

The Amazing Son In Law (Charlie Wade)

Chapter 2947-2948

He understood master Felix's words: "This guy must have thought that there must be at least a few security guards here, and there are no people around. It is a good place to kill, but when he came, he found that there was only one security guard, so he was dissatisfied."

However, he didn't know how to answer this, so he could only laugh twice as a response.

master Felix looked at the security guard standing motionless next to him, stretched out his hand, and suddenly shouted: "Come back!"

I saw a white bug the size of an adult sea cucumber suddenly drilled out of the hair on the top of the security guard's head. The worm was white and fat, and a huge mouthpart was covered with broken black teeth, and there were red and white things hanging on it. It looked extremely disgusting.

After the worm got out of the security guard's head, he suddenly twisted his body like a carp, and flew into the air, flying into master Felix's hands.

master Felix dragged the fat bug with one hand and stroked it lovingly with the other.

And the bug rolled back and forth in his palm, making a weird squeak.

master Felix said while touching, "Know that you are not full. Don't worry, there is only this one today. I will find you something to eat tomorrow!"

Immediately afterwards, the worm writhed again and chuckled like a mouse.

master Felix raised his head. After looking at Mai and Mike, he smirked and said to the bug: "These two are not your food, these are my friends. Don't be fooling around, take a good night's sleep, and you will be full tomorrow. Eat well!"

When Mai and Mike heard this, they realized that the fat worm wanted to eat both of them, and they suddenly felt a chill and chills in their backs.

Seeing that master Felix took the bug into his arms, Mai hurried to the topic and asked: "I don't know if master Felix came to me so late, what's the matter?"

master Felix smiled gloomily, and said, "Old Man Banks called me again today, and he can hear that he is very angry. I can't wait to find the hidden master in Aurous Hill and then hurry up."

As he said, he said again: "I am good at killing people, not finding people, so I was just looking for a needle in a haystack. I really don't know the year of the monkey to find the kid. So I have to ask Mr. Mai. Sir, after all, if you can pinch, you will surely find more relevant clues."

Mai asked in surprise: "How does master Felix know that the person we are looking for is a kid?"

master Felix laughed and said: "Old Man Banks called and said some new information. That kid is about twenty-five years old, and his oldest is only thirty years old. He is very strong, at least better than the Japanese ninja, Shangren. It is very likely that the person is of Japanese Chinese descent. He didn't tell your mother about these clues?"

Mai shook his head and said: "Mr. banks hasn't contacted me in the past two days."

master Felix nodded, and said: "It is said that this person has an unusual relationship with Mr. banks's granddaughter. Maybe he is still a happy little couple."

"I wanted to take his granddaughter over to torture and ask for clarity, but the old Man Banks was afraid of wolves and tigers in the back, and no one can move his granddaughter now, so I couldn't find a breakthrough point at once. "

"So I want Mr. Mai to check along this line to see if you, a master who is proficient in I Ching, gossip and Feng Shui, can find a clue."

Speaking of this, master Felix sighed, and said: "Mr. Mai, we should work together to find out and kill that person as soon as possible, or go back to each house and find each mother."

"In that case, I can also finish the second mission of the Banks Family earlier and get the money back to the UK, and you can also get back to your United States sooner."
