So Charlie said coldly: "Whether my parents' death has nothing to do with you, it doesn't matter anymore, because as you said,

your life was not used to pay homage to my parents, but to replace you. A daughter! Even if the death of my parents really has nothing to

do with you, since Zara and Xion are standing here today intact, you must die too!"

As soon as Zayne heard this, his whole face suddenly became ashes.

"Yes."

"Charlie is right."

"Aside from his parents, I just said it myself. I am willing to use my own life for the lives of my two daughters.

I have already let my two daughters be disappointed in me. I can't let them down anymore... "

but.....

Thinking of this, Zayne felt even more painful in his heart.

He doesn't want to die.

Ten thousand don't want to die.

On the one hand, he didn't want to let the two daughters continue to be disappointed, and on the other hand he didn't want to die like this.

He didn't know what to do.

Seeing him lower his head without saying a word,

Charlie immediately asked with a sarcasm: "Why, do you want to regret it now?"

"I...I don't..." Zayne blurted out.

Charlie asked back: "Then how do you want to die? Did you die by yourself, or did I help you?"

"I..." Zayne was speechless, his whole body convulsed and trembled violently.

At this time, he didn't know what to say.

Say you die? Then Charlie would force himself to commit suicide with a high probability.

Say let him help? Then maybe he just shot himself down...

However, the two daughters are here, do you want to beg Charlie for mercy?

Isn't that the same as breaking his promise once again and

leaving the two daughters behind again? !

The extreme entanglement and fear of death caused Zayne to collapse to the ground as if he was paralyzed.

He only knew how to cry, but couldn't say a word at all.

Zara looked at him and looked down upon him, but he also couldn't bear it.

She is actually not afraid of her father going back.

Anyway, she was already very disappointed with her father, and there was no need to let her father die at this time.

So, she hesitated for a moment, knelt in front of Charlie with a puff,

and choked up: "...

Zara dare to ask you to forgive my father..."

Xion actually had the same idea as Zara.

Disappointment is a real disappointment.

But the blood is still there.

The man who was limp on the ground is still his father.

Even if he is as timid as a mouse, even if he is addicted to money like fate, he is still his father.

He has never personally harmed himself, so how can he expect him to die?

Thinking of this, she also knelt on the ground immediately, begging: "Young Master Wade, please raise Mercy."

Deana had a complicated expression and knelt on one knee.

He said piously: "Charlie, as Zayne's wife, I have been thinking of others in my heart over the years.

I really owe it to him. Although he has sins in all sorts of ways, he has sins. If not to die, please let him live.”

Zayne really didn't expect it to be like this.

He didn't expect that his two daughters and the wife who was determined to divorce him would kneel on the ground and

beg Charlie to go around him.

At this moment, his heart was truly guilty.

He covered his face and lay on the ground and wept bitterly, because he really wanted to survive, so he had no face to see his

daughter and wife, and could only wait for Charlie's sentence.

Charlie also hesitated at this time.

Hesitate whether to kill Zayne or not.

If you kill him, there are other sons in the Banks Family. It is said that the fifth son, eldest and second child of the Banks Family are gone,

and there are also the third, fourth, and fifth children.

If you don't kill him, you can't swallow the tone of the Anti-Leaf Alliance alone.

At this moment, he glanced at Zara and suddenly said, “Zara, if you want me to spare him for not dying, you must promise me two conditions.”

Zara said without hesitation: , please say it!”

Charlie said sharply: “The first condition, no matter what method you use, you must inherit the Banks Family within three years!”

After hearing this, Zara was shocked.

She never thought about inheriting the Banks Family, not to mention that even if she wanted to,

she had no chance. Not to mention that she was a female generation. Even if her father was the eldest son,

she had not inherited the Banks Family for so many years. How could she realize it in three years? This goal?

However, when she thought that it was about the life and death of her father, she could only bite the bullet and promise first,

at least to save her father's life, so she blurted out: “Okay...I promise you...what about the second condition?”

Charlie said coldly: "The second condition, on the day you inherit

the Banks Family, you must hand over the old Lord Banks into my hands!"

"Before you handed that old dog to me,

Zayne's life was temporarily with me. When you hand Lord Banks to me, I will return Zayne to you!"
