

The Amazing Son in Law Chapter (Charlie Wade)

CHAPTER 2594

Charlie drove quickly to the Jiangdi Road. When he saw Jacob, Matilda was standing beside Jacob, waving at him vigorously to signal him to continue running, while Jacob was sitting on the road gutter with pain on his face. Waved his hands again and again.

Charlie pulled over and stopped the car. When Jacob saw him, it was as if he had seen a savior, his eyes gleaming.

However, he still deliberately did not speak to Charlie immediately.

When Matilda saw Charlie, she smiled first: "Charlie is here!"

Charlie saw Matilda wearing a tight-fitting sportswear, and secretly exclaimed: "This Auntie is really an idol of middle-aged and elderly men. How does this look and temperament look like a fifty-year-old?"

Saying that she is 30 years old, I am afraid that most people will

immediately. Charlie nodded at Matilda and said, "Hello

, Aunt. After that, Charlie was suffocated in his heart and asked her deliberately: "Aunt, I listen Dad said that you were sick, so why did you come out and run? And your complexion looks very good, not at all sick."

Matilda smiled and said, "I did have a high fever at first, but your dad brought me a bowl of millet porridge, so I can drink it!"

Charlie pretended to be surprised and asked, "Is millet porridge so amazing? This is the first time I have heard of it."

Matilda smiled and said: "To be honest, I don't know the principle, but I am really well, and my body feels endless strength."

Charlie nodded, looked at Jacob, who was sitting on the floor flushed and sweating profusely, and joked: "Dad, why didn't you come-bowl of millet porridge?"

Jacob said angrily: "I want to know if it has this effect. I must have bought more bowls."

After finishing talking, he deliberately changed the subject, pretending to be helpless, and asked him: "Oh, Charlie, why are you here so soon? Didn't I ask you to wait for half an hour to pick me up? I have to accompany you. Your Auntie is running."

Charlie was a little surprised at first when he heard what the old Man said, but he soon recovered.

Presumably, the old man was afraid of losing face in front of Matilda, so he said this deliberately, acting as if he was not in a hurry to escape.

So Charlie smiled and said: "My side ended early, so I came here first. If you haven't run enough, you will continue to run for a while. I will wait for you. When

Jacob heard this, he waved his hand quickly: Don't run. It's too late. I'm embarrassed to keep you waiting for me.

Charlie smiled and said, "Hum! I don't have any serious business all day long. You don't know, let's talk about Claire's meeting in the Emgrand Group today. , I am not in a hurry to go back.

Jacob gave Charlie a faint white look, and said in his heart: "It's because of me calling you good son-in-law every day. At this time, you don't know how to find me a step down and deliberately demolish my platform. kid You are really bad . "

thought, he could not help a sigh, and said: " Oh, just remembered, I made an appointment in the evening with an old man go to his house to pick up something, and time is very late, or we go first, "

he said After that, he looked at Matilda and said apologetically: "Matilda, should I go here first and I will run with you when the sky gets down?

Matilda smiled and nodded, and said: "Okay, it's not early Yes, you and Charlie will go back soon. You have worked so hard to come and take care of me so long, and you have been running with me for so long.

Jacob wanted to cry without tears in his heart, but he smiled and said: "These are all trivial things, or you can go with us and let Charlie send you home.

Matilda thought for a while, nodded and said: "Okay, it doesn't make sense to run by yourself, just trouble Charlie to send me.

Charlie smiled and said, "Auntie, you are too polite. Get in the car quickly.

Jacob immediately opened the rear door for Matilda diligently. When Matilda was about to get on the Car, someone suddenly shouted in surprise, "Matilda! Why are you here? !"
