

The Amazing Son In Law (Charlie Wade)

2797

Lord Thorne sighed sincerely: “One person can easily kill multiple ninjas.

This is really amazing.

It is not an exaggeration to say that it is a hero!”

After speaking, he hurriedly asked again with a flash of inspiration:

“By the way, will he be the one who saved you this time?”

Zara vaguely said: “This...I can’t say this. After all,

I haven’t seen the true content, but it’s possible...”

Lord Thorne nodded and said: “Your mothers have their own nobles to help you, anyway, it’s okay!”

After that, he poured himself a glass of wine and said loudly:

“Come! Let’s have a drink together to celebrate the safe return of Deana and Zara!”

The whole family was also excited, and one after another they picked up their wine glasses.

At this moment, Fitz ran in quickly.

“Mom! Know the fits!”

Seeing his mother and sister sitting at the dining table intact,

Fitz yelled subconsciously.

However, he was not so excited in his heart.

Even, a little lost.

Seeing his mother and sister in peace,

he knew in his heart that he would lose a huge advantage in front of his grandfather Lord banks.

He has feelings for his mother and sister in his heart.

However, in the face of the banks family’s trillions of wealth,

feelings did seem a little pale.

The greater the immediate benefits, the weaker the family relationship.

This is the characteristic of mankind since ancient times.

In ancient times, whether it was in China or abroad, countless royal family fratricides occurred.

It is not uncommon among the royal family that fathers kill sons,

sons kill fathers, and even brothers kill each other.

It's not that they really have no affection.

On the contrary, family affection is really not worth mentioning in the face of huge benefits.

If it is placed in a poor house, the two brothers' three-square-acre land for their parents may turn their faces,

and they may stay out of each other for a lifetime,

but it is difficult to kill the brother because of one-square-acre land.

However, when this three-acre land became the power and wealth of the entire kingdom, the brotherhood and family affection became less important.

Fitz's heart at this time, the loss and disappointment are far greater than that point of comfort.

However, he was hiding pretty well, and no one was able to see anything unusual.

When Zara saw him, his eyes reddened immediately.

Almost without thinking, he stood up, ran in front of Fitz and plunged into his arms, crying and said,

“Brother...I thought I would never see you in this life...”
