

## The Amazing Son In Law Chapter 5419 -

With the disappearance of the picture, the subtle aura in the picture scroll has also disappeared, but when Charlie looked at the picture again, he couldn't help thinking of the picture of Mason in his mind, and felt that Mason in this picture seemed more lively and vivid on paper.

He couldn't help guessing in his heart what the tone of Mason's life after leaving that mountain village would be.

Although his lifespan has been extended, there seems to be no important person in his life. His wife and children have passed away long ago, and his only son and apprentice have also been buried in the ground. Only him who is still like a middle-aged man remains.

With his character obsessed with cultivation and longing for longevity, perhaps after he left the mountain village, he would still choose to return to his cave somewhere and continue to practice silently by himself. Year and month, which dynasty and generation.

When life is only left to practice day after day, all his joys, sorrows, sorrows and joys can only be reserved for himself, and he can't find anyone to share or share.

That feeling, in Charlie's view, is not seeking longevity, but seeking loneliness.

He felt that once a person gave up his emotions and six desires, and fell into that kind of endless loneliness, no matter how long life was, it would lose its true meaning.

And Charlie couldn't help thinking, if people around him were getting old as time went by, what would happen to him?

Although the Rejuvenation Pill is good, the effect will be worse the older you get. With the Rejuvenation Pill, it is no problem for ordinary people to live to be more than a hundred years old. I am afraid that a large number of Rejuvenation Pills will be needed to support the ceiling of living to two hundred years old.

Even if I am willing to give them enough Rejuvenation Pills, are they really willing to continue to use Rejuvenation Pills to continue their lives at that age?

It is not uncommon for a person to live to a hundred years old, but the whole world has never heard of it.

If you keep rejuvenating the people close to you, so that they will always live and will not grow old, then they must stay away from everyone who knows them but does not know their details at a certain critical time, otherwise it will definitely lead to countless people questioned.

This also means that everyone has to find a hidden place to hide from the secular world at a certain time. At that time, they and the people around them will try their best to avoid the normal world like the werewolves or vampires in Marysouri in the West. people's attention.

For such a life, charlie didn't even need to ask the people around him, he himself was the first one not to accept it.

Thinking of this, charlie couldn't help feeling a little depressed.

Although I don't need to worry about this matter in the next twenty or thirty years, it is a big trouble that cannot be avoided as long as I live.

charlie sighed softly, put away the scroll, and stayed up all the way.

...

Since the capital of Shu is not far from Aurous Hill, the plane arrived at Aurous Hill Airport in just over two hours.

At this time, the sky hadn't even brightened yet.

charlie and Isaac Cameron got off the plane, and Isaac Cameron's subordinates were already waiting here.

Isaac Cameron respectfully asked charlie, "Master, it is still an hour before dawn, would you like to go to Shangri-La to rest for a while?"

charlie thought for a while, then waved his hand and said, "Arrange a car for me, and I will go to the hot spring in Champs Elysees by myself." Let's go to the villa, I'll go there to have a rest and go home at noon."

charlie didn't want to take Mason's portrait home, because it was difficult to explain to his family, and he was afraid that he was the vice president of the Painting and Calligraphy Association. The father-in-law saw it and used it to pretend to be a wolf with a big tail. Thirdly, he was afraid that his mother-in-law, Elaine, would be out of money one day, and his mind would get hot, so he secretly took out the painting and sold it.

Therefore, he planned to put the painting in the Champs Elysees Hot Spring Villa before dawn.

Although the family members of that villa knew about it, since the upgraded door locks were all face and fingerprint recognition, only he could open it, so he didn't have to worry about being known by his family.

When Isaac Cameron heard that he was going to the Champs Elysees Hot Spring Villa, he hurriedly said, "Then I'll take you there!"

charlie shook his head and said, "Don't bother, you have been tossing around all day, go back and rest first, I can go there by myself."

Seeing charlie's insistence, Isaac Cameron nodded immediately, and asked his subordinates to take one of the Rolls-Royce Si gave charlie the car keys, and said respectfully, "Master, you can contact me anytime if you need anything."

"Okay." charlie took the car keys and said to him, "Then I'll go first."

", charlie drove to the Champs Elysees Hot Spring Villa alone. After arriving at the villa, he put the painting into the safe on the basement floor of the villa.

After doing this, charlie came to the indoor hot spring pool of the villa. Since the Champs Elysees Hot Spring Villa has its own exclusive hot spring springs, and it was bought out from the local area for decades, the geothermal hot spring water is affected by geology. It flows continuously for 24 hours, so when the residential area was designed, the hot springs in the home were designed as 24-hour non-stop flowing water to ensure that the owner's home has a pool of clean hot spring water at any time, which is also the biggest selling point of the community one.

charlie also doesn't plan to go home too early, it's strange to go back early in the morning, not to mention, his wife Claire must feel that it is very hard for her to stay up late to go back, so she might as well take a rest here and go back at noon or afternoon.

So, he unhurriedly took off his clothes and soaked in the hot spring pool.

After running around for several days, although charlie hardly felt tired, he still didn't relax himself.

Today just happened to be free, so he soaked in the hot spring by himself for a while, which made his body and spirit a lot easier.

At 10:30 in the morning, a Cathay Pacific Airbus A321 landed safely at Aurous Hill Airport.

This plane is the earliest of the three direct flights from Hong Kong Island to Aurous Hill.

After the plane landed, the first-class flight attendants lowered the curtain between the first-class cabin and the economy class according to the usual practice, and let the passengers in the first-class cabin get off the plane first.

Just as the cabin door opened, a young woman wearing sunglasses and a mask couldn't wait to stand up, picked up her handbag, and walked out of the plane impatiently.

This young woman is Mia (Liu Manqiong), the eldest lady of the Liu family who just came to Aurous Hill from Hong Kong Island.

The reason why Mia (Liu Manqiong) came to Aurous Hill early in the morning was because Aurous Hill University invited her to come to the school today to participate in the interview for the talent introduction plan.

Aurous Hill University is very interested in Mia (Liu Manqiong), a top student who has just received a Ph. After all, the university is a public university, and the recruitment process must be followed, so Mia (Liu Manqiong) was invited to come over.

Not long after Mia (Liu Manqiong) received her Ph.D., she was invited by Aurous Hill University for an interview. She was naturally very excited, so she booked her flight ticket early and flew over early in the morning.

When Lau Ka Fai learned that his daughter was coming to Aurous Hill for an interview, he originally insisted on arranging a private jet to bring her here in person, but Mia politely declined his offer.

It's not that Mia (Liu Manqiong) is still dissatisfied with her father, the main reason is that she didn't want to be too ostentatious when she came to Aurous Hill this time.

Mia (Liu Manqiong) knew very well that Aurous Hill, as Charlie's base camp, had any obvious turmoil, and Charlie would definitely know about it. If his father came to see him off in person, not to mention that Charlie would definitely receive the news, even the Aurous Hill media would probably follow up and report on it.

And her plan was to never let Charlie know about this before she got the official acceptance notice from Aurous Hill University, so as not to be looked down upon by Charlie if she failed to get the position.

What's more, what she wanted was to give Charlie a surprise, so she had to wait until she got the employment notice, and then choose an opportunity to let Charlie know.

Because of this, she refused to agree with her father's proposal, and planned to keep a low profile and keep a low profile, so she flew over alone.

Since the relevant person in charge of Aurous Hill University also knew that Mia (Liu Manqiong) was in Hong Kong Island, they specially set Mia (Liu Manqiong)'s interview time at 3 o'clock in the afternoon. There is plenty of time, not too rushed.

And Mia (Liu Manqiong) also booked a flight ticket back to Hong Kong Island at 9:30 pm according to this time. Under normal circumstances, the interview will definitely be over before 6 pm. No matter whether she can get the result or not, she plans to return to Hong Kong Island first. , so as not to be known by charlie.

This is why Mia (Liu Manqiong) has to wear sunglasses and a mask all the way on the plane.

Ten minutes later, Mia (Liu Manqiong) had already appeared and walked out of the airport, ready to take a taxi to Aurous Hill University first. Although the interview time was in the afternoon, she also wanted to take advantage of the gap to learn about the situation of Aurous Hill University and the surrounding areas. environment.

However, when she just walked out of the airport, a middle-aged woman came up and asked respectfully, "Excuse me, are you Ms. Mia (Liu Manqiong)?"

" Asked "Who are you?!"

Seeing that Mia (Liu Manqiong) was a little nervous, the other party quickly explained, "Miss Liu, don't be nervous. My name is Li Shuxian. I am Mr. Qiu Yingshan Qiu's housekeeper in Aurous Hill. He asked me to come to the airport to pick you up as a guest at home and have lunch by the way!"

" Southeast Asia has always been closely connected. Lau Ka Fai has personal relationships with many wealthy people in Southeast Asia. Qiu Yingshan was a friend of Lau Ka Fai's father in the past, and later had many business contacts with Lau Ka Fai, so Lau Ka Fai is more like a nephew to Qiu Yingshan.

When Liu Jiahui learned that Mia (Liu Manqiong) was going to Aurous Hill, he wanted to go with him, but was rejected by his daughter. In desperation, he had no choice but to call Qiu Yingshan and ask him to arrange someone to take care of Mia (Liu Manqiong).

Liu Jiahui didn't know that Qiu Yingshan was in Aurous Hill, but he knew that Qiu Yingshan had always had a property in Aurous Hill, and someone took care of it. He mainly felt sorry for his daughter's inconvenience in an unfamiliar place, so he thought about asking Qiu Yingshan to help arrange A housekeeper and a driver, at least after my daughter arrives in Aurous Hill and before she leaves Aurous Hill, she doesn't have to worry about traffic.

But by coincidence, Qiu Yingshan happened to be in Aurous Hill.

Knowing that Liu Jiahui's daughter was coming, he planned to arrange for sister to pick up Mia (Liu Manqiong) at the airport and invite Mia (Liu Manqiong) to have a light meal at home.

When Liu Jiahui heard that Qiu Yingshan was in Aurous Hill, he was naturally very happy, so he immediately informed him of his daughter's flight number.

Even, when he sent Mia (Liu Manqiong) to the airport this morning, he took advantage of Mia (Liu Manqiong) not paying attention when he got off the car, and secretly took a photo of Mia (Liu Manqiong)'s clothes.

sister also relied on this photo to recognize Mia (Liu Manqiong) wearing sunglasses and a mask at a glance.

But how did Mia (Liu Manqiong) know this.

All she knew was that on Hong Kong Island, children of wealthy families were kidnapped not once or twice, and the most sensational one even shocked the world.

So when she was suddenly recognized in Aurous Hill, and the other party moved out of Qiu Yingshan, her first thought was that there was danger.

Although she knew Qiu Yingshan and met Qiu Yingshan before, she didn't trust this sister, so she shook her head and said, "I'm sorry, you may have misidentified the person."

After that, she turned around and went to a crowded place Walk.

sister quickly caught up with her, and said, "Miss Liu, if you don't believe me, you can call your father. He was the one who told my husband that you are coming to Aurous Hill."

"My father?!" Mia (Liu Manqiong) Frowning, at this moment, the phone rang suddenly, she picked it up and saw that it was her father calling.

So, she immediately connected to the phone and asked, "Dad, did you tell other people about my coming to Aurous Hill?"

"Grandma is in Aurous Hill. I wanted him to arrange some subordinates to take care of you. I didn't expect him to say that he is in Aurous Hill. He was so happy to hear that you were going. He said that he must come to your house to sit and sit. Have a casual meal, your grandpa Qiu and your grandpa are eight worship friends, you must not lose face!"
