

# **The Amazing Son In Law (Charlie Wade)**

## **Chapter 2860-2863**

Seeing Lord Elms (Wilfred)'s resolute attitude, Banks (Butler)'s heart suddenly panicked.

He didn't know why the old fellow Lord Elms (Wilfred) suddenly changed his mind, and he didn't even know how he should return to the old man banks when he went back.

He was crying, full of pleading, and tried his best to fight: , you are still dissatisfied with money, it doesn't matter. If you are not satisfied,

you can just bring it up. Our master said that two billion is just an intention price.

But if Mr. Elms is not satisfied with the offer, he can still increase it in the past by 3 billion, what do you think?!"

"Three billion?!" Yoel on the side was almost crazy.

He has no time to think about the concept of 3 billion, so he can only tell himself in his heart that he can directly increase by half on the original illusion of 2 billion.

Luxury houses located all over the world can be bought into larger ones, and luxury yachts can be bigger. Half as much as private jets can be as much as half!

Yoel stared at her father with bloodshot eyes, blurting out: "Dad! What are you still hesitating? This is 3 billion!"

Lord Elms (Wilfred) coldly shouted: "Even if 30 billion, I still refuse!"

Banks (Butler) was shocked.

Originally thought, if Lord Elms (Wilfred) was not satisfied with the 3 billion quotation, he would go up a little bit.

But now it seems that there is no need to increase at all.

His expression gradually became gloomy, and he nodded heavily, and said, "Okay! Okay! What is your last name!"

After all, he pointed to Lord Elms (Wilfred), gritted his teeth and said: "old man, toast not to eat or drink fine wine,

I will write down this account for the master first. If you are to return the original and

profitable in the future, then you can be thousands Don't regret it, don't blame me for not reminding you today!"

Lord Elms (Wilfred) sternly said: "If you want to remember, I, Lord Elms (Wilfred), is never a person who is afraid of things!"

After speaking, he patted the table and said coldly: "Come here! See you off!"

"No need!" Banks ( Butler ) gritted his teeth and blurted out: "I'll go by myself!"

After that, he gave Lord Elms (Wilfred) a bitter look, and left the dining room without looking back.

Yoel stomped anxiously, and blurted out: "Dad! Are you mad?! We can't offend the Banks Family!"

Lord Elms (Wilfred) said coldly: "I am the head of the Elms family, and I will bear all the consequences."

Yoel knew not to persuade his father, so anxiously, he turned around and ran after Banks ( Butler ).

Banks ( Butler ) came to the outside of the Elms family mansion in resentment, and a convoy of several buses and trucks just happened to drove in mighty.

As soon as the bus at the front stopped, Banks butler stepped up and said directly to the driver: "Just me, go to the airport!"

When the driver was surprised, Yoel rushed all the way, leaning on the door frame of the bus, and said to Banks ( Butler ) above: "banks butler, keep your breath away!"

"Quite your breath?" Banks ( Butler ) glared at Yoel: "I'll be a bit angry! Your Elms family is now able to bear it! Let's wait and see!"

Yoel said in a hurry: "banks butler, listen to me, my father is old and stubborn. Give me some time and I will persuade him.

I will definitely give you a satisfactory answer!"

Banks ( Butler ) said disdainfully: "Come on, Yoel, what is the character of your old man?"

I know very well that if you can persuade him, then now the Patriarch of the Elms family is you instead of him! He is still in his eighties.

Unwilling to pass it to you, it means that he doesn't trust your ability! Since he doesn't trust you, how can he listen to your persuasion?"

Yoel was blushing with Banks ( Butler )'s words.

Although Banks ( Butler ) deliberately provokes discord, his words are not without much truth.

The reason why Lord Elms (Wilfred) has not passed on the position of Patriarch to Yoel up to now is because he does not trust his ability and his determination even less.

Yoel has also criticized this for a long time.

He knew very well that if he were placed in ancient times, he would be the prince, but which emperor did not abdicate until he was in his eighties?

Didn't this make it clear to force the prince to rebel?

Therefore, when he heard Banks ( Butler )'s words, his heart burst into anger.

Immediately afterwards, he said with a cold face: "banks butler, you are right, I really can't persuade my father."

With that said, Yoel turned around and blurted out: “But I can persuade me to move my own legs!”

When Banks ( Butler ) heard this, his eyes suddenly lit up, and he blurted out, “Yoel, what do you mean by this?”

Yoel blurted out: “It’s very simple.

My father is not willing to cooperate with the Banks Family, but I do.

My cultivation is second only to the old man in the Elms family. In addition, I have two sons and a bunch of people who are willing to follow me.

As long as Master Banks can look down on us, I am willing to take someone to Southaven and return to Master Banks!”

Banks ( Butler ) was overjoyed.

Secretly: “The old thing with the surname Elms is too stubborn.

It is impossible to persuade him to turn around, but this Yoel seems to be sincere. If he really has a bunch of followers and can take him to Southaven.

Serving the master, then my mission this time is not a complete failure.”

Thinking of this, he immediately changed a very happy attitude, smiled and said to Yoel: “Haha, Yoel, come, come and talk!”

As he said, he took the initiative to stretch out his hand and pulled Yoel.

...

At this time, in the Elms family mansion.

Lord Elms (Wilfred) has announced to the whole family that the cooperation with the Banks Family will be completely terminated.

The Elms family who originally planned to leave for Southaven early in the morning will not have to toss about it anymore.

After announcing the news, Lord Elms (Wilfred) took Kairi Elms – Xion’s Mom to the ancestral hall located at the tomb of the Elms family’s ancestors.

He wanted to personally tell the ancestors of the Elms family that he had broken through the good news of the four meridians.

However, as soon as the news that he did not cooperate with the Banks Family came out, the whole Elms family was happy and sad.

In fact, it is impossible for any family to be united.

Every small family, even everyone, has his own set of small abacus.

The reason why there has never been any conflict in these years is mainly because the ability to manage with the old man is relatively strong,

and the majesty is relatively strong, and no one in the whole Elms family dares to disobey him.

But as the saying goes, stealing money is equivalent to killing your parents.

In this world, many people regard money more importantly than family affection.

In other words, as long as the price is right and meets psychological expectations, most people will betray their family affection.

It's just that the price code deep in everyone's heart is different.

Some of the economic conditions are not very good. It is possible that for the old and mother's one or two thousand yuan a month pension,

they can completely turn their faces with their brothers and sisters and stay out of touch with each other.

As for those whose economic conditions are too good, they look friendly on the surface, but once the battle for huge wealth begins, everyone will do all they can to deal with their loved ones.

Now, Lord Elms (Wilfred) rejected the Banks Family's 2 billion, or even 3 billion, cooperation invitation, which is tantamount to directly separating the entire Elms family from this huge amount of funds.

Some people don't care about the money, but some people care more than anything.

And those who care, now can't wait to drink the blood of the old man and eat the meat of the old man.

It's just that Mr. Elms has the highest majesty and the highest cultivation base, and no one can provoke him,

so he can only dare to be angry and not dare to speak.

However, in this situation, Yoel met with a few brothers and a few uncles in the fastest time.

After some lobbying by him, almost half of the people were willing to go to Southaven to serve the Banks Family with him.

Just when Lord Elms (Wilfred) personally lit three sandalwood incense in front of each ancestor's spiritual position,

his youngest son ran over and reported loudly outside the door: "Dad, it's not good! Big brother brought forty or fifty family members. , Ready to go to Southaven with Banks ( Butler )!"
