**In fact, from the very beginning, Yoel opposed Xion.**

**He felt that at the time the whole world knew that it was**

**Elder bank who betrayed Xion, and the Elms family had to look for Xion in that situation.**

**Didn't it just make it clear that Elder banks was against him?**

**The best choice is for the Elms family to say nothing or do nothing, so that the old man banks**

**can clearly see that the Elms family stands with the Banks Family at all times and is willing to accept Xion's fate for the Banks Family.**

**In that case, banks would definitely give the Elms family more benefits,**

**and Xion used his life to exchange more benefits for the Elms family,**

**and it would be considered a good death.**

It's a pity that because of Xion's death, sister Kairi Elms – Xion's Mom was angry, and the old man had to draw a

clear line between the Elms family.

This is just great.

Originally, Xion's death could be exchanged for some benefits,

but the benefits were not exchanged, and the Elms family's

own income was completely included. In his opinion, it was too irrational.

Therefore, he is now very eager for the Elms family to re-establish a

cooperative relationship with the Banks Family.

Just when Yoel was full of expectations, the helicopter had landed smoothly in the courtyard.

Before the blades stopped completely, banks butler jumped out of the helicopter by the way,

and stretched out his hand all the way to a trot towards Lord Elms (Wilfred).

As soon as he arrived, Bank's Butler took the initiative to grab Lord Elms (Wilfred)'s hand and said respectfully:

"Lord Elms (Wilfred), I haven't seen you in a long time!"

Lord Elms (Wilfred) could only sneered: "Butler, it's been a long time since

I saw you, how have you been?"

Bank's Butler sighed: "No, it's not good at all. Without you, can I be better?"

After finishing speaking, he hurriedly said:

"The master asked me to greet you with him, and he also said about the previous things.

He has always been extremely guilty and very sorry.

Originally, the master wanted to come in person, but it was a long way and the master was old It's too big to bear the tossing,

so I can't help but let me come for him..."

Lord Elms (Wilfred) can only say with a somewhat flattered look:

“Oh, how can me and my son, how worthy to make Master Banks miss so much...”

As he said, he hurriedly made a gesture and said: “banks butler, it’s too cold outside, move inside and talk!”

Bank’s Butler nodded repeatedly and sighed: “Mocheng is so cold,

I guess it will be minus 20 degrees, right?”

Lord Elms (Wilfred) said lightly: “The minimum temperature tonight is

minus 35 degrees.”

“Hey...” Bank’s Butler grinned and said, “This is too scary,

let’s go in and talk, otherwise my body will be frozen in a while...”

Lord Elms (Wilfred) took him a step ahead and led him to the main hall.

As soon as Bank’s Butler entered the main hall, he couldn’t help asking:

“Lord, why is it so cold in this room? Although Eastcliff is quite cold in winter,

the heating is turned on in the room, and the room temperature is

more than 20 degrees Celsius. In your room, I'm afraid

it's not even ten degrees..."
