

The Amazing Son In Law Chapter 5411 -

Seeing Mrs. Jiang's son come back, Isaac Cameron's first reaction was to find a way to stop him, so as not to delay Charlie's discussion with Mrs. Jiang.

However, at this time, Charlie had already persuaded Mrs. Jiang to move to Shudu, so he walked out the door and said across the yard, "Old Isaac, come in!"

Isaac knew Charlie. Having finished talking about the business, he said to Mrs. Jiang's son, "Come on, let's go in!" The

two entered the yard, and Mrs. Jiang's son happily shouted, "Mother, look what I hunted! Two Pheasants!"

Mrs. Jiang came out quickly, and said with a smile, "Yaoer, you are really amazing, you can hunt two pheasants in just this short time."

After speaking, she called him in.

It was already late at this time, and the visibility in the yard was not high, and Mrs. Jiang's son didn't see any abnormalities in the old mother, but when he entered the room, he was surprised to find that his old mother suddenly became much younger!

He said with horror on his face, "Mother...you...you have become so young?! Even your hair is more than half black, this...this is too amazing..."

Mrs. Jiang said in a low voice, "Son, don't make a fuss, this distinguished guest brought some supplements and foreign health medicines for my mother. After my mother took it, her hair became darker a lot, but you must not tell others, I understand. Is it?"

Mrs. Jiang's son nodded without hesitation, and said with a smile, "Don't worry, mother, I won't tell anyone."

"door."

"Now?" Mrs. Jiang's son asked in surprise, "Mother, why don't you kill the chicken and leave after eating?"

"Don't eat it." Throw it in the yard."

Mrs. Jiang's son hurriedly said, "These two chickens are about to die. If they are thrown in the yard, weasels and other wild animals will pick them up at night. Wouldn't that be a waste of money?"

The old lady said, "It doesn't matter, just grab it. Now that you have decided to go, you must hurry up, so as not to have long nights and dreams."

charlie also nodded and said, "It's getting late now, and there is still more than an hour to go down the mountain. Even if we set off now, go down the mountain." After driving to Shudu, it will be midnight when we get there. If we kill chickens and cook again, it will be dawn when we get there." The

old lady said to her son without hesitation, "Yaoer, take the time to clean up, we have to Hurry up and go."

Seeing the old lady's firm attitude, the son stopped insisting, and quickly said, "Then I'll pack it up now." The

old lady added, "Just bring the necessities, and don't bring anything else."

...

Ten minutes later.

The old lady extinguished the firewood in the stove with a ladle of well water, and walked out of the house together with charlie, Isaac Cameron, and her youngest son.

The old lady looked at the dilapidated house door reluctantly. She knew that she would never come back after leaving this time.

But her son didn't know that leaving home this time was a farewell to his family. At this moment, under her instructions, he locked the door carefully without making any sound.

The Amazing Son In Law Chapter 5412 -

According to the old lady's opinion, since you want to leave here, try not to disturb other people, so as not to stop others from asking questions, or make more suspicions, and disappear directly from the world, which is the best way.

Fortunately, at this time, the village was completely dark, and it was time for dinner for the only dozen or so households. From going out to leaving the village, they didn't meet anyone else.

After walking on the mountain road for more than an hour, the four of them arrived at the village where the off-road vehicle was parked. Isaac Cameron got into the vehicle and headed northward all the way to Shudu.

Although the mountain road is rugged, fortunately, as long as you drive out of the country road and get on the highway, you can go all the way without hindrance.

The off-road vehicle galloped all the way, and arrived at a villa area outside the second ring road in the southwest of Shudu at around twelve o'clock in the middle of the night.

This villa area is very close to the urban area, next to the ring road, and there is a subway station at the entrance of the community, the location is very convenient.

The villa area is not too big, and the room types are not too big. Basically, they are three-story villas of more than 200 square meters, with a small courtyard of about 40 square meters.

The members of the branch of the wade family in Shudu scattered out to look at the houses early this morning. One of the business managers selected this community, found several intermediaries, and pulled out a list of more than a dozen houses listed for sale in this community. Read it again.

Since the delivery time of the community is only three or four years, most of the houses here are relatively new, and there are even rough houses that have not been renovated.

After the business manager screened all the listings, he found that there was a villa listed for sale that was the most suitable.

The former owner has just moved in for less than two years, the decoration is very new and the home appliances and furniture are very complete. Because the business turnover needs funds, it is listed for urgent sale.

Coincidentally, when the former owner bought this community, he also bought a nearly 100-square-meter shop at the bottom store at the door. Due to the rush to cash in, the original tenants rented out after the rent expired last month. He didn't renew the contract, but temporarily left the store empty and wanted to sell it as soon as possible.

The store is just on the way from the community to the subway, with a large flow of people, it is suitable for opening a small supermarket or convenience store.

Since the house can be moved in with bags, and the decoration grade is relatively high, and the owner happens to have a shop for sale, so Isaac Cameron's subordinates directly bought the house and the shop at the entrance with full payment in the name of the Shu Capital branch. down.

The former homeowner did not expect to meet such a straightforward customer, and he paid the full amount in one go without waiting for a bank loan. For a person like him who is eager to cash out, he is simply the best customer, so he also gave the price to him. A lot of concessions, the overall price is very high.

The Amazing Son In Law Chapter 5413 -

When Isaac Cameron arrived at the entrance of the community, he parked his car at the door of the store he had already bought. Seeing four people get out of the car, two young men walked out of a Mercedes-Benz commercial vehicle at the door, and the two walked quickly. When they came to Isaac Cameron, one of them said respectfully, Mr.

isaac”, I am the general manager of Shangri-La Palace in Shudu. My surname is Li and my name is Jeram!

” Business manager, my surname is Wang, and my name is Wang Yimin.”

Since charlie became the head of the wade family, Isaac Cameron has been the person in charge of Shangri-La Palace around the world, and the direct leader of Shangri-La Palace in various places. Although the general manager of Shangri-La Palace in Sichuan has never met charlie, but But he knew that Isaac Cameron was his immediate boss, so he was naturally extremely respectful.

Isaac Cameron nodded slightly, glanced at charlie, and saw charlie shaking his head slightly, so he knew that charlie didn’t want to reveal his identity, so he asked Jeram, “Manager Jeram, show us the store we bought first.”

Jeram pointed at the door behind him and closed his eyes . Locked shop, and introduced, “Mr. isaac, this is the shop we bought today. I inquired about it. It used to be a convenience store, and the business was very good. However, because the owner was anxious to cash out, I didn’t renew the lease with them. Now It’s already vacated.”

Isaac Cameron nodded, and said, “Show us.”

Jeram said respectfully, “Mr. isaac please.”

Then, he quickly walked two steps, opened the door of the shop, and at the same time turned on all the lights inside .

Since the shop was vacated a month ago, and the original owner asked someone to clean it up and paint it again in order to sell it at a good price, so it looks really bright and spacious. In this location, whether it is for catering or cooking Retail is a very good choice.

charlie went in and looked around, and was very satisfied with this shop. The monthly rent for such a shop would not be less than 20,000 yuan, even if Mrs. Jiang, mother and son did nothing but rent it out If they go out, the rental income is enough for their mother and son to live.

The old lady Jiang on the side was also very surprised. She thought that the small shop that charlie mentioned was about 20 to 30 square meters. Even if the square meter is even higher, it will cost several million to buy it.

Thinking that charlie would give this shop to herself and her son, Mrs. Jiang couldn’t help feeling a little nervous. In her opinion, this shop was indeed too expensive for her to accept.

At this time, her son hadn't realized that the store would belong to him and his old mother, but he couldn't help but sigh, "Mother, this place is really bright!"

charlie nodded and said, "It's really bright, suitable for a medium-sized supermarket, There are many houses nearby, and it is next to the subway, so the traffic in the future will definitely not be bad. Selling cigarettes and water alone may be a lot of money. If online food delivery is opened again, the business will be even better. If you work hard It should be easy to make a profit of 10,000 yuan a month."

Mrs. Jiang's son asked with a smile, "Is this shop yours?"

charlie shook his head, "No."

After that, he looked at Mrs. Jiang and asked "Grandma, are you still satisfied?"

Mrs. Jiang said nervously, "Grandfather...is...is this too expensive..."

charlie lowered his voice and said with a smile, "If you follow Huichun Dan, or Feng The value ratio of the bone vine is probably even less than one ten-thousandth. To tell you the truth, as long as I am willing to sell it, even if I offer 10,000 sets of shops for a rejuvenation pill, there will be a lot of people You rush to beg me, but to me, the value of Rejuvenation Pill is not as precious as the phoenix bone rattan bracelet you gave me, so you don't have any pressure in your heart when I give you these things, just treat it as I will make up the price difference for your bracelet. You have such a shop, take good care of it, and it can support three generations. You can take your son to work steadily, and you will be on the right track in less than three months. "

The Amazing Son In Law Chapter 5414 -

Mrs. Jiang knew that charlie was her noble person, not to mention how much the phoenix bone vine was worth, but he saved the lives of herself and her son, which cannot be measured by any amount of money.

However, she also understood the meaning of charlie's words, knowing that charlie didn't want to get too entangled in the value of the shop, and hoped that she could accept it with peace of mind.

She is also very clear that all this is just like how her ancestors were rescued by Meng Laozu back then. Although she is grateful and ashamed of charlie, but at this time, her best choice is actually to listen to charlie. Arrangement, just like the ancestors obeyed the arrangement of Meng Laozu back then.

So, she didn't say much anymore, and just said gratefully , "Thank you benefactor! Thank you!"

charlie smiled lightly, and said, "Okay, Grandma, let's go and see the house you will live in in the future."

After finishing speaking, he winked at Isaac Cameron, and Isaac Cameron said to the two of them, "Okay, you have chosen a good shop, and your work efficiency is also good. Later, each of you will receive three months' salary as a bonus!"

"Isaac Cameron stretched out his hand to interrupt, and said, "Come on, take us to the villa."

The villa they selected was only three or four hundred meters away from the shop, because the payment was very happy today, and the original owner did not have lunch. After not eating, they began to direct the moving company to move, and the two subordinates, Isaac Cameron, were also very reliable in their work. While the moving company was packing the original owner's things, they directed several cleaners to start cleaning.

In addition, the employees were also arranged to purchase a batch of very exquisite daily necessities. Not only were the daily necessities such as pillows and quilts, toothpaste and towels neatly bought, but even pots and pans, daily necessities, rice, oil and salt were also fully prepared.

When charlie and Isaac Cameron first entered this villa, their first impression was that this villa was a sample room left by the developer, and it was perfect in every way.

This three-story small villa equipped with a home elevator left Mrs. Jiang speechless in shock.

She really didn't expect that when charlie said that he would arrange a house for himself, it would be a luxuriously decorated, clean and tidy villa.

charlie took her to visit together, taking advantage of no one, said to the old lady in a low voice, "Grandma, from now on you will live on the first floor and let your son live on the third floor. There is such a house, and there is another house outside." Set of shops, as long as you manage it well, your son will definitely become a favorite in the blind date market. It will be easy to get married within a year or two. If he gets married, the young couple will live on the third floor, and you will be separated from each other on the second floor, and will not disturb each other. If he has a child in the future and the child needs to live by himself, he will let the child live on the second floor. There are four bedrooms here, and two children are enough. In this way, the Jiang family will continue the incense. You definitely don't need to worry about things."

Mrs. Jiang also knows that with these material foundations, it is no problem for her son to find a wife and have two children. My life path has also become smoother many times.

Thinking of this, she said with red eyes, "Grandpa... I really don't know how to thank you..."

charlie smiled and said, "No need to say thank you, I will come to see you again when I have time in the future. If I am busy, I will also thank you." Arrange for people to come and take care of them frequently, my family also has some local property and manpower, but they can take care of everything."

Then, charlie said, "I will ask them to help arrange the opening of the supermarket. As for the shops and Regarding the property rights of the villa, let them take you to the housing management bureau tomorrow to complete the transfer, but I will let them take you to apply for a local bank card and mobile phone card tomorrow. Although the house and shops have been settled, but You still need to prepare for the daily expenses. After the card is completed, I will ask someone to deposit one million cash in your card. The reason why I don't give you too much money is also because I am worried that more money will cause disasters. , but if you have any difficulties, whether it is trouble, financial constraints, illness, or unfilial daughter-in-law, you can tell me as soon as possible, and I will definitely not sit idly by."

Mrs. Jiang said with some fear, "Well Gong, you have done so much for us, how can I ask for your money..."

charlie smiled and said, "Grandma, you don't need to worry too much, just let me arrange everything."
