

The Amazing Son In Law Chapter 5356 -

However, charlie's words made her realize that charlie really regarded her as a relative, and regarded her as a younger sister who needed careful care.

This also made the feeling of not belonging like duckweed in her heart be diluted by most of it in an instant.

charlie then continued, "In the next four years, you can work and live in Aurous Hill. When you graduate from university, if you want to continue your studies, I will fully support you. If you want to work, I will fully support you. If you tell me Me, you are always in Aurous Hill, even in China, you can't find a sense of belonging, and if you want to go back to Canada, I will personally send you back. I just want you to know that from now on, as a brother, I will do my best As far as I can, no matter where you are, you will have no worries."

Claudia was moved by charlie's words, her eyes were red, and while she nodded repeatedly, tears fell silently.

charlie grew up in the orphanage. He understood Claudia's mood at this moment too well. Back then, he was completely ignorant of everything Tang Sihai had arranged. He curled up in a corner of the dormitory of the Aurous Hill orphanage and cried until dawn. I don't know how sad and desperate I am.

Today, Claudia is going through almost the same process as she was then.

That's why he pays special attention to Claudia, hoping to use his attitude and actions to untie all the knots in her heart and face her future life calmly and optimistically.

Therefore, charlie told Claudia about his experience in the orphanage, hoping that she could find resonance with him.

When charlie described her mental state in detail back then, Claudia really felt a strong resonance in her heart. It was also at this moment that she suddenly realized that charlie might be the one who understands herself best in this world. .

Even Lisa couldn't do this.

Because, Lisa was abandoned and adopted since birth, and then was taken into an orphanage, and she and charlie were both the happiest children in the world who thought they had everything, but in the end they just watched helplessly. All this was brutally taken away.

Lisa had never experienced this kind of trauma, so she couldn't really understand Claudia's heart.

The two chatted all the way, not only did Claudia feel that she had found resonance with charlie, but charlie also found the same feeling from this girl who was ten years younger than herself.

Fortunately, neither of them is that kind of pessimist, so they talked a lot about common topics, and soon they talked about a different kind of optimism that is indescribable and detailed from the same painful experience.

During the chat, the car had already arrived at the gate of Aurous Hill University.

At this time, Aurous Hill University was on vacation, but what charlie didn't expect was that there were many staff members at the gate of the school, busy preparing for something, and even blocked the way of the car.

charlie briefly honked the horn, and a staff member hurried over and said sorry to charlie, "Excuse me, sir, we have to pull up a banner and pull up your car before we can pass, otherwise your car will definitely be taken away when it passes by." The banner was crushed."

charlie nodded understandingly, and said, "It's okay, then I'll wait for a while."

"Thank you, we can finish it in a few minutes."

The man thanked him, turned around and went to get busy with other colleagues.

Soon, a red banner was pulled up from both sides of the school gate and hung high above the archway of the school gate.

charlie looked up and saw the banner saying "Warmly welcome Mr. and Mrs. Qiu Yingshan to our school."

charlie seemed to have heard of the name Qiu Yingshan, but for a while he forgot where he had heard it.

At this time, the staff member ran over and asked politely, "What are you going in for?"

charlie said, "I have an appointment with Mr. Isaac Cameron and Mr.."

The man suddenly realized, and hurriedly said, "Mr. has already Go in, please do too!

The Amazing Son In Law Chapter 5357 -

When charlie drove the car to the front of the Academic Affairs Building of Aurous Hill University, Isaac Cameron was already waiting here.

Seeing Charlie stop the car, he quickly stepped forward to help him open the car door, and said respectfully, "Master, I have made arrangements for the school. Claudia only needs to fill out an application form and submit the materials. You can choose a major directly."

Charlie nodded, remembering the banners he saw outside, and asked him, "Have you heard of Qiu Yingshan? I think this person sounds familiar."

"Qiu Yingshan..." Isaac Cameron said quickly, "Back to the young master, Mr. Qiu is the richest man in Southeast Asia in the true sense. It's just that he deliberately split up the family's business a few years ago, so he was dropped from the major rankings. However, the strength of the Qiu family is still very strong in Southeast Asia. Yes."

After finishing speaking, Isaac Cameron asked, "Did you see them hanging banners at the door? When I came, they were dismantling them. I asked after asking, and then I realized that it was Qiu Yingshan who was coming to visit Aurous Hill University."

Charlie suddenly remembered something, and said, "When I was studying at Aurous Hill University, I seem to have heard of this person. It is said that he donated a lot of money to Aurous Hill University?"

"Overseas Chinese who returned to China for construction donated 500 million yuan to Aurous Hill University in the 1990s, which was a huge amount back then."

"I see." Charlie nodded slightly, only thinking that it might be the old man planned to go back to Aurous Hill University to take a look, so he didn't take it too seriously.

at the same time.

A private jet transformed from an Airbus A330 landed smoothly at Aurous Hill Airport.

Lin Wan'er (Alani) and Qiu Yingshan were on this plane.

Since Malaysia is also in the East Eighth District, there is no time difference with Aurous Hill, so Lin Wan'er originally planned to fly from Penang to China at eight o'clock this morning. In this case, she will arrive in Aurous Hill around two o'clock in the afternoon, and there will be no delay in enrolling things.

But after she lay down last night, for some reason, she tossed and turned in bed, and it was still difficult to fall asleep until the early hours of the morning.

Lin Wan'er (Alani) tried to calm down her mind, but no matter what methods she tried, her heart always felt flustered, as if there were faint signs of palpitations.

In desperation, she could only comfort herself, telling herself that she would leave for Aurous Hill tomorrow morning, to the place where charlie disappeared in the first place, maybe she could really get her wish and meet him in Aurous Hill.

Thinking of this, Lin Wan'er (Alani)'s heart felt much better, but instead, there was a sense of urgency that counts every second.

Agitated, she could only ask Qiu Yingshan to prepare for the flight overnight and arrive in Aurous Hill several hours ahead of schedule.

In order not to delay the admission process for Lin Waner, Qiu Yingshan asked someone to greet the principal of Aurous Hill University in advance, but he did not let his subordinates reveal the purpose of his visit to Aurous Hill University this time, but only told him that he wanted to go back to Aurous Hill University for a visit. one time.

Naturally, the school attaches great importance to this distinguished guest. They made banners out overnight, and even the principal prepared to greet and accompany him in person. The other vice principals, as well as several principals, immediately suspended their vacation and rushed back to the school to prepare for it. .

Isaac Cameron took charlie and Claudia into the Academic Affairs Building and came to the Admissions Office.

At this time, the director of the admissions office is already waiting here.

Seeing Isaac Cameron coming, the director said very politely, "Oh Mr. isaac, long time no see, he is still so handsome!"

The Amazing Son In Law Chapter 5358 -

Isaac Cameron smiled slightly and said, "Director Liu, I will trouble you this time."

Director Liu smiled Said, "Mr. isaac and I don't need to be so polite, it's just a matter of raising our hands. Besides, recruiting more international students is also a task that we attach great importance to recently. Speaking of which, Mr. isaac, you are helping me complete my performance appraisal."

Isaac Cameron Haha laughed, introduced Claudia to him, and said, "Director , this is the distant relative I mentioned, Claudia. She was born and raised in Canada, and she also studied in Canada. The person next to me is also my distant relative. Relative, Claudia's cousin."

Director and charlie nodded, and then said to Claudia with a smile, "Hello, Claudia, I am the Director of Admissions Office of Aurous Hill University. My name is Marcus. Welcome to Aurous Hill University.

" He said politely, "Hello Director , if you are lucky enough to study at Aurous Hill University, I hope you will take care of me!"

Director said in surprise, "You...your Chinese is so good!"

Isaac Cameron on the side said, "Claudia is Chinese-Italian mixed race, my mother came from our Aurous Hill in the early years."

"Oh, no wonder!" Director nodded repeatedly, and sighed, "Then the choice of Aurous Hill University still has some roots."

He said, he asked Claudia " By the way, have you brought your passport and file materials? I will help you to enter the information, and then you can choose a major."

"Bring it!" Claudia quickly handed over the prepared materials.

Director opened the file bag, looked through the information in it carefully, and exclaimed, "Your high school grades in Canada are very good! To be honest, I have also met a lot of international students from Canada, but I haven't encountered any grades yet. As good as you, almost all of them are a!"

Claudia said modestly, "MostThere were some landslides in the next year because something happened at home and I didn't go to school much.

Director nodded and said with a smile, "You are already perfect. To be honest, you should not have much problem applying for international students at Tsinghua University with this information. In our case, it is even more no problem!" After that ,

he quickly took out a stack of materials, handed them to Claudia, and introduced, "This is all the relevant materials of our Aurous Hill University's departments. First, you can see which major you are more interested in. My side Log your information into the system. "

"Okay thank you!" Claudia took the information and began to look through it very seriously.

As a double first-class university, Aurous Hill University has a very comprehensive department construction. There are dozens of departments and hundreds of majors. It is really dazzling to choose

. Claudia looked around, thought for a long time, and said, "I want to apply for the archeology major in the School of History. "

"Archaeology?" Not to mention that Director was surprised, even charlie was a little surprised.

Then Director said earnestly, "Claudia, the major of archeology is really very unpopular, and the future employment opportunities are very narrow. We are an archaeological major, freshman There are not fifty people in total until the senior year, each grade has one class, and there are only ten students in one class, do you want to think about it again? "

Claudia shook her head slightly, and said, "Just choose this one. Although I have half of Chinese blood, I don't know much about Chinese history, but if I choose history as a major, I'm afraid it will be too boring. Archeology should be combined with practice to better understand Chinese culture and history. Director smacked his lips and asked her, "

Well...you don't think about employment at all?" Claudia said seriously, "

The issue of employment, let's wait until graduation to think about it!" "
