States back then, you looked like a f*cking ghost, looking for life and death all day long! Tell me! Did you f*ck with Matilda again behind my back?!"

Jacob's face turned pale with fright. He hurriedly explained, "In front of the children, what are you talking nonsense about? Matilda and I are old things, okay? It's been almost thirty years. Is it interesting for you to bring up this old story?"

Elaine said coldly, "Then tell me, why on earth are you like this?!"

The Amazing Son In Law Chapter 5339 -

Jacob was flustered by Elaine's question, and he was very guilty, so he didn't know how to explain it.

At this time, Charlie quickly asked, "Dad, did you not perform well in the cultural exchange in Korea this time, and you feel uncomfortable?"

Jacob was reminded by Charlie, nodded hurriedly and said, "Yes, yes, yes... it is just that you did not perform well. ..."

As he spoke, he sighed deeply, and said angrily from the bottom of his heart, "I've been preparing for this cultural exchange for a long time. We Huaxia, to win glory for Aurous Hill, who the hell would have thought that after arriving in South Korea, other members of the same group would steal the limelight, so that I have been here for more than 20 days, and I have no room for development at all. I have never lost such a big face in my life..."

Hearing this, Elaine believed most of it in her heart, but she still scolded very angrily, "You f*cking see how good you are, no wonder your mother, brother, you My sister-in-law looks down on you! Isn't it just to have some cultural exchange? If you don't do it well, you don't do it well. If you lose face, you will lose face. Why don't you go next time?"

Jacob said very depressedly, "You It's easy to say, do you know how important this overseas exchange is to me? If I do well this time, the rest of my life will be rewritten. Now it's okay, let others rewrite it, I'm f*cking I became a complete escort!"

Seeing Jacob's wimpy look, Elaine felt angry and scolded angrily, "I don't care how much people you lost in Korea and how many eyes you made. , you must clean up this living room for me tonight, spotless, don't sleep until it's finished! If I wake up tomorrow and smell a little smoke and see half a cigarette butt, I want you to look good!"

After finishing speaking, she fiddled with the joystick of the wheelchair angrily, entered the elevator, and went upstairs to her room.

Claire couldn't help complaining, "Dad, you are really serious. You are just a hobby in the Painting and Calligraphy Association. It doesn't matter even if you don't perform well when you go abroad for exchanges. Why do you make yourself so decadent? You Do you know that you smoke so much and drink so much alcohol at home alone, it is easy

to have an accident? We are not around, what if something happens to you? There is no one to call an ambulance for you “

Jacob said depressedly, “You don’t understand, I am very depressed, if I don’t smoke or drink, I will suffer from depression!”

What else did Claire want to say? At this time, hurriedly reminded, “Honey, mom went upstairs alone, her legs and feet are not convenient, you should go over and look at her, see what she needs to take care of, and help take care of her, dad is here to watch you You don’t have to worry about it.” Only then did

Claire come to his senses, and when he thought of his mother’s broken leg and sitting in a wheelchair, he quickly said, “Then I’ll go up and have a look first, and you take good care of Dad here.

”, and said to

Jacob , “Dad! No matter what, from now on, you are not allowed to smoke and drink anymore.” Said to Claire, “Okay, okay, I see, you go to see your mother quickly, what’s the matter with your mother? Broken leg again?”

“Yes...” Claire sighed ” When mom was playing in New York, she accidentally fell and the old injury recurred.”

“Shit.” Jacob curled his lips and said disdainfully, “What old injury relapsed, I think your mother must have offended someone and got beaten up I don’t know her yet?”

Claire said seriously, “Dad, don’t talk nonsense, Mom suffered a lot a while ago, I’ll tell you slowly when I have a chance, I’ll go up and see her first After

finishing speaking, Claire hurried to the elevator and went up to the third floor.

Seeing Claire leaving, Jacob looked at charlie with red eyes and an aggrieved face, and choked up uncontrollably, “charlie...my good son-in-law...Dad is broken in love...”

“Dizzy...” charlie shook his head helplessly, and asked him, “Dad, when did you fall in love? Who did you fall in love with? Why don’t I know?

” Of course it’s your Auntie Matilda!”

The Amazing Son In Law Chapter 5340 -

charlie frowned and asked, “Aren’t you two bosom friends? When did you get together?”

Jacob quickly explained, “Not together, I haven’t divorced your mother yet... ..”

charlie said helplessly, "We are not together, so what kind of love is lost?" Jacob felt as if he had been humiliated, and quickly argued with a blushing face, "We have always had each other in our hearts!"

When returning to China, once he and his son Paul came to our house for dinner, do you remember? "

"Remember." "charlie said casually, "Isn't that a reunion among old classmates? What's so special?"

Jacob said solemnly, "Of course it's special!" You don't know that we were in the kitchen that day, and I confessed my love! Not only did I confess affectionately, but I also hugged her! She hugged me too! "

"Really? charlie asked curiously, "And then?" Are you two together? "

No..." Jacob's expression sank suddenly, and he murmured, "I have never dared to divorce Elaine...Your Auntie Matilda has been very noble all her life. She was my girlfriend back then. It was Elaine who had sex with me while I was drunk, but she chose to give me to Elaine and went to the United States alone. Although she came back, Elaine and I have not divorced for a day, and it is impossible for her to marry me. Together..."

As he spoke, Christopher sighed again, "Actually, when your Auntie Matilda just returned to China, as long as I dared to divorce Elaine, she would definitely be with me, but I am a coward, I am cowardly Ah charlie, do you know? I'm a f*cking dog, Elaine glared at me, I didn't even dare to bark, if I really asked her for a divorce, she wouldn't fight me with a knife..."

charlie smiled slightly and comforted him, "Dad, you said it yourself, you two are not together, so there is no such thing as lovelorn or not, so don't be so negative, and even if the two of you can't be lovers, you can still be in love." You can be friends! If you really want to be a lover with her, then you can think carefully and make a choice."

Jacob said in grief, "Oh, charlie! You don't understand! Now I don't have a chance to choose, your Auntie Matilda is with someone else!"

charlie raised his eyebrows, and asked in surprise, "Auntie Matilda is with someone else? No way, hasn't she always liked you?"

Jacob lamented as if he wanted to die "She has always liked me, but that was before... Now she already has a other half..."

charlie asked gossipingly, "Who is the other half? Auntie Matilda is absolutely It's the top one who is outstanding, and she is someone who has seen the big world, who can make her fall in love?"

Jacob said depressedly, "A professor at Aurous Hill University of Finance and Economics, damn it, also stayed abroad, and the two of them worked together. There are a lot of topics, and like your Auntie Matilda, he is also widowed." As he

said that, Jacob suddenly remembered something, and blurted out, "Oh, you have seen that grandson! Do you remember that once your Auntie Matilda was sick, I went to Delivered food to her, but she dragged me to go for a run by the river, and you also went after the event. When the three of us were about to leave, we met a professor who was also running, and he was a professor at the Massachusetts Institute of Technology. , the name is hank."

charlie asked in surprise, "Hank?!"

"Yes!" Jacob gritted his teeth and said, "That's the grandson!"
