

## The Amazing Son In Law Chapter 5391 -

Elaine, who was praying, was suddenly interrupted by her daughter, and said with a little dissatisfaction, "Oh, I'm asking the Buddha to bless you, what are you doing to me, really..."

Claire reminded in a low voice, "How can you be so acquainted with me?" The Buddha speaks...you can ask for money if you want to ask for money. If the Buddha really manifests, he will naturally help you realize your wish, but what are you doing here to talk about the things of the eldest aunt...Are you still asking the Buddha to punish others?"

"That's right!" Elaine was very serious, and said solemnly, "I just want the Buddha to punish her! There are more than 8 billion people in the world, and anyone can get rich, except souna!" She

said, Elaine said very firmly again, "Accordingly, the Jade Emperor is in charge of our area. souna can get rich. This is his negligence in work. If he doesn't actively correct himself, he has to ask the Tathagata Buddha to criticize him!"

Claire rubbed his temples, and said helplessly, "Everyone says to be good with one's heart. Your kind of thought that you can't see other people's goodness is a crooked mind in front of the Buddha. How could the Buddha bless those who have a crooked mind..."

"What?" Elaine was not convinced, and retorted, "It's not that I don't want others to be good, but I don't want to see her souna is good. You have to know, this souna is really bad!"

Claire said, "It's her fault that she is bad. You don't need to say it here..."

Elaine curled her lips, "If you encounter bad people and bad things in your life, you can still call 110 to call the police. What's wrong with me talking to the Buddha? Is the Buddha not as good as the police? If he doesn't even do this He doesn't deserve to be a Buddha if he doesn't understand all the troubles!"

Claire didn't know how to refute Elaine's nonsense.

Lin Wan'er (Alani) on the side was already dumbfounded.

Although she has a lot of knowledge, she has hardly seen such an ignorant woman as Elaine, and she even went to the Buddhist hall to speak nonsense.

As soon as she thought of her insulting and angering the Buddha, Lin Wan'er (Alani) couldn't help but said, "There are three poisons in Buddhism, namely greed, anger, and ignorance. Greed is dissatisfaction with desires and insatiable greed; anger is

complaining about the status quo and hating others; ignorance is confusion and ignorance. Ignorant, most ordinary people have one of the three poisons, it is rare to see someone who commits the three poisons once in a few words, the Buddha has a spirit, how can he bless those who have all the three poisons..”

Elaine was stunned , looking sideways at Lin Wan'er (Alani), seeing her clasped her hands and her eyes slightly closed, she couldn't help frowning and said, “Hey, are you talking about me? Are you pointing at Sang Huai and telling me something?”

Lin Wan'er (Alani) opened her eyes and looked Elaine said lightly, “I'm sorry, I was just muttering introspection in front of the Buddha. I may have disturbed you. Please forgive me.”

After finishing speaking, Lin Wan'er (Alani) stood up, looked at the Buddha statue devoutly, and turned to leave.

“Hey, don't go if you have the ability!” Elaine still wanted to reason with her, but she turned around and walked away without any reluctance. She wanted to catch up and argue but found it unrealistic. After all, her right leg was still kicking behind her. Thinking, if you want to get up, you have to rely on the help of your daughter Claire.

In desperation, Elaine could only give up resentfully.

Claire said at this time, “Mom, I think the little girl is right. You are so greedy and ignorant in front of the Buddha. You can't see any sincerity. It is impossible for the Buddha to bless you.”

Elaine didn't expect that The daughter didn't help herself either, so she curled her lips and muttered, “Cut, if you don't bless me, I will be pulled down! It seems that the whole world has no place to make wishes without the Buddha! When I get home, I will ask my good son-in-law to adjust my feng shui. If the Feng Shui luck is good, this source of wealth will be unstoppable! This means that the east side is not bright and the west side is bright, and my mother always has a solution!”

After finishing speaking, Elaine said with a look of annoyance, “Oh, his grandma, why didn't I think of it earlier?” I thought I wouldn't come here! It's tiring!”

After speaking, he looked at Claire again, and said, “Go! Claire, send mom home, I'll find a good son-in-law!”

Claire was helpless Said “Mom... don't bother charlie!”

Claire's words made Lin Wan'er (Alani), who had already walked to the door, startled suddenly.

She murmured in her heart, "It's charlie again? I've been in Jinling for two days, and I've been inseparable from charlie every day. Is that why I have a relationship with him? Then who is the son-in-law of that rough woman just now? charlie? Is that charlie from the Yanjing Ye family I'm looking for?"

Thinking of this, she subconsciously looked back at Claire, thinking, "This young woman looks about the same age as the charlie I'm looking for. In addition, there are not many people with the same name as charlie, and even fewer people of the same age. Could it be that the charlie I am looking for is already married? The wife is the woman in front of me?"

"I think she is about the same age as charlie, appearance, and temperament are not bad, and they can be regarded as one in a million, but her mother is really dumbfounding..."

"It's not that I haven't seen those rough women who say nothing, but even an illiterate shrew She is really fearless..."

"charlie's status is considered prominent, and his personal strength is unmatched. Why is there such a vulgar mother-in-law? It's really weird..."

Claire didn't notice that outside the palace gate, the beautiful girl was looking at herself and her mother Elaine.

She was busy trying to persuade Elaine to give up the idea of asking charlie to show her Feng Shui.

Because Elaine took it for granted and said, "charlie is my son-in-law, he can help so many people see Fengshui, can't he help my mother-in-law take a look?"

Claire sighed and said, "Oh, mom, don't you talk about it Can't you let charlie know? Besides, things like Feng Shui should be very macroscopic. It solves big problems on a macroscopic level. It must not be very concrete, so how can you control the popularity of your live broadcast room? The fuel consumption of our car is so high, can it be possible to let charlie show you Fengshui, and the fuel consumption can be reduced? It's not realistic at all..."

"That's right..." Elaine said dejectedly, "Forget it, anyway. I have brought all the words I should bring to the Buddha today. It depends on whether the Buddha gives me face. If he gives me face, not only will I be able to get along, but souna will also be unlucky. If he doesn't give me face, then I will never come to him again. ..."

As he said that, Elaine suddenly realized and asked Claire in a low voice, "Claire, do you think the Buddha took souna's benefits first?"

” He whispered to the Buddha, “Buddha, I’m sorry...my mother is outspoken, please forgive me...”

After finishing speaking, he quickly helped Elaine out.

Elaine had no choice but to follow Claire and limped out.

When her mother and son came outside the hall, Lin Wan’er (Alani) had disappeared. Elaine originally wanted to find her to quarrel with her, but she looked around and saw no one, so she could only follow Claire. Out of the temple, ready to go down the mountain.

And when they started to go down the mountain, Lin Wan’er (Alani) appeared not far behind them again, silently watching their backs, and then looked at her mobile phone.

On the phone, there was the photo of Claire helping Elaine out of the gate of the temple, which was secretly taken by Lin Wan’er (Alani) hiding behind the crowd just now.

Later, she sent this photo to Sun Zhidong, and sent another message, “Old Sun, find a way to help me check this mother and daughter, I want all their information!”

## **The Amazing Son In Law Chapter 5393 -**

Although the information of Claire and Elaine has not been encrypted, it is not easy for Sun Zhidong to find out all the identities of the two through a candid photo.

At the very least, it is still difficult to find out in a short time.

So, Sun Zhidong called Lin Waner and reported on the phone, “Miss, do you have any other information about these two people? If you have other information, it will be relatively easier to investigate.”

Lin Waner thought for a while and said, ” I don’t have much information here. That girl may be charlie’s wife, but charlie’s information is encrypted, and we don’t know charlie’s current ID number. Information about charlie’s woman?”

Sun Zhidong replied, “Since charlie’s information is encrypted, then we use charlie as the starting point, even if we call out all the information about the woman who married charlie, here There won’t be the person you are looking for.”

Then, Sun Zhidong said again, “But with the photo you sent, we can try to use the portrait comparison system to run first, but because the angles of the photos of the two people are different, It’s too standard, put it into the system for fuzzy comparison, at least thousands of similar people will be found out, and then manual comparison will be performed from the results.”

Lin Wan'er (Alani) thought of something, and said, "Oh, that's right. , although I don't know the information about the two of them, but I heard them mention a woman named souna, this young girl called souna her aunt, and souna must be over fifty years old; "

In this way, you don't need to look up the photos, first help me look up all the women in Aurous Hill named souna who are over forty-five and under sixty-five years old. social relationship, to see if anyone can match these two people, 'Qian' is not a common surname, although it ranks second in a hundred surnames, but the population is not large, coupled with the two layers of screening of Aurous Hill and age, those who meet the requirements I'm afraid one hand is enough."

"Okay!" Sun Zhidong said without hesitation, "Miss, don't worry, I'll arrange it now!"

Previously, Lin Wan'er (Alani) only gave Sun Zhidong photos of Claire and Elaine, but did not have any other information, so it would take at least a few days or even dozens of days to find someone.

But with the clue of souna, everything became much easier.

As Lin Waner said, there are not many people with the surname Qian, and there are only more than thirty people whose first name is pronounced souna in Aurous Hill.

Moreover, the age span of these "souna" ranges from a few years old to more than seventy years old.

Then filter out those who are not of the age required by Lin Wan'er (Alani), and there are only four people who meet the requirements.

It is too simple to check the social relationship of these three people.

All of them are ordinary people without any hidden information. Just click on her social relationship in the system, and the system will immediately generate a tree table, listing and displaying all her three generations of blood relatives.

Since the young girl Lin Waner wanted to investigate was called Aunt souna, Sun Zhidong first looked at the blood relationship of the three souna to see who had a brother-in-law, and there was a daughter in the family of the brother-in-law.

The first one, souna, is sixty-two years old. Although she is already married and has raised two children, her husband has no younger brothers at home, only an older brother and a younger sister.

The second souna, forty-nine years old, is already married and has a son. Although her husband has a younger brother, that younger brother has two sons and no daughter, so what Lin Waner said The situation does not match.

The third souna, fifty-five years old, married thirty-three years ago and gave birth to a pair of twin sons. The husband has two younger brothers, both of whom have daughters. Sun Zhidong obtained the information of the two daughters. After posting the message, I found that the photo did not match the one sent by Lin Wan'er (Alani).

Then, the fourth souna jumped into view.

This souna, fifty-five years old this year, married a man named Xiao Changqian 31 years ago, gave birth to a son named Harold 30 years ago, and gave birth to a daughter named Wendy 27 years ago. .

## **The Amazing Son In Law Chapter 5394**

And Xiao Changqian has a younger brother named Jacob.

Jacob married a woman named Elaine twenty-nine years ago, and gave birth to a daughter named Claire twenty-eight years ago.

In this way, it is basically consistent with the names, age ranges and kinship of the characters mentioned by Lin Wan'er (Alani).

Afterwards, Sun Zhidong checked the file information of Elaine and Claire, saw their ID photos, and compared them with the photos sent by Lin Waner, he immediately confirmed that these two people were the ones Lin Waner asked him to investigate two people.

When Lin Wan'er (Alani) returned to Zijin Villa, Sun Zhidong had already obtained all the information of these two people. Seeing Lin Wan'er (Alani), he said respectfully, "Miss, you just came back. I have already found out the two people you asked me to check." "

Lin Waner happily asked, "So fast? Show me!"

Sun Zhidong handed the phone to Lin Waner with both hands, and said respectfully, "Miss, please take a look."

Lin Waner glanced at Elaine's photo, which is Elaine It was left when I changed my ID card a few years ago. Although she is younger than now, her facial features have not changed much, so Lin Wan'er (Alani) recognized her at a glance, and said with a smile, "That's right! That's the person I'm looking for."

Saying, She didn't look at Elaine's information anymore, but directly looked at Claire's column.

While looking at it, he said, "It shows that Claire is married. Can I use her to check her husband's information?"

“Yes.” Sun Zhidong hurriedly said, “But I didn’t call Claire’s relatives just now. It doesn’t matter, you wait a moment.”

Lin Wan’er (Alani) handed back the phone to him, and Sun Zhidong inquired about Claire’s spouse in that special software.

And this information is Charlie’s identity in Aurous Hill.

Although his identity at this level has been encrypted, according to the logic of encryption, once someone checks him from Claire’s level, the authority of this road is unblocked, so Sun Zhidong can easily check Charlie’s current level. Information about identity.

And the reason why Stephen Thompson left this channel after Charlie and Claire got married was because he was afraid that Claire would find something when he bought a house, got a loan, or carried out other social activities that required access to data files.

Moreover, Stephen Thompson also believed that. Believe me, if someone wants to investigate Charlie and find out about Claire, there is no need to hide Charlie’s identity in Aurous Hill. After all, Claire is his current wife. If you hide it, it will be self-defeating.

Lin Wan’er (Alani) looked at this piece of Charlie’s identity information, and said excitedly, “The initial job of finding Charlie has been completed, I really didn’t expect it to go so smoothly...”

After that, she couldn’t help sighing, “Help Charlie hide. The person with the identity is really smart, and his tactics are sophisticated and logical. After Charlie disappeared, he actually arranged Charlie into the orphanage, and made a new one for Charlie on the collective account of the orphanage. Status!”

“He can make so many articles on the orphanage, which proves that this orphanage must be under his complete control, and it is very likely that all the staff of this orphanage are under his command!”

Lin Wan’er (Alani) He sighed, “No wonder so many people started looking for Charlie from Aurous Hill, and they couldn’t find him after twenty years of searching. It turns out that he has been hiding in Aurous Hill! And he was perfectly hidden by a special orphanage! This kind of means, flawlessly fooled everyone who wanted to find Charlie!”

Sun Zhidong said with a smile, “Miss, this trader is indeed very powerful, but he still hasn’t been able to fool you! You have only been in Aurous Hill for two days, and you are already. All the information you want to investigate has been investigated, and with all due respect, I have never met anyone who is smarter than you, Miss.”

Lin Wan'er (Alani) shook her head and said seriously, "The reason why I was able to find Charlie so quickly is because Personal cleverness can only account for one third at most, the other third is due to Charlie's misjudgment of me in Northern Europe, and the remaining third is due to luck!"

"If I don't know Charlie's surname is so, if I only rely on a one-sided relationship, I may not be able to find him in twenty years;"

"If I didn't happen to see that Claudia on the first day of Aurous Hill University I'm afraid I'll have to look for him for a long time in Aurous Hill;"

"If I hadn't happened to meet his wife and his mother-in-law today, I wouldn't have found out his current identity information so quickly..."
