

The Amazing Son in Law Chapter (Charlie Wade)

Chapter 2691 Part 1

Chapter 2691

The purpose of their documentary filming in Syria is very different from that of Ziva Hank. In fact, they do not really have the world in their hearts, nor do they really sympathize with the people suffering in the war.

They just hope that they can give themselves a more powerful resume and let themselves. There is more growth capital in the hypocritical upper class in the West.

Later, when they got a job in the upper class, everyone scrambled at the high-end cocktail party and talked about it with a smile about the fact that they had made a documentary

on the battlefield in Syria for the sake of anti-war and went deep into the Syrian battlefield. That said, it must be said. Will cause a lot of praise around.

At that time, not only can the immediate superiors have a better impression of themselves, but also the high-ranking officials can

admire themselves. It is definitely a good qualification that can last a lifetime.

However, they never dreamed that when they came to Syria to brush a copy of their qualifications, they would even take them in for the rest of their lives!

At the thought of staying in this ghost place for the rest of their lives as slaves in the future, these seven people, without exception, were all crying!

Seeing Musa crying and crying, Hunter (Hamid) asked coldly: "Why are you crying? When I came to Syria, I never thought that there would be today?!"

Among the seven, the Indian kid cried and said, "We just wanted to get a qualification. I didn't expect it to be so dangerous..."

Commander Hunter (Hamid), please let us go. We can also read and study. We can't do anything else, you leave us seven, but it's a cumbersome!"

Others also cried and echoed their pleading.

For them, as long as there is a chance, they must strive for it with all their strength.

However, Hunter (Hamid) did not give them any hope at all. He said coldly: "Starting tomorrow, all of the men will go to dig out the toilets, and all of the women will go to herd a cattle and sheep, working 16 hours a day, and I will arrange someone to watch over you. If anyone dares to be lazy, I will punish him not to eat for three days; if anyone wants to escape, I will interrupt his legs and let him crawl to get the toilet!"

Chapter 2691 part 2

The conditions in the village where Hunter (Hamid) is stationed are very difficult. There used to be electricity supply, but since the beginning of the civil war, it has been unable to supply electricity. Here, there is no electricity, no communication, no running water, and no sewers.

Therefore, the villagers of the entire village, as well as the soldiers of Hunter (Hamid), all settled in the dry toilet.

One or two thousand people have a very large amount of defecation every day.

The soldiers originally took turns cleaning the toilets and transporting the filth out of the village, but no matter who was allowed to do this kind of thing, it was inevitable that they would complain.

Therefore, Hunter (Hamid) hardly thought about it, and arranged these five men to clean the toilets and dump the filth.

As long as the five men were squeezed to the extreme, his soldiers would no longer have to do such dirty work in the future.

After listening to these five people, almost all the hearts of wanting to die.

Thinking of handling the feces of one or two thousand people every day and cleaning the toilets they used, these five people feel that their lives are all over.

Because Hunter (Hamid) said that they should stay here as slaves for a lifetime, and they will not be able to leave until they die.

This also means that as long as they are alive, they only have this job of cleaning the toilets and dumping filth every day. Repeatedly, without end.

Is there anything more sad than this when a person lives forever?

Several people couldn't help thinking of Charlie, hating and regretting deep in their hearts.

Knowing that Charlie has the ability to take them out, why bother to pretend to be in front of Charlie?

If you were respectful to Charlie just now, you might have followed Charlie to leave Syria, the place of right and wrong.

Seeing that all 7 ppl were about to collapse, Hunter (Hamid) was too lazy to look at them again, and told the soldiers around him: "Let them get up at 5:30 in the morning and start work at 6 after breakfast, and take a half-hour break at 12 o'clock in the afternoon. Rest for another half an hour at 6 o'clock, and then work until 11 o'clock in the evening, understand?"

Several subordinates nodded immediately: "Understand the commander!"

After listening to the seven people, they almost wanted to hit and die here.

We have to work 16 hours a day, and three meals are eliminated for an hour and a half. The rest time is only 6 and a half hours. This does not count as washing, dressing, going to the toilet, etc., so we can still have three breaks a day. Six hours is already enough! Thank goodness!
