On the way, Logan, who was sitting in the co-pilot, couldn't help but look back at Lord Thorne who

was sitting in the back row and said:

"Dad, where did Deana and Zara go during this time?

I think this positioning is far from us. It's only 20 or 30 kilometers,

but during this period of time, I found Aurous Hill upside down, and I didn't find any relevant clues at all."

Lord Thorne hurriedly asked, "Have you ever looked for the location near Deana?"

"I've found it!" Logan blurted out: "We basically searched the entire administrative area of Aurous Hill."

Lord Thorne said: "From my point of view, the car accident was so dynamic at the time.

Deana and Zara's disappearance must have been rescued by others.

It is likely that they have been hidden by the other party during this period,

and they have just recovered. Maybe freedom.”

Dalton, who was driving, sighed: “To be honest,

I really want to know the person who rescued their wife.

This person’s strength and background are absolutely extraordinary.

Lord Thorne hurriedly called Deana and said to her: "Deana, have you seen our car?"

Deana said: "Dad, I saw a car, about five or six hundred meters away, but I'm not sure if it's yours."

Lord Thorne said in a convenient way: "I let your big brother

flash the high beam twice."

When Dalton heard this, he quickly flashed two high beams.

Deana walked out of the side ditch at this time and waved his hand at the vehicle on the small road.

Dalton in the co-pilot saw her at a glance, and said excitedly:

“It’s Deana, go there!”

Dalton kicked the accelerator and the commercial vehicle drove over quickly.

Immediately afterwards, the car stopped beside Deana,

and as soon as it stopped steadily, the three doors of the main driver, the co-pilot and

the rear seat opened simultaneously.

Lord Thorne, Dalton, and Logan quickly got out of the car.

When Lord Thorne saw Deana, he couldn’t control his emotions and choked up: “Deana,
