

The Amazing Son In Law Chapter 5457

Although Elaine isn't really smart, she definitely has a lot of tricks to trick her.

She had long thought of a way to expose souna, but she suffered from her inconvenient legs and feet, and she was alone, so the risk was too great.

But after the three of Zhang Guifen joined, the situation was completely different. The three of them lived under the same roof with souna's family every day, and these three were strong and strong. Much more convenient.

So, she hurriedly called the three of them to the front, and whispered her plan to the three of them in detail.

After listening to Elaine's plan, the three of them felt that it was very feasible, so Zhang Guifen patted his chest and said, "Elaine, don't worry about this matter, leave it to the three of us, and we will definitely do what you said." After finishing speaking ,

she said again, "But you have to promise us that after we finish fulfilling your request, you must follow what you said and bring down that souna!"

Elaine Without hesitation, he said, "Gui Fen, don't worry about this, no one in the whole world expects her to fall as soon as I do, and I will definitely do my best to bring her down!" Zhang Gui Fen nodded in satisfaction, and then said,

" Then let's go back and start to deal with it now. We will inform you as soon as there is any progress. By the way, please leave me a contact information and I will write down your mobile phone number." Elaine quickly said enthusiastically, "Oh,

Gui Fen, let's just add WeChat, we're neighbors, and we'll see each other when we look up, so it's convenient to add WeChat!" Zhang Guifen frowned, and said vigilantly, "There's no need to add WeChat, there's a phone

number , just call whenever you need something."

Elaine said with emotion, "Oh, Guifen, I know you have always had a big prejudice against me, but have you ever thought about it? The reason why you hate me is nothing more than the old lady Wilson and you The indoctrination, although I don't know what she told you at the time, but I guess it must be that my daughter-in-law is not filial to her mother-in-law, that I moved the villa and didn't let her live in it, and I have to say that I moved her You drove her out of the house and called the police to arrest her and put her in jail, right?"

Zhang Guifen subconsciously nodded.

Back in prison, Mrs. Willson did accuse Elaine of many crimes with snot and tears, but the core content was the three points that Elaine herself said.

Elaine smiled wryly, and sighed, "Hey! I know Gui Fen, you are a filial daughter, and you hate others not being filial to your parents and in-laws, but have you ever thought about how good she is, old lady Wilson? Think about it when you I have helped this old woman so much in prison, does this old woman really appreciate you from the bottom of her heart? She just treats you as a chess piece that can be used, and uses your kindness to achieve the purpose of hitting me, but in her bones, she simply Look down on you, I believe you should be aware of this because you have lived in the same house with her for so long?"

Elaine's words hit Zhang Guifen's heartache.

Seeing that her expression was not right, Elaine continued to hit the rails while it was hot, "So now you look back and think about it, how can I honor her for an old woman like this? Magpie Nest, if I let her live in our house, she will drive me out in a short time!"
After

hearing this, Zhang Guifen also felt that what Elaine said made sense.

After actually getting along with the old lady Wilson, she also realized that this old woman is indeed not a fuel-efficient lamp, nor is she a good man and faithful woman. If she were her daughter-in-law, she would not be able to respect her.

Thinking about it this way, Zhang Guifen looked at Elaine in front of her again, and suddenly found that her face was not so hideous anymore.

The Amazing Son In Law Chapter 5458 -

Thinking that she was completely deceived and used by that old woman in prison back then, she felt even more annoyed, so she naturally regarded Elaine as her ally.

So, she took out her mobile phone and said to Elaine, "Come to Elaine, let's add wechat friends .

"

You can also add Elaine as a friend, and it will be easier to communicate about anything in the future."

Elaine said without thinking, "Then this is really great, I will create a group right away, and bring the four of us into it. If there is any trouble, we will exchange information in the group."

Soon, with the birth of a WeChat group called “Eliminate souna, Eliminate Harms for the Society”, the four immediately began to split up.

Elaine returned home on crutches, while Zhang Guifen and the others immediately walked to their villa.

Coming downstairs of the villa, Zhang Guifen looked up at the room on the second floor, and said to the other two in a low voice, “They really closed the windows and doors. What was filmed outside, but the sound insulation of our windows is very good. Even if I can capture something, I probably can’t record it. You go to the door of their room, plug in the earphones of your mobile phone, put the microphone under the crack of the door, and go Record their voices inside, and send them to Elaine later, and she said that she would use her mobile phone to mix the images and sounds together.”

“Okay, Miss Guifen!” The

two agreed in unison, and then hurriedly started took action.

At this time, in the bedroom on the second floor, souna was still broadcasting live.

She has prepared ten products tonight, and she has reached the last one now.

Since today is not the weekend, the traffic is not too big, so souna also plans to download the broadcast early and take a break. Don’t look at her live broadcast for only two or three hours a day, but these two or three hours are almost non-stop talking, nerves and attention. The strength has to be tense all the time, don’t make mistakes, don’t show flaws, so after a live broadcast, people are still very tired, so she also looks forward to finishing the speech and going to the broadcast to rest.

At this time, she didn’t know that Zhang Guifen, who was in good health, had already jumped from the balcony on the third floor. Climbed down and came to the balcony of the room on the second floor.

Although the curtains in the bedroom on the second floor were tightly drawn, there was an inverted V-shaped gap in the middle of the sliding door’s sheer curtain.

For the mobile phone camera, as long as it is close enough, even if there is only a finger-thick hole, it is enough to capture the whole picture inside.

A few minutes later, souna finally finished broadcasting the last product, and when the family members in the live broadcast room snatched up all the stocks, she said devoutly, “Thanks to all the family members for supporting Yanzi tonight. , Yanzi can support her paralyzed husband and son, and her eighty-year-old mother-in-law, thanks to the help of her family, Yanzi is here, thank you for your help, thank you!”

Christopher, who was paralyzed in bed, was also vague. He said indistinctly, "Thank... Thank you all..."

Harold choked up on the other bed and said, "Thank you for your help. When I recover, I will definitely bow and kowtow to everyone in the live broadcast room!"

The Amazing Son In Law Chapter 5459 -

"The old lady Wilson came to the camera tremblingly at this time, and kept bowing her hands and said, "Thank you, old lady, for being here... Thank you!" After

everyone finished thanking, Souna reluctantly said goodbye to the family again, and then closed the live broadcast room.

The moment the live broadcast room was closed, she immediately reached out and pulled off the wig on her head, revealing a very elegant chestnut curly hair, and complained dissatisfiedly, "Damn, this broken headgear is too f*cking hot!"

Harold was busy. He said, "Mom, why do you want to perm your hair if you say it's okay? Forget it, if you still dye it, wouldn't it be troublesome if people see it?"

Souna scolded angrily, "You know what! At any rate, I'm worth tens of millions. Am I shameless when I go out? You can't let me drive a Mercedes-Benz big G and look like a beggar, right? Besides, the live broadcast room is getting more and more popular now, and the audience is getting more and more, I must find a way to change my makeup when I go out, the bigger the difference between the real person and the live broadcast, the better, otherwise, what if the audience in the live broadcast room find out?"

Harold was so reprimanded by Souna that he didn't dare to refute, so he nodded resentfully and said, "Mom, you are right, I am too self-righteous..."

Souna snorted coldly, and continued to scold, "There is more! Today's live broadcast I told you before that you only have one task tonight. When the live broadcast is over and you thank the audience in the live broadcast room, you have to shed some tears for me. Where are your tears?"

Harold said nervously, "Mom...I...I think that you can easily earn hundreds of thousands tonight, I really can't cry..."

Souna scolded angrily, "Trash! You have to cry if you can't cry! If you don't let those people in the live broadcast room move you, and don't let them think that you are very noble, how can they willingly spend money on us? The selections in our live broadcast room are all The selling price of those worthless cheap goods is several times higher than the cost price. Why do people buy our things at a high price? Isn't it just for psychological satisfaction? You and your father are paralyzed in bed now, and there is no way to kneel down for them, I let you shed a few tears and you still can't do it?!"

Harold said submissively, "Mom... I... I really want to cry, but the tears are not up to me, I want to cry, but I can't cry, and the tears are life and death, what should I do..."

souna said coldly, "It's easy if the tears don't come out. Tomorrow, I will drip some essential oil or chili oil on the other side of your pillow! You If you can't cry, just quietly turn your head to the other side and rub it on the essential oil and chili oil, then I'm sure you can cry!"

Harold was startled, and quickly said, "Mom... That's too cruel, I'm afraid the eyes would be swollen..."

souna said without thinking, "It's better to have swollen eyes, red and swollen, plus tears, that's the real perfection!"

Harold Still wanting to beg for mercy, souna didn't give him a chance to speak, and directly shouted, "I'm telling you, Harold, don't talk nonsense with me here. I'm in charge of this family now. If you don't listen, I'll throw you away." Go outside the door, and you will fend for yourself!"

Harold shrank his neck in fright, and said quickly, "Don't, mom...I promise you, can't you..."

souna glared at him, then looked at the old lady Wilson, and said coldly, "And you damn old woman! You know how to bow in front of the camera every day! The monkeys playing on the streets in the early years are just like you! Tomorrow you will Let me change the way, when the live broadcast is about to end, you will kneel down and kowtow to everyone!"

The old lady Wilson said nervously, "Harold...I...I am so old, and my legs and feet are not very convenient. I knelt down and kowtowed, I was afraid that I would not be able to come..."

souna said coldly, "If you can't come, you have to come! Don't you spend the money I earn? Don't you eat the things I bought? Don't you use it? Really No, you can go back to the supermarket and tear plastic bags for others!"

When the old lady Wilson heard this, she hurriedly said, "Harold, don't be angry, I'll knock it, can't I knock it..."

souna snorted One sound, ignore her again.

The Amazing Son In Law Chapter 5460 -

At this time, Christopher on the bed said flatteringly, "Good wife, do you think my performance tonight is still very good? When I ate rice cereal, those small details were

well designed, which fully reflected that I am a paralyzed person. The patient in the bed likes this rice cereal very much, and desperately wants to eat this rice cereal!"

As he spoke, Christopher smacked his lips and sighed, "But this rice cereal is really f*cking unpalatable. There is no fragrance in your mouth at all, and it's f*cking bitter? You say this is an idiot manufacturer, what the hell can you do with some good materials?" souna raised her hand and slapped

him , The whole person who pumped him was stunned.

Just as Christopher wanted to ask why, souna said impatiently, "Who the hell do you call your wife? This is not the time when you beat me up, forced me to divorce, and told me to get out of this house." "

Christopher was startled, and then quickly said, "Oh my wife, all my mistakes are my own fault! I, Christopher, was blind. I don't know how to cherish having such a good wife. If I tell you one more thing in the future Divorce, I, Christopher, will be struck by lightning and die without a place to die!"

souna sneered and said, "Oh, Christopher, you have become so f*cking fast! What did you say at the beginning? You said I gave you a cuckold, and you were pregnant with a wild man's child, which infected you with all kinds of diseases." , you must drive me out of this house, what's the matter? Now that my mother can make money, you don't think it's uncomfortable for you to be cuckolded by my mother?" Christopher smiled and said, "Oh my wife, look at what you

said , this is not a question of whether you can make money, but I really want to understand it. In fact, I can't blame you for those things at the beginning, because you were also forced by the situation and forced to be helpless, and to speak conscientiously, you wanted to cheat Elaine back then. It is not your decision alone, but the idea that the two of us thought of together, so I am also responsible for this kind of thing..." Speaking of

this, Christopher sighed, tears flowed down immediately, and choked up "Honey, I actually didn't think of the crimes you suffered in the black coal mine. I felt really sorry for it. It was obviously an idea that we both came up with, but I hid behind the scenes and remotely controlled everything, and let you carry out the plan alone." In the end, you were sent to the black coal mine by charlie together with He Lian and her family... In the end, it was charlie who harmed you..." souna looked at

Christopher and burst into tears With a full face, he was not moved at all in his heart, but turned to look at Harold, slapped him on the top of the head, and then pointed to Christopher and said, "You should learn from your father! See your father's tears, come when you say it!" The emotions are in place in an instant! Absolutely old-fashioned acting school!"

“Look at you again, you are like those little fresh meat, you can’t eat enough, you can’t do anything, your singing is ugly, and your acting is not like it. You look like a piece of trash!”

“He’s a small fresh meat, but he still has tender skin, and can fool female fans into spending a lot of money, what can you do? You can’t even hold back a few tears!”

Harold was slapped on the forehead and scolded by his mother pointing his nose. The whole person was so hopeless that he could only cry and say, “Mom...you prepare a bottle of refreshing oil for me tomorrow. If I don’t want to cry, I will cry.” Just rub the cool oil in your eyes!”

souna nodded, pointed at the old lady Wilson, and said in a loud voice, “You heard what Hai Long said, go and buy him a bottle of cool oil tomorrow!” Old lady

Wilson hurriedly said, “Red Yan... you can just transfer some money to me on WeChat, and I’ll just place an order on the food delivery software...”

souna said disdainfully, “Damn old woman, you think beautifully! You have been riding on my neck for so many years. Shit, after I was pregnant some time ago, you humiliated me and tortured me even more. I haven’t kicked you out now, not because I have a good heart, but because you are somewhat useful. You can listen to me honestly, you can I will give you food, drink, clothing, and use, even if you are sick, I can treat you, and if you die, I will give you a beautiful funeral.” “But don’t worry, I can be on your body

. It costs hundreds of thousands or one million, but I will never give you a penny! I want you to live without me, souna, from now on!”
