

## The Amazing Son In Law Chapter 5478 -

As the popularity of the video continues to increase, and souna was formally detained, the Aurous Hill police also released the results of the incident to the public.

At first, when netizens heard that souna was only sentenced to ten days of administrative detention, they were dissatisfied with the punishment.

However, the police also showed the public the diagnosis certificates of souna's husband and son. The father and son were indeed paralyzed in bed for several months, and because of lack of money, they did not receive active and effective treatment.

However, when netizens first saw this article, many people were skeptical, because in Elaine's follow-up exposure materials, it was said that this family actually lived in the famous Tomson Yipin Villa, and the unit price exceeded 100 million yuan, so everyone They are all questioning, since souna can live in Tangchen Yipin, even if her husband and son are really paralyzed, how could she not treat them.

The police also immediately disclosed to the public the property rights of the villa where souna's family lived, proving that the villa was not owned by souna and Willson's family, but owned by Jiangnan tycoon Donald Webbb.

Donald Webbb was originally a well-known entrepreneur in the country, and some time ago his son i was even more famous all over the country, so people learned that this villa is Donald Webbb's property, after Donald Webbb lent this villa to the family, It is no longer in vain to question.

People who learned the truth of the incident also accepted the decision of the Aurous Hill police to detain souna for ten days, and the Aurous Hill police also joined forces with the video platform to permanently ban souna's short video account, so that she will never be banned. Live broadcast, this processing method also made everyone applaud.

For a while, netizens all over the country praised the efficiency of the Aurous Hill police. After all, it has only been two or three hours since the video was released, and the Aurous Hill police have completed the processing in such a short period of time, which is indeed very fast.

And the official short video platform is not idle.

They also quickly released the punishment decision of the platform side.

Including the full refund of consumers' purchases, and at the same time formally launched the prosecution of souna, demanding that she return all live broadcast income.

However, since souna has squandered a lot of money earned by her, it is definitely impossible for her to make up for this hole. At that time, souna will probably be listed by the court as a defendant because she cannot fully refund her income. The executor of dishonesty, by that time, souna will either find a way to make money to fill these holes, or she will have to live a hard life as an old Lai.

Seeing these reports, Claire sighed helplessly at charlie, "My mother offended my aunt to death again this time... You said that they are all relatives, and they live so close together. Everyone will see you when you look up. How embarrassing..."

charlie smiled, and said, "That's not something we need to consider, besides, with Mom's character, if she doesn't expose her, I guess Mom will get angry anyway."

Claire She nodded slightly. She knew her mother's character. If the live broadcast of the eldest aunt was getting better and better, her mother's mentality would definitely become more and more unbalanced.

At this time, Elaine, after seeing these punishment decisions on her mobile phone, was ecstatic in her heart and danced excitedly.

She hugged her phone excitedly and yelled, "Hahaha, souna, you have today too! Didn't you drive a big G? Didn't you buy Cullinan? Didn't you buy a villa? Let me see how you can pay off these debts after you come out." !"

And in the WeChat group jointly formed with Zhang Guifen, Zhang Guifen also voiced in the group, "Oh Elaine, you are too good! You brought souna down in one fell swoop!" Li

Yueqin Also sent a message, "Yes, Elaine! Your move is really good!"

Dong Yuling laughed and said, "I have been seeing them unhappy since I lived with their family, and I finally let it out today! Or Elaine, you have a solution!"

Elaine hummed triumphantly, "Of course! I'm not bragging, it's like playing tricks on her souna!"

Zhang Guifen sighed, "I don't know where I can buy firecrackers, If I can, I have to set off a cannon to celebrate!"

When Elaine heard this, her eyes lit up, and then she came out of the room on crutches, walked to the door of Jacob's room, knocked on the door and shouted, "Jacob, hurry up!" open the door!"

Jacob, who has always been a little decadent, said impatiently inside, "What are you shooting, I will rest if you don't sleep!" Elaine

said impatiently, "If I tell you to open the door, you will open it, why so much nonsense! Hurry up Open!"

After saying that, he began to slap vigorously again.

Jacob had no choice but to open the door, glanced at her, and said annoyed, "Tell me if you have anything to do."

Elaine looked at Jacob, saw that he was only wearing a pair of briefs, and frowned and said, "Hurry up and put on the pants." , drove me out to buy two firecrackers, I want to set off firecrackers to celebrate!"

"Fire the firecrackers?" Jacob muttered dissatisfiedly, "It's just that the New Year is not the festival, what kind of firecrackers are you setting off!"

Elaine blurted out, "souna is cool and cool!" Now, this kind of great event that everyone celebrates, you can't let it go to celebrate?"

Jacob waved his hands impatiently and said, "You can pull the ball down! The city is not allowed to let go of the cannon during the Chinese New Year, you want to let it go now? Do you want to fart? Ma

Lan said angrily, "I just want to let it go! Don't talk so much nonsense, drive me out and look for it, and see where I can buy it!"

Jacob snorted and said, "You can release it if you want, but don't blame me for not reminding you if you are detained."

When Elaine heard about the detention, she panicked.

It stands to reason that she, a ghost of Bedford Mountain, has been detained in both China and the United States. She is already a veteran, and there is nothing to be afraid of being detained.

But the key point is that souna has just been detained, and now she hates Elaine to the bone, so in Elaine's view, if she really goes in and is locked up in the same detention center with her, then she will have to kill herself. Ripped alive?

So Elaine told herself in her heart, "I'd better be more honest during this time..."

Thinking of this, she had already decided to give up.

Seeing her gloomy expression, Jacob sighed deliberately, and said, "Oh, since you want to let go so much, I'll take you to look for it." After that, he grabbed his trousers, picked up the car keys, and lifted his

foot Putting on his pants, he said, "Go, let's go now."

Elaine twitched the corners of her mouth twice, waved her hand and said, "Oh, forget it, I'm not going."

Jacob asked with a smile on his face, "Don't forget it! You I've said it all, it's such a great thing to celebrate together, how can it be justified without setting off some firecrackers?"

He continued, "I have a friend who seems to be a firecracker dumper, and he has a black warehouse in the suburbs where he stores some fireworks. Firecrackers, let's go there directly, I'll give you 100,000 firecrackers, and I'll get you some kicks, it's sure to be lively!"

Hearing this, Elaine shook her head and said, "Forget it! , I really don't want to go, it's too late, I'm sleepy."

As she said that, she waved her hand, "Then what, go to bed quickly, I'm going back to the house too."

Jacob said with a smile, "Oh, look at you, let's go I have all my pants on!"

After Elaine gave up the idea of buying cannons to celebrate, Wendy rushed to the police station and brought Christopher, Harold and the old lady Wilson out of the police station.

Tonight, when Wendy was having a meeting at the company, she received news that her mother had an accident, so she drove a company car and hurried home, but before she got home, the police called her and asked She went to the police station to get someone.

So she hurried to the police station again, and after going through the formalities, she picked up her father, brother and grandma.

On the way back, Wendy was driving, the old lady was sitting in the co-driver, Christopher and Harold were slumped in the back seat, bound by seat belts.

In the car, the old lady Wilson kept crying, muttering, "The Willson family is over...it's over..."

Harold also had tears in his eyes, and gritted his teeth and scolded, "That stinky bitch Elaine really deserves to die. Our family has been harmed by her! The whole family's chance to stand up has also been ruined by her!"

Christopher also gritted his teeth, and said coldly, "When I recover, I will definitely find a chance to destroy Elaine! If I don't take revenge, I, Christopher, will swear

that I will not be a human being!" Harold said without hesitation, "Dad! Count me in then! I want her life!"

"Enough!" Wendy, who was driving, suddenly stopped the car on the side of the road, After yelling angrily, he reprimanded, "You don't have a long memory, do you? Forgot how you were paralyzed? How dare you go to trouble your second aunt?" The father and son froze immediately after hearing this

The reason why they were paralyzed was because they wanted to find an opportunity to take revenge on Elaine, but unexpectedly, Cynthia Wade was also tied up in the beauty salon by mistake, and they ended up with their hands and feet amputated.

Harold recalled back then, although he still had lingering fears in his heart, he still murmured a little dissatisfied, "Anyway, I can't swallow this breath! Originally, our family could become a billionaire! Maybe it will be worth billions in a few years! But let If Elaine does this, it's all fucked up! How can I be reconciled to you!"

Wendy said very seriously, "Brother, don't daydream here! I have already said that the live broadcast that Mom made is a thunderbolt, and it will explode sooner or later! And the later it explodes, the more powerful it will be! Do you know why you and dad can come out today? It's because the thunderstorm was early! And you are really paralyzed in bed! If you pretend to be terminally ill like what mom said in the video, then mom will Sentence, you two must go in too! At that time, when people go to prison, all the money they earn will be confiscated!"

Harold said indignantly, "There are too many people selling miserables and live broadcasting goods. I didn't see who was arrested."

Wendy said angrily, "Mom, isn't she arrested now?! Do you still want to wait for yourself to be arrested?"

Harold said angrily, "Weiwei... I am your brother! You What are you doing so desperately against me..."

Wendy said in a very dissatisfied tone, "Brother, if you are still so useless in the future, then I don't care about you!

" No one is good, so I will move out from home tomorrow, and no one will care about it from now on!"

Christopher hurriedly said, "Weiwei, don't be angry, your brother is not good enough, it's not a day or two, don't be as knowledgeable as him..."

Wendy Sighing, he said angrily, "Dad, I have persuaded Mom a long time ago, don't use such crooked brains for money! When you targeted Second Aunt, the end was already miserable enough, don't make the same mistakes again, But she just didn't listen! I told you at the time that my income is getting better and better. You and my brother have not been able to get good treatment before, which has been delayed a lot, but I have some money now, and I can send it to you. You go to the hospital for proper treatment and recovery, but Mom just wants to keep you by her side to live broadcast the misfortune, and as a result, both of you have not recovered from your injuries, and she has tossed herself in..." Christopher also sighed incomparably
