

The Amazing Son In Law Chapter 5423 -

Hearing Liu Jiahui's words, Mia (Liu Manqiong) was relieved.

Immediately, she couldn't help but muttered, "Dad, since Grandpa Qiu and Grandma Qiu are here, why didn't you tell me earlier so that I could prepare some gifts in advance, and now it makes me come home empty-handed, how inappropriate..."

Liu Jiahui laughed and said, "As far as your personality is concerned, if I tell you, you will definitely not want to go, and then you will definitely say that you are just going for an interview, and it is better not to bother others, and then you have to tell me not to take this matter. Tell people, I'm your father, and I don't know you yet?"

Mia (Liu Manqiong) was at a loss for words for a while, thinking about what her father said was not unreasonable, according to her own personality and the way she usually didn't get along with her father, she said It may be the result of a double block.

So she said, "Okay, then I will visit Grandpa Qiu and Grandma Qiu first."

Liu Jiahui said with a smile, "That's good! I will accompany you to have a good meal with Grandpa Qiu and Grandma Qiu. Come back soon, Dad will pick you up at the airport."

Mia (Liu Manqiong) said subconsciously, "No, I have to drive to the airport, just drive back by myself."

Liu Jiahui said casually, "It doesn't matter, I will ask Amei to help you drive the car back, just That's it, bye."

Before Mia (Liu Manqiong) agreed, Liu Jiahui had already hung up the phone.

Although Mia (Liu Manqiong) was helpless, she also knew that once he decided to do something with his father's temperament, he would find a way to achieve it no matter what. It was just going to the airport to pick him up, so he didn't need to be too repulsive.

So, she put away the phone and said to Sister , "I'm sorry, Sister , I misunderstood you just now, and I hope you don't mind." Sister smiled and said, "Miss Liu, why are you being polite

to me?"

, she pointed to a Rolls Royce not far away on the side of the road, and said, "The car is over there, Miss Liu, let's go."

“Okay.” Mia (Liu Manqiong) nodded, and followed Sister to get on the Rolls Royce, and then the Rolls-Royce drove towards Zijin Mountain Villa.

On the way, Mia (Liu Manqiong) and Lin Wan'er (Alani) looked left and right as if they had just arrived in Aurous Hill.

Sister in the co-driver looked back at Mia (Liu Manqiong), and asked with a smile, “Is this the first time Miss Liu has come to Aurous Hill?”

“Yes.” Mia (Liu Manqiong) nodded slightly, “

I haven't been here before.” I said, you are coming to Aurous Hill University to apply for a job this time. Let me ask you a question. You have never been to Aurous Hill before. Why did you choose to come to Aurous Hill from Hong Kong Island? In terms of urban development, Aurous Hill is still worse than Hong Kong Island. There are quite a few of them.”

Hearing this question, what Mia (Liu Manqiong) subconsciously thought of was the figure of Charlie.

When I came to Aurous Hill by myself, I naturally came here for Charlie, but I still don't know what the final result will be.

However, for Mia (Liu Manqiong), she always has to do what she decides before talking about it. It is not her style at all to talk about it on paper and just talk without practice.

However, Mia (Liu Manqiong) was unwilling to tell the truth, so she said to Sister, “I have stayed in Hong Kong Island for too long, and it is indeed enough. The first-tier cities in the mainland are relatively fast-paced, so I want to find a relatively comfortable one.” City, so I chose Aurous Hill.”

Sister nodded in agreement, and said with a smile, “The pace of life in Aurous Hill is indeed slower than that of the first-tier cities, and the environment is relatively comfortable. I have stayed here for many years. Now, I like it more and more now, and I believe you will feel the same after staying here for a long time.” As

she said, Sister said again, “If you decide to stay in Aurous Hill for development in the future, if you need help with anything in Aurous Hill, please feel free to You can contact me.”

After speaking, she handed over a business card with both hands, the business card is very simple, only the three words Li Shuxian, plus a string of mobile phone numbers.

“Thank you.” Mia (Liu Manqiong) took the business card, thanked her politely, and immediately asked her, “By the way, Sister , if I am sure to stay in Aurous Hill and plan to buy a house near the school for daily living, do you have any recommendations?”

Sister asked curiously, “What kind of house is Miss Liu looking for? A villa, or a flat?”

“Flat floor.” Mia (Liu Manqiong) said without hesitation, “I can’t live in a villa by myself. A well-decorated one-story apartment is the best, and it doesn’t need to be too big. It’s better to have a higher floor, so you can enjoy the scenery when you have nothing to do.”

Xian The elder sister thought for a while, and said, “The best real estate in Aurous Hill City is Tomson Yipin. This is a community with high and low levels of villas. All are delivered in hardcover, and they are sold as existing houses. What you see is what you get. The villas in this community are for sale. The price is basically tens of millions or even more than one hundred million, and the flat floor is about 10 million to 20 to 30 million, and the flat floor is a high-rise building, which meets your requirements, and it is not far from Aurous Hill University, so it is normal to drive It ‘s only a ten-minute drive.”

“Tangchen Yipin...” Mia (Liu Manqiong) nodded and thanked, “Thank you, Sister , I wrote it down, and after I get the entry notice, take the time to take a look.”

Sister smiled Said, “Miss mia, don’t worry. With your own conditions, it is definitely no problem to apply for Aurous Hill University. Aurous Hill University is now focusing on internationalization, and attaches great importance to foreign teachers and students from Hong Kong Island. If you have a doctorate from the Mainland, The competition may be fiercer, but it will be much easier for you as a Hong Kong Islander.”

Mia (Liu Manqiong) said in surprise, “Sister is really familiar with Aurous Hill, even the situation of Aurous Hill University!”

Sister smiled and said, “We My husband donated a lot of funds to Aurous Hill University many years ago. Although he seldom came over these years, he has been paying close attention to the situation of Aurous Hill University, and I work in Aurous Hill. To be honest, I am very leisurely. If Mr. and Mrs. don’t come, I just need Just take everyone to do a good job of sanitation and maintain the status quo of the manor, so those free time are basically used to understand all aspects of the city, so don’t look at me as a Malay, but I can definitely be regarded as a know-it-all in Aurous Hill. “

Mia (Liu Manqiong) nodded, and said with a smile, “If I have the opportunity to work in Aurous Hill in the future, I must know and learn more from you.”

Sister heard from her tone that she was still somewhat unsure about the position of Aurous Hill University, so she Seriously said, “Miss Liu, regarding Aurous Hill University, you can definitely rest assured that even if you don’t leave any relationship, your resume will definitely be able to be admitted. In recent years, mainland universities have

paid great attention to internationalization. Are you A native of Hong Kong Island and a graduate of the University of Hong Kong, this is definitely very rare for Aurous Hill University.”

Mia (Liu Manqiong) asked curiously, “Why do they pay so much attention to this aspect? Since it is a school, shouldn’t it be enough to do a good job in academic research?”

Sister laughed, “Look at schools like Harvard, Yale, and MIT. Why are they so famous? Global? Not only is their academic research well done, but it also benefits from the high-achieving overseas students they recruited around the world. Back then, many Chinese young people went to these universities to study, and after returning, they started their own companies and gradually grew into wealthy companies. Big entrepreneurs with tens of billions of dollars, when others talk about their resumes, the university they attended is an unavoidable topic. In this way, Harvard does not need to take the initiative to do any publicity in China, and it can be well known in China ;”

“Moreover, this kind of university is very, very focused on high-end alumni. All alumni who have gone out of them and have made great achievements in various industries are the objects they focus on maintaining and promoting.

The Amazing Son In Law Chapter 5425 -

This in itself is a very powerful force. Resources are of great benefit to the development and promotion of the school; “

“Take Harvard University as an example, the annual donations from the alumni association are worth billions, and many mainland entrepreneurs donate to Harvard, which is tens of millions of dollars Started, but look at Aurous Hill University. Under normal circumstances, the average donations received by alumni each year may not even have one percent of Harvard’s. This is also the reason why mainland universities are eager to internationalize quickly, and because The special situation of Hong Kong Island, Hong Kong Island is often a development direction for the internationalization of mainland universities.”

Mia (Liu Manqiong) said in surprise, “Sister , you really know too much. I have never thought about these things in the University of Hong Kong for so many years...”

Sister said modestly, “All I know is gossip. If ordinary people want to know, just pay more attention. Compared with elites like you who focus on academics, they are really far behind...” As

she said, Sister He also said, “If Aurous Hill University recruits you, a Ph. Only then can I say that you will definitely pass this interview.”

Mia (Liu Manqiong) nodded suddenly when she heard this.

Because she has never left Hong Kong Island very often, and she doesn't care much about things that have nothing to do with her, so Mia (Liu Manqiong) has never understood much about the situation that Sister said.

After listening to her words, Mia (Liu Manqiong)'s confidence is also a bit more than before.

...

at this very moment.

Zijin Villa.

Lin Wan'er (Alani) was listening to the cicadas under the tree in the courtyard.

She set up a vine hand-woven rocking chair under the tree, and set up a small bamboo tea table. On the tea table, there is a very small charcoal stove. The finished charcoal will not burst or break when burned, and there will be no smoke and dust, and even have a very special aroma.

On top of the charcoal stove, sits a handful of pottery Cho, and in it, a pot of dark red Pu'er tea is boiled.

Lin Wan'er (Alani) loves to drink tea. She usually starts to make tea and drink tea at breakfast, drink tea and read books after meals, have tea at lunch, read books in the afternoon and eat a few teas at random, and even at night. Tea is always in hand.

Moreover, Pu'er is a kind of tea with a strong soup color. Although Lin Wan'er (Alani) drinks tea constantly every day, her clean and bright teeth have never been stained by tea.

Just when she put down the book and picked up the teacup to take a sip, there was a light knock on the door, followed by Qiu Yingshan's voice, and asked respectfully, "Miss, is it convenient for you now?"

Lin Wan'er (Alani) smiled and said, "It's convenient, come in."

Qiu Yingshan then carefully opened the courtyard door and walked in slowly.

Lin Wan'er (Alani) looked at him and saw that he was hunched, panting silently, and sweat dripped on his forehead and cheeks, so she asked curiously, "Why do you need to come up in person? The stone steps are steep, and with your current body, you should be more careful." "

Qiu Yingshan swallowed, and then said a little breathlessly and weakly, "I... I have something to do, I want to report it to Miss face to face..."

Lin Wan'er (Alani) pointed to a low bamboo stool under the tree, and said, "Sit down and talk, just have a cup of tea."

The Amazing Son In Law Chapter 5426 -

Qiu Yingshan was flattered, nodded quickly, and even walked a few steps faster.

He first moved the bamboo stool, then came to sit down in front of Lin Wan'er (Alani), and said respectfully, "Miss... that's right, I... I have a granddaughter who just happened to come to Aurous Hill for an interview, so I invited her to the manor as a guest. By the way, have a home-cooked meal, because I just found out this morning, so please don't blame me for not reporting to you in advance."

Lin Wan'er (Alani) took a new teacup, rinsed it with tea, and said with a smile, "This is your place, you are the master, if you want to entertain guests, why should you report to me, I am just one of your guests."

Qiu Yingshan said without thinking, "Miss, this is the second thing I want to promise you. It's rare that you like this place, and I'm getting older, so I'm afraid I won't come here again after this time, so I want to give you the Zijin Villa as a gift, and I hope you can accept it!"

Lin Wan'er (Alani) was slightly taken aback, then shook her head and said with a smile, "I'm not sure how long I will stay here, you should leave it to your descendants."

Qiu Yingshan hurriedly said, "Miss, those descendants of mine have grown up in rich clothes and rich food, and their tempers are too impetuous. To be honest, they are not worthy of this. Giving them this kind of place is a waste of money, so please don't be polite to me."

Lin Wan'er (Alani) shrugged her shoulders, handed him the tea, and said with a smile, "Since you insist, then I won't be polite to you. One day I don't need this house anymore, and you are still alive, I will return it to the original owner, if you have left by then, then I will hand it over to your descendants."

Qiu Yingshan heard this, suddenly breathed a sigh of relief, and smiled, "It's all up to you."

Lin Wan'er (Alani) pointed to the cup of tea she poured for him, and said lightly, "Drink a cup, I see that you are out of breath, and you are really embarrassed. Next time, don't drink it." You have climbed so high, if you need me, you can call me or send me a WeChat message."

Qiu Yingshan respectfully cupped his hands and said, "I obey!"

As he spoke, he carefully picked up the teacup, took a sip, then looked at the piece of tea cake next to the charcoal stove, and asked tentatively, “Miss, this Songpin tea is still to your liking after drinking it.” Is this tea ?”

Qiu Yingshan asked someone to take it back from Hong Kong Island, and brought it to Aurous Hill as a gift to Lin Wan'er (Alani).

Pu'er tea, this tea cake has a history of hundreds of years, and it can be called the best of Pu'er tea. Lin Wan'er (Alani) wrote that she wanted Pu'er tea cake in the list she gave to Sister , but she didn't specify what kind of tea cake she wanted, so he bought it. Buy the most expensive and best.

Lin Wan'er (Alani) smiled slightly at this time and said, “The tea that can be sold for hundreds of millions of cakes in the market is naturally not ordinary. If you take the money and look for it in the market, this should be the most expensive and best Pu'er tea you can buy. “

As she spoke, Lin Wan'er (Alani) changed the subject and said with a smile, “But it's still far from my best tea cake.”

Qiu Yingshan said with a smile, “Everything that can be bought with money can't be bought.” It 's on par with Miss's treasures.”

Lin Wan'er (Alani) smiled slightly, and asked him, “Old Qiu, you should have something to tell me?” Qiu

Yingshan then laughed and said, “Sure enough, I can't escape Miss's insight!”

Said, “Miss, this is the case. The next granddaughter is going to Aurous Hill University to apply for a lecturer, and with her current conditions, this application should be very sure. I think you will go to Aurous Hill University to study in the future. She will be in Aurous Hill University It is fate to be here today as a professor at the university, you might as well take this opportunity to get to know her, and maybe she will take care of you in the future.”

“That's it...” Lin Wan'er (Alani) smiled narrowly, and said casually, “In this case If there is a destiny, then it's okay to get to know each other!”
