

The Amazing Son In Law Chapter 5435 -

“charlie conquered the Banks family and Wanlong Palace?!”

Hearing this, Sun Zhidong said in shock, “Miss... this... this is a bit exaggerated... The strength of the Banks family is stronger than that of the Wade family. Moreover, the strength of Wanlongdian cannot be measured by money, they have tens of thousands of mercenaries, and now it is said that they have built their own permanent base in the Middle East, how could this kind of organization be conquered by charlie?”

Lin Wan'er (Alani) He said lightly, “charlie's strength is far beyond what Wanlongdian can match. Otherwise, when the Banks family and Wanlongdian go to Yeling Mountain together, they will not leave any way for charlie to survive, although we don't know what Charlie will do that day.” What exactly happened on the mountain, but we can see from the results that charlie was not affected in any way, which is enough to prove that the Banks family and Wanlongdian completely failed on Yeling Mountain that day.” After a

pause, Lin Wan'er (Alani) said again, ” As I said just now, the enemy in charlie's eyes is the Po Qinghui (Benn). He is the same as me, and he has a sworn hatred against Po Qinghui (Benn), but he is much stronger than me. I am still chasing the Po Qinghui (Benn). Killing the Middle East and hiding in Tibet, exhausting his life, but he has already launched a real attack on the Poqing Society in the dark. From this point of view, how can the mere Wanlong Palace stop him? If he wants, in Yeling You can directly kill the number one person in the Wanlong Palace on the mountain!”

Sun Zhidong pondered for a moment, then frowned and said, “In this way, the outside rumors that the Wade family ceded half of their assets to the Wanlong Palace is actually a smoke bomb released by the Wade family! “

Lin Wan'er (Alani) nodded, and said seriously, “To be exact, it should be the smoke bomb released by charlie!

” Is there any special news or changes?”

“Changes?” The two looked at each other, and Qiu Yingshan said, “I don't know much about the situation of the Banks family, but Wanlongdian has heard about it. Let's take a look at their situation in Syria. They became very proactive, and quickly joined forces with Ysu Shipping to monopolize the armed escort in the Gulf of Aden, and they wiped out a pirate organization before, and they scared the pirates in the Gulf of Aden. , as long as the merchant ships escorted by the armed escort of Wanlongdian, no pirates will dare to approach.”

Lin Wan'er (Alani) nodded, “This transformation is not unsightly, and I think there should be expert guidance behind it.”

Sun Zhidong thought for a while and said, "It's strange to say that the news came out that day that the Banks family and the Wanlong Palace were on Yeling Mountain. After winning the big victory, the Banks family suddenly kept a low profile. Some people said that they made a lot of money in silence, but I always felt that they were very high-profile before they hit Yeling Mountain. There is no reason for them to be silent after winning. To make a fortune, isn't that the same as stealing one's ears and stealing one's bell? That's why I was always surprised by this matter. Later, the Banks family quickly changed the head of the family. The previous head, Lord Banks, retired and passed on the position of head of the family to him. 24 The eldest granddaughter, Zara banks."

"Passed to the eldest granddaughter?" Lin Wan'er (Alani) muttered with a puzzled expression, "Why do you choose a grandchild from the next generation to directly inherit the position of head of the family? Shouldn't you choose a son in the middle? "

Speaking, Lin Wan'er (Alani) asked Sun Zhidong, "Could it be

that the Banks family has few heirs?" There will be even more grandchildren in the years to come..."

"Strange..." Lin Wan'er (Alani) frowned and said, "Since there are five sons, why pass the position of head of the family to the eldest granddaughter directly? Not to mention that the eldest granddaughter is a girl, Simply saying that he bypassed his sons and directly chose his grandchildren to succeed him would easily arouse the dissatisfaction of the five sons, even that Zara banks's biological father would never be willing to accept the fact that he was directly ignored."

The Amazing Son In Law Chapter 5436 -

Speaking of this , Lin Wan'er (Alani) said again, "Back then, Ming Chengzu highly valued Emperor Xuanzong, but even so, Chengzu did not directly inherit Xuanzong, but first passed on Renzong for a while. Even if this Lord Banks really valued Zara banks, he should Pass the throne to Zara banks's father first, and then let her father pass the throne to her. In this way, Zara banks's foundation can be solidified. Otherwise, there will be a father, four uncles, and two aunts on top , she is a girl who directly takes the position, how can she hold it? Even if Lord Banks is always behind the support, it will be difficult for Zara banks to really control the Banks family."

Sun Zhidong thought of something, and said, "By the way, miss, Lord Banks will pass on the position of Patriarch to you. After Zara banks, people have retired, and it is said that they went to Africa to enjoy life."

Lin Wan'er (Alani) frowned even more tightly, "He helped Zara banks onto a fierce horse, and then he retired directly without taking her a ride and helping her tame the fierce horse?! If he does this, Zara banks will have a day! It's impossible to suppress such a great ability!"

Sun Zhidong shrugged, "However, Zara banks's position as the head of the family is very stable. After taking over, he has done many great things in a row, and cooperated with the Ito family of Japan to establish Ysu Shipping. It was her handwriting."

Lin Wan'er (Alani) said with a serious expression, "From the perspective of human nature, Zara banks inherits the position of Patriarch, and her father, her uncle and aunt are unlikely to obey her, and Lord Banks did not stay with her. Help her to suppress the situation, logically speaking, this is like a balance, one end is Zara banks herself, the other end is her seven elders, the end of the balance must be her seven elders, Zara banks's control over the family will inevitably be destroyed by silkworms. She is sitting on the ground, but if you say she is sitting flat and stable, then there is only one possibility..."

Lin Wan'er (Alani) raised her voice a little, and said firmly, "Behind Zara banks, there must be a stronger person to help her shake To stay in the situation, it is still the balance just mentioned, that person standing behind Zara banks can hold down Zara banks's side, making her seven elders immobile!"

Sun Zhidong exclaimed, "Miss, based on your analysis, that person must be charlie!"

"Yes." Lin Wan'er (Alani) nodded, and said, "This way, all the logic is smooth. charlie conquered the Banks family on Yeling Mountain, and even appointed the new head of the Banks family. Even though Lord Banks was very reluctant, he could only leave in despair. China, and no matter how unwilling his seven children are, they can only accept it obediently and dare not have any disobedience towards Zara banks!"

After that, Lin Wan'er (Alani) couldn't help admiring, "In the battle of Yeling Mountain, charlie obviously won, but he wanted to say that he lost, and he also said that it was a disastrous defeat that lost more than half of his family property . It's wonderful!"

Sun Zhidong agreed and said, "Since that day, many families no longer regard the Wade family in their eyes, and feel that they have become the end of their battle. I have regretted this for a long time, but now it seems that this should be charlie deliberately Of!"

Lin Wan'er (Alani) nodded and said, "Since charlie won on Yeling Mountain that day, the Banks family and Wanlong Palace must bow their heads to charlie. Needless to say, Wanlong Palace may have already pledged their allegiance to charlie. Banks family, if the head of the family is still Lord Banks, I am afraid that more than half of the family property will be used to pray for charlie to be noble, but the Banks family has changed to a girl to be the head of the family..."

Lin Wan'er (Alani) couldn't help sighing, and murmured "Could it be another romantic debt?"

The Amazing Son In Law Chapter 5437 -

“Merry debt...”

Hearing Lin Wan'er's emotion, Sun Zhidong suddenly remembered something, and said, “Miss, I have the impression that the current head of the Ito family is also a girl, and her age should be about the same as Zara. Her name is Ito.” Nanako.”

“A girl too?” Lin Wan'er (Alani) couldn't help but wondered, “What's the matter these days? It's popular for girls to be the masters of the house? Or does she have some stories with Charlie?”

Sun Zhidong hurriedly said, “Oh, by the way, Miss, you let me investigate Charlie's exit records, and I found that he stayed in Japan for a while last year, and Nanako Ito took over as the head of the family only after he went to Japan. During that time, the three top-ranked families in Japan were fighting each other. It was the Ito family who had the last laugh, but Ito Yuhiko also lost his legs because of this, and since then, he has retired behind the scenes and let his daughter take charge of the overall situation.” As he

said, Sun Zhidong said again, “I remember when Tokyo was so messed up. The dog jumps, the son and daughter of Zayne, the boss of the Banks family, were kidnapped by a Japanese family. Fortunately, the two escaped. In order to get revenge, the Banks family sent killers to wipe out the family that was the culprit.”

“Interesting...” Lin Wan'er (Alani) smiled and said, “As long as Charlie has been to a place, something will happen. If I guessed correctly, that Zara who was in danger in Japan should have been rescued by Charlie, that's why Charlie helped him.” She is in power, what Charlie wants may not be the Banks family's cession of land and compensation, but it may also be the Banks family's surrender.”

As she spoke, Lin Wan'er (Alani) said again, “There is also the Ito family, maybe it was because of Charlie that they were lucky enough to survive that chaos. In the end, maybe Nanako Ito is also Charlie's confidante, and the entire Ito family is in her hands. If Charlie needs it, she can give it all at any time.”

Sun Zhidong laughed and said, “Miss, don't you think too highly of this Charlie? It can't be anything, but as long as you have a little bit of contact with Charlie, it must be Charlie who is planning behind the scenes, right?”

Lin Wan'er (Alani) smiled slightly, and asked him, “Charlie obviously has such a great ability, but most people don't. Knowing his existence, even his wife, his mother-in-law and other people who live with him every day don't know his true identity and strength, do you know why?”

Sun Zhidong asked puzzledly, “Miss, how do you know that his wife and mother-in-law don't know his real identity?”

Lin Wan'er (Alani) smiled and asked him, "His mother-in-law went to the temple to make a wish, do you know what the wish is?"

Sun Zhidong was at a loss Said, "I...I don't know..."

Lin Wan'er (Alani) said, "His mother-in-law made a wish to the Buddha, hoping that she can make a lot of money by live broadcasting, and how much money can she make by live streaming? One hundred million a year? One billion a year? charlie I am afraid that the interest of throwing all the assets in the bank is much more than this, and his mother-in-law is so short-sighted, do you think she will know who charlie is?"

Sun Zhidong exclaimed, "This... this is not realistic... ..They are all people who live together all day long, how could they not know charlie's true identity?"

Lin Wan'er (Alani) said lightly, "Actually, they all made a mistake just like you."

Sun Zhidong hurriedly asked, "What mistake? I hope Miss expresses it clearly ." ..."

Lin Wan'er (Alani) said seriously, "You all instinctively don't want to think of charlie as strong, you always feel that he can't be that powerful, Wanlong Palace can't be conquered by him, the Banks family, the Ito family and those Japanese families... It is impossible for him to control life and death, and it is impossible for him to do those incredible things by himself. If I hadn't come to Yanjing to find you, you wouldn't know charlie's real identity. I will see through his true identity."

The Amazing Son In Law Chapter 5438 -

Speaking of this, Lin Wan'er (Alani) said again, "But I am different from you, I have seen charlie's true strength, and I also know how important his strength is, so in my heart , I would like to think of him as the strongest, I just think he can conquer the Palace of Thousand Dragons, I just think he can conquer those big families that look great, so I instinctively want to believe the things you said , it must have been done by charlie."

Sun Zhidong pondered for a moment, then nodded lightly and said, "Miss's words are very true... I was influenced by my subjective cognition to judge objectively. If I subjectively think that something is false, objectively His logical thinking also acquiesces to the correctness of subjective cognition, so he will not correct it again."

Lin Wan'er (Alani) nodded, and said seriously, "charlie's wife and mother-in-law live with him all day, it is impossible not to find out, but if they subjectively think that charlie will not have such great abilities, or charlie is just an orphan , it is impossible to have any extraordinary background, then when they find out the clue, they will not dig deep into it. In that case, charlie only needs to follow their subjective cognition and make up a random reason, It can deceive them, and make them subconsciously realize that the so-called clue is really because of this."

At this time, Qiu Yingshan couldn't help sighing, "There is Wade family behind this charlie, there is An family, and his own strength is not enough. Humans can reach it. After the First World War in Yeling Mountain, the Banks family, Wanlongdian, and Banks family were conquered, and their strength went even further. In addition, there was also the Ito family in Japan...but now Even so, he can take the initiative to show weakness, develop in a low-key manner, and not be shocked by favor or humiliation. It seems that this person is really not simple! "

Lin Wan'er (Alani) said lightly, "The reason for not being surprised by favor or humiliation, on the one hand, may be due to his personality, and on the other hand, it also means that at this moment, in his eyes, he still has a big enemy. You and I think his current strength is already very strong." He has become stronger, but he himself feels that he can't show his edge yet, and he has to try his best to hide his strength. "

Speaking of this, Lin Wan'er (Alani)'s expression became a little uncontrollably excited, she clenched her fists and said, "It seems that he has already made preparations for a fight to the death! This agrees with me exactly! I really want to meet him today, confess everything to him, and then join hands with him to deal with the broken Qinghui! "

Sun Zhidong hurriedly said, "If Miss has this intention, I can contact Lord Wade and be open and honest with him. Presumably, I should be able to ask charlie to meet you. "

Lin Wan'er (Alani) thought for a while, then waved her hands and said, "Forget it, I'm not mature yet, after all, I played a scene in front of him, and now I'm going to show up, it will definitely arouse his vigilance, and it may even touch his heart." Ni Lin, making him treat me as an enemy, once he is wary of me, even if he is willing to cooperate with me in the future, he will definitely be wary of me. I don't want a comrade who is always wary of me, I want to be with him based on mutual trust. Work together to fight against the Qing Dynasty. "

Speaking of this, Lin Wan'er (Alani) suddenly let out a long sigh, and said with emotion, "I really look forward to starting school soon!" Get to know that Claudia first in September, meet charlie again through Claudia in October, let charlie let go of my guard against me in November, and then I can confess my true identity and origin to him step by step , give him a little more time to digest and accept, and we can join hands with him to discuss how to deal with the break-up meeting in December! "
