

The Amazing Son In Law (Charlie Wade)

Chapter 2873-2874

Seeing that Hunter (Hamid) was so polite and like a warlord, he smiled politely and asked, "You should be Commander Hunter (Hamid)!"

Hunter (Hamid) nodded and said with a smile: "It's all from his own family, what is the name of the commander, just call me Hunter (Hamid)!"

After speaking, he said politely: "It must have been very hard for a few brothers to come from such a long way. Come and come, hurry up and have a cup of tea and take a break!"

Lilu pointed to Zayne and said to Hunter (Hamid), "Commander Hunter (Hamid), this is Mr. Zayne who our young master asked us to bring over to experience life."

Having said that, he pulled a handful of Zayne's collar, pulled him in front of him, and said to Hunter (Hamid): "Commander Hunter (Hamid), our master has ordered, let me tell you,

no matter what. This Mr. Banks stayed here well. Besides, you don't have to take him too much.

Just watch him and don't let him run around. In addition, put him in the bunker fortifications during the war and don't let him be injured by stray bullets. That's it."

Zayne's tears almost came down when he heard this.

"Is this the damn talking human? I spent 100 million U.S. dollars, but in exchange for a sentence, don't take too much care, bastard, isn't it!"

However, Zayne dared to be angry but didn't dare to speak, and he didn't even dare to put his unhappy emotions on his face.

After all, this Hunter (Hamid) is Charlie's friend, and it sounds like he is quite loyal to Charlie. In case he is unhappy, he will deduct his treatment or even torture himself, then it will not be worth the loss!

When he thought that he would be "taken care of" by Hunter (Hamid) for a long time in the future, or that he would be merciful from his men, Zayne had to bite the bullet and complimented him: "Hello, Commander Hunter (Hamid), admiring your name. It's a great honor to see you today!"

After speaking, he quietly looked at Hunter (Hamid).

I thought to myself: "At a glance, although the hardware in Hunter (Hamid) is very old and backward, there are at least a thousand soldiers, and after entering, I have seen a lot of relatively modern weapons and equipment.

How can I say this? The guy is also a warlord on one side, and he definitely has a bit of hard power."

“However, logically speaking, this kind of person who puts his head on his waistband to beg for life should be very arrogant in nature. Even the president of the United States may not necessarily see it. How can he nod and bow to the young boy Charlie? Mom doesn’t make any sense...”

Hunter (Hamid) then glanced at Zayne, and said without a smile, “You don’t have to slap my ass*.”

What kind of treatment and life you will have here in the future is not my decision. Brother Wade is in charge.

Brother Wade allows you to live in a small courtyard alone, and you can live in a small courtyard alone, but if Brother Wade lets you sleep in the sheepfold, you can only go to sleep in the sheepfold!”

Zayne can only accompany the smiling face, nodding and bowing his waist: “That’s that, everything is decided by Charlie...”

Hunter (Hamid) was too lazy to pay attention to him, and smiled and said to Lilu: “Please tell Brother Wade, after this guy is handed over to me, don’t worry, as long as Hunter (Hamid) is still alive, I won’t let him die. If this place is captured by the enemy,

I will destroy him with a single shot before I die, and I will never let him fall into the enemy’s hands!”

Zayne was about to scold his mother in his heart, and secretly scolded: “What the hell is your education level?”

Even speaking is contradictory! While saying that as long as you live, you won’t let me die, and at the same time, he said in case something happens.

You beat me to death and then you die. Isn’t this f*cking nonsense?”
