## Chapter 2701

As the son of Banks Family, Zayne has definitely seen any big scene for so many years,

but the whole person is in an unprecedented panic towards Charlie, who is in his twenties.

He didn't understand why the Charlie descendant in front of him was so cruel, and he attacked Banks Clan one after another without hesitation.

At the beginning, even when the competition between Banks and Wade was the fiercest, no one dared to play such a fierce tactic.

After all, the strength of both sides was very strong, which is equivalent to two countries with nuclear weapons, and no one dared to be true. Desperately with each other.

However, Bruce's son didn't care about this at all.

He directly tied James, which in itself did not put the Banks family in his eyes.

Now, instead of converging, he has aimed at himself.

This kind of person is simply a disruptor of the rules of the game!

Seeing Charlie's aggressiveness unabated, Zayne's heart was tense, and his mouth softened somewhat.

He said earnestly: "Although the great families of Eastcliff have been fighting for so many years, everyone still retains some basic ideas.

Respect and awe. Although I formed the Anti-Leaf Alliance back then, I never created any threat to the personal safety of your parents.

Why are you here to ambush me and kidnap me?"

Charlie asked coldly: "Are you dead?"

Zayne's expression was startled: "What do you mean?"

Charlie asked again: "I'm asking you, are you dead?"

Zayne coldly snorted: "Joke, if I die, can it be a ghost standing in front of you?"

Charlie nodded: "Yes, you are not dead, but my parents are dead! You keep saying that you have never threatened the personal safety of my parents,

but my parents have passed away for nearly 20 years, you now casually say that it has nothing to do with you, Do you think I will believe it?"

Zayne said nervously, "You can disbelieve it, but you have to know that even in the law, it is a presumption of innocence.

If you have evidence that your parents' death is related to me, then you will kill me and kill me. ,

But if you have no evidence, you can only prove that the death of your parents has nothing to do with me!"

Charlie smiled: "Zayne, you are a bit naive, since I am here, do you think I will tell you these rules and principles?

If you fall into my hands, you have to play according to my rules. , See what happened to your brother, you should be able to know."

Zayne was shocked and blurted out:
