

The Amazing Son in Law (Charlie Wade)

Hank is indeed very happy today.

The only daughter not only escaped the danger,

but also returned to her safely.

What's more important is that after this time, she must know more about the dangers in the world, and will no longer blindly

pursue some unrealistic ideals as before.

And the daughter has also promised Charlie that she will stay to help him, which means that she can live with her daughter in the safe and comfortable

city of Aurous Hill for a long time.

When I was happy, I naturally drank a few more glasses.

After three rounds of drinking, Hank became a little drunk.

He thanked Charlie for three points, and finally focused on his daughter.

He looked at his only daughter with a three-point drunk and seven-point favor, and exclaimed:

"Ziva, you and Charlie are both about the same age, but Charlie has been married for 4 years.

You should pay more attention to personal issues, right?"

Ziva Hank drank a small half bottle of red wine. Although he was not drunk, his pretty face was already a little red.

Hearing that my dad suddenly started to care about her lifelong events again, she said in a bit embarrassed manner:

"Dad... don't worry about this kind of thing. There are so many friends around me who are still studying in school at my age.

It doesn't matter if you are married in your 30s."

As she said that, she suddenly remembered the lie she had told her father before, and quickly said:

"Furthermore...more about my situation...have I told you all..."

Hank looked at her and paused for more than ten seconds before finally sighing.

He said with emotion, "Even if you like girls, should you find a girlfriend at this age?"

"I..." Ziva Hank didn't expect that his father would say these words in Charlie's face, and suddenly felt extremely embarrassed,

so she didn't know how to answer.

Charlie suddenly remembered what Hank had told himself before,

that the girl Ziva Hank was indeed very rebellious, and her sexual orientation was somewhat different from that of ordinary girls.

Thinking of this, the first thing that came to Charlie's mind was the other two female hostages he saw in Syria.

So he blurted out and asked: "Ziva...Syria, your two female companions, shouldn't you have your significant other?"

As soon as Ziva Hank heard this, the whole person was immediately stunned, and it would take a few seconds to come back to his senses,

and said in shame: "Mr. Wade, what are you talking about... Those are my classmates... How could there be someone else from me?" half....."

She didn't expect that Charlie heaved a sigh of relief when she heard this, and said with emotion:

"Oh, nothing is good, nothing is good."

Hank was bored with a glass of wine at this time, and then raised his hand in mid-air and continued to gesture and said:

"Actually, Dad is also looking away now. In this society, this situation is not very common. Many countries have legal marriages.

Yes, this includes the United States. If you find your partner, you can get your marriage certificate in the United States."

Ziva Hank was extremely embarrassed and said quickly: "Oh, I think you must have drunk too much, or you can drink less!"

"I didn't drink too much..."

"Hank said seriously: "In fact, these words have been held in my heart for a long time.

I have always wanted to tell you that I just didn't find a chance.

It just so happened that you came back safely today. I have to take this opportunity to follow You speak your heart well."

Without waiting for Ziva Hank's reply, he continued:

"What Dad really wants is that you can be happy and healthy,

not that you have to live the way I want you to live. Life is short, so you just follow your own favorite. Way to live."

Speaking of this, he at least poured himself a glass of wine, drank it in one sip, and then said: "Dad has also paid attention to some foreign girls during this period,

who are in the same situation as you. I found that their lives are also very happy and very happy.

Happiness, they have also received the understanding and support of their friends and family.

Some have even been legally married and live together in an open and honest manner. There are even many couples in this situation who

choose to use the test tube method to reproduce their offspring.

I think this is also A very good solution that can not only meet your mate selection needs,

but also allow you to continue your blood, killing two birds with one stone, what do you think?"
