**When Fitz heard these words,
his whole body was instantly dull.**

He didn't recover for more than ten seconds.

**Lord Thorne on the other end of the phone saw
that he hadn't responded,**

**and couldn't help but ask: "Fitz, are you
listening to me?"**

Fitz just reacted and blurted out:

**"I'm listening, grandpa, you said my mom and
Zara are back?! Really?!"**

**"Yeah!" Lord Thorne said solemnly: "Can I still
make fun of you with this kind of thing?**

Come back soon!"

**Fitz hurriedly said, "Good grandpa, I will go back
now!"**

**After speaking, he immediately hung up the
phone and said to the assistant:**

“You stay and continue to connect with the people on

side. I have something to leave first.”

As soon as the voice fell, he ran out quickly.

Sitting in the car, Fitz hurriedly wanted to start the car,

but at this moment he suddenly hesitated.

His whole body was stagnated for dozens of seconds,

and his mind felt extremely confused and contradictory.

He didn't know whether his mother and sister came back safely at this time,

whether it was a good thing or a bad thing.

To be honest, she has always had a good relationship with her mother and sister, and sometimes

he was a little bit excited and excited.

However, there was another uncontrollable idea in his mind.

The thought was telling myself: "Fitz! It's definitely not a good thing for your mother and sister to come back!

Think about your grandpa, the old guy who is addicted to money and power, the reason why he gave

you and your dad now Showing good and showing weakness to you, in the final analysis, is because he is now infamous and feels guilty."

"If your mother and sister suddenly come back safely as if they are all right,

then the world's contempt for your grandfather will naturally be relieved!

After all, there is a world of difference between the dead and the dead!"

"Once the two of them return safely, people's spit and anger towards your grandpa will naturally dissipate a lot,

and they will even gradually be completely forgotten over time!"

"In that case, your grandfather will be able to return to the public's field of vision and restore

the identity of Banks Family Patriarch in a fair manner.

At that time, you and your father will become his two abandoned children again!

“Moreover, he will no longer feel guilty for you and your dad at that time! You and your dad will lose all their advantages!”

“More importantly, your mother and sister,

since they managed to escape by your grandfather’s hand,

they will definitely not forgive your grandfather in this life,

and they may even turn your face openly with your grandfather, or even turn against each other.”

“At that time, what will you do?

Your grandfather no longer feels guilty about you, and your mother and sister regard him as an enemy,

and even have various confrontations with him, or publicly attack him, to that point At that time, you will definitely be implicated!”

“No one will pass on the position of Patriarch to the enemy’s son, the enemy’s brother...”

Thinking of this, Fitz suddenly became upset!

It was also at this moment that the balance in his heart changed a little.
