

The Amazing Son in Law Chapter (Charlie Wade)

Chapter 2589

As

soon as Charlie said these words, the expressions of Mr. Moore and Mr. Quinton became a little excited.

They knew that Charlie was actually helping them match up.

The Ito family is now the strongest family in Japan, and its asset scale is also trillions of yuan converted into RMB. The Moore Family, but just entered the 100 billion club, Mr. Quinton is now halfway from the threshold of the 100 billion club.

Therefore, if you can cooperate with the Ito family, it is indeed a high climb for both of them. If the Ito family really cooperates with them, it will definitely bring them more growth opportunities!

Ito Yuhiko naturally clear intention Charlie, and he almost did not hesitate, said: “! Since Yep are saying, then we will go all natural Ito family, and Mr Moore and Qin. lot of cooperation,”

said Now, he looked at Jasmine and said seriously: “Miss Moore, haven’t you already started cooperating with Nippon Steel? After your new project is completed and put into production, all the real estate development projects of our Ito family will be purchased from the Moore Family. In addition to the products of the joint venture with Nippon Steel, several of our shipyards will transfer all steel orders over!”

Jasmine was stunned when she heard this!

The cooperation between the Moore Family and Nippon Steel will focus on special steel in the future. Ito Yuhiko’s words are equivalent to binding a real high-quality large customer to the steel industry of the Moore Family.

In the real economy, the most important thing is to find high-quality customers. An foundry company like Foxconn can bind a company like Apple to generate tens of billions of output value in a year. Such customers are the most important thing in the real industry. Resources.

So, Jasmine said with surprise and joy: “Mr. Ito, thank you so much!”

Ito Yuhiko waved his hand and smiled: “You don’t have to be so polite. In the future, you will directly let Nanako meet you. She will definitely give you as many resources as possible, and we will work together for a win-win situation.”

Nanako Ito took the conversation, nodded and smiled: “Yes, Sister Jasmin, we must strengthen cooperation in the future. If your Moore Group wants to go overseas, you are welcome to come to Japan for a visit, and then we can work together!”

Jasmine put her hands together and said gratefully, “Thank you very much! It just so happens that Nainazi, you will be staying in Aurous Hill for many days this time. You can also take a look at some of the current industrial plans of our Moore Family and see if there are any projects worthy of cooperation.”

Nanako Ito nodded without hesitation and said, "It's okay. Sister Jasmin will help me introduce the current situation of the Moore Group in detail at that time!"

Ito looked at Mr. Quinton and said with a smile: "Mr. Quinton, I don't know what kind of business the Quinton family does besides medicinal materials?"

Mr. Quinton said hurriedly: "In fact, our previous business lines were quite complicated. In addition to medicinal materials, we also did some retail and trade businesses, including antiques, automobiles, and some heavy industrial and mining equipment, etc."

Ito nodded and smiled: "I don't know much about antiques, but if you do automobile trade and heavy industrial and mining equipment, if you need to import from Japan, you can contact me, Japan. The bosses of auto companies and many well-known heavy industry companies are very familiar with me. If there is no cooperation, I can help you match up. If you have already cooperated, I can help you fight for better conditions."

Mr. Quinton heard this. Immediately and excitedly said: "That's really a thank you to Mr. Ito. To be honest, we do have a few brands that we want to cooperate with. If possible, please help lead the way."

Ito Nodded and said with a smile: "Although Mr. Quinton can rest assured, I still have some face in this regard."
