

The Amazing Son in Law Chapter (Charlie Wade)

CHAPTER 2579

Seeing Matilda promised to let her take her to the bedroom, Jacob was so excited that it bloomed.

Ever since Matilda came back, Jacob has been looking forward to having the chance to relive her old dream together with her , and today is finally starting to anticipate to.

On weekdays, Matilda is gorgeous and dignified, and really independent. it's tough to approach such a lady .

But Jacob knew in his heart that regardless of how strong a woman's heart was, she would immediately become who needs a person to require care of her as long as she is sick for a lifetime.

At this point , regardless of how powerful a lady is, she is going to begin her defenses.

Jacob graciously helped Matilda into the elevator of the villa until he reached the third floor.

After Matilda directed Jacob to send herself into the bedroom, she lay on the bed with the assistance of Jacob.

Jacob graciously helped her put two pillows behind her, in order that she could comfortably lean on the soft headboard.

After Matilda lay down, she said weakly to Jacob, I'm still very cold, you'll help me cover the quilt."

Jacob said seriously, " Matilda, you've got a high fever now, a bit like that. It's definitely not good to be wrapped during a bed. it isn't good for dissipating heat. Maybe your blood heat will get higher and better .

Matilda nodded and said helplessly: But i actually feel very cold now, from head to toe. , the entire person has been

swaying non-stop, you'll help me to hide the quilt" Jacob sighed and said, "Well, i will be able to assist you cover the quilt first to stay you warm, then i will be able to attend the toilet now to assist you set a tank of warm water, the water stood aside while you feed something to eat, would you attend a bath tub. "

She puzzled and asked:"? a fever can soak it "

" certainly "Jacob said: "Fever is really the foremost important thing to chill down. Taking a warm bath can quickly assist you calm down your blood heat , and it also can relieve fatigue to an outsized extent! Trust me, i will be able to not harm you."

What Jacob said is additionally the reality . Whether it's an adult or a toddler , taking a shower can effectively lower the blood heat within the case of fever, but it depends on things . If the body is just too weak, it's naturally inappropriate.

Jacob asked Matilda to require a shower , on the one hand, out of concern, on the opposite hand, he also thought that he could draw the space between the 2 closer, and even make a final breakthrough.

in any case , if a weak woman wants to require a shower , she must help herself before and after. therein case, it's definitely the simplest time to launch an extra offensive.

At this point , Matilda didn't think much about it. She just felt that it had been too uncomfortable. On the one hand, she was affected by the bone-chilling cold which will only be felt when she had a fever, and she or he was also affected by various discomforts caused by the high fever. Hearing what Jacob said appeared to add up , so he nodded and said, "Thank you, then. and

Jacob said very diligently: "Oh, welcome , you wait, i will be able to offer you the hanky first. .on. "

After speaking, Jacob hurried to the toilet , opened the blending valve of the bath , and tested the water temperature and located no problem. He quickly got out of the toilet and said to Matilda on the bed: "Matilda, I'll feed you initially ." Eat something, just eat something to be resistant!"

Matilda nodded weakly, and said, "I have a fever, and that i don't seem to possess any appetite or taste anymore. otherwise you can give me two bites of millet porridge. Come on. "

Okay!" Jacob hurriedly said, "Millet porridge is rich in carbohydrates. At this point , it can replenish energy, and therefore the most vital thing is that it also nourishes the stomach. it's best suited for sick patients. you do not know, to shop for this bowl. Millet porridge, I ran to many restaurants."

Matilda said moved, "Jacob, it made you bother. "It should be!" Jacob quickly opened the lunch box containing the millet porridge and took out the soup spoon given by the restaurant. He first scooped a spoonful by himself, took a sip carefully, and said, "Well, the temperature is true , come, Matilda, eat more while it's hot!"

He hurriedly took another spoonful and handed it to Matilda. Mouth.
