

The Amazing Son In Law Chapter 5453 -

Elaine, who had a flash of inspiration, realized almost immediately that the idea that came up suddenly was very feasible.

souna is now a very popular Internet celebrity. The number of people online in the live broadcast room has always been tens of thousands, and sometimes it can even reach 20,000 to 30,000. If she can fake such a popular anchor, she will definitely attract a lot of attention from fans.

Moreover, for Elaine, even if she doesn't get fans, income, or benefits, she is willing to crack down on counterfeiting souna.

Not to mention that she won't get any benefits, if someone told her to give her 100,000 yuan in exchange for souna's ruin and poverty, she would definitely grit her teeth and take out the 100,000 yuan.

It was because of this that she felt that her idea was simply killing two birds with one stone and killing two birds with one stone, which was absolutely wonderful.

As soon as she thought of this, Elaine immediately regained her spirits. She began to keep thinking in her heart, and kept muttering in her mouth, "How should I counterfeit souna, that stinky b*tch?"

Then, she whispered again I said to myself, "The best way is to secretly film her actual state after the broadcast, let people know that she is not only a big liar, but also very rich now, and then put these video materials on the Internet, and spread them ten or ten times. Bai, her souna's reputation will naturally stink on the street!"

Thinking of this, Elaine slapped her thigh instantly, and said angrily, "Oh my god, I'm so stupid! Before, she souna drove a Mercedes-Benz big G to find me. I went out and spent a lot of money, and even showed me her contract for booking Rolls-Royce Cullinan. Why the hell didn't I think about secretly recording and shooting videos?! If I took a video at that time, I would show it now, absolutely I can completely bring her down with souna!"

Realizing that she had missed a good opportunity to bring down souna, Elaine was extremely depressed all of a sudden, and almost without thinking, she picked up her mobile phone and called souna, wanting to Then ask her out to spend some money, and seize the opportunity by the way, leaving evidence that exposes souna.

However, souna's phone could not be connected. Elaine called several times but failed to get through. Only then did she realize that souna might have started the live broadcast.

Thinking of this, she hurriedly opened the short video website and searched for souna's account on the search bar. Although she had been blocked by the administrator of souna's live broadcast room and could not watch souna's live broadcast, she searched for souna's account. When using ban account, you can still see the prompt that souna's account is live.

Thinking that she couldn't even see a ghost in her live broadcast room, but souna's live broadcast room had tens of thousands of family members kept in the dark, who were constantly sending money to souna, and she felt even more depressed and wanted to die. .

The more depressed she felt, the more Elaine couldn't stay at home, so she went downstairs alone on crutches and went out to wander around the villa that souna lived in. She kept looking up at the villa, as if she was looking for an opportunity to make a move. .

The security inside the villa is very good, so the balconies on the second and third floors of each house are not sealed, and there are no anti-theft measures. If the old lady's legs were not limping, she could still climb up the balcony quietly, and take a picture of souna's state at home after the broadcast... But now that her legs are limping, I can't climb up if I'm exhausted... .."

Just as Wanglou was sighing, Elaine suddenly shouted angrily, "Elaine! What are you doing sneaking around here, you stinky b*tch!

" , I just felt pain all over my body suddenly.

The reason why he was so afraid was because this voice had been Elaine's nightmare for a long time in the past.

When she was sent to prison for stealing charlie's money, she was tortured by the owner of this voice every day to doubt her life.

And the owner of this voice is Zhang Guifen who is in the same cell as Mrs. Wilson and now lives under the same roof.

When Zhang Guifen was released from prison, although she was heartbroken by the old lady Willson's family, she didn't have a good impression of Elaine, so seeing Elaine wandering around the villa where she lived, she guessed that she had no good intentions, so she immediately Speak and reprimand.

Elaine turned her head and looked at Zhang Guifen, who was five big and three rough, with fear. Beside Zhang Guifen, there were her two good sisters, Dong Yuling and Li Yueqin.

At this time, Dong Yuling also looked at Elaine angrily, and asked in a cold voice, "Elaine! What are you thinking about here?!"

The Amazing Son In Law Chapter 5454 -

Li Yueqin also echoed, "Yes! Tell me! Otherwise, I will call you!" I'll k*ll you!"

Elaine was so frightened that her first thought was to run away.

But when he thought that he was still limping on one leg, he couldn't outrun the three of them no matter what.

But if I yelled at my son-in-law for help now, I might startle souna, who was broadcasting live upstairs first.

If souna knew that she was sneaking around the villa here, she might be able to guess her intentions. If she started to be wary of herself, wouldn't she have a chance to bring her down?

At this time, Elaine's brain was running fast, and her eyeballs were also twitching non-stop. Seeing her mischievous eyes, Zhang Guifen didn't make a sound for a long time, and immediately stepped forward and grabbed her by the collar, raised her hand and gave her a big mouth, angrily

said, "I'm so annoyed when I see you, get out!"

A slap in the face made me feel angry and scared, but when I saw that all three of them were wearing identical T-shirts with the logo of the same cleaning company printed on their chests, and they all looked tired, I had an idea, ignoring the burning pain on his face, he said, "Gui Fen, Gui Fen, listen to me, you were kind to her, Mrs. Wilson, but now Mrs. Willson's family has become rich overnight, and you just leak it from your mouth." It's enough for the three of you to live comfortably, but they still let the three of you go out to clean, I, Elaine, really can't see

it, Guifen!" Zhang Guifen was stunned when he heard this.

It has to be said that Elaine's words happened to hit her heart.

Back then, when the three of them were released from prison together, they were taken all the way to this top villa in Aurous Hill by the Wu family luxury car. The three of them thought in their hearts that it was the old lady Wilson who did it, and they were extremely grateful to the old lady Wilson.

But who would have thought that when Mrs. Wilson saw them, They were so disgusted that they even spoke harsh words at each other, and they were about to kick the three of them out of the house immediately.

At that moment, Zhang Guifen felt very uncomfortable.

Then, when she learned that the house was not owned by the Willson family, and that the three of them could also live here, she stopped being polite to the Willson family.

Living together for a long time, the Willson family has always been dominated by them. Not only are they not eating as well as they are living, but even seeing the three of them at home must be submissive, for fear of being beaten.

And although the three of them have no great skills, they are doing cleaning work professionally outside, and their quality of life is guaranteed.

On the other hand, the Willson family is not as lucky as they are. Christopher and Harold are two useless people who can't afford to eat in bed, not to mention taking medicine, and the old lady is often so hungry that her chest is on her back.

Later, Wendy went out to be a hostess lady, and she was often deceived by others. The meager salary she earned was not enough for the family.

However, from a certain day, Wendy suddenly made more money, and the family's living standard also rose rapidly visible to the naked eye, leaving the three of them behind very quickly.

If this is the case, there is not much difference between Zhang Guifen and the three of them. The key is that the Willson family has become richer and richer for some reason these days, especially that souna who bought a Mercedes-Benz worth two or three million. The car immediately made Zhang Guifen and the others envious.

Now listening to Elaine's provocation, Zhang Guifen felt even more unbalanced. She couldn't figure out why the Willson family could get up again even after they were so down and down, and so high!

Thinking of this, Zhang Guifen became even more depressed, and her back molars were clenching.

Elaine accurately captured her changes, and immediately knew that what he said hit the pain in her heart.

So, she immediately lowered her voice and said very seriously, "Let me tell you, Gui Fen, the reason why the Willson family can turn around is because of that old lady Wilson who is shameless, stinky and shameless, who was out with wild men last year." The eldest daughter-in-law who is pregnant with a child, souna!!

The Amazing Son In Law Chapter 5455 -

"souna?!"

Zhang Guifen immediately frowned like Zhang Fei when she heard this, and asked sharply, "With her broken shoes, why can she still turn over?! Could it be that she is relying on her appearance to sleep with others?!"

Elaine sarcastically said, "Tell her lust? Just her? She's the kind of person who sells her lust at most for two buns!" After finishing speaking,

Elaine looked around, then looked upstairs, and said quickly, "Guifen, this is not a place to talk, let's talk over there, don't let the Willson family upstairs hear!"

Zhang Guifen immediately winked at her two good sisters, Dong Yuling understood, and immediately stepped forward to join her Supporting Elaine, she quickly walked to the far wall.

Seeing that there is no need to worry about being heard by the Willson family here, Elaine stopped them and said, "Three three, let's talk here!"

Hearing Elaine's words, Zhang Guifen stopped first, and the other two followed suit. stopped.

Then Zhang Guifen asked Elaine, "Elaine, tell me, how did souna's broken shoe turn around?"

"Live streaming on the short video platform! Tens of thousands of unscrupulous viewers follow her to buy, buy, buy, buy, buy whatever she pushes, and the money goes into souna's f*cking pocket! You can earn tens of millions a year!"

"What?!" Zhang Guifen immediately scolded furiously, "Just that unruly shoe can earn tens of millions a year?! Is God blind or wronged?!"

Elaine looked like I know you the most, she patted her legs and said, "Gui Fen! To tell you the truth, our sister and son really want to go together! You say that bitch souna, fifty At the age of 10, she can still have a big belly with wild men outside, and infect her husband with sexually transmitted diseases. For a person like her, Xia Tianlei should be the first to kill her. Why can she earn so much money? Do you think so? ?!"

Zhang Guifen said without hesitation, "That's right! I, Zhang Guifen, have two types of ruthless people in my life, one is a bastard who doesn't obey her parents, and the other is a bitch who doesn't obey women's morals!"

As she said that, Zhang Guifen asked her again, "You haven't said yet, how did souna get rich?"

Elaine asked her with a familiar face, "Guifen, do you usually watch live broadcasts? A live broadcast that sells goods!"

Zhang Guifen shook her head, and said self-deprecatingly, "We work at the owner's house all day long, and we rarely touch our mobile phones, so we don't have time to watch live broadcasts. Besides, even if we watch, we don't have the money to buy them. Ma

Lan said, "Guifen, give me your phone, and I'll find souna's live broadcast room for you. I'm sure you'll be even angrier after watching it!"

Zhang Guifen took out an Android phone worth a few hundred yuan from his pocket, After unlocking it, handed it to Elaine.

Elaine immediately opened the short video software and searched for souna's live broadcast room.

At this time, souna was sitting on the head of the bed, and while feeding Christopher, she said with snot and tears, "My family, Yanzi will tell you that since my husband became paralyzed, he has been unable to eat anything. Nutritious things, that person is starved and disfigured on the bed, and his skinny appearance makes people feel distressed..." As she

spoke, she handed the bowl in her hand to the camera, and introduced, "Thanks to this nutrition company The rice cereal company knew about my family's difficulties and sent us a batch of nutritious rice cereal. My husband has recovered a lot since he ate this rice cereal."

The Amazing Son In Law Chapter 5456 -

Christopher opened his mouth cooperatively and shouted, She even raised her neck desperately trying to open her mouth to reach the rice spoon in her hand.

souna quickly fed a spoonful into his mouth, and continued, "This nutritious rice cereal has five flavors, and it can be eaten with just a splash of boiling water, and it contains all kinds of nutrients needed by the human body. Adults eat it every day. Drinking three sachets is enough nutrition for a day, and their raw materials are all green and organic, and they also specially add various vitamins, amino acids, and DHA needed by the human body. There are 12 sachets in a box, and the normal market sells for 108 , Now in Yanzi's live broadcast room, the benefits Yanzi has won for her family are two boxes for 99 yuan, a total of 24 packs, and a box of 6 packs for travel, that is, 99 yuan can buy 30 packs, which is very cost-effective !"

As she said that, souna continued, "Because the price is too cheap, the manufacturer is unwilling to give too much inventory. Yanzi has only 20,000 orders here, and there will be no more orders after buying, family members, so please hurry up if you need it." Time, come, let's get in the car now!"

Zhang Guifen looked at the tattered souna in the video, as well as the tattered room and furniture, and said in surprise, "This... this is too fucking fake, isn't it? Their room was so luxurious before, how did it become like this?"

"It was intentional!" Elaine said without thinking, "This bitch, now she is saying that she is supporting a paralyzed husband and a paralyzed husband by live broadcasting alone. A son who was paralyzed in bed, and an 80-year-old mother-in-law, told herself that she was a fucking miserable person, and then the audience believed it, and tried their best to buy things in her live broadcast room, trying to help her tide over the difficulties, But these idiots don't know that people can earn tens of thousands a day by live broadcasting!"

Zhang Guifen clenched her fists and said through gritted teeth, "It's really shameless! She has hands and feet, and she has no money to be like us, relying on hard work and patienceWork hard to make money! But she actually engaged in such deceptive activities on the Internet, this kind of person should be pulled out and shot! "

"Yes, yes, yes, yes, yes! " Elaine seemed to have found a bosom friend, and even echoed, "Shooting her is cheap, if I say she has to be executed!"

Zhang Guifen asked in surprise, "What is a dog fight? " Elaine said, "

Just let the dog kill her! " Then let the dog eat her and turn her into shit! "

Zhang Guifen's expression froze, and she didn't expect Elaine to be much more ruthless than herself.

Seeing that her emotions were in place, Elaine hurriedly approached and said, "Guifen, let me tell you, I have a good idea now, as long as this plan is carried out If it is in place, it will definitely ruin souna's reputation and bring their family back to their original shape! "

As she spoke, she looked at her lame leg and sighed, "Hey! It's a pity that my leg was broken by Mrs. wilson and that Wendy when I was in prison, and the root cause of the disease has fallen. It is not very smooth until now. With my current situation, I am afraid that I will not be able to carry out this plan... .."

Zhang Guifen immediately blurted out, "What plan do you say! Don't you have bad legs and feet, the three of us will help you execute it! The four of us join forces to deal with souna's broken shoe!

Elaine waited for this sentence, so she asked in surprise, "Gui Fen, is what you said true?" ! Do you really want to help me? ! "

Zhang Guifen said coldly, "I've seen the old lady Willson's family upset for a long time! The enemy of the enemy is a friend, so we are also comrades-in-arms!

Elaine immediately said excitedly, "That would be great! " With the three of you joining in this plan, we will join forces, and we will definitely be able to complete it smoothly. By then, we will guarantee that souna will return to the pre-liberation overnight!

Zhang Guifen said without hesitation, "No problem! " Just say it! "
