

The Amazing Son In Law Chapter 5472 -

Hearing Elaine's reminder, the police officer nodded to her, and asked, "Who are you? Do you know souna?"

Elaine said with a smile, "Yes! I exposed her on the Internet!" After hearing this, the police officer asked in surprise, "Are you

that fighter Elaine?" Thumb, praised, "Thank you, Elaine! If you hadn't exposed it, this souna would have deceived more people. By then, our city of Aurous Hill would lose all face! On behalf of the people of Aurous Hill, I thank you Elaine was flattered and said,

"Oh, you have won the award, this is what I should do!" The policeman then ordered the people around him, "You take souna into the car first, then go to the villa next door, and put the video Take all those people who appeared in the scene back to cooperate with the investigation!" "Okay!" Several police officers immediately responded, and then they helped souna up and brought her into the police car.

souna was already terrified, trembling uncontrollably, and asked tremblingly, "That...police...police officer...how will I be punished?"

"I won't be sent to prison..." The policeman said coldly "Whether you will be sent to prison depends on whether you have violated the criminal law. If so, we will not tolerate it.

"We will definitely hand you over to the procuratorate for prosecution!" souna burst into tears in fright. Although she had never been in prison, she had heard about the situation there, so she was naturally terrified.

At this time, Elaine saw her crying and being stuffed into the police car, and felt even more proud.

Looking at souna, she shouted loudly, "Yanzi, you must make a good transformation when you go in, Yanzi, don't let down the tens of thousands in the live broadcast room." What the injustice expects from you!" souna was extremely annoyed, she poked her head out of the police car and cursed, "Elaine, wait for me! I'll kill you sooner or later!"

When the policeman heard this, he immediately reprimanded, "souna! Be careful what you say! Threatening the personal safety of others, even if you don't take actual actions, you can still be charged with the crime of picking quarrels and provoking trouble!"

souna froze in fright, so she could only look at Elaine bitterly, then lowered her head obediently.

Soon, several police officers came to the villa next door.

At this time, Mrs. Willson was already asleep. Christopher and Harold could vaguely hear noises outside, but because they were paralyzed in bed, they couldn't go out to investigate for a while, so they could only lie on the bed and discuss.

Christopher said to Harold, why do I always feel that the noisy people outside are like your mother?"

Harold said awkwardly, "Dad, grandma didn't open a window for us when she left. The window is so sealed after being closed tightly. , I really couldn't hear clearly, but just now I vaguely heard someone laughing, it sounds like that stinky bitch Elaine!" "

Elaine?" Christopher said in surprise, "Could it be that your mother choked on her? "

I can't." Harold muttered, "Didn't Mom leave long ago? She must have gone to the hotel. It's impossible to be arguing with Elaine at this time."

Christopher nodded in agreement, "It's also... your mother It's been a long time since I've been there, maybe I'm just lying in the hotel enjoying it!"

As he spoke, Christopher said with a gloomy face, "I get angry when I think of your mother, and it's not her who makes a little money, she's at home every day Domineering, treating us like two dogs..."

Harold was also extremely helpless, and sighed, "Oh dad...you know the current situation of our family. Mom can use the live broadcast to bring goods to turn around. Fortunately, as for her current temper, to be honest, I have nothing to do, the main reason is that we hurt her too much a while ago, especially you and grandma, so you really don't treat your mother as a human being!" puffed

up "You can't blame me for that! It's not like you don't know what your mother did! Not to mention being pregnant with someone else's child, she even infected me with a whole body of diseases! Which man would be able to bear this?"

After finishing speaking, Christopher resentfully said, "That's fine, the key thing happened in the hospital at the time, and everyone knew about it, so I have no place to put my face!

" Lan, that bastard, hangs dozens of green hats on her balcony, this f*cking purposely disgusts me, you say that I have lost all face, how can I give your mother good face?" Harold sighed, "

Hey ...Father, let me be fair. If you want to talk about this matter, I don't think you can blame Mom entirely. If you two didn't join forces to cheat Elaine, charlie wouldn't have sent Mom to the black coal mine. You should have both been sent to the black coal

mine, but you hid behind and let Mom face Charlie alone. Didn't Mom suffer for you? After Mom paid so much for you, you still despise her, she can I not be angry with you?"

Then, Harold said depressedly, "I didn't want to understand this truth earlier, if I had figured it out earlier, I would never treat my mother coldly like you guys."

Christopher angrily scolded, "Harold, I know, you just want to catch up with your mother because you want to curry favor with her."

Harold hurriedly said seriously, "I'm not! I'm just a helper, not a relative!"

"Come on!" Christopher snorted coldly, "I don't know you yet? You have always been a mother if you have milk! Don't talk about your mother, even if Elaine has money to spend for you, you can still call her mother!"

Harold said angrily, "Dad, what you said is insulting! I am very objective, these things no wonder Mom, you have to reflect on the problem from yourself!"

"Go to your uncle!" "Christopher said angrily, "You are just a f*cking white-eyed wolf!"

Harold quickly said, "Dad, this is completely a matter of mentality. If you look at the problem objectively, you must have the same idea as me."

"Same as your uncle!" "Christopher said contemptuously, "I know exactly what kind of bastard you are!"

"Oh, Dad..."

"Don't call me Dad, get out of here!"

Harold was also a little angry, and said sullenly, "You are really stubborn! It doesn't matter if you yell at me now, but if you don't have a correct attitude in the future, you will definitely not spend the money your mother earns in the future!"

Speaking, Harold said again, "Don't forget, my mother also said today that your script is to get pancreatic cancer, how fast pancreatic cancer is, and people will be gone in a month, that is to say, from now on, in a month or two at most, you won't be needed in Mom's live broadcast room, and if you still don't satisfy Mom by then, then you will suffer!"

When Christopher heard this, he was a little flustered.

Souna said bad words to him and even fought him. He was naturally very upset, but when he thought that Souna was making money like running water now, he couldn't help thinking about what Harold said just now. If Souna really doesn't want to let herself

spend her money, wouldn't the humiliation be in vain? Moreover, souna will not be able to use her soon, and if she kicks herself f*ck, it would be even worse!

Thinking of this, he also made up his mind, thinking to himself, "It seems that I still have to get along with souna in the future. As for the dignity of a man, this is the time, so let it go." What about the f*ck..."

As soon as the words in my heart fell, there was a knock on the door, and someone outside asked, "Is it Christopher, Harold's family?"

The Amazing Son In Law Chapter 5474 -

Hearing someone knock on the door, Christopher asked subconsciously, "Who is it?"

As soon as the words fell, the door was pushed open, and several police officers walked in, one of them looked at Christopher and Harold, and asked, "Are you money?" Is it souna's family?"

Christopher said subconsciously, "I am... I am her husband."

Harold also said, "I am her son..."

The police officer nodded and said, "Okay, get up and walk with us, cooperate with us to conduct an investigation."

"Cooperate with the investigation?" Christopher asked subconsciously, "Officer, is it souna, did something happen to her

?

"Video?" Harold blurted out, "What video? We don't know what the video is about..."

The police officer asked with disbelief, "Your video was exposed on the Internet, haven't you seen it yet?"

Exposed Us?" Christopher asked nervously, "What's going on? I can't even understand what you're talking about." The

policeman said lightly, "It doesn't matter if I don't know, I'll let you know when we get to our place. Get up and follow us." Let's go."

Christopher hurriedly said, "Comrade police officer, my son and I are both paralyzed, and we haven't recovered yet, so we can't get up at all." The

policeman frowned and asked him, "Are you addicted to acting? Don't think I don't know that you are all fake. Didn't you just act deliberately for those netizens on the

Internet so that they can place orders and buy things in your live broadcast room? You dare to act in front of the police, you are not small.”

Christopher hurriedly said, “Comrade police officer, this is a huge misunderstanding. Our father and I had an accident some time ago and have been paralyzed in bed for a long time. If you don’t believe me, you can go to the hospital to investigate our files. There are all there. The policeman

frowned, recalling that the two of them had been lying on the bed since they entered the door, almost motionless, so they believed Christopher’s words a little bit.

So, he said, “If you really have mobility problems, then I’ll ask two people to help you into the car. First go to the police station to cooperate with us in an investigation. After the investigation is over, we will send you two back.” Christopher

Nervously asked, “Comrade police officer, what the hell is going on? You just said that someone exposed what we exposed? Did you expose my wife’s live broadcast?” “Yes.” The policeman nodded, took out his mobile phone,

and Opened the video, handed it to Christopher, and said lightly, “Look at it for yourself, after all, you said it yourself, and there is no other person falsely accusing you or pouring dirty water on you.” Christopher stared at the video, watching it play

automatically , and souna’s first sentence in the video almost scared his soul away!

Although Harold, who was lying on the next bed, couldn’t see the picture, he knew what was going on from the sound, and he was so scared that he got goosebumps all over his body.

The police officer took back the phone before the video was finished, and asked in a cold voice, “Now do you know why you were asked to go back to cooperate with the investigation?”

Christopher’s forehead was already covered with cold sweat, and he stammered, “But...but I My wife can’t be considered a liar when she was broadcasting live, because our father and father are indeed paralyzed, and we really don’t have much money for medical treatment...” The

policeman asked him, “Your wife is driving a Mercedes-Benz, tell me you didn’t Qian Zhibing, do you think I will believe it?”

The Amazing Son In Law Chapter 5475 -

Christopher quickly explained, “Officer, you misunderstood, I’m not talking about now... I’m talking about the time when she just started live streaming... At that time we really did She was so poor that she couldn’t get rid of the pot, so she thought of earning some

rewards through live broadcasting. Unexpectedly, more and more people followed her, so she started live streaming to bring goods, and earning money is also a matter of live broadcasting or after. “

The policeman asked in a cold voice, “Since you have earned so much money, why are you still selling miserably? Your wife’s Mercedes-Benz big G should be enough for the living expenses and medical expenses of you two, right? Kind netizens help you solve it.” Question, after your problem is solved, why don’t you hurry up and let it go, why do you continue to consume the sympathy of netizens for your family? You already have money you can’t spend, but you still talk about how miserable your family is in front of the camera, you Do you think this is right?”

Christopher was speechless for a moment, he knew that this matter was outrageous, and his family didn’t care about it, it was like a drop of water, and the disease was cured with 3,000 yuan. But he insisted on raising 30 million on Waterdrop, which must be a problem. The police came to his door, which was also a situation he had imagined earlier.

In desperation, he and his son Harold could only be carried out of the room with the assistance of several police officers.

The one who was taken out of the house with them was the old lady Wilson who had just fallen asleep but was awakened by knocking on the door.

At this time, the old lady didn’t know what happened. Seeing that the police officers carried her son and grandson out, she hurriedly asked, Harold, what’s the matter with you two? What are the police arresting you for?

” The

officer quickly explained, “Grandma, please don’t get me wrong. We are not going to arrest the three of you, but because the three of you are suspected of fraud, so we want the three of you to go to the police station to cooperate with us in our investigation.” Surprised, he quickly waved his hands and said, “Comrade police officer, my daughter-in-law did all the deceitful things. I have never done it. Don’t take my old bone into prison.

” The old lady Wilson in the prison didn’t have any nostalgia for that place, but was full of panic instead.

She knew that what her daughter-in-law had done was disgraceful, and she might even be suspected of committing a crime, so she wanted to get rid of the relationship immediately, so as not to implicate herself.

However, the policeman still said patiently, "Grandma, don't panic too much. We just ask you to go over and assist in the investigation. If there is nothing wrong will send you back. "

The old lady Wilson had no choice but to follow the police car.

Soon, several police cars left Tang Chen Yipin and went to the city bureau.

After arriving at the city bureau, the four members of souna's family were interrogated separately. The endurance is relatively poor, and the four of them explained the whole story in a short time. What the

police did not expect was that Christopher and Harold were actually paralyzed.

Originally, they thought that the paralysis of these two people should also be fake. But now, through the medical records of the hospital and the visual judgment of the two of them, it can be confirmed that the two are indeed paralyzed.

This makes the police a little tricky.

If the medical records of the two are forged, then the family is charged with fraud. It must be true, but the cases of these two people are true, which proves that souna did not forge documents to deceive the public. Therefore,

this crime of fraud is really not sufficient.

However, this kind of miserably fabricated story There has long been a precedent for administrative penalties for live broadcasting of goods. Generally, seven to fifteen days of administrative detention will be imposed depending on the severity of the circumstances. So the police quickly made a decision

to detain souna for ten days first, and at the same time Her short video platform account will be permanently banned. If she is found to have evidence of a crime, she will be handed over to the procuratorate for prosecution. Although

Christopher, Harold and the old lady Wilson are accomplices, it seems that the father and son are indeed paralyzed in bed. The old lady Wilson is also getting old and has to take care of a pair of children and grandchildren, so she spared the three of them and avoided punishment.

Ten days of administrative detention is already a blessing in misfortune for souna, she thought to herself "It doesn't matter if you are detained for ten days, as long as my money is not confiscated..."

But just as she thought about it, the people from the tax department approached her and said, “souna, after our verification, your paragraph Time bank card account has exceeded 10 million, but you haven’t paid a penny or tax, what’s going on? “
