

# The Amazing Son In Law (Charlie Wade)

## Chapter 2877-2878

why is the bedding second-hand? Just this tattered thing, buy a new set. It's not more than two hundred yuan, right?!"

Zayne was furious, kicked the pillow far away, turned his head and rushed out to the room on the right.

As a result, as soon as he entered the door, he smelled a long-lasting stench.

Looking down, what the f\*ck is this room, this is a built-up dry toilet!

There was nothing in the room, except that a deep hole was dug in the middle and two wooden boards were built.

A hole was exposed in the middle. Inside was a cesspit. Besides, there was no sewage device. It is estimated that before it is full, it can only be Manually remove...

Zayne almost collapsed.

"From now on, if you have to shovel the pit every once in a while, who the hell can stand it?"

"The key point is that this broken house is just a broken window, and the ventilation is not very good.

In case of a large size here, how long will the smell be cleared?"

At this moment, Zayne felt that his future life was full of darkness.

Here, he has no personal belongings, no mobile phone, no computer, no internet, not even a cup to drink water.

From now on, he can only sleep on the haystack every day, and he can only stay there when he wakes up. Sitting on a shabby wooden chair, or letting out the wind in this empty yard.

Come to think of it, this is even more tragic than going to jail.

After all, when in jail, at least you can still use the toilet, and you can chat and talk with inmates, occasionally watch TV in the cafeteria, and read the newspaper when you go back to the cell.

But what can I do here? There is not even a person who can talk.

Thinking of this, Zayne, a fifty-year-old master, couldn't help but shed tears.

He is not like an average middle-aged person.

The vast majority of middle-aged people have suffered a lot in their childhood.

But Zayne was born with a golden key more than 50 years ago.

He has never suffered or been tired in his entire life, and the worst is that he was sent to Australia.

However, even during the days when he was sent to Australia, he lived in a large villa by the sea every day.

Compared with this, it is simply heaven.

Just when he was extremely depressed, someone opened the courtyard door and entered the courtyard.

Zayne hurried out and saw Lilu stepping in under the leadership of several soldiers.

When Lilu saw Zayne, he said, "Mr. Banks, we are ready to leave for the country immediately.

Come and see you before we leave. The detached house that our young master has won for you, don't you know if you are still satisfied?"

Zayne said without tears, "Brother Lilu, the conditions in this place are really terrible..."

Lilu said earnestly: "Mr. Banks, you are also an old comrade. You can definitely overcome some difficulties by gritting your teeth. People can conquer the sky, right?"

Zayne hurriedly said: "No... my brother... This condition is really bad, or my brother, go in and see, where is the place where people live?"

It's the donkey of the production team a few years earlier, which is also better than mine. The conditions here are good!"

Lilu waved his hand and said apologetically, "I'm sorry, Mr. Banks, I'm in a hurry. I have to leave soon, so I won't go in and watch."

After speaking, he smiled and asked, "I don't know if you have anything to explain?"

Zayne really wanted to say something, please go back and tell Charlie, just say that Zayne has his eight generations of ancestors!

But this kind of thing, he is determined not to say it.

He could only choked up and asked, "Brother Lilu, can I trouble you to bring a message to Charlie?"

Lilu nodded: "Just tell me, as long as it is not a personal attack, I will try my best to bring it."

Zayne hurriedly said: "Can you let him say hello to Commander Hunter (Hamid), and somehow buy me some furniture, so I can't let me sleep on the haystack..."

After finishing speaking, he hurriedly said: "Also, I don't have any daily necessities, not even a tea cup or toothbrush. Can you give me a chance to let my daughter buy me some daily necessities from China and mail it over?"

Lilu laughed and said: "Mr. Banks, I am not attacking you.

You are also well-informed, but which domestic courier company do you dare to take in Syria?"
