

## The Amazing Son In Law Chapter 5367 -

Director was startled when he heard Lin Waner (Alani)'s voice, and quickly asked her, "Miss Lin, what's the matter?"

Lin Waner pointed to the application form in his hand, and said, "Can you show me?"

Director said without hesitation. Said, "Of course!" As

he said, he handed the application form to Lin Wan'er (Alani), but he was slandering in his heart, "I wanted to show it to you just now, but you said no need... Young people at this age are really fickle."

Lin Wan'er (Alani) After receiving Claudia's application form, his eyes seemed to be browsing her personal information, but his peripheral vision and attention were all focused on the emergency contact column.

In the space in that column, there are two Chinese characters that have been lingering on her all this time, charlie!

In addition to the two words charlie, there is also a string of 11 digits. Lin Wan'er (Alani) knew that this must be charlie's phone number in China.

At this time, Lin Wan'er (Alani) felt that her breathing suddenly became rapid, and her heartbeat speed also increased a lot.

It was the first time that she, who had always been poised and calm like a virgin, felt such a sense of excitement and tension, and it seemed that fine beads of sweat had already emerged from her tender palms.

At this moment, she didn't know if this charlie was the charlie she was looking for.

However, she felt that when she saw charlie's name when she first arrived in Aurous Hill, she seemed to be divinely assisted or destined.

Therefore, her intuition could almost conclude that this charlie should be the charlie she was looking for!

So, she immediately memorized charlie's cell phone number, and quickly tried to recite it several times. After confirming that she had memorized the eleven-digit numbers by heart, she wrote down Claudia's mailing address .

Afterwards, she returned Claudia's information to Director without showing any signs of expression, and said casually, "We both leave our hometown to study in Aurous Hill, so many friends are an extra way."

Then, she asked Director , “What is this?” Do the girls live on campus?”

Director hurriedly said, “She should be able to live in school, but most of the time she should be a commuter. She has relatives in Aurous Hill, and she should usually live with relatives.”

“Understood.” Lin Wan’er (Alani) said, glanced at skuna, and said, “I My cousin’s great-grandfather has real estate in Aurous Hill, but I probably won’t bother him often, why don’t you also set up a residence hall for me, which will be more flexible in the future.”

Director said with a smile, “Yes! It’s more flexible to run a residence hall. The dormitories for foreign students are two-person. How about I put you and this mixed-race girl in the same dormitory? Originally, you and her are from the same major, and the order of registration is next to each other. Under normal circumstances, they will be arranged together “

“No problem.” Lin Wan’er (Alani) readily agreed, and said with a smile, “Then it’s settled.”

After that, she remembered something, and said, “Oh, by the way, please don’t tell this girl, I just saw her I plan to live in a dormitory with her, if it gets to other people’s ears, they may think that I have other plans, and it may not be natural to make friends with her in the future.”

Several school leaders quickly agreed.

After all, this is skuna’s distant great-granddaughter. She was able to come to Aurous Hill with skuna and let skuna personally entrust her to the school. Everyone attached great importance to her. Since she said it, everyone would naturally respect her meaning.

Lin Wan’er (Alani) finally breathed a sigh of relief, she smiled slightly, and said to the others, “Then let’s talk first, I’ll go down first.”

Then she said to skuna, “Grandpa Zeng, if there’s nothing else, I’ll go down first. ” “

skuna instinctively wanted to stand up and send him off, but fortunately the wife at the side gently tugged at the hem of his clothes, and he finally came back to his senses, and quickly said, “Okay, then go down and walk around first.”

Lin Wan’er (Alani) nodded head, then turned and walked out the door.

After leaving the office, the corners of Lin Wan'er (Alani)'s mouth immediately turned to the sides, and two shallow dimples appeared on her face, which was extremely beautiful.

But she was thinking in her heart, how to do the final verification, to finally confirm that the charlie on the application form is the charlie she wanted to find.

She thought to herself, "The best way is to call charlie and listen to his voice. I still remember his voice. As long as he speaks, I will definitely recognize him.

" Call, if you call yourself, maybe charlie will recognize your voice.

However, if you call yourself and don't speak, it sounds feasible, but it will seem a little weird. If charlie thinks about it one step further, he may figure out something unusual.

So, after thinking about it, she felt that she should find another person to call charlie, and she had to make up a set of reasonable excuses so that charlie would not have any doubts after answering the call.

So, she hurried downstairs, and in the motorcade, she found the housekeeper of the Qiu family who had picked her up at the airport.

This housekeeper has been helping skuna take care of his manor here in Aurous Hill, because skuna's wife grew up in Aurous Hill and has a deep affection for this place, so he specially selected one of the best housekeepers from the Malaysian housekeeper team. The attentive housekeeper comes.

Lin Wan'er (Alani) had seen the face of the housekeeper, she was a loyal and honest person.

So, she came directly to the housekeeper and said, "Sister , can you do me a favor?"

Sister is a middle-aged woman in her fifties. My parents work together in the Qiu family, and they are still alone in their fifties.

It is said that when she and her family experienced a turmoil in Southeast Asia, the family almost died in a foreign land. It was skuna who brought the family of four to Malaysia and gave them a stable life and work. Therefore, Sister 's parents and her younger sister, She is very sincere to the Qiu family, and her younger sister is also working for the Qiu family now.

Seeing that Lin Wan'er (Alani) asked for help, the housekeeper hurriedly said respectfully, "Miss Lin, if you have anything to do, just ask!"

Lin Wan'er (Alani) asked her, "You must be a local mobile phone number in Aurous Hill, right?"

Sister hurriedly said, "Go back to Miss Lin, I have There are local mobile phone cards in Aurous Hill, and there are also Malaysian mobile phone cards."

Lin Wan'er (Alani) nodded, and said, "Thank you for calling me with Aurous Hill's mobile phone number. After the call is connected, tell him that you are going out soon and let him Put the courier in the property center and pick it up by yourself when you get home. He will definitely tell you that you made a wrong call, so you just say sorry and you may have entered the wrong number, and then just hang up."

"Okay. "Although Sister didn't understand Lin Waner (Alani)'s intentions, she nodded respectfully, then took out her mobile phone, and said to Lin Waner, "Miss Lin, tell me your number."

Lin Waner said, "I'll lose."

Handing the phone to Lin Wan'er (Alani), Lin Wan'er (Alani) entered charlie's phone number on it.

Then, he returned the phone to Sister.

Sister Xian took the phone and pressed the dial button. After hearing two notification tones, charlie's voice came from the phone, "Hello, hello."

Just these three words made Lin Wan'er (Alani)'s dark eyes His eyes instantly flashed with a different look.

It was these three words that made her sure that it was charlie who saved her life in Northern Europe on the other end of the phone!

## **The Amazing Son In Law Chapter 5369 -**

charlie on the other end of the phone had just bought some aromatherapy for Mrs. Lewis and the others to put in their new home.

Liaoguodi is originally to celebrate the housewarming, so the gifts selected are generally some suitable souvenirs for the new home.

Aromatherapy is something that women like the most, so charlie chose some high-end aromatherapy as gifts.

He suddenly received a call from a local stranger, and he didn't think much about it. He connected normally and asked a question according to his usual habits.

Sister's voice came from the opposite side, "Master, I'm going out now. I may not be able to wait for your delivery. Please put my courier in the property center. I'll pick it up when I get back."

charlie said casually, " I'm sorry, you may have dialed the wrong number."

"Ah?" Sister exclaimed, and said, "Let me take a look... Oh, I'm sorry, I really made a mistake, and I'm sorry to bother you!"

"It's okay." charlie also said Without further ado, he hung up the phone.

It's common to make wrong calls, and the other party's words are very close to life, which really didn't make charlie suspicious.

But at this moment, Lin Wan'er (Alani) has completely confirmed charlie's identity.

She didn't expect that after she came to China from Northern Europe, everything would go so smoothly!

After a trip to Eastcliff, I found out charlie's true identity, and then made the decision to come to Aurous Hill to try my luck;

and when I first arrived in Aurous Hill, I found charlie's phone number and confirmed that charlie was at Aurous Hill is a local, and he even has a close relationship with a future classmate of his!

Lin Wan'er (Alani) couldn't help thinking of the contact address left by Claudia.

If you look for it according to that address, although you may not be able to find charlie, you will definitely be able to find Claudia.

After finding Claudia, charlie is not far away!

Lin Wan'er (Alani) repeated the video in her mind, she was so excited that she almost jumped up.

However, she didn't make the next move immediately, but returned to the Rolls Royce alone, sat in the co-pilot, thinking about her next plan.

She muttered to herself, "Although charlie is close at hand, I can't go to him immediately, let alone appear in front of him immediately."

"The most natural way right now is not to meet charlie yet, Wait patiently until the start of school, and after the start of school, first meet Claudia and become friends, and then find an opportunity through Claudia to meet charlie for the second time."

"I have already prepared Suman's identity and Background, a series of foreshadowing and preparations for coming to Aurous Hill to go to school have been completed, if Claudia and I can become friends, even if charlie suspects that I have ulterior motives, he can't find any substantive evidence."

Thinking of this, she He breathed a sigh of relief, and muttered happily, "It's just right, I've wanted to come to Aurous Hill for a long time, but I haven't had the chance. I can take advantage of this free time to visit the places of interest in Aurous Hill."

At this time, her mobile phone Suddenly it rang, and the caller ID showed that the caller was Sun Zhidong who was far away in Eastcliff.

So, she connected the phone, and Sun Zhidong's voice came from the other end of the phone, "Miss, have you arrived in Aurous Hill ?

"

When is it appropriate to go there?"

"Anytime." Lin Wan'er (Alani) knew what he was thinking, and the hexagrams showed that his life expectancy was at most half a year, and his only chance of survival was in Aurous Hill, so although he didn't say it, he must be eager to find it in his heart. That lifeline.

Sun Zhidong heaved a sigh of relief when he heard her say anytime, and respectfully said, "Miss, if this is the case, then I will set off for Aurous Hill to meet you later, and meet skuna by the way."

## **The Amazing Son In Law Chapter 5370 -**

Lin Wan'er (Alani) said, "Okay, before you take off Tell skuna to send someone to pick you up at the airport."

"Okay." Sun Zhidong said, "I sorted out some local relationships in Aurous Hill. Although some people have already retired, they always kept their promises in Aurous Hill. When the time comes, let them help to investigate the charlie you are looking for! "

Lin Wan'er (Alani) smiled and said, "No need, I have already found him."

"What?!" Sun Zhidong asked in horror, "I found it?! Is it so fast?!"

"Yes." Lin Wan'er (Alani) said seriously " Life is like this, as long as you make a few key choices right, you can make a fortune while lying down, and it's the same when you find someone." As

she spoke, Lin Wan'er (Alani) said, "Today's experience is quite interesting, I'll tell you about it when you arrive."

" Good!" Sun Zhidong said hastily, "Then I'm ready to leave!"

Afterwards, Lin Wan'er (Alani) didn't get out of the car again.

And skuna and his wife didn't delay too long. After chatting with the school leaders for half an hour, they got up and left the teaching administration building on the pretext that they couldn't take it anymore.

Afterwards, the couple returned to the car surrounded by the crowd, and the convoy slowly drove out of Aurous Hill University and headed for Zijin Mountain.

Zijin Mountain covers an area of more than 30 square kilometers. It is shaped like a nearly round stone with rough corners. The distance between north and south and east to west is about six kilometers.

The southern half of Zijin Mountain is a 5A-level scenic spot, while the northern half is mostly closed.

skuna's manor is located on one of the mountains hundreds of meters above sea level in the northern half.

Being able to have a manor that is completely his own in this kind of place is entirely because skuna took the early opportunity to invest in the mainland. At that time, he was willing to invest and donate huge amounts of money to the mainland, and Aurous Hill also gave him very high praise. Standard return, like this kind of manor, there is only one such manor in Aurous Hill in the past 20 or 30 years.

The convoy enters the mountain from the inner passage in the north of Zijin Mountain. From the foot of the mountain, it is already a controlled area where tourists stop, so it is very quiet here.

When she passed Panshan Road and reached the top of the mountain, Lin Wan'er (Alani) saw the archway made of white marble, engraved with four big characters Zijin Mountain Villa.

Even she can't help but marvel because of the momentum and majesty of this manor.

Although it is not as exaggerated as those castles in Europe, it can give people a sense of escape from the world when they are suddenly enlightened and far away from the hustle and bustle.

You know, it is only a few kilometers away from the most prosperous business district in Aurous Hill.

It is extremely rare to be able to find a sense of escapism in this kind of place.

Moreover, the entire manor is full of towering old trees and various plants, which are full of flowers and leaves in summer. From a distance, it is not even possible to see that there is such a large-scale private manor hidden here.

The design of the entire manor incorporates the style of Gusu gardens. Moreover, since the terrain of the mountain is gradually rising, the architectural structure of the manor is also continuously improved. It is divided into three layers like a cake, and the bottom layer is the largest. It is a square with a side length of more than 100 meters, covering an area of at least 10,000 to 20,000 square meters. The area of the second floor is much smaller, with a side length of about 50 meters, covering an area of about 3,000 square meters.

On the top of the mountain, there is a small courtyard of blue bricks and stone tiles. The side length of this small courtyard is only more than 20 meters, and it is more than 400 square meters. There are three tile-roofed houses, two short and one high. Ordinary single-story tile-roofed houses, while tall ones have two floors.

In addition, there is a small courtyard with an area of about 100 square meters that is completely paved with natural bluestone.

skuna said to Lin Wan'er (Alani), "Miss, don't look at the size of my manor. The real essence is the humble courtyard at the top. If you don't mind, you can live there for the time being!"

Lin Wan'er (Alani) raised her head and looked There is at least a small courtyard on the top floor that is 20 to 30 meters high. Although I have not gone up to see it, I have already said with fascination, "I knew you had such a good manor, and I would never go to any northern Europe..."

But just after finishing speaking, She shook her head again, and said firmly and fortunately, "Fortunately, I didn't know this place earlier, so I went to Northern Europe! Northern Europe is a doom that God has given me. If I can't get over it, I will die without a burial place; After getting over it, it will be a brand new beginning, and now, I am ready to welcome this new beginning!"
