

The Amazing Son In Law (Charlie Wade)

Chapter 2901-2902

Charlie's hatred of the Banks Family was only on those people who were related to the Anti-Wade League back then.

Now, Zayne, the apparent leader of the Anti-Leaf Alliance, has been thrown into Syria by himself, and James, the apparent number two figure, has also entered the don's Dog house.

So right now, there is only one Lord Banks who is the enemy of the Banks Family.

According to the agreement between Charlie and Zara, Zara ascended to the top of the Banks Family Patriarch and could take the initiative to surrender Lord Banks in exchange for her father to return to China.

If she can do this by then, she will get Zayne back, but she still has to make sure that Zayne stays away from all the real power of the Banks Family, forcing him to retire.

In that way, whether the Wade family or herself, they can let go of all their old hatreds with the Banks Family, and never offend the river since then.

Therefore, Charlie naturally hoped that Zara would get better and better by then.

And Xion is Zara's half-sister, and when the two sisters met last time, Charlie saw it really closely next to her.

He can be sure that in Zara's heart, there really is this sister Xion.

And also has her sister.

More importantly, Xion now has no cruelty and hostility at the beginning. In the future, she will be able to follow Zara with all her heart and escort her.

Charlie originally thought that his arrangement was very reasonable, and he also considered the two sisters very much.

But he never expected that Xion's eyes immediately turned red when he heard what he said.

She looked at Charlie and choked: "Young Master Wade... Xion's life was saved by you... Xion's cultivation was also broken through with your help... You are Xion's greatest benefactor in this life. In the future, if you just want to stay with you before and after serving you with all your heart, you don't want to go back to Banks's house again..."

Charlie explained: "I'm not asking you to go back to the Banks Family, but when your sister becomes the Patriarch of the Banks Family, you will go back again."

Xion choked with anger, "Then I won't return! Although my sister and I have half the same blood relationship, in the final analysis, I don't owe her anything, and I don't want to stay with her in the future..."

Having said this, she subconsciously grabbed Charlie's hand and cried and said, "Young Master Wade, please don't drive away in the future, okay?"

Charlie said helplessly: "You are only more sensitive to your identity and cannot return to a normal life immediately, so I will keep you by your side, but in the future this matter will eventually pass, and the hatred of the Japanese will be too. As time goes by, it gradually fades and is even forgotten. At that time, you can have your own life again. Why do you need to spend it by my side?"

Xion said firmly: "I don't want my own life...I just want to stay with You before and after the horse..."

As she said, she wiped away her tears, and said a little angrily: "Young Master Wade, if you don't want Xion to follow you someday, if you don't want to be stalked, Xion will find a nun's haircut when the time comes. For nuns, eat fast and recite Buddha for the rest of your life! Don't feel that Xion is frightening you. Xion can swear to the sky with his own life. If there is any violation, the sky will thunder and thunder!"

Charlie was completely speechless, and he asked for a long time: "You...what are you doing here? You are only in your early twenties this year, and you will have a lot of good times in the future! And with your current cultivation base, even if you start from From now on, there will be no improvement in your cultivation base, and you can easily live a hundred years old, which means that your life has only passed one-fifth, or even one-sixth!"

"I don't care." Xion said unwaveringly, "If I hadn't met Charlie, my life would have passed one hundred percent, and there would be no Xion sitting here safe and
