

The Amazing Son In Law (Charlie Wade)

Chapter 2909-2910

When the setting sun went down and the sky was full of glow, a Gulfstream airliner, dressed in golden sunlight, landed at Aurous Hill Airport.

The eleven people who were sitting on the plane were sent by the Elms family this time, including Lord Elms (Wilfred) and Kairi Elms – Xion's Mom.

When these people got off the plane, they were immediately arranged by Isaac Cameron's fleet and received the riverside villas that Isaac Cameron had bought in advance.

This villa happened to be in the same villa area as the riverside villa of Ziva Hank's father Hank, but the area of this villa was much larger than that of Hank.

Charlie actually has a bit of selfishness to arrange the Elms family here.

He hopes that the Elms family can also pay attention to the situation of the father and daughter Hank and Ziva Hank, and if any family members live here, if someone starts to attack them, I am afraid there will be no return.

At this time, Charlie, Isaac Cameron, and Don Albert were already waiting in the villa.

When the team arrived, the sky hadn't completely turned dark. Isaac Cameron's men took Lord Elms (Wilfred), Kairi Elms – Xion's Mom and the Elms family into the yard, and Charlie also brought Isaac Cameron and Don Albert to greet them.

When Kairi Elms – Xion’s Mom saw Charlie, he respectfully said: “Hello, Master Wade!”

Charlie smiled slightly and said, “Ms. jairi doesn’t have to be so polite, just call me Charlie from now on.”

“How can it be...” Lord Elms on the side said in full bloom, “Young Master Wade is the benefactor of the Elms family and the future master of the Elms family. The distinction of respect and inferiority is still necessary!”

After that, he clasped his fists in his hands, bowed deeply, and said, “Master Wade, here is Lord Elms (Wilfred), the owner of the Elms family, thanks to the great kindness and great kindness of Master Wade, and no retribution. Don’t hesitate!”

Charlie hurriedly stepped forward, raised his arms, and said earnestly: “He doesn’t have to be so formal. I am young and can’t bear such a big gift from you.”

“What’s more, now my identity is still a secret in Aurous Hill. Most people only know that I am a Feng Shui master, and I don’t know that I was originally a master of the wade Family.”

“If you call Master Wade Master and Master Wade short all day long, it will easily reveal my identity.”

“Why don’t you just call my name, my full name is Charlie .

Lord Elms (Wilfred) was surprised, he hesitated for a while, and said: “This...this...he received your favor like a mountain like a sea, how can he directly call your public name, if the ancestors know it, they are afraid that they will beat me in the leg. Broken!”

Don Albert smiled and said: “Mr. Elms, or you are just like us, in front of outsiders, call charlie Master Wade! Anyway, his name is very famous in Aurous Hill!”

“Master Wade?” Lord Elms (Wilfred) repeated it subconsciously.

“Yes!” Don Albert said with a smile: “The real master of Dragon Leaf in the world, we basically know that Aurous Hill really has a face and a face.”

Lord Elms (Wilfred) nodded solemnly as soon as he heard this, arched his hands at Don Albert, and said, “Thank you for this brother’s suggestion. From then on, Elms will be called Benevolence Master as Master Wade!”

Charlie’s head was big.

This group of people followed all the time and called themselves Master Wade, and I had already had a headache hearing it.

But when I think about it, the title of Master Wade doesn’t matter. Anyway, I’ve heard a lot, and I’m all numb.

So, he smiled helplessly, and said to Lord Elms (Wilfred): “Since the old man insists, then I won’t say more.”

Lord Elms (Wilfred) immediately clasped his fist and said: “Lord Elms (Wilfred), I have seen Master Wade!”

As soon as these words came out, others in the Elms family followed suit.

Charlie nodded and said, “That’s it for these trivial matters. Let’s talk about serious matters.”
