Xion also knew very well the temperament of grandfather.

As his mother said, he was too convinced of his own set of perceptions.

Just like those who believed in geocentric theory in ancient times, they firmly believed that the earth is the center

of the entire universe, and the sun and all the stars revolve around the earth.

This seemingly absurd theory lasted for thousands of years in the major civilizations of the earth.

It was not until the 16th century that the heliocentric theory proposed by

Copernicus was gradually broken.

It shows that these four words are deeply rooted and have an impact on a

person's vision and pattern.

Therefore, even if Kairi Elms described the medicinal pill given by Charlie on the phone, Lord Elms (Wilfred) would never believe it.

The best way, and the only way, is to let Kairi Elms personally return to Mocheng,

and personally hand over the pill to Lord Elms (Wilfred).

Only then can he change his perception.

So, Xion hurriedly asked: “Mom, it’s so late, how are you leaving?”

Kairi Elms said helplessly: “There is no way, now there are no flights for civil aviation.

I have to wait until tomorrow morning at the earliest.

It will be too late, so I have to trouble Young Master Wade to arrange the plane...”

“Okay!” Xion quickly picked up the phone and said, “I’ll call Master Wade...”

Kairi Elms stopped her and said, “Such things, don’t disturb Young Master Wade.

After all, Young Master Wade has a family.

If you call him so late, it is difficult for him to explain to his wife, so don't bother him. Up."

After speaking, Kairi Elms said again: "I think Charlie still trusts Isaac Cameron very much.

Many things are arranged by him. I believe Isaac Cameron has sufficient authority to arrange the plane, so let's find him."

Xion nodded and said, "Mom, wait a moment, I'll tell the staff!"

Having said that, Xion hurriedly got up, hurried to the door,

and said to the staff outside the door: "Please inform President Chen,

I have to find him in a hurry."

A few minutes later, Isaac Cameron ran all the way over.

Seeing Xion, he hurriedly asked: "What's the matter with Miss Xion?"

Xion probably told him about the matter. As soon as Isaac Cameron heard that Kairi Elms needs to rush back to Mocheng as soon as possible,

he said without hesitation: “No problem, let Ms. Kairi prepare.

The helicopter on the top of the building can take off in ten minutes.

Go directly to Aurous Hill Airport and transfer to a private plane to the Northeast.

I will also arrange a helicopter in the Northeast in advance to ensure that Ms. Kairi can reach Mocheng in the fastest time!”

Xion breathed a sigh of relief and said gratefully: “Thank you so much, Mr. isaac!”

“Should!”

At this time, Kairi Elms also changed the clothes she had when she came,

and reluctantly said to Xion: “Xion, I’m so sorry. Mom originally

said to accompany you tonight, but I have to go again...”

Xion smiled and said, “Mom, it doesn’t matter.

I am very satisfied to see you. Besides, I believe that grandpa will choose to
