

The Amazing Son In Law Chapter 5347 -

The speed at which souna made money made Elaine extremely angry and jealous.

At this moment, she really realized in her heart that souna had completely turned over, and turned quickly and hard.

At this rate of earning tens of thousands of dollars a day, souna's annual income is at least 10 to 20 million.

Don't look at Elaine living in a villa with more than 100 million yuan, if she really earns it, she won't be able to earn so much money in eight lifetimes.

Moreover, even if Elaine didn't understand the Internet, she also realized a trend, and said with red eyes, "souna is a hen that hatched a golden egg...and if it continues to develop according to this trend, this chicken I am afraid that the eggs laid will become bigger and bigger... Now I earn tens of thousands a day, maybe after a while I can earn hundreds of thousands a day, and then I can earn 100 million a year..."

Speaking of this, Elaine suddenly Weeping and shouting loudly, "God, how can you turn a bastard like souna over! Even if you let a dog turn over, you can't turn her over!"

Claire couldn't stand it anymore, and quickly comforted, " Mom, let's just live our lives well, why bother with so many other people's affairs, don't let other people's affairs affect our own mood."

Elaine cried and said, "What do you know! Watching her make money, it's better than I still feel uncomfortable losing money myself! If God agrees, I would rather use my other leg to exchange her souna's reputation and return to her original shape!"

Claire asked with a puzzled face, "Mom...you...you Why bother..."

"You don't understand..." Elaine lay on the bed and cried loudly, her mouth choked with pain, "In my life, I was the worst bullied by two people, one was Mrs. Wilson, and the other was souna. ! In this world, everyone can live a good life, but they are the only ones who can't!"

charlie sighed and thought to himself, "Downstairs is the father-in-law who broke up in love and cried for his father and mother, and upstairs is the mother-in-law who is jealous of souna. crying and wolf howling, today's fortune seems to be unfavorable for family harmony..."

At this time, Elaine suddenly remembered something, and blurted out, "Damn, I'm going to complain about her on the short video platform! If it doesn't work, I'll go to the headquarters of the short video group another day, and pull a banner at the gate of their headquarters to protest! Whatever you say Expose souna's lies! I don't believe that the

boss of this short video platform can sit back and watch such scammers make money on their platform!"

charlie couldn't help touching his nose when he heard this.

The boss of the short video platform, isn't he talking about himself...

Long ago, charlie asked Tang Sihai to buy this popular short video platform. At that time, the live broadcast e-commerce was not so powerful, so he definitely copied it. end.

Now the live broadcast e-commerce is booming. This short video platform has become the largest live broadcast sales channel in China. The valuation of the platform has doubled or tripled, and its own floating profit has exceeded 100 billion yuan.

If you continue to hold it, and wait for the platform to come up with a three-year rapid growth answer sheet, then as long as it goes public on NASDAQ, the market value will be at least tens of billions of dollars or more.

In fact, this is the way capital makes money. Spot a project, buy it at a low price, and then wait for the wind to come.

Peter Thiel, the investor who was the first to invest in Facebook's angel round, invested US\$500,000 in Facebook, and when he finally left the market, he set up a full billion US dollars. The rate of return reached 20,000 times.

And this is what charlie's mother, Lydia (Ava) (Charlie's mom), is best at. Most of the Silicon Valley companies she has invested in have achieved growth of more than ten thousand times.

It is precisely because charlie started the short video platform early, so he also pays more attention to the current live broadcast. He is very clear that there are many anchors like souna on the Internet, but no matter what stories they make up , What kind of personality to set up, their ultimate goal is actually only one, and that is to make money.

Even those super rich who post hundreds of millions or billions of dollars in mansions when they have nothing to do, post videos on short video platforms, conduct live broadcasts, and make goods on the short video platform every day, in fact, it is just to make money.

What's more, it is not a rich second generation at all, it is completely a script created by the Internet celebrity brokerage company.

As the owner of the short video platform, although charlie felt that people like souna and things like this were really lousy, he also knew very well that this represented the direction of the market and the laws of business.

After all, the vast majority of people in the country are ordinary working-class people, or even peasants. This is the sinking market that all companies are vying for now, and it is also the target of these Internet celebrity anchors. If you don't allow it When such people and things appear on their own platforms, these anchors will change platforms to fabricate the same story.

And in this way, your own short video platform will be divided into hosts and traffic by other competitors, which will lead to the collapse of the whole.

Many well-known Internet companies back then failed to make the right move, and eventually lost everything.

Therefore, he simply stopped trying to persuade Elaine, but said to Claire, "Honey, let's go out and let Mom take it easy."

Claire nodded helplessly, and said to Elaine, " Mom, adjust yourself, charlie and I will go out first."

Elaine ignored the two of them, just lying on the bed, crying non-stop.

Jacob downstairs, because what charlie said was too heart-wrenching, sat alone on the floor in front of the sofa with a cigarette in his mouth, leaning against the sofa with his legs curled up, smoking, and crying like Elaine .

charlie was also helpless, so he said to Claire, "Honey, why don't we bother with each other and let them adjust slowly."

The Amazing Son In Law Chapter 5348 -

Claire asked charlie, "How

is my dad?" Crying all the time." charlie sighed, shrugged and said, "Dad has been so decadent these days, it's not because he didn't perform well in cultural exchanges."

Claire asked in surprise, "Why is that?"

charlie said lightly, " Because of Aunt Matilda."

Elaine never knew that Matilda had returned to Aurous Hill, but Claire did.

At the beginning Elaine was sent to prison for stealing charlie's money, but Jacob ran to the airport in suits and leather shoes to meet Matilda and her son Paul, and later invited them to their home for dinner. see it.

She could see that her father still missed Aunt Matilda, and even had deep feelings for her. She was angry with her father because of this. Later, after she learned about those things about her parents, she never mentioned these things in front of her father.

When she heard Charlie say that her father was decadent because of Aunt Matilda, she quickly asked, "What's going on?"

Charlie explained, "Aunt Matilda is with someone else, a person who is many times better than Dad, Dad can't accept it." This blow, so I just smoke and drink alone these days."

"This..." Claire didn't know whether to be happy or worried.

As the daughter of Jacob and Elaine, she naturally didn't want her father to love other women in his heart.

However, after knowing what happened to his parents and Aunt Matilda back then, Claire felt a little sympathetic to his father's inner suffering these years.

After thinking for a moment, she said helplessly, "Sometimes, I feel that my father and my mother are not a good match at all, but sometimes, I feel that the two of them seem to be a match made in heaven. , I hope the two of them can feel at ease and live a good life..."

...

at this moment.

Penang, Malaysia.

Lin Wan'er (Alani) has obtained a full set of identity documents signed by Lin Xiaowan, as well as birth certificates, and personnel files from elementary school to high school.

It is easy to make this set of documents, but it is definitely not an easy task to completely synchronize these documents with the official information of the Malaysian government.

But Qiu Yingshan did it easily.

Moreover, in order to ensure that everything is safe, he specifically asked his distant relatives to memorize a whole set of scripts related to Lin Xiaowan, and even the teachers and principals of every school Lin Xiaowan has studied in the files have memorized these scripts by heart.

All the classes and school images that Lin Xiaowan has read in her files have been edited by professionals, such as adding Lin Waner's name to graduation photos, her

photos on S, even many life photos, and even sports meeting photos, It also fit her figure very naturally, without any trace of artificial modification at all.

Perhaps the students in these classes, after seeing these contents, will wonder if they really forgot to return such a classmate.

However, certain confidentiality measures have been taken for these tampered materials, so it is impossible for those students who have been in the same class as Lin Wan'er (Alani) in the files to see these contents.

This also guaranteed the security of Lin Xiaowan's identity to a greater extent.

Qiu Yingshan was able to do this because of his strong social status in Nanyang and his deep-rooted network background. Here, there is nothing he cannot do.

Lin Wan'er (Alani) asked Qiu Yingshan to assume such a fake identity, but it was actually prepared for Charlie alone.

She knew that after seeing Charlie, Charlie would definitely become suspicious of herself, so he would definitely investigate her identity.

As long as it can make him look flawless, then this set of identities has completed the task.

After Qiu Yingshan gave Lin Wan'er (Alani) all the identification documents, he said respectfully, "Miss, I have already greeted Aurous Hill University, and they have sent out relevant introductions about the school and various majors. You can choose any major at will. After you make your selection, they will issue an admission letter to you."

Lin Wan'er (Alani) nodded lightly, and said with a smile, "Thanks for your hard work, if it's convenient, please arrange a flight for me, and I'll leave early tomorrow morning."

Qiu Yingshan hesitated. After a while, she said respectfully, "Miss, I have an unfeeling request, I dare you to agree..."

Lin Wan'er (Alani) smiled and said, "Say it."

Qiu Yingshan bowed and said, "I and I also hope that I can go to Aurous Hill with you. On the one hand, I hope that I can use the contacts I have accumulated in Aurous Hill over the years to help you pave the way and endorse books in Aurous Hill, so that you can go to Aurous Hill in Aurous Hill." More convenience; on the other hand, Jiannei has been wanting to go back all these years. We are getting older, and this is probably the last time we will go back."

Lin Wan'er (Alani) pursed her lips and thought for a moment, then nodded and said, "Let's go together, Sun Zhidong wants to go too . Go to Aurous Hill to meet me, just so you can catch up on the old days."

Qiu Yingshan was overjoyed, and quickly said, "Thank you, Miss Chengcheng! Then I will make arrangements here, and fly directly from Penang to Aurous Hill tomorrow morning!"
