

The Amazing Son In Law Chapter 5461 -

Before finding the way to live broadcast and bring goods, souna was often rejected by the family in Wilson's house.

Especially after he had just returned from the black coal mine and was found to be pregnant and infected with sexually transmitted diseases, the old lady Wilson and Christopher never gave themselves a second of good looks.

At that time, even her son Harold felt that this mother was a bit embarrassing, and he never gave her a good look when he saw her every day.

When souna was in the most difficult time, the only person in this family who could make her feel warm was his daughter Wendy.

Since encountering setbacks and being rescued by charlie, Wendy's personality has changed a lot. Because of the ordeal, she has become much more stable, more down-to-earth, and more kind-hearted.

She knew what happened to her mother. Although it was a bit embarrassing to say it, she was forced to do so in her mother's situation at the time.

Outsiders can laugh at and ridicule mother, but only the people in this family are not qualified to do so.

After all, when something happened to her back then, even though it was her own fault, it was all because of this family.

Thinking about what she had experienced with Gerald White and Xiao Yiqian during this period of time, she could empathize with her mother even more.

Therefore, after souna became rich by relying on live streaming during this time, in addition to showing good looks to Wendy in this family, other people beat and scolded her every day in order to retaliate for the harm these people caused her.

Whether it is the old lady Wilson, Christopher, or Harold, they are all very clear about their current situation. They have no chance of turning over. Less than the level of getting rich overnight.

Right now, in the entire Willson family, only souna has this strength.

On average, souna earns two to three million yuan a week from live broadcasting. With this calculation, it is not a problem at all to earn a small goal in a year.

Knowing that when the Willson family was the strongest, their real assets were only tens of millions.

The current souna can surpass the peak of the entire Willson family within a year.

So even though these people were beaten, scolded and humiliated by souna, none of them dared to say no.

Immediately, souna stood up, took out two bottles of high-grade bird's nest from the cabinet opposite the bed, drank one by one, glanced at the old lady Wilson who was swallowing her saliva, and said coldly, "Damn old lady, don't be here Give me a second thought, a bottle of my top-notch blood swallow bird's nest costs more than a thousand, which is quite rare, if you dare to steal one, I won't give you food for a day!"

The Amazing Son In Law Chapter 5462 -

Old lady Wilson quickly waved her hands and said, "I can't... ..souna...how could mom steal your stuff...Besides, the bird's nest is so expensive, and I, a poor old woman, don't deserve it..."

souna snorted coldly, ignored her, and looked at Christopher said, "I want to tell you something. I looked at the more detailed data of the live broadcast room. Our current normal number of viewers, as well as the highest number of online people in the live broadcast room, the number of transactions and the transaction value, compared with yesterday, has already It has begun to show a downward trend, although the decline is not much, only two or three percentage points, but this is still a very serious trend, once it starts to go downhill, it will be very difficult to go up again!"

Harold was busy Ask, "Mom, fluctuations of two or three percentage points should be normal, right?"

" It is necessary to ensure that the data has been rising steadily. Once the data starts to decline, it is definitely a very dangerous signal. If it falls by two or three percentage points every day, it will not take long before we will be beaten back to the original shape, so we We must find a way to make our data rise again and continue to rise."

Christopher asked, "Honey, do you have any good ideas?"

souna said coldly, "I've been thinking about it for the past two days. You guys, just seeing the two of you paralyzed in bed may already be a bit tired of watching, I plan to change the script a little bit starting tomorrow."

Christopher asked quickly, "Honey, what script do you want to change?"

souna said lightly, "I checked it online, and it seems that pancreatic cancer has the highest death rate right now. I checked some early symptoms of pancreatic cancer online, and the most notable features are weight loss and jaundice. Control your diet, you should strive to lose a dozen or twenty catties in a short period of time, and then I will find some foundation to paint you a sallow and thinner face, and then all you have to

do is to behave more and more in front of the camera Weakness, when the time comes, those culprits in the live broadcast room will definitely find out that something is wrong with you. Since I asked you to check it out, I will stop the broadcast for a day or two, and then forge a medical record of your diagnosis of pancreatic cancer. It will be even worse.”

Christopher was so frightened that he trembled all over, and blurted out, “My wife...you let me pretend that I have pancreatic cancer, isn't it a bit unlucky...”

Saying that, Christopher submissively said, “ Wife, look... I'm not a feudal superstition, the key is to go on a diet to lose weight, my body is already recovering, if you don't let me eat enough, when will I recover...”

souna disgusted She frowned and asked, “Do you think it's your turn to express your opinion on this matter? I'm just notifying you!”

After finishing speaking, she looked at Mrs. Willson and said coldly, “Starting tomorrow, cut his meal in half!”

” Okay, okay... Don't worry, souna, I will definitely do it!” Mrs. Willson could only nod her head in agreement at this time.

Christopher's face turned pale immediately, he knew very well in his heart that he was still in the recovery period, and he couldn't eat by himself at all, and had to rely on his elderly mother to feed him mouthful by spoonful, if the old mother stuck him directly from the source There is nothing I can do about my appetite.

The Amazing Son In Law Chapter 5463 -

In desperation, he could only sigh, and said, “Okay, souna, I will listen to you!”

souna hummed, then turned to look at Harold, and said, “The most popular sentence on the Internet now is In other words, the hemp rope is only picky and broken, and bad luck only finds the poor. It's not enough for your dad to pretend to have pancreatic cancer. It's better that you also have some more serious disease. I think there are quite a lot of young people suffering from uremia nowadays. , you start tomorrow, and gradually find out the feeling of a uremic patient.”

“Uremia...” Harold said blankly, “But I don't know how uremia patients feel...”

souna said lightly, “If you search on short video websites, there must be a lot of relevant information. You must imitate the video, the more similar the imitation, the better!”

Harold hurriedly asked, “Do you have to control your diet if you have uremia?”

souna said contemptuously, "I don't have any common sense, the typical symptoms of uremia It is edema, and the whole body will become swollen. Starting tomorrow, you should drink plenty of water every day, but be careful not to increase the speed of drinking water too quickly at once. It is best to gradually show edema. Dad has to make a good time to cooperate. First, he loses weight day by day and discovers pancreatic cancer. After the play is over, you start to show obvious edema, and then you are diagnosed with uremia. In this way, the full short video platform looks better. We're miserable, I'm afraid we won't be able to find a second one! At that time, why worry about not making enough money?"

Harold knew that he would suffer a lot when he heard this.

He is now bedridden due to paralysis, and can only use a urine bag every day. In order to avoid trouble and embarrassment, he usually drinks less water subconsciously, but his mother makes him gradually increase his water intake. It is convenient and painful every day.

But he didn't dare to disobey his mother, so he could only nod his head and say, "Okay mom, I understand... Don't worry, I will do what you ask!"

souna hummed, and said to the old lady Wilson, "Old woman, you There is also a new script." The

old lady Wilson quickly asked respectfully, "souna, just tell me how you want mom to act!"

souna said coldly, "When the script about Hai Long's diagnosis of uremia is finished, you will have to do it every day. Crying non-stop in front of the camera, and crying for ten or twenty days in a row, you can play a blind man."

"Play a blind man..." The corners of Mrs. Willson's mouth twitched, but she still said helplessly, "OK, Mom will listen to you..."

souna stood up satisfied, and said condescendingly, "You all give me a little heart, after this wave of new scripts are finished and the sales increase to a higher level, I will Go to the suburbs to buy a bigger villa, and take you all over there. By then, your injuries will probably be almost healed. You will be able to live broadcast at night and enjoy leisurely life during the day without being disturbed by other outsiders. Those three vulgar shrews were getting tired of living together.

When Christopher, Harold, and Mrs. Willson heard this, they immediately became excited.

Christopher subconsciously blurted out, "Buy a new house?" ! That would be great! "

Harold was also very excited, "Mom, I must buy a villa with a huge yard by then! The old lady Wilson

couldn't help but said excitedly, "I have long wanted to get rid of Zhang Guifen's three piles of stinky shit!" "

They have long been bored in this room every day, and since Zhang Guifen and the others came, the Willson family has lost the right to speak in this villa, and they will be made things difficult by the three of them everywhere. The room swallowed her anger. If she could move to a new villa that belonged to her own family, her life would definitely be very comfortable.

Seeing the excitement of the three of them, souna sneered even more in her heart.

She knew that although she had Absolute right to speak, but I can't really leave the help of these three people.

So it doesn't matter whether you beat them, scold them or humiliate them, the important thing is to remember to give them a little bit of sweetness.

Many unscrupulous bosses originally had a good chance to become bigger and stronger, but because they didn't know how to give benefits to their subordinates, they ended up deserted and left with nothing. souna has fully

absorbed the lessons of these people. She knows that no matter what How do I humiliate this family, the sweetness that should be given to this family, must be given in place, every time they feel humiliated to the extreme, give them a little hope, let them be grateful to themselves, only in this way continue ua , they will obediently obey their own mercy.

So, souna tossed her newly permed hairstyle, and said disdainfully, "Okay, you guys go to bed early, I'm going to the hotel."

For the past few days, souna has been opening a luxury suite in a five-star hotel, When I am too lazy to meet this family, I will live in the hotel alone, and I can enjoy the top service in the hotel by the way.

Dong Yuling and Li Yueqin, who were secretly recording outside the door, heard that souna was leaving, and hurried upstairs with their mobile phones. When souna went out, she didn't notice anything unusual.

Seeing souna gone, Zhang Guifen, who is strong and strong, stopped recording and climbed back to the third floor along the balcony without making a sound...
