Hearing Charlie's question, the boy blurted out: "First of all! I don't believe you came from Huaxia at all! Because this is not realistic

at all ! After speaking, he looked at everyone and said very seriously:" Everyone has studied the geography of the world and the geography of China.

You must know the distance of China to here!"

"If you fly from the central area of China, the straight-line distance is at least 6,000 kilometers?"

"If you are from the western region of China Flying over, the straight-line distance will not be less than five thousand kilometers.

Charlie gave a thumbs up and said with a smile: "You really are a damn smart! You know everything!"

After saying that, Charlie turned around and said jokingly: "But you guessed wrong, I'm not from I came from Central China or from West China.

I came from East China."

"East China?!" The Indian boy who was called by Charlie disdainfully said, "East China is even more impossible! East China is here. Thousand kilometers, how did you fly over in such a short time? By rocket?"

As he said, he sneered again: "Furthermore, as everyone knows, Syria has not resumed navigation due to the war.

If you want to travel from China to Syria, you must first fly to neighboring countries and then transfer to land transportation.

Even if you use the shortest route and don't delay for a minute, according to my estimation, you will have at least twenty hours to arrive, but we haven't been captured for twenty-four hours until now.

Do you have the ability of an unknown prophet? So, let me tell you that you are lying!

Charlie shook his head helplessly, looked at Ziva Hank, and asked, "Is this guy always like this?"

Ziva Hank's expression was a bit embarrassing and hesitant at the same time.

In fact, she was not sure about Charlie's identity, and she couldn't believe what Charlie said.

Moreover, listening to Charlie's voice face-to-face is somewhat different from what she and Charlie heard through their mobile phones in the WeChat communication.

In addition, Charlie didn't reveal her identity, so she was a little unpredictable at once.

After all, the speculation made by the Indian boy just now is not unreasonable. Charlie's statement is somewhat contrary to logic in terms of time and space.

At this time, the Indian cleverness continued: "Tell you, every time our SEAL team performs a mission, it strives to be 100% successful,

so they will definitely formulate a comprehensive rescue plan before performing a scalpel. ! type of rescue operation, I believe they used rescued us how long it will go!

Charlie sneered: "? the line, do not fuck bullsh fast, and it will pull you long mouth calf is not it,"

'I To tell you the truth, the news about your group of people being captured was not reported by the European and American media at all!

"Do you know what does not report mean?

It means that your fellow Americans do not even know that you are captured!

"So your army will not bother to send troops to rescue you, let alone send troops to rescue you so much.

The opposition and your embassy demanded 80 million ransom but were rejected.

You still expect them to send troops to rescue you. ? Do you think your dad is Buffett and Bill Gates?

"I don't believe it!" Several young Americans retorted in unison: "You must be lying!
