

The Amazing Son In Law Chapter 5349 -

The night charlie and Claire had just returned to China was not going well.

Jacob's heart, which was already riddled with holes, seemed to be hurt even more by charlie's words. He stayed in the living room all night without moving.

Elaine, on the other hand, watched souna's live broadcast in the first half of the night until twelve o'clock in the night, and in the second half of the night, she kept holding her mobile phone, searching for a way to bring down souna on the search engine.

According to what charlie said, the commission ratio is about 20, and based on the sales of the small yellow car in souna's live broadcast room, Elaine calculated the total commission of souna's live broadcast for one night, and came up with a set of surprises that made her dumbfounded. number.

In souna's live broadcast, she brought a total of ten products, and the sales volume was about 1.1 million. Based on this rough calculation, the commission was around 220,000.

Including brushing orders and returns, the commission is at least at the level of hundreds of thousands.

After deducting the tax, it is easy to earn 70,000 to 80,000 in one night.

It's not a big deal, Elaine's liver hurts even more after the calculation.

There was originally only one person she was jealous of to death in her life, and that was the unparalleled beauty Han Meiqing back then.

But now, souna is fortunate to be the second one.

Elaine didn't even dare to think about how she would spend if she could earn seventy to eighty thousand a day.

Is the Mercedes-Benz G500 a fart? It's like buying a car a month for fun.

Early the next morning.

After charlie got up, he said to Claire, "Honey, you can ask a few cleaners from the Internet to clean up our house later, I have to go to school for Claudia today. The matter has to be settled quickly during the summer vacation, so as not to delay the start of school."

"Okay." Claire nodded, and said, "Go and do your work, I won't go to the studio today, so I will comfort my father and mother, and then clean up the house."

“Okay.” charlie said with a smile, “Then I’ll thank you, I’ll wash up first, and then I’ll go out after washing up, oh yes, if you don’t go out, I’ll drive your car out. “

Claire asked, “My car hasn’t been moved for more than a month, can I still drive it?”

charlie said, “It’s okay, if it really runs out of battery, I’ll use Dad’s Cullinan to power it.”

Claire Worryingly said, “He went abroad for an exchange some time ago, and he smoked and drank at home every day during the time he came back, and he may not have driven a car.”

charlie said, “Mom must have driven it every day before going to the United States, so it should be no problem.”

Claire said, “Then why don’t you Just drive that car away.”

“Let’s go.” charlie refused, “That kind of car is too high-profile, I think I feel uncomfortable driving it out.”

Claire knew that charlie didn’t like publicity very much, so he nodded Said , “Then you can drive out in my car.”

When charlie finished packing and came to the living room on the first floor, Jacob was lying on the sofa half dead. He saw that Jacob’s breath was normal, so he didn’t bother to ask. Instead, he went straight out to start Claire’s BMW 760.

When he came to the garage in the yard, charlie realized that the car hadn’t been touched for more than a month, and when he pressed the unlock button of the car key, the car didn’t respond at all.

So he opened the door with the mechanical key, opened the hood, and prepared to use the Cullinan to take the electric car to start the car.

At this time, there was a rumbling sound of the engine suddenly starting not far away, and then, it drove towards the direction of my home.

The Amazing Son In Law Chapter 5350 -

charlie looked outside the garage, and saw that souna was dressed beautifully, wearing a pair of huge pink-rimmed sunglasses, driving her Mercedes-Benz G500, and had arrived at her door.

Seeing souna parked the car outside his house, he couldn’t help frowning, thinking that this woman came here early in the morning, she must be looking for trouble.

After all, he also knew souna very well. This woman and Elaine had basically the same attributes.

For a long time in the past, Mrs. Willson and souna's family of four had a very miserable life. It is not an exaggeration to say that it is a human tragedy.

Later, souna, the sister-in-law, fawned on Elaine one by one in front of Elaine. Now that she finally turned around, if she didn't step on Elaine, she would have seen a ghost.

The facts were not what he expected.

After souna stopped the car, she did not turn off the engine, but honked the horn three times in a row, then poked her head out and shouted to the third floor of her villa, "Elaine! Elaine! Are you awake?!"

Soon, Elaine came out from the terrace on the third floor with a pair of dark circles under her eyes. She hadn't slept since last night, and she was almost blind from looking at her phone.

Just found some drowsiness a minute ago, and planned to take a nap first, but unexpectedly, the sound of souna's horn made him lose all sleepiness.

Hearing souna calling her name, Elaine couldn't help feeling angry, picked up the carbon fiber telescopic crutch that Fei's Hospital gave her, limped out, and asked angrily, "What are you doing this early in the morning?" If you don't sleep, others will sleep!"

souna laughed, laying on the window of the car, and beckoning to Elaine with a smile, "What are you going to sleep with, my sister-in-law will take you to Chisa, I just made an appointment with Jinling The best spa spa at Shangri-La Palace Hotel is much better than the beauty club you used to go to. After a while, first have a five-star buffet breakfast, then lie in the spa center for a whole morning, and have nothing to do at noon. Eat casually at the restaurant, and in the afternoon we will be doing thermage and yoga classes, do you want to join me? I'll treat you!"

Elaine heard her sulking in front of her, and was about to insult her when she heard souna say that she wanted to treat her, so she asked suspiciously, "Are you sure you are treating me?" souna

said very seriously, "We have been away for so many years, can I still lie to you about these trivial things?"

When I was done, I ran away without paying attention, leaving me alone to pay the bill."

"Are you kidding me?" sounaWith a sneer, he took out a gold card of Shangri-La Palace, and said to Elaine, "I have deposited 500,000 in Shangri-La Palace, and I am a

VIP there. When I go there to spend, I just sign the bill and transfer money from the account. How can I let you spend money without having to pay the bill by myself?"

She looked at Elaine, raised her eyebrows and asked, "Are you going or not? Let me tell you, after my consumption, one person At least 20,000 yuan, even if you have a gold card, you can only get 25% off, and if you don't have 15,000 yuan, you can't get it, if you don't go, don't regret it later!"

Elaine heard this and thought After greeting all eighteen generations of souna's ancestors, he couldn't help but think to himself, "Damn, I haven't experienced such a high-end SA in Shangri-La Palace yet, souna is willing to use half a million for a card, and It's 15,000 yuan to go once, so it's not her who is on fire!"

The happiest time Elaine lived in her life was when she lived in a luxury house in Jinling, drove a luxury car, and had a six-figure savings on her card. those days.

However, when Elaine had a 6-figure savings, she didn't dare to spend as much as souna. One time of SA cost more than 10,000 yuan, which has already exceeded Elaine's consumption concept.

She feels that if she spends 20,000 to 30,000 yuan in a beauty salon, and spends 1,000 to 2,000 yuan each time for a face and body, she is already a proper high-spending lady. How dare she be like souna, Throwing half a million dollars just to be an SA.

Besides, she didn't have so much money.

After thinking for a while, Elaine was already longing for it, so she suppressed the jealousy and anger in her heart, and said to souna, "Oh, since you are so enthusiastic, let me go and experience it with you.

" With emotion, "Before I went to America, I invited you to eat, drink and have fun for so long. Now you can remember to invite me back, and you have a conscience!"

souna shook her head and smiled, but she did not make any mockery at Elaine, but He beckoned to her and said, "Then come down quickly, I'm still hungry and waiting to go there for breakfast!"

The Amazing Son In Law Chapter 5351 -

charlie had already guessed that the mother-in-law would not be able to resist the temptation, and was not surprised at all when Elaine agreed.

But Claire was listening on the second floor, but was choked by her mother's spineless performance.

So she hurried out of the room and pressed the elevator while Elaine was coming down, so the elevator stopped on the second floor, and when the door opened, Elaine was already leaning inside on crutches.

Elaine was quick to pack up when she went out. She didn't sleep all night last night, and she didn't even bother to change her clothes. She was still wearing the same clothes she got back from the plane yesterday.

Claire didn't enter the elevator, but blocked the elevator door, and asked Elaine inside, "Mom, didn't you still scold your aunt yesterday? Why can't you stand it when she calls you to be an SA?" Tempted?"

Elaine said seriously, "Claire! The average per capita is 20,000 yuan! Your mother, I want to reject her, but my body does not allow me to refuse her! It's not your mother, I have no backbone, she really gave There are too many!"

Claire said angrily, "Oh, mom! You can't go even if the per capita is 200,000 yuan. She is here to make fun of you. Can't you see it? Why are you still going? Hurrying to give her a chance?"

Elaine curled her lips, "You think I'm stupid, once souna sticks her ass, I know what shit she's going to do!"

After she finished speaking, she looked at Claire, bit her back Molar said, "But Claire! The per capita is 20,000 yuan! You can't take advantage of the bastard, let alone such a big advantage?"

Claire was helpless, so he could only say, "Then I will give you 20,000 yuan. Don't go, okay?"

"Okay." Elaine nodded, and blurted out, "You can give me 20,000 yuan for sure."

Claire didn't talk too much, and immediately took out her phone and texted Elaine's WeChat Transfer 20,000 yuan.

Elaine happily clicked to accept, then looked at Claire, and said seriously, "Claire, I didn't finish talking just now, you can definitely give me 20,000 yuan, but if you tell me not to go, then Definitely not, if I don't go, it will be equivalent to a loss of 20,000 yuan, I don't allow me to be so extravagant!"

Claire stomped her feet anxiously, and said angrily, "Mom! You...how could you do this!"

Elaine said innocently, "What's wrong with me? I've been married to Wilson's family for so many years, when did I take money from her?" Red is cheap? Today is the first time the cycad tree blooms, and I can't miss this opportunity!"

Claire completely gave up at this moment, and said in despair, "You can do whatever you want, I don't care."

After finishing speaking, he took a step back, Let the elevator doors close.

Soon, charlie saw Elaine limping out on crutches.

Seeing Elaine coming out on crutches, souna hurriedly got out of the car to greet her, and said with a smile, "Oh my, I thought you came out in that electric wheelchair yesterday, why did you come here on crutches?"

Elaine said casually "My electric wheelchair is very heavy. I'm afraid you won't be able to lift it into the trunk."

souna nodded, and helped Elaine all the way to the co-pilot door, and said, "Elaine, my broken car can't compare That Cullinan of your family, don't dislike him."

Elaine curled her lips, and said along with her words, "Your g500 is really incomparable to Cullinan, but I don't choose, it's fine."

Money souna helped Elaine get into the car, and said with a smile, "I also ordered a Cullinan two days ago, which is the same as yours. They are all BB versions, but I ordered a new one that just came out. The latest model. The configuration list is about 9 million, and the landing will be more than 10 million."

The Amazing Son In Law Chapter 5352 -

Elaine asked dumbfounded, "What are you talking about?! You also ordered a Cullinan?"

"Yes. "souna took out a folder made of leather from the co-pilot's door storage compartment, handed it to Elaine, and said, "Look for yourself, the deposit is one million, but the order cycle for this car is relatively short. It's been a long time, the sales said that it will take half a year at the earliest, and when it's over, I'll show you the difference between the new model and the old model."

Elaine looked down at the folder, and immediately saw the two letter r logos on it.

She quickly opened the folder, and inside was a contract for ordering a car, the total price of the configuration sheet was 9.1 million, and the person who booked the car was written by souna!

Not only that, but there is also a receipt issued by the Rolls-Royce 4S store. The content inside is indeed that souna has received Cullinan's deposit of one million yuan...

At this moment, Elaine was completely defensive. Collapsing, according to her own rough calculations, Souna can earn more than 10 million a year with the goods, and Souna has just started working, and at most she can earn a car. How can she be so rich? Seeing that Souna had already sat in the cab, she asked her from the bottom of her heart, "Souna

, how on earth did you earn so much money?"

"I made some money by speculating in futures."

As soon as Elaine heard Souna's words, she knew that she was completely fooling herself, and she probably didn't expect that she had stumbled into her live broadcast room by accident yesterday.

Thinking of this, Elaine pretended to be surprised and said, "Are you speculating in futures now? I saw that you made so much money, and I thought you were also imitating other people's live streaming. Are you saying that live broadcasting is very popular now? That makes money faster than stealing money! The most powerful anchor, it is said that he earns more than ten or two billion a year! "

Souna smiled unnaturally, and said casually, "Hey! Elaine, let me tell you, live broadcasting is a new thing for young people to play. We are all old ladies who have started to go to sixth grade. How can we play those things well! Besides, you just said that the head anchors who make money are young, handsome, young and beautiful celebrities, and there are many first-line stars and big entrepreneurs who go to live broadcast to bring goods. Only such people can make money. Others don't play at all. "

As she spoke, she did not forget to remind her, "Let me tell you, Elaine, don't study such illusory things if you have nothing to do, it's useless!" It is better to study the stock market and futures, this is the serious way to make a fortune! After saying this, Souna said again, "

"Oh, by the way, if you have spare money, you can gather it together. Later, I will ask my master to recommend some futures and stocks to you. I guarantee you can make a lot of money!" When

Elaine heard this, she was already cursing in her heart, "Your grandma's Souna, you are really fucking good at pretending!" I rely on the live broadcast or stand up, and I am still talking about the live broadcast or illusory, and the most annoying thing is to tell my old lady not to touch it, you fucking... If my old lady hadn't brushed you last night, I'm afraid I really believed it. Your nonsense! It's fine if you don't tell the truth, but you still want to fool my mother into speculating in stocks and futures. Do you want my mother to go bankrupt? ! "

Thinking of this, Elaine cursed angrily in her heart, "Aren't you a bastard just because you are afraid that my old lady will find a chance to turn around in the live broadcast

industry like you? The more you don't want my mother to touch the live broadcast, the more I will touch it! Just wait, my mother may not be worse than you in live broadcasting! I'll give it a try when I come back tonight! Maybe my old lady can earn tens of thousands or hundreds of thousands in one night! "
